Re: NOTICE OF DATA BREACH

Dear <<first_name>> <<middle_name>> <<last_name>> <<suffix>>:

We are writing to notify you of a recent event that may have impacted your personal information. We are providing you with further information about the event, our response to it, and resources available to help protect your information, should you feel it appropriate to do so.

What Happened?

On December 2, 2023, NALS Apartment Homes became aware of suspicious activity within our server environment. Upon becoming aware of the incident, we immediately shut down access to our systems in order to secure our environment. We commenced an investigation with the assistance of third-party professionals and notified law enforcement in an effort to determine the nature and scope of the event. Through the investigation, it was determined that there was unauthorized access to the NALS network on or before December 2, 2023. The investigation determined that the unauthorized actor acquired certain files and folders within our system during that period of access. We undertook a review of the information contained on our systems to determine the type of information contained within our files and to whom the information related. On February 16, 2024, we completed the review and identified contact information to notify potentially impacted individuals about the event.

Support includes showing you the most effective ways to protect your identity, explaining your rights and protections under the law, assistance with fraud alerts, and interpreting how personal information is accessed and used, including investigating suspicious activity that could be tied to an identity theft event.

Identity Theft Restoration

If you become a victim of identity theft, an experienced Kroll licensed investigator will work on your behalf to resolve related issues. You will have access to a dedicated investigator who understands your issues and can do most of the work for you. Your investigator will be able to dig deep to uncover the scope of the identity theft, and then work to resolve it.

Kroll's activation website is only compatible with the current version or one version earlier of Chrome, Firefox, Safari and Edge.

To receive credit services, you must be over the age of 18 and have established credit in the U.S., have a Social Security number in your name, and have a U.S. residential address associated with your credit file.

Additional Ways to Protect Your Identity:

You may wish to take additional steps to protect your identity. Here are some you may consider:

Reviewing Your Accounts and Credit Reports

Regulators recommend that you be especially vigilant for the next 12 to 24 months and that you promptly report incidents of suspected identity theft to your financial institution. As part of staying vigilant, you should regularly review your account statements, and periodically obtain your credit report from one or more of the three national credit reporting companies. Those companies are:

Equifax 1-800-525-6285 Equifax.com Equifax Fraud Alert, P.O. Box 105069 Atlanta, GA 30348-5069 Equifax Credit Freeze, P.O. Box 105788 Atlanta, GA 30348-5788	Experian 1-888-397-3742 Experian.com Experian Fraud Alert, P.O. Box 9554, Allen, TX 75013 Experian Credit Freeze, P.O. Box 9554, Allen, TX 75013	TransUnion 1-800-680-7289 Transunion.com TransUnion Fraud Alert, P.O. Box 2000, Chester, PA 19016 TransUnion Credit Freeze, P.O. Box 160, Woodlyn, PA 19094
---	---	--

You can obtain your credit report from each of those companies for free once every 12 months. Free reports are available online at www.annualcreditreport.com. You may also obtain a free report by calling toll free 1-877-322- 8228, or by mailing an Annual Credit Report Request Form (available at www.annualcreditreport.com) to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281. If you do not have any free credit reports left, you can still purchase a copy of your credit report by contacting one or more of the three credit reporting companies listed above.

Placing a Fraud Alert

A fraud alert tells lenders that they should verify your identification before they extend credit in your name. Each of the three nationwide credit reporting companies can place a fraud alert on your credit report.

If you wish to place a fraud alert, contact any one of the three credit reporting companies listed above. As soon as one company confirms your fraud alert, the others are notified to place fraud alerts as well.

Requesting a Security Freeze on Your Credit Report

A security freeze prohibits a credit reporting agency from releasing any information from your credit report without written authorization. Placing, lifting, or removing a security freeze is free of charge.

If you wish to place a security freeze on your credit report, you must do so separately at each credit reporting company. The credit reporting companies do not notify each other about security freezes.

Please be aware that while a security freeze is in effect, it may delay, interfere with, or prevent the timely approval of any request you make for new credit, loans, mortgages, employment, housing or other services that require a credit check. If you want to allow a credit check for those or other purposes, you will have to lift the security freeze by contacting each credit reporting company. Each credit reporting agency will provide you a PIN number or a password when you place a security freeze. You will need that PIN or password to lift the freeze, and should be careful to record it somewhere secure.

Suggestions if You Are a Victim of Identity Theft

If you find suspicious activity on your accounts or credit reports, or have other reason to believe your information is being misused, you should take the following steps:

File a Police Report. Get a copy of the report to submit to your creditors and others that may require proof of a crime.

Contact the U.S. Federal Trade Commission (FTC). The FTC provides useful information to identity theft victims and maintains a database of identity theft cases for use by law enforcement agencies. If you file an identity theft complaint with the FTC, your case will be added to that database. You can find more information and file a complaint online at www.IdentityTheft.gov. You can also file a complaint by calling the FTC's toll-free Identity Theft Hotline at 1-877-IDTHEFT (438-4338), or by mail at Identity Theft Clearinghouse, Federal Trade Commission, 600 Pennsylvania Avenue, N.W., Washington, D.C. 20580. You may also wish to obtain a copy of *Identity Theft: A Recovery Plan*, a guide from the FTC to help you guard against and deal with identity theft. It is available online at https://www.bulkorder.ftc.gov/system/files/publications/501a_idt_a_recovery_plan_508.pdf.

Exercise Your Rights Under the Fair Credit Reporting Act (FCRA). You have certain legal rights under the FCRA. These include, among others, the right to know what is in your file; to dispute incomplete or inaccurate information; and to have credit reporting companies correct or delete inaccurate, incomplete, or unverifiable information. You can find more information about your rights under the FCRA online at <https://www.consumer.ftc.gov/sites/default/files/articles/pdf/pdf-0096-fair-credit-reporting-act.pdf>. The laws of your state may provide you with additional rights. Your state's attorney general or consumer protection department may be able to give you more information about your rights under state law.

Keep a record of your contacts. Start a file with copies of your credit reports, police reports, any correspondence, and copies of disputed bills. Keep a log of your conversations with creditors, law enforcement officials, credit reporting companies, and other relevant parties.
