Dear TVShowsonDVD user,

We are writing to alert TVShowsonDVD users to a recent security incident that may have involved some of your personal information. We recently learned of a potential security incident involving TVShowsonDVD.com and immediately launched an investigation.

On May 21, 2018, we determined that between January and May 2018, an unauthorized party had gained access to information submitted by users to TVShowsonDVD. As a result, certain registration information that you submitted to the site, which may have included your name, username, password, or date of birth, may have been compromised. If you used the same password for TVShowsonDVD.com for other websites, we strongly recommend you change those passwords and monitor your accounts for any suspicious activity. Please note that we will never email you a direct link to update your settings or ask for your password.

We take the security of our users very seriously and have decided to take the site permanently offline.

If you have further questions you can reach out to the team here: admin@tvshowsondvd.com

Sincerely,

The TVShowsonDVD team
