- **Place A Security Freeze on Your Credit File**

If you are very concerned about becoming a victim of fraud or identity theft, a security freeze might be right for you. This process is also completed through each of the credit reporting companies.

- **Order Your Free Annual Credit Reports**

Visit www.annualcreditreport.com or call 877-322-8228. Once you receive your credit reports, review them for discrepancies. Identify any accounts you did not open or inquiries from creditors that you did not authorize. Verify all information is correct. If you have questions or notice incorrect information, contact the credit reporting company.

- **Manage Your Personal Information**

Take steps such as: carrying only essential documents with you; being aware of whom you are sharing your personal information with and shredding receipts, statements, and other sensitive information.

- **Use Tools From Credit Providers**

Carefully review your credit reports and bank, credit card and other account statements. Be proactive and create alerts on credit cards and bank accounts to notify you of activity. If you discover unauthorized or suspicious activity on your credit report or by any other means, file an identity theft report with your local police and contact a credit reporting company.
