Subject: Notice of Data <<Variable Data 1>>

We are writing to inform you of a data security incident that may have involved your personal information. Soliant Health, LLC, and its affiliates (“Soliant”) takes the privacy and security of the data under our care very seriously and we regret any concern or inconvenience this may cause. Please read this letter carefully as it contains information regarding the incident and steps you can take to help protect your personal information.

**What Happened.** On June 25, 2024, Soliant discovered suspicious activity associated with an employee’s email account. Upon discovery, Soliant immediately took steps to address the issue and secure its email environment, including engaging a team of cybersecurity specialists, implementing a forced password reset, working with law enforcement, and launching a comprehensive investigation. The investigation determined that certain personal information may have been acquired without authorization. Soliant thereafter undertook a comprehensive review to determine the nature of the information, the individuals to whom the information pertained and the addresses for those individuals. That process was completed on October 3, 2024.

**What Information Was Involved.** The information may have included your <<Data Elements>>.

**What We Are Doing.** As soon as Soliant discovered this incident, we took the steps described above and implemented measures to enhance security and minimize the risk of a similar incident occurring in the future.

**What You Can Do.** You can follow the recommendations on the following page to help protect your personal information.

**For More Information.** Further information about how to protect your personal information appears on the following page. We take your trust in us and this matter very seriously.

Sincerely,

Soliant

## Steps You Can Take to Help Protect Your Personal Information

**Review Your Account Statements and Notify Law Enforcement of Suspicious Activity:** As a precautionary measure, we recommend that you remain vigilant by reviewing your account statements and credit reports closely. If you detect any suspicious activity on an account, you should promptly notify the financial institution or company with which the account is maintained. You also should promptly report any fraudulent activity or any suspected incidence of identity theft to proper law enforcement authorities, your state attorney general, and/or the Federal Trade Commission (the "FTC").

**Copy of Credit Report:** You may obtain a free copy of your credit report from each of the three major credit reporting agencies once every 12 months by visiting [www.annualcreditreport.com](http://www.annualcreditreport.com), calling toll-free 1-877-322-8228, or by completing an Annual Credit Report Request Form and mailing it to Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA 30348. You also can contact one of the following three national credit reporting agencies:

**Equifax**

P.O. Box 105851  
Atlanta, GA 30348  
1-800-525-6285  
[www.equifax.com](http://www.equifax.com)

**Experian**

Chester, PA 19016  
1-800-916-8800  
[www.transunion.com](http://www.transunion.com)

**Fraud Alert:** You may want to consider placing a fraud alert on your credit report. An initial fraud alert is free and will stay on your credit file for at least one year. The alert informs creditors of possible fraudulent activity within your report and requests that the creditor contact you prior to establishing any accounts in your name. To place a fraud alert on your credit report, contact any of the three credit reporting agencies identified above. Additional information is available at [www.annualcreditreport.com](http://www.annualcreditreport.com).

**Security Freeze:** You have the right to put a security freeze on your credit file for up to one year at no cost. This will prevent new credit from being opened in your name without the use of a PIN number that is issued to you when you initiate the freeze. A security freeze is designed to prevent potential creditors from accessing your credit report without your consent. As a result, using a security freeze may interfere with or delay your ability to obtain credit. You must separately place a security freeze on your credit file with each credit reporting agency. In order to place a security freeze, you may be required to provide the consumer reporting agency with information that identifies you including your full name, Social Security number, date of birth, current and previous addresses, a copy of your state-issued identification card, and a recent utility bill, bank statement or insurance statement.

**Additional Free Resources:** You can obtain information from the consumer reporting agencies, the FTC, or from your respective state Attorney General about fraud alerts, security freezes, and steps you can take toward preventing identity theft. You may report suspected identity theft to local law enforcement, including to the FTC or to the Attorney General in your state.
