Notice of Data Breach

Dear <<First Name>> <<Last Name>>,

Title 9 Sports, Inc. (“Title 9”) is writing to inform you of a recent data security incident that may affect your personal information. We take this incident very seriously and are providing you with information about the incident, our response, and steps you can take to help safeguard your information.

What Happened.

On November 8, 2024, Title 9 was made aware of suspicious activity on our systems. We began an immediate internal investigation into the circumstances surrounding the activity, and subsequently have engaged third-party specialists to determine the full nature and scope of the incident. Our investigation is ongoing, but we have confirmed that certain files on our network were accessed without authorization beginning on November 2, 2024 until the account used to perpetrate the intrusion was disabled on November 8, 2024. We have conducted a thorough review of the files at issue to determine the type of information they contained and to whom the information relates.

What Information Was Involved.

Upon completion, our review has determined that the files at issue included your name and contact information in combination with Social Security Numbers. We have not currently discovered any evidence to suggest that any potentially impacted information has been misused because of this incident.

What We Are Doing.

As soon as Title 9 discovered the incident, we took the steps described above, and implemented measures to reinforce our security procedures and to minimize the risk of a similar incident occurring in the future. We are continuing to investigate the situation, as well as monitoring any potential uses of the information that was compromised in the incident. We have engaged third-party security, legal, and technical advisors so that we can address this situation as quickly and thoroughly as possible. And while the investigation is ongoing, we wanted to notify those affected as soon as possible.

As a part of our mitigation efforts, we will be offering identity theft protection to you through IDX, A ZeroFox Company. These services will include: <<12 months/24 months>> of credit and CyberScan monitoring, a \$1,000,000 insurance reimbursement policy, and fully managed identity theft recovery services. With these services, IDX will help you resolve any issues that may arise if your identity is compromised.

Recommended Steps to help Protect your Information

1. Website and Enrollment. Scan the QR image or go to <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using your Enrollment Code provided at the top of the letter.

2. Activate the credit monitoring provided as part of your IDX identity protection membership. The monitoring included in the membership must be activated to be effective. Note: You must have established credit and access to a computer and the internet to use this service. If you need assistance, IDX will be able to assist you.

3. Telephone. Contact IDX at 1-833-903-3648 to gain additional information about this event and speak with knowledgeable representatives about the appropriate steps to take to protect your credit identity.

4. Review your credit reports. We recommend that you remain vigilant by reviewing account statements and monitoring credit reports. Under federal law, you also are entitled every 12 months to one free copy of your credit report from each of the three major credit reporting companies. To obtain a free annual credit report, go to www.annualcreditreport.com or call 1-877-322-8228. You may wish to stagger your requests so that you receive a free report by one of the three credit bureaus every four months.

If you discover any suspicious items and have enrolled in IDX identity protection, notify them immediately by calling or by logging into the IDX website and filing a request for help.

If you file a request for help or report suspicious activity, you will be contacted by a member of our ID Care team who will help you determine the cause of the suspicious items. In the unlikely event that you fall victim to identity theft as a consequence of this incident, you will be assigned an ID Care Specialist who will work on your behalf to identify, stop and reverse the damage quickly.

You should also know that you have the right to file a police report if you ever experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide some kind of proof that you have been a victim. A police report is often required to dispute fraudulent items. You can report suspected incidents of identity theft to local law enforcement or to the Attorney General.

5. Place Fraud Alerts with the three credit bureaus. If you choose to place a fraud alert, we recommend you do this after activating your credit monitoring. You can place a fraud alert at one of the three major credit bureaus by phone and also via Experian's or Equifax's website. A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. The contact information for all three bureaus is as follows:

Credit Bureaus

Equifax Fraud Reporting
1-866-349-5191
P.O. Box 105069
Atlanta, GA 30348-5069
www.equifax.com

Experian Fraud Reporting
1-888-397-3742
P.O. Box 9554
Allen, TX 75013
www.experian.com

TransUnion Fraud Reporting
1-800-680-7289
P.O. Box 2000
Chester, PA 19022-2000
www.transunion.com

It is necessary to contact only ONE of these bureaus and use only ONE of these methods. As soon as one of the three bureaus confirms your fraud alert, the others are notified to place alerts on their records as well. You will receive confirmation letters in the mail and will then be able to order all three credit reports, free of charge, for your review. An initial fraud alert will last for one year.

Please Note: No one is allowed to place a fraud alert on your credit report except you.

6. Security Freeze. By placing a security freeze, someone who fraudulently acquires your personal identifying information will not be able to use that information to open new accounts or borrow money in your name. You will need

to contact the three national credit reporting bureaus listed above to place the freeze. Keep in mind that when you place the freeze, you will not be able to borrow money, obtain instant credit, or get a new credit card until you temporarily lift or permanently remove the freeze. There is no cost to freeze or unfreeze your credit files.
