**Please read this entire letter.**

Dear 

We value our customers and respect the privacy of your information, which is why we are writing to inform you of an intrusion into the computer records of TwinSpires.com that occurred on August 3, 2012, that exposed some of your personal information. - We have retained independent experts who, along with our technology team, have remediated the issue and helped us further strengthen our computer security systems.
  - We are working with independent experts to monitor our ongoing operations to ensure that our security practices are as effective as possible.
  - We have set up a privacy hotline (toll-free at 1-888-451-6559) that is staffed with representatives specially trained to assist you with any questions you may have.
