Notice of Data Breach

Dear <<First Name>> <<Last Name>>:

TapestryHealth (“TapestryHealth” or “we”) is writing to inform you about a recent privacy event that may have affected your personal information. TapestryHealth provided you with care management services during your stay at a post-acute care facility. This letter provides information about the event and the resources available to you.

What Happened?

On November 3, 2025, we discovered that the personal information of some of our patients may have been accessible to an unauthorized individual unrelated to TapestryHealth. Upon discovery, we immediately began an investigation, which was completed on December 5, 2025.

Our investigation determined that one of our contracted employees may have been involved in unauthorized job-sharing. This means that the employee may have allowed an unidentified individual to do some of their job duties and see certain patients’ personal information between November 6, 2024 and November 3, 2025. This violated our employment and privacy policies and was done without the knowledge or consent of TapestryHealth. As a result, the employee was immediately terminated.

What Information Was Involved?

The personal information that may have been viewed may have included one or more of the following elements: (1) last name; (2) facility information (facility name, room number, and date(s) of admission); and (3) medical information (medical record number, provider names, diagnosis and treatment information, vitals, immunizations, medications, and/or care plan goals and progress notes). **Please note that the event did not involve your Social Security number, health insurance information, bank information, credit/debit card information, or driver’s license/government ID.**

What We Are Doing

TapestryHealth takes privacy and security very seriously. We have taken several steps to mitigate and help prevent events like this from occurring in the future, including immediately terminating the employee involved in the event and putting additional limitations on the types of personal information that our contracted employees are able to access. We also continue to monitor and improve the safeguards we have in place to protect our patients’ information. This includes enhancing our employee training and our technical controls for identifying events like this in the future.

We are not aware of any misuse of patients’ information as a result of this event to date. As a courtesy, we are offering you 12 months of free credit monitoring and identity protection services through IDX. Details of your complimentary membership are in the attached Reference Guide along with instructions for registering for this service.

What You Can Do

In addition to enrolling in free credit monitoring services, the enclosed Reference Guide includes general steps you can take to monitor and help protect your personal information.

For More Information

We sincerely regret that this event occurred. If you have any questions or would like more information about this matter, please contact our dedicated privacy call center toll free at 1-833-802-8116 during the hours of 9:00 a.m. to 9:00 p.m. Eastern Time, Monday through Friday, except U.S. holidays.

Sincerely,

TapestryHealth Privacy & Security Team

REFERENCE GUIDE

Review Your Account Statements. Carefully review statements sent to you from healthcare providers as well as from your insurance company to ensure that all of your account activity is valid. Report any questionable charges promptly to the provider or company with which you maintain the account.

Provide Any Updated Personal Information to Your Health Care Provider. Your health care provider's office will ask to see a photo ID to verify your identity. Please bring a photo ID with you to every appointment if possible. Your provider's office will also ask you to confirm your date of birth, address, telephone, and other pertinent information so that we can make sure that all of your information is up to date. Please be sure and tell your provider's office when there are any changes to your information. Carefully reviewing this information with your provider's office at each visit helps us to avoid problems and address them quickly should there be any discrepancies.

How to Enroll in IDX Credit and Identity Monitoring Services. As a safeguard, you may enroll, at no cost to you, in online credit monitoring and identity protection services provided by IDX for 12 months. To enroll in these services, please call 1-833-802-8116 or visit <https://app.idx.us/account-creation/protect> and follow the instructions for enrollment using the Enrollment Code: <<XXXXXXXXXX>>.

The monitoring included in the membership must be activated to be effective. You have until March 22, 2026 to enroll in these services. Please note that credit monitoring services may not be available for individuals who have not established credit or an address in the United States (or its territories) or a valid Social Security number. Enrolling in this service will not affect your credit score. If you need assistance, IDX will be able to assist you.

We encourage you to take advantage of these protections and remain vigilant for incidents of potential fraud and identity theft, including regularly reviewing and monitoring your credit reports and account statements.

Security Freeze. A security freeze prevents credit reporting bureaus from releasing information in your credit file. This can make it harder for identity thieves to open new accounts in your name. Please be aware, however, that placing a security freeze on your credit report may delay approval of any requests you make for new loans, credit, mortgages, or other services.

You have the right to request a security freeze for free. To place a security freeze on your file, you must contact each of the three national credit reporting bureaus. You can contact them by phone, online submission, or mail.

Equifax Information Services P.O. Box 105788 Atlanta, GA 30348 1-800-685-1111 www.equifax.com/ personal/credit-report-services/	Experian P.O. Box 9554 Allen, TX 75013 1-888-397-3742 www.experian.com/help	TransUnion P.O. Box 2000 Chester, PA 19016 1-888-909-8872 www.transunion.com/ credit-help
--	---	--

When requesting a security freeze, you will need to provide information to confirm your identity, such as your name, proof of your current address, your prior address if you've moved in the last five years, your date of birth, Social Security number, and other personal information.

A security freeze request made by phone or online will be effective within one hour. Requests by mail take up to three business days from when the bureau gets it to be effective. After requesting a freeze, you will be given a unique personal identification number (PIN) and/or a password. Keep this in a safe place as you will need it to temporarily lift or fully remove the security freeze.

The freeze will remain until you ask the credit bureau to temporarily lift or fully remove it. If the request is made online or by phone, a credit bureau must lift security freeze within one hour. If the request is made by mail, then the bureau must lift the freeze no later than three business days after getting your request. There is no charge for placing, lifting, or removing a security freeze.

Check Your Credit Report. Check your credit report to ensure that all your information is correct. You can obtain a free credit report once per year by visiting www.annualcreditreport.com or by calling 877-322-8228. If you notice any inaccuracies, report the dispute right away to the relevant credit reporting bureau. You can file a dispute on the relevant bureau's website or by contacting them at the number listed on your credit report. You can also report any suspicious activity to your local law enforcement, in which case you should request a copy of the police report and retain it for your records.

Fraud Alert. You have the right to request that the credit bureaus place a fraud alert on your file. A fraud alert tells creditors to contact you before opening any new accounts or increasing credit limits on your existing accounts. A fraud alert lasts for one year and is free of charge.

You need to contact only one of the three credit bureaus to place a fraud alert; the one you contact is required by law to contact the other two. For Fraud Alerts, use the credit bureau contact information provided above in the Security Freeze section.

Consult the Federal Trade Commission. For more guidance on steps you can take to protect your information, you also can contact the Federal Trade Commission at <https://consumer.ftc.gov/identity-theft-and-online-security>, or at 877-ID-THEFT (877-438-4338), or at the Identity Theft Clearinghouse, Federal Trade Commission, 600 Pennsylvania Avenue NW, Washington, D.C. 20580.
