Re: Notice of Data Breach

Dear [REDACTED],

We are writing to inform you of a recent cybersecurity incident that may have involved some of your personal information. Upon discovering the incident, we immediately engaged leading cybersecurity specialists and outside legal counsel to investigate the matter, secure our systems, and assess the scope of the issue. While our investigation remains ongoing, we are providing you with this notice to keep you informed and to share resources available to help protect your personal information.

At this time, we are not aware of any evidence of misuse of your information in connection with this incident.

What Happened?

On April 27, 2026, we identified suspicious, unauthorized activity involving certain systems within our environment. We immediately took steps to secure our systems and engaged third-party cybersecurity specialists to conduct a comprehensive forensic investigation.

Through this investigation, we determined that an unauthorized party accessed and copied certain files within our environment. We then undertook a detailed review of those files to identify the information involved, and the individuals potentially affected.

We recently completed that review and are providing notice to individuals whose information may have been impacted.

What Information Was Involved?

Our review determined that files involved in this incident contained your name, and may have also included your Social Security number, driver's license number, and/or financial/investment account information.

Steps You Can Take To Help Protect Personal Information

Credit Reports: You may obtain a copy of your credit report, free of charge, whether or not you suspect any unauthorized activity on your account. You may obtain a free copy of your credit report from each of the three nationwide credit reporting agencies. To order your free credit report, please visit www.annualcreditreport.com, or call toll-free at 1-877-322-8228. You can also order your annual free credit report by mailing a completed Annual Credit Report Request Form (available at www.consumer.ftc.gov/articles/0155-free-credit-reports) to: Annual Credit Report Request Service, P.O. Box 105281, Atlanta, GA, 30348-5281.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number; (3) date of birth; (4) current address and any previous addresses for the past five years; (5) proof of current address (such as a copy of a government-issued identification card, a recent utility bill, or bank or insurance statement); and (6) other personal information as required by the applicable credit reporting agency. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:

Equifax Security Freeze P.O. Box 105788 Atlanta, GA 30348 1-888-298-0045 www.equifax.com/personal/credit-report-services/credit-freeze/	Experian Security Freeze P.O. Box 9554 Allen, TX 75013 1-888-397-3742 www.experian.com/freeze/center.html	TransUnion Security Freeze P.O. Box 160 Woodlyn, PA 19094 1-888-909-8872 www.transunion.com/credit-freeze
--	---	--

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with:

- Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf);
- TransUnion (www.transunion.com/fraud-alerts); or
- Experian (www.experian.com/fraud/center.html).

A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. Initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are above.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

File Police Report: You have the right to file or obtain a police report if you experience identity fraud. Please note that in order to file a crime report or incident report with law enforcement for identity theft, you will likely need to provide proof that you have been a victim. A police report is often required to dispute fraudulent items. Instances of known or suspected identity theft should also be reported to law enforcement or to the Attorney General's office in your home jurisdiction. This notice has not been delayed by law enforcement.

FTC and Attorneys General: You can further educate yourself regarding identity theft, fraud alerts, security freezes, and the steps you can take to protect yourself, by contacting the consumer reporting agencies, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission can be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580, www.identitytheft.gov, 1-877-ID-THEFT (1-877-438-4338), TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above.

For Iowa and Oregon residents, you are advised to report suspected incidents of identity theft to local law enforcement, to their respective Attorney General, and the FTC.
