## Notice of Data Breach

Dear \_\_\_\_\_ :

Trident Maritime Systems, LLC (“TMS”) is writing to inform you of an event that may impact some of your information. We take this event very seriously and the confidentiality, privacy, and security of information in our care is one of our highest priorities. While we are not aware of any actual or attempted misuse of your information, we are providing information regarding the event, our response, and resources to help further protect your information, should you feel it necessary to do so.

**What Happened?** In February 2023, we discovered suspicious activity on our computer network. In response, we took steps to ensure the security of our network and launched an investigation to determine the nature and scope of the activity. The investigation determined that an unauthorized actor gained access to our computer network between February 1, 2023 and February 10, 2023, and may have accessed or taken certain data from our systems. Following this investigation, TMS engaged in an extensive, time-consuming review of the involved data in order to identify what information was present and to whom it related to. Once this initial review was completed, TMS then conducted a manual review of its internal records to identify address information in order to notify potentially affected individuals.

**What Information Was Involved?** Our investigation and review was completed in January 2025 and we are notifying you now because your name and Social Security number and date of birth were identified during the review. Please note that we are not aware of any identity theft or fraud as a result of this incident and are notifying you out of an abundance of caution.

**What We Are Doing.** We take this event and the security of information in our care very seriously. Upon learning of the event, we moved quickly to confirm the security of our network and investigate the scope of the event. As part of our ongoing commitment to information security, we reviewed existing security policies and have implemented additional security measures to further reduce the risk of a similar event moving forward. We will also be notifying relevant regulators, as required.

As an added precaution, we are also offering you 12 months of complimentary credit monitoring, through Cyberscout, a TransUnion company specializing in fraud assistance and remediation services. A description of these services and enrollment instructions can be found in the enclosed *Steps You Can Take to Help Protect Your Information*. We encourage you to enroll in these services as we are not able to do so on your behalf.

**What You Can Do.** We encourage you to remain vigilant against incidents of identity theft and fraud by reviewing your account statements and monitoring your free credit reports for suspicious activity and to detect errors. Please review the enclosed *Steps You Can Take to Help Protect Your Information*, which includes further information on steps you can take, should you feel it necessary to do so. Additionally, we encourage you to enroll in the complimentary credit monitoring being offered.

Please note that when signing up for monitoring services, you may be asked to verify personal information for your own protection to confirm your identity.

### Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order a free credit report, visit [www.annualcreditreport.com](http://www.annualcreditreport.com) or call, toll-free, 1-877-322-8228. Consumers may also directly contact the three major credit reporting bureaus listed below to request a free copy of their credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a one-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If consumers are the victim of identity theft, they are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should consumers wish to place a fraud alert, please contact any of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in a consumer’s name without consent. However, consumers should be aware that using a credit freeze to take control over who gets access to the personal and financial information in their credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application they make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, consumers cannot be charged to place or lift a credit freeze on their credit report. To request a credit freeze, individuals may need to provide some or all of the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if they are a victim of identity theft.

Should consumers wish to place a credit freeze or fraud alert, please contact the three major credit reporting bureaus listed below:

## **Additional Information**

Consumers may further educate themselves regarding identity theft, fraud alerts, credit freezes, and the steps they can take to protect their personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or their state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington, D.C. 20580; [www.identitytheft.gov](http://www.identitytheft.gov); 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. Consumers can obtain further information on how to file such a complaint by way of the contact information listed above. Consumers have the right to file a police report if they ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, consumers will likely need to provide some proof that they have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and the relevant state Attorney General. This notice has not been delayed by law enforcement.
