NOTICE OF DATA INCIDENT

Dear :

United Health Centers of the San Joaquin Valley (“UHC”) is writing to notify you of an event that may affect your information. This letter provides information about the event, our response, and the resources we are making available to you to help protect your information, should you feel it appropriate to do so.

What Happened? On August 28, 2021, UHC experienced technical difficulties resulting in a disruption to certain computer systems. UHC promptly took steps to secure our systems and commenced an investigation into the nature and scope of the incident. UHC’s investigation determined that the disruption was caused by an encryption event. UHC worked expeditiously to restore our systems to avoid an interruption to patient care.

On September 22, 2021, UHC discovered that certain UHC-related data had been compromised. UHC immediately undertook a further investigation, with the assistance of third-party specialists, to confirm the scope of the incident. The investigation determined that certain UHC-related data was compromised between August 24, 2021 and August 28, 2021. With the assistance of third-party subject matter specialists, we then undertook a diligent and thorough review of the impacted documents to determine what information these documents contained and to whom that information related. We completed this review on April 11, 2022, and then worked expeditiously to provide notice to those patients whose information was found within the documents.

What Information Was Involved? Our investigation determined that your name and social security number and medical record number were present within the impacted documents.

What We Are Doing. The confidentiality, privacy and security of information within our care are among UHC’s highest priorities. We moved quickly to investigate and identify any impacted information. We have notified federal law enforcement, as well as appropriate regulatory authorities and are notifying affected individuals, including you, to provide information on steps you can take to protect your information.

As an added precaution, we are offering you access to complimentary credit monitoring and identity restoration services for one (1) year through Equifax. If you wish to activate the services, you may follow the instructions included in the *Steps You Can Take to Protect Your Personal Information*.

What You Can Do. We encourage you to remain vigilant against incidents of identity theft and fraud, to review your account statements, and to monitor your credit reports for suspicious activity and to detect errors. We also recommend you review the *Steps You Can Take to Protect Your Personal Information* section of this letter. You can also enroll to receive the complimentary credit monitoring and identity restoration services through Equifax.

For More Information. We understand that you may have questions about this incident that are not addressed in this notice. If you have additional questions or concerns, please call our toll-free dedicated assistance line at 1-877-354-3821. This toll free line is available Monday - Friday 8:00 AM to 5:00 PM CST. You may also write to UHC at 3875 West Beechwood Avenue, Fresno, California 93722.

We sincerely regret any inconvenience this event may cause you. We appreciate your trust in us and remain committed to safeguarding the information in our care.

Sincerely,

United Health Centers of the San Joaquin Valley

¹The credit scores provided are based on the VantageScore® 3.0 model. For three-bureau VantageScore credit scores, data from Equifax®, Experian®, and TransUnion® are used respectively. Any one-bureau VantageScore uses Equifax data. Third parties use many different types of credit scores and are likely to use a different type of credit score to assess your creditworthiness.

²Credit monitoring from Experian and TransUnion will take several days to begin.

³WebScan searches for your Social Security Number, up to 5 passport numbers, up to 6 bank account numbers, up to 6 credit/debit card numbers, up to 6 email addresses, and up to 10 medical ID numbers. WebScan searches thousands of Internet sites where consumers' personal information is suspected of being bought and sold, and regularly adds new sites to the list of those it searches. However, the Internet addresses of these suspected Internet trading sites are not published and frequently change, so there is no guarantee that we are able to locate and search every possible Internet site where consumers' personal information is at risk of being traded.

⁴The Automatic Fraud Alert feature is made available to consumers by Equifax Information Services LLC and fulfilled on its behalf by Equifax Consumer Services LLC.

⁵Locking your Equifax credit report will prevent access to it by certain third parties. Locking your Equifax credit report will not prevent access to your credit report at any other credit reporting agency. Entities that may still have access to your Equifax credit report include: companies like Equifax Global Consumer Solutions, which provide you with access to your credit report or credit score, or monitor your credit report as part of a subscription or similar service; companies that provide you with a copy of your credit report or credit score, upon your request; federal, state and local government agencies and courts in certain circumstances; companies using the information in connection with the underwriting of insurance, or for employment, tenant or background screening purposes; companies that have a current account or relationship with you, and collection agencies acting on behalf of those whom you owe; companies that authenticate a consumer's identity for purposes other than granting credit, or for investigating or preventing actual or potential fraud; and companies that wish to make pre-approved offers of credit or insurance to you. To opt out of such pre-approved offers, visit www.optoutprescreen.com

⁶The Identity Theft Insurance benefit is underwritten and administered by American Bankers Insurance Company of Florida, an Assurant company, under group or blanket policies issued to Equifax, Inc., or its respective affiliates for the benefit of its Members. Please refer to the actual policies for terms, conditions, and exclusions of coverage. Coverage may not be available in all jurisdictions.

Monitor Your Accounts

Under U.S. law, a consumer is entitled to one free credit report annually from each of the three major credit reporting bureaus, Equifax, Experian, and TransUnion. To order your free credit report, visit www.annualcreditreport.com or call, toll-free, 1-877-322-8228. You may also directly contact the three major credit reporting bureaus listed below to request a free copy of your credit report.

Consumers have the right to place an initial or extended “fraud alert” on a credit file at no cost. An initial fraud alert is a 1-year alert that is placed on a consumer’s credit file. Upon seeing a fraud alert display on a consumer’s credit file, a business is required to take steps to verify the consumer’s identity before extending new credit. If you are a victim of identity theft, you are entitled to an extended fraud alert, which is a fraud alert lasting seven years. Should you wish to place a fraud alert, please contact any one of the three major credit reporting bureaus listed below.

As an alternative to a fraud alert, consumers have the right to place a “credit freeze” on a credit report, which will prohibit a credit bureau from releasing information in the credit report without the consumer’s express authorization. The credit freeze is designed to prevent credit, loans, and services from being approved in your name without your consent. However, you should be aware that using a credit freeze to take control over who gets access to the personal and financial information in your credit report may delay, interfere with, or prohibit the timely approval of any subsequent request or application you make regarding a new loan, credit, mortgage, or any other account involving the extension of credit. Pursuant to federal law, you cannot be charged to place or lift a credit freeze on your credit report. To request a security freeze, you will need to provide the following information:

1. Full name (including middle initial as well as Jr., Sr., II, III, etc.);
2. Social Security number;
3. Date of birth;
4. Addresses for the prior two to five years;
5. Proof of current address, such as a current utility bill or telephone bill;
6. A legible photocopy of a government-issued identification card (state driver’s license or ID card, etc.); and
7. A copy of either the police report, investigative report, or complaint to a law enforcement agency concerning identity theft if you are a victim of identity theft.

Should you wish to place a credit freeze, please contact the three major credit reporting bureaus listed below:

Additional Information

You may further educate yourself regarding identity theft, fraud alerts, credit freezes, and the steps you can take to protect your personal information by contacting the consumer reporting bureaus, the Federal Trade Commission, or your state Attorney General. The Federal Trade Commission may be reached at: 600 Pennsylvania Avenue NW, Washington, DC 20580; www.identitytheft.gov; 1-877-ID-THEFT (1-877-438-4338); and TTY: 1-866-653-4261. The Federal Trade Commission also encourages those who discover that their information has been misused to file a complaint with them. You can obtain further information on how to file such a complaint by way of the contact information listed above. You have the right to file a police report if you ever experience identity theft or fraud. Please note that in order to file a report with law enforcement for identity theft, you will likely need to provide some proof that you have been a victim. Instances of known or suspected identity theft should also be reported to law enforcement and your state Attorney General. This notice has not been delayed by law enforcement.

For District of Columbia residents, the District of Columbia Attorney General may be contacted at: 400 6th Street, NW, Washington, DC 20001; 202-727-3400; and oag@dc.gov.
