Notice of Data Breach

Dear <<Name 1>>:

Five Guys Enterprises, LLC (“Five Guys”) understands the importance of protecting information about its employees and vendors. We are writing to inform you that we recently identified and addressed a security incident that may have involved some of your information. This notice describes the incident, measures we have taken, and some steps you may choose to take.

What Happened

On August 6, 2018, we learned that an employee may have fallen victim to a phishing e-mail incident that resulted in unauthorized access to the employee’s e-mail account between May 23, 2018 and August 6, 2018. We immediately secured the e-mail account, conducted an internal investigation, and engaged a leading cyber security firm to assist in the investigation. We then began the extensive process of searching the employee’s inbox to identify the contents.

What Information Was Involved

The investigation was completed on November 8, 2018, at which point we determined that the e-mail account contained an e-mail message or attachment that may have included your <<Data Elements>>.

What We Are Doing

To help prevent something like this from happening in the future, we are implementing additional procedures, education and training to further enhance and strengthen our security processes.

What You Can Do

For more information on some steps you can take to protect yourself, please see the additional information provided in this letter.

More Information

We regret that this occurred and apologize for any inconvenience. If you have questions about this matter, please call 888-842-3153, Monday through Friday between 9:00 am and 9:00 pm Eastern Time.

Sincerely,

A handwritten signature in black ink, appearing to read 'S. Chamberlain', with a stylized flourish at the end.

Sam Chamberlain
Chief Operating Officer

MORE INFORMATION ON WAYS TO PROTECT YOURSELF

We remind you to remain vigilant for incidents of fraud or identity theft by reviewing your account statements and free credit reports for any unauthorized activity. You may obtain a copy of your credit report, free of charge, once every 12 months from each of the three nationwide credit reporting companies. To order your annual free credit report, please visit www.annualcreditreport.com or call toll free at 1-877-322-8228. Contact information for the three nationwide credit reporting companies is as follows:

Equifax, PO Box 740241, Atlanta, GA 30374, www.equifax.com, 1-800-685-1111
Experian, PO Box 2002, Allen, TX 75013, www.experian.com, 1-888-397-3742
TransUnion, PO Box 2000, Chester, PA 19016, www.transunion.com, 1-800-916-8800

If you believe you are the victim of identity theft or have reason to believe your personal information has been misused, you should immediately contact the Federal Trade Commission and/or the Attorney General's office in your state. You can obtain information from these sources about steps an individual can take to avoid identity theft as well as information about fraud alerts and security freezes. You should also contact your local law enforcement authorities and file a police report. Obtain a copy of the police report in case you are asked to provide copies to creditors to correct your records. Contact information for the Federal Trade Commission is as follows:

Federal Trade Commission, Consumer Response Center, 600 Pennsylvania Avenue, NW Washington, DC 20580, 1-877-IDTHEFT (438-4338), www.ftc.gov/idtheft

Fraud Alerts: There are two types of fraud alerts you can place on your credit report to put your creditors on notice that you may be a victim of fraud—an initial alert and an extended alert. You may ask that an initial fraud alert be placed on your credit report if you suspect you have been, or are about to be, a victim of identity theft. An initial fraud alert stays on your credit report for at least 90 days. You may have an extended alert placed on your credit report if you have already been a victim of identity theft with the appropriate documentary proof. An extended fraud alert stays on your credit report for seven years. You can place a fraud alert on your credit report by contacting any of the three national credit reporting agencies.

Credit Freezes: You have the right to put a credit freeze, also known as a security freeze, on your credit file, free of charge, so that no new credit can be opened in your name without the use of a PIN number that is issued to you when you initiate a freeze. A security freeze is designed to prevent potential credit grantors from accessing your credit report without your consent. If you place a security freeze, potential creditors and other third parties will not be able to get access to your credit report unless you temporarily lift the freeze. Therefore, using a security freeze may delay your ability to obtain credit.

There is no fee to place or lift a security freeze. Unlike a fraud alert, you must separately place a security freeze on your credit file at each credit reporting company. For information and instructions to place a security freeze, contact each of the credit reporting agencies at the addresses below:

Experian Security Freeze, PO Box 9554, Allen, TX 75013, www.experian.com
TransUnion Security Freeze, PO Box 2000, Chester, PA 19016, www.transunion.com
Equifax Security Freeze, PO Box 105788, Atlanta, GA 30348, www.equifax.com

To request a security freeze, you will need to provide the following information:

1. Your full name (including middle initial as well as Jr., Sr., II, III, etc.)
2. Social Security number
3. Date of birth
4. If you have moved in the past five years, provide the addresses where you have lived over the prior five years
5. Proof of current address such as a current utility bill or telephone bill
6. A legible photocopy of a government issued identification card (state driver's license or ID card, military identification, etc.)
7. If you are a victim of identity theft, include a copy of the police report, investigative report, or complaint to a law enforcement agency concerning identity theft

The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to place a security freeze on your credit report. The credit bureaus must also send written confirmation to you within five business days and provide you with a unique personal identification number ("PIN") or password or both that can be used by you to authorize the removal or lifting of the security freeze.

To lift the security freeze in order to allow a specific entity or individual access to your credit report, or to lift a security freeze for a specified period of time, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to the credit reporting agencies and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze as well as the identity of those entities or individuals you would like to receive your credit report or the specific period of time you want the credit report available. The credit reporting agencies have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to lift the security freeze for those identified entities or for the specified period of time.

To remove the security freeze, you must submit a request through a toll-free telephone number, a secure electronic means maintained by a credit reporting agency, or by sending a written request via regular, certified, or overnight mail to each of the three credit bureaus and include proper identification (name, address, and Social Security number) and the PIN number or password provided to you when you placed the security freeze. The credit bureaus have one business day after receiving your request by toll-free telephone or secure electronic means, or three business days after receiving your request by mail, to remove the security freeze.
