This letter contains information about the Incident, steps you can take to help protect your information, and resources we are making available to help you.

What Happened?

On March 31, 2020, we discovered a broken window on YMCD property. The perpetrator threw a rock through a window to gain access to YMCD property, and subsequently stole a YMCD hard drive.

What Information Was Involved?

After an investigation, we discovered that certain former client data was stored on this device, and may have been accessed by an unknown third party, specifically names, addresses, Social Security numbers, and medical reports.

What Are We Doing?

Upon discovery of this Incident, we immediately reported the matter to local law enforcement. At this time, we are not aware of any evidence that your personal information has been misused, nor is YMCD aware of any evidence that any of your information has been further disclosed or shared with anyone other than the individual responsible for this Incident.

Fraud Alerts: You can place fraud alerts with the three credit bureaus by phone and online with Equifax (https://assets.equifax.com/assets/personal/Fraud_Alert_Request_Form.pdf); TransUnion (<https://www.transunion.com/fraud-alerts>); or Experian (<https://www.experian.com/fraud/center.html>). A fraud alert tells creditors to follow certain procedures, including contacting you, before they open any new accounts or change your existing accounts. For that reason, placing a fraud alert can protect you, but also may delay you when you seek to obtain credit. As of September 21, 2018, initial fraud alerts last for one year. Victims of identity theft can also get an extended fraud alert for seven years. The phone numbers for all three credit bureaus are at the bottom of this page.

Monitoring: You should always remain vigilant and monitor your accounts for suspicious or unusual activity.

Security Freeze: You also have the right to place a security freeze on your credit report. A security freeze is intended to prevent credit, loans, and services from being approved in your name without your consent. To place a security freeze on your credit report, you need to make a request to each consumer reporting agency. You may make that request by certified mail, overnight mail, regular stamped mail, or by following the instructions found at the websites listed below. The following information must be included when requesting a security freeze (note that if you are requesting a credit report for your spouse or a minor under the age of 16, this information must be provided for him/her as well): (1) full name, with middle initial and any suffixes; (2) Social Security number;

(3) date of birth; (4) current address and any previous addresses for the past five years; and (5) any applicable incident report or complaint with a law enforcement agency or the Registry of Motor Vehicles. The request must also include a copy of a government-issued identification card and a copy of a recent utility bill or bank or insurance statement. It is essential that each copy be legible, display your name and current mailing address, and the date of issue. As of September 21, 2018, it is free to place, lift, or remove a security freeze. You may also place a security freeze for children under the age of 16. You may obtain a free security freeze by contacting any one or more of the following national consumer reporting agencies:
