Attorney General of the State of California**

**Plaintiffs,**

v.

**DENSO Corporation;  
DENSO International America, Inc.;  
DENSO Products & Services Americas, Inc.  
(f/k/a DENSO Sales California, Inc.);**

Case No. 2:19-cv-13566

**Complaint for Damages, Civil Penalties,  
and Injunctive Relief  
Demand for Jury Trial**

**DENSO Korea Corporation  
(formerly known separately as DENSO  
International Korea Corporation and  
DENSO Korea Automotive Corporation);  
DENSO Automotive Deutschland, GmbH;  
ASMO Co., Ltd.;  
ASMO North America, LLC;  
ASMO Greenville of North Carolina, Inc.; and  
ASMO Manufacturing, Inc.**

**Defendants.**

---

The State of California, through Xavier Becerra, the Attorney General, in his official capacity as the chief law enforcement officer of the State of California, files this complaint against DENSO Corporation, DENSO International America, Inc., DENSO Products & Services Americas, Inc. (f/k/a DENSO Sales California, Inc.), DENSO Korea Corporation (formerly known separately as DENSO International Korea Corporation and DENSO Korea Automotive Corporation), DENSO Automotive Deutschland, GmbH, ASMO Co., Ltd., ASMO North America, LLC, ASMO Greenville of North Carolina, Inc., and ASMO Manufacturing, Inc. (collectively “Defendants” or “DENSO”), and alleges:

**NATURE OF ACTION**

1. Defendants and their co-conspirators conspired to suppress and eliminate competition by agreeing to rig bids for, and to fix, stabilize, and maintain the price of certain automotive parts, including Wire Harness Products, Instrument Panel Clusters, Fuel Senders, Heater Control Panels, Alternators, Windshield Wipers, Radiators, Starters, Ignition Coils, Motor Generators, HID Ballasts, Inverters, Fan Motors, Fuel Injection Systems, Power Window Motors, Automatic Transmission Fluid Warmers, Valve Timing Control Devices, Air Conditioning Systems, Windshield Washer Systems, Spark Plugs, and Ceramic Substrates,

(hereinafter collectively referred to as “Named Parts”). These price-fixed parts were installed in automobiles purchased by Plaintiffs.

2. For the duration of the conspiracies, from at least as early as January 2000 and continuing until at least February 2010, the exact dates being unknown to Plaintiffs, Defendants’ actions resulted in fixing, stabilizing, and maintaining prices for the Named Parts. Due to Defendants’ unlawful conduct, the State of California and its state agencies were deprived of open and fair competition when purchasing the Named Parts and paid higher-than-competitive prices for such parts and for automobiles installed with them.
3. Competition authorities in the United States, the European Union, and Japan have been investigating a number of conspiracies involving automotive parts since at least February 2010. On January 30, 2012, the United States Department of Justice announced that DENSO Corporation agreed to pay a \$78 million fine for its role in a conspiracy to rig bids for, and to fix, stabilize, and maintain the prices of body electronic control units and heater control panels.
4. Defendants and their co-conspirators affected millions of dollars of commerce. The State of California, California businesses, and consumers suffered antitrust injury to their business or property due to Defendants’ conspiracies to suppress and eliminate competition by agreeing to rig bids for, and to fix, stabilize, and maintain prices and artificially inflate prices for the Named Parts during the duration of the conspiracies.

#### **JURISDICTION AND VENUE**

5. Plaintiffs bring this action to secure damages, permanent injunctive relief, civil penalties, and reasonable attorneys’ fees pursuant to Section 4 (15 U.S.C. § 15) and Section 16 of the Clayton Act (15 U.S.C. §26) for violations of Section 1 of the Sherman Act (15 U.S.C.

§1), as well as sections 16720 and 17200 *et seq.* of the California Business and Professions Code.

6. This Court has original jurisdiction over the subject matter of all causes of action alleged in this Complaint pursuant to 28 U.S.C. §§ 1331 and 1337. This Court has subject matter jurisdiction over the state law claims pursuant to 28 U.S.C. § 1367 because Plaintiffs' state law claims are so related to the federal question claims that they form part of the same case or controversy that would ordinarily be tried in one judicial proceeding.
7. Venue is proper in the United States District Court, Eastern District of Michigan, pursuant to Section 12 of the Clayton Act (15 U.S.C. § 22), and 28 U.S.C. § 1391. Defendants transact business in the United States, including in this district, committed an illegal act, or are found in this district, and a substantial part of the events giving rise to the claims arose in this district.

## **PARTIES**

### **Plaintiffs**

8. The State of California is authorized to file Count I under 15 U.S.C. §§ 15 and 26 to enjoin Defendants from the violations alleged herein.
9. The Attorney General brings this action on behalf of the Plaintiffs the State of California, including California state agencies, for damages, civil penalties, injunctive, and equitable relief.
10. The Attorney General of California is the chief legal officer of the State of California and the enforcement authority of sections 16720 and 17200 *et seq.* of the California Business and Professions Code, and is authorized to file Counts II, III, and IV. As California's

chief law enforcement officer, the Attorney General enforces California's antitrust laws, including the Cartwright Act. Cal. Bus. & Prof. Code §§ 16700 - 16770. The Attorney General is specifically authorized to obtain injunctive and other equitable relief, restitution, and civil penalties to redress unfair, unlawful, and fraudulent business practices. *See* Cal. Bus. & Prof. Code §§ 17203, 17204, 17206.

### **Defendants**

11. Defendant DENSO Corporation is a Japanese corporation with its principal place business in Kariya, Japan. Defendant DENSO International America, Inc. is a Delaware corporation with its principal place of business in Southfield, Michigan. Defendant DENSO Products & Services Americas, Inc. (f/k/a DENSO Sales California, Inc.) is a California corporation with its principal place of business in Long Beach, California. Defendant DENSO Korea Corporation (formerly known separately as DENSO International Korea Corporation and DENSO Korea Automotive Corporation) is a Korean corporation with its principal place of business in Gyeongsangnam-do, Korea. Defendant DENSO Automotive Deutschland, GmbH is a German corporation with its principal place of business in Eching, Germany. Defendant ASMO Co., Ltd. is a Japanese corporation with its principal place of business in Kosai, Japan. ASMO North America, LLC is a North Carolina company with its principal place of business in Statesville, North Carolina. Defendant ASMO Greenville of North Carolina, Inc. is a North Carolina company with its principal place of business in Greenville, North Carolina, and Defendant ASMO Manufacturing, Inc. is a Michigan corporation with its principal place of business in Battle Creek, Michigan.

### **Co-Conspirators and Agents**

12. Various persons, partnerships, sole proprietors, firms, corporations and individuals not named as Defendants in this lawsuit, and individuals, the identities of whom are presently unknown, have participated as co-conspirators with the Defendants in the offenses alleged in this Complaint, and have performed acts and made statements in furtherance of the conspiracies or in furtherance of the anticompetitive conduct.
13. Plaintiffs reserve the right to name some or all of persons or entities who acted as co-conspirators with Defendants in the alleged offenses as defendants.
14. Any reference in this Complaint to any act, deed, or transaction by a corporation means that the corporation engaged in the act, deed, or transaction by or through its officers, directors, agents, employees, or representatives while they were actively engaged in the management, direction, control, or transaction of the corporation's business or affairs.
15. Defendants are also liable for acts of companies they acquired through mergers or acquisitions which are done in furtherance of the alleged conspiracy.
16. Defendants named herein acted as the agent or joint venture of or for the other co-conspirators with respect to the acts, violations, and common course of conduct alleged herein.

### **FACTUAL ALLEGATIONS**

17. Defendants engaged in the business of manufacturing and/or selling the Named Parts to automobile manufacturers for installation in vehicles manufactured and sold in the United States and elsewhere.

18. During the period of the conspiracies, Defendants manufactured and/or sold the Named Parts: (a) in the United States for installation in vehicles manufactured and sold in the United States, (b) in Japan and elsewhere for export to the United States and installation in vehicles manufactured and sold in the United States, and/or (c) in Japan and elsewhere for installation in vehicles manufactured in Japan for export to and sale in the United States.
19. Automobile manufacturers issue Requests for Quotation (“RFQs”) to automotive parts suppliers on a model-by-model basis when they purchase the Named Parts. Automotive parts suppliers, including Defendants, submit quotations to automobile manufacturers in response to RFQs. The winning bidder supplies parts to the automobile manufacturers for the lifespan of the car model, usually lasting four to six years. The bidding process for a certain car model starts approximately three years prior to the start of production.
20. Defendants and/or their co-conspirators have sold the Named Parts to multiple automobile manufacturers, and these parts were installed in automobiles made and sold in the United States.

#### **Structural Characteristics of the Automotive Parts Market**

21. The structural characteristics of the automotive parts market are conducive to a price-fixing agreement, and have made collusion particularly attractive in this market. These characteristics include high barriers to entry and inelastic demand.
22. There are substantial barriers to entry in the market for the Named Parts. It would require substantial initial costs associated with manufacturing plants and equipment, energy, transportation, distribution infrastructure, skilled labor, and long standing relationships

with customers. These costs are considered high barriers to entry thereby making market entry more difficult if not altogether precluding it.

23. Due to high barriers to entry, incumbent firms have incentive to collude and keep supra-competitive prices. High barriers to entry also facilitate the maintenance of collusion since incumbents do not face the risk of new entrants engaging in price competition.
24. “Elasticity” is a term used in economics to describe the sensitivity of supply and demand to changes in the price. Demand for a certain product is “inelastic” when an increase in price of the product creates only a small change in the quantity demanded of that product. Consumers of the product whose demand is inelastic would continue to buy it despite a price increase.
25. When customers are not sensitive to a price increase, a cartel can increase price and maintain relatively level sales volume. Thus, it could continue to keep supra-competitive prices with relatively stable demand and increase profit.

### **Government Investigations**

26. The United States Department of Justice (“Department of Justice”), as well as authorities in the European Union and Japan, started global, industry-wide investigations into possible violations of the antitrust laws in the auto parts industry in 2010. The complete scope of the investigations is unknown.
27. The Department of Justice publicly announced aspects of the investigation when FBI agents raided the offices and factories of suspected companies. Since the raids, the investigation has continued to this date. So far 46 companies have been convicted and collective fines total more than \$2.9 billion.

28. On January 30, 2012, DENSO Corporation entered into a plea agreement with the United States Department of Justice, and it pleaded guilty to two counts of violating Section 1 of the Sherman Act (15 U.S.C. §1) by conspiring to restrain trade. It also agreed to pay a \$78 million criminal fine. According to the charges, DENSO Corporation and co-conspirators participated in combinations and conspiracies to suppress and eliminate competition in the automotive parts industry by agreeing to: (1) rig bids for, and fix, stabilize, and maintain the prices of body electronic control units sold to an automobile manufacturer in the United States and elsewhere; and (2) rig bids for, and fix, stabilize, and maintain the prices of heater control panels sold to an automobile manufacturer in the United States and elsewhere.

29. In furtherance of the conspiracies, DENSO Corporation, through its officers and employees, engaged in discussions and attended meetings with co-conspirators involved in the manufacture and sale of body electronic control units and heater control panels. During such discussions and meetings, agreements were reached to rig bids quoted to an automobile manufacturer for body electronic control units and heater control panels, and fix, stabilize, and maintain the prices of body electronic control units and heater control panels, sold to an automobile manufacturer in the United States and elsewhere.

### **Trade and Commerce**

30. During the period of the conspiracies, Defendants and/or their co-conspirators sold the Named Parts to automobile manufacturers located in various states in the United States in a continuous and uninterrupted flow of interstate and foreign trade and commerce. In addition, equipment and supplies necessary to the production and distribution of the Named Parts sold by Defendants and their co-conspirators, as well as payments for such

parts sold by Defendants and/or their co-conspirators, traveled in interstate and foreign trade and commerce.

31. Plaintiffs purchased a substantial volume of automobiles and trucks. A substantial volume of vehicles containing the Named Parts manufactured by Defendants and/or their co-conspirators were sold to California state agencies, California businesses, and California consumers.

32. The anticompetitive acts were intentionally directed at the United States market for the Named Parts because Defendants and/or their co-conspirators intentionally sold them to automobile manufacturers which in turn sold vehicles in the United States and in the State of California. The business activities of Defendants and/or their co-conspirators in connection with the production and sale of the Named Parts that were the subject of these conspiracies were within the flow of, and substantially affected, interstate and foreign trade and commerce.

### **The Pass-Through of Overcharges to Consumers**

33. Defendants and their co-conspirators' conspiracies to fix, stabilize, and maintain the prices of the Named Parts at artificial levels resulted in harm to Plaintiffs because it resulted in Plaintiffs paying higher prices for such parts and automobiles installed with them than they would have paid in the absence of the conspiracies. The entire overcharge at issue was passed onto the State of California.

### **Fraudulent Concealment**

34. Throughout the period of conspiracies, Defendants and their co-conspirators affirmatively and fraudulently concealed their unlawful conduct from Plaintiffs.
35. Even though Plaintiffs exercised reasonable diligence, they could not discover the violations of law alleged in this Complaint until long after the commencement of its conspiracies.
36. The Department of Justice began investigation into conspiracies in the auto part industry as early as 2010, but the complete scope of products and companies involved in the conspiracies has not been disclosed to the public yet.
37. Defendants' participation in the conspiracies and its conduct in furtherance of the goals of the conspiracies were not publicly known until the Department of Justice announced the plea agreement with Defendants on or about January 30, 2012.
38. Plaintiffs could not have discovered the violations earlier than that time because Defendants and their co-conspirators conducted their conspiracies in secret, concealed the nature of their unlawful conduct and acts in furtherance of the goals of the conspiracies, and fraudulently concealed their activities through various means and methods designed to avoid detection.
39. Defendants and their co-conspirators successfully and affirmatively concealed the nature of their conspiracies and unlawful conduct in furtherance of the conspiracies in at least the following respects:
  - a. By agreeing among themselves to meet at locations where the conspiracies were less likely to be detected;
  - b. By agreeing among themselves to engage in illegal bid-rigging and price-fixing conspiracies, which are by their nature self-concealing; and

c. By agreeing among themselves to keep the existence of the conspiracies secret, including the usage of secret code names.

40. Plaintiffs had no knowledge of the alleged conspiracies or of any facts or information that might have led to the discovery of the conspiracies in the exercise of reasonable diligence, at least prior to January 30, 2012, when the Department of Justice announced the plea agreement with Defendants.

41. Defendants' and their co-conspirators' effective, affirmative, and fraudulent concealment effectively prevented timely detection by Plaintiffs, and was a substantial factor in causing Plaintiffs' harm.

### **Injury**

42. But for Defendants' and their co-conspirators' anticompetitive acts, Plaintiffs would have been able to purchase automobiles that incorporated the Named Parts at lower prices or at prices that were determined by free and open competition.

43. Defendants' and their co-conspirators' unlawful activities took place within interstate and foreign trade and commerce, and had direct, substantial, and reasonably foreseeable effects on United States and California commerce.

44. As a direct and proximate result of the unlawful conduct alleged in this Complaint, Plaintiffs were not able to purchase the Named Parts and automobiles installed with them at prices that were determined by free and open competition. Consequently, Plaintiffs have been injured because they paid more than they would have paid in a free and open competitive market. There is a domestic injury that is concrete, quantifiable, and directly traceable back to the Defendants' and their co-conspirators' anticompetitive conduct.

45. As Plaintiffs paid more than what they would have paid absent the conspiracies, Defendants' and their co-conspirators' conduct has resulted in deadweight loss to the economy of the State of California, including reduced output, higher prices, and reduction in consumer welfare.
46. As a direct and proximate result of the unlawful conduct alleged in this Complaint, Defendants and their co-conspirators benefitted unjustly from the supra-competitive and artificially inflated prices. The unjust financial profits on the sale of the Named Parts resulted from their illegal and anticompetitive conduct.

## **VIOLATIONS ALLEGED**

### **Count I**

#### **(Violation of Section 1 of the Sherman Act)**

47. Plaintiffs incorporate by reference and allege as if fully set forth herein, each and every allegation set forth in the preceding paragraphs of this Complaint with the same meaning, force, and effect.
48. Defendants and their co-conspirators engaged in conspiracies which unreasonably restrained the trade or commerce among the several States and with foreign nations; thus, their conduct violates Section 1 of the Sherman Act (15 U.S.C. §1). The State of California is entitled to relief resulting from the Defendants' conduct.
49. Defendants and their co-conspirators entered into continuing agreements, understandings, and conspiracies to raise, fix, maintain, and stabilize prices charged for the Named Parts during the period of conspiracies.

50. Their unlawful conduct in furtherance of the conspiracies was intentionally directed at the United States markets for the Named Parts and had a substantial and foreseeable effect on interstate commerce by raising and fixing prices of such parts in the United States.
51. The State of California has been injured by being forced to pay artificially inflated prices for the Named Parts and automobiles installed with such parts than it would have paid in the absence of the conspiracies.
52. As a direct and proximate result of Defendants' conduct, Plaintiffs have been harmed and will continue to be damaged by being forced to pay supra-competitive prices that they would not have paid in the absence of the Defendants' conduct.
53. The alleged contracts, combinations, or conspiracies are per se violations of the federal antitrust laws.
54. Unless permanently restrained and enjoined, Defendants will continue to unreasonably restrain fair and open competition for the Named Parts. Plaintiffs are entitled to an injunction against Defendants to prevent and restrain the violations alleged herein.

## **Count II**

### **(Violation of the Cartwright Act, Business & Professions Code Section 16720)**

55. Plaintiffs incorporate by reference and allege as if fully set forth herein, each and every allegation set forth in the preceding paragraphs of this Complaint with the same meaning, force, and effect.
56. Beginning in at least as early as January 2000 and continuing thereafter at least until February 2010, Defendants and their co-conspirators entered into and engaged in

continuing unlawful trusts for the purpose of unreasonably restraining trade in violation of California Business and Professional Code section 16720.

57. Defendants and their co-conspirators violated California Business and Professional Code section 16720 by forming continuing unlawful trusts and arranging concerted action among Defendants and their co-conspirators in order to fix, raise, maintain and stabilize prices of the Named Parts.

58. In furtherance of the goals of the conspiracies, Defendants and their co-conspirators conspired to:

- a. fix, raise, maintain, and stabilize the price of the Named Parts;
- b. submit rigged bids for the award of the Named Parts contracts for automobile manufacturers; and
- c. allocate markets for the Named Parts amongst themselves.

59. The combinations and conspiracies alleged herein have had, *inter alia*, the following effects:

- a. price competition in the sale of the Named Parts has been restrained, suppressed, and/or eliminated in the State of California;
- b. prices for the Named Parts sold by Defendants and their co-conspirators have been fixed, raised, maintained, and stabilized at artificially high and non-competitive levels in the State of California; and
- c. Plaintiffs who purchased automobiles installed with price-fixed Named Parts have been deprived of the benefit of free and open competition.

60. As a direct and proximate result of Defendants' and their co-conspirators' unlawful conduct, Plaintiffs were injured in their business and property because they paid more for

the Named Parts and automobiles installed with price-fixed parts than they would have paid in the absence of Defendants' and their co-conspirators' unlawful conduct. As a result of Defendants' and their co-conspirators' violation of section 16720 of the California Business and Professions Code, Plaintiffs bring this claim pursuant to section 16750(c) and seek treble damages and the costs of suit, including reasonable attorneys' fees, pursuant to section 16750(a) of the California Business and Professions Code. The California Attorney General is entitled to fines and civil penalties to the maximum extent permitted by law under California Business and Professions Code section 16755. The California Attorney General may also obtain injunctive relief under California Business and Professions Code section 16754.5.

### **Count III**

#### **(Violation of the Unfair Competition Law, Business and Professions Code Section 17200)**

61. Plaintiffs incorporate by reference and allege as if fully set forth herein, each and every allegation set forth in the preceding paragraphs of this Complaint with the same meaning, force, and effect.
62. Beginning in at least as early as January 2000 and continuing thereafter until at least February 2010, Defendants and their co-conspirators committed acts of unfair competition, as defined by sections 17200, *et seq.*, of the California Business and Professions Code.
63. The acts, omissions, misrepresentations, practices, and non-disclosures of Defendants and their co-conspirators, as alleged herein, constituted sets of common continuing conduct of unfair competition including unfair, unlawful and fraudulent business practices within the

meaning of section 17200, *et seq.*, of the California Business and Professions Code, including, but not limited to, the following:

- a. The violations of section 16720, *et seq.*, of the California Business and Professions Code, set forth above, thus constitute unlawful acts within the meaning of section 17200 of the California Business and Professions Code;
  - b. Defendants' acts, omissions, misrepresentations, practices, and nondisclosures, as described above, whether or not in violation of section 16720, *et seq.*, of the California Business and Professions Code, and whether or not concerted or independent acts, are otherwise unfair, unconscionable, unlawful, or fraudulent;
  - c. Defendants' acts and practices are unfair to consumers of the Named Parts and of automobiles installed with price-fixed parts in the State of California, within the meaning of section 17200 of the California Business and Professions Code; and
  - d. Defendants' acts and practices are fraudulent or deceptive within the meaning of section 17200 of the California Business and Professions Code.
  - e. Defendants' actions to solicit others to join the conspiracies to suppress and eliminate competition by agreeing to rig bids for, and to fix, stabilize, and maintain prices and/or artificially inflate prices for the Named Parts, whether successful or not, are unfair business practices within the meaning of section 17200, *et seq.*, of the California Business and Professions Code.
64. The unlawful and unfair business practices of Defendants and their co-conspirators caused Plaintiffs to pay supra-competitive and artificially inflated prices for the Named Parts and automobiles installed with such parts. Plaintiffs were injured in their business and

property because they paid more than they would have paid in the absence of Defendants' and their co-conspirators' unlawful conduct.

65. The California Attorney General is entitled to recover civil penalties for the violations alleged in this Complaint not to exceed \$2,500 for each violation of California Business and Professions Code section 17206.

#### **Count IV**

##### **Unjust Enrichment**

66. Plaintiffs incorporate by reference and allege as if fully set forth herein, each and every allegation set forth in the preceding paragraphs of this Complaint with the same meaning, force, and effect.
67. Plaintiffs were deprived of economic benefit because Defendants' and their co-conspirators' anticompetitive conduct created supra-competitive and artificially inflated prices for the Named Parts.
68. Defendants and their co-conspirators enjoyed unjust financial profits which were derived from unlawful overcharges and monopoly profits. Their financial profits are economically traceable to overpayments for the Named Parts by Plaintiffs.
69. The supra-competitive and artificially inflated prices for the Named Parts, and unlawful monopoly profits enjoyed by Defendants and their co-conspirators are a direct and proximate result of Defendants' and their co-conspirators' unlawful practices.
70. It would lead to injustice if Defendants and their co-conspirators could retain any of the unlawful financial profits that are a direct and proximate result of their engagement in unlawful, unfair, and fraudulent conduct.

71. As alleged in this Complaint, Defendants and their co-conspirators have been unjustly enriched as a result of their wrongful conduct and unfair competition. Plaintiffs are accordingly entitled to equitable relief including restitution and/or disgorgement of all revenues, earnings, profits, compensation and benefits which may have been obtained by Defendants and their co-conspirators' engagement in unlawful, unfair, and fraudulent conduct.

72. As alleged in this Complaint, Defendants and their co-conspirators have been unjustly enriched as a result of their unlawful and anticompetitive conduct. Under sections 17203 and 17204 of the California Business and Professions Code, Plaintiffs are accordingly entitled to an injunction against Defendants in order to restrain the violations alleged herein and to equitable relief which includes restitution of all revenues, earnings, profits, compensation and benefits which may have been acquired by means of Defendants' and their co-conspirators' unfair and anticompetitive conduct. Plaintiffs are also entitled to civil penalties to the maximum extent permitted by law pursuant to section 17206, *et seq.*, of the California Business and Professions Code.

### **Prayer for Relief**

73. Accordingly, Plaintiffs request that this Court:

- a. Adjudge and decree that Defendants violated the Sherman Act (15 U.S.C. §1);
- b. Adjudge and decree that Defendants' contracts, conspiracies, or combinations constituted illegal and unreasonable restraints of trade in violation of the Cartwright Act, section 16720, *et seq.*, of the California Business and Professions Code;

- c. Adjudge and decree that Defendants' contracts, conspiracies, or combinations violated the Unfair Competition Law, section 17200, *et seq.*, of the California Business and Professions Code;
- d. Award to Plaintiffs the maximum amount permitted under the relevant federal antitrust law;
- e. Award to Plaintiffs damages, trebled, in an amount according to proof pursuant to section 16750 of the California Business and Professions Code;
- f. Award to Plaintiffs the deadweight loss (i.e. the general damage to the economy of the State of California) resulting from Defendants' illegal activities;
- g. Award to Plaintiffs restitution, including disgorgement of profits obtained by Defendants as a result of their acts of unjust enrichment, or any acts in violation of federal and state antitrust or consumer protection statutes and laws, including section 17200, *et seq.*, of the California Business and Professions Code;
- h. Award to Plaintiffs pre- and post-judgment interest, and that the interest be awarded at the highest legal rate from and after the date of service of the initial complaint in this action;
- i. Award Plaintiffs the maximum civil penalties under section 17206 of the California Business and Professions Code for each violation of California Business and Professions Code section 17200, *et seq.* as set forth in this Complaint;
- j. Award Plaintiffs the maximum fines and civil penalties under section 16755 of the California Business and Professions Code for each violation of California

Business and Professions Code section 16720, *et seq.* as set forth in this Complaint;

- k. Enjoin and restrain, pursuant to federal and state law, Defendants, their affiliates, assignees, subsidiaries, successors, and transferees, and their officers, directors, partners, agents and employees, and all other persons acting or claiming to act on their behalf or in concert with them, from continuing to engage in any anticompetitive conduct and from adopting in the future any practice, plan, program, or device having a similar purpose or effect to the anticompetitive actions set forth above;
- l. Award to Plaintiffs their costs, including reasonable attorneys' fees; and
- m. Order other legal and equitable relief as it may deem just and proper, including such other relief as the Court may deem just and proper to redress, and prevent recurrence of, the alleged violations in order to dissipate the anticompetitive effects of Defendants' violations, and to restore competition.

**Jury Trial Demanded**

74. Plaintiffs demand trial by jury for all causes of action, claims, or issues in this action which are triable as a matter of right to a jury.
