(b) “Consumer” means a natural individual.
(c) “Consumer credit report” means any written, oral, or other communication of any information by a consumer credit reporting agency bearing on a consumer’s credit worthiness, credit standing, or credit capacity, which is used or is expected to be used, or collected in whole or in part, for the purpose of serving as a factor in establishing the consumer’s eligibility for: (1) credit to be used primarily for personal, family, or household purposes, or (2) employment purposes, or (3) hiring of a dwelling unit, as defined in subdivision (c) of Section 1940, or (4) other purposes authorized in Section 1785.11.

(e) “Credit transaction that is not initiated by the consumer” does not include the use of a consumer credit report by an assignee for collection or by a person with

For purposes of this subdivision, the phrase “other information bearing on the creditworthiness of the consumer” means information that the person making the offer is permitted to consider pursuant to any rule, regulation, or formal written policy statement relating to the federal Fair Credit Reporting Act, as amended (15 U.S.C. SEC. 5. Section 1371.56 of the Health and Safety Code is amended to read:

(a) (1) Unless otherwise required by this chapter, a health care service plan contract issued, amended, or renewed on or after January 1, 2024, shall require an enrollee who receives covered services from a noncontracting ground ambulance provider to pay no more than the same cost-sharing amount that the enrollee would pay for the same covered services received from a contracting ground ambulance provider. This amount shall be referred to as the “in-network cost-sharing amount.”

(2) An enrollee shall not owe the noncontracting ground ambulance provider more than the in-network cost-sharing amount for services subject to this section. At the time of payment by the plan to the noncontracting provider, the plan shall inform the enrollee and the noncontracting provider of the in-network cost-sharing amount.
owed by the enrollee and shall disclose whether or not the enrollee’s coverage is regulated by the department or if the coverage is not state-regulated.

(b) (1) The in-network cost-sharing amount paid by the enrollee pursuant to this section shall count toward the limit on annual out-of-pocket expenses established under Section 1367.006.

(2) Cost sharing arising pursuant to this section shall count toward any deductible in the same manner as cost sharing would be attributed to a contracting provider.

(3) The in-network cost-sharing amount paid by the enrollee pursuant to this section shall satisfy the enrollee’s obligation to pay cost sharing for the health service.

(c) A noncontracting ground ambulance provider shall only advance to collections the in-network cost-sharing amount, as determined by the plan pursuant to subdivision (a), that the enrollee failed to pay.

(1) A noncontracting ground ambulance provider, or an entity acting on its behalf, including a debt buyer or assignee of the debt, shall not report or do either of the following:

(A) Report adverse information to a consumer credit reporting agency or commence agency.

(B) Commence civil action against the enrollee for a minimum of 12 months after the initial billing regarding amounts owed by the enrollee pursuant to subdivision (a).

(2) With respect to an enrollee, a noncontracting ground ambulance provider, or an entity acting on its behalf, including an assignee of the debt, shall not use wage garnishments or liens on primary residences as a means of collecting unpaid bills pursuant to this section.

(d) (1) Unless otherwise agreed to by the noncontracting ground ambulance provider and the health care service plan, the plan shall directly reimburse a noncontracting ground ambulance provider for ground ambulance services the difference between the in-network cost-sharing amount and an amount described, as follows:

(4) Notwithstanding any other law, the amounts paid by a health care service plan for services under this section shall not constitute the prevailing or customary
charges, the usual fees to the general public, or other charges for other payers for an
individual ground ambulance provider.

(e) A health care service plan or a provider may seek relief in any appropriate
court for the purpose of resolving a payment dispute. A ground ambulance provider
may use a health care service plan’s existing dispute resolution processes.

(f) Ground ambulance service providers remain subject to the balance billing
protections for Medi-Cal beneficiaries under Section 14019.4 of the Welfare and
Institutions Code.

(g) This section does not apply to a Medi-Cal managed health care service plan
or any entity that enters into a contract with the State Department of Health Care
Services pursuant to Chapter 7 (commencing with Section 14000), Chapter 8
(commencing with Section 14200), and Chapter 8.75 (commencing with Section 14591)
of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 6. Section 1371.9 of the Health and Safety Code is amended to read:

1371.9. (a) (1) Except as provided in subdivision (c), a health care service plan
contract issued, amended, or renewed on or after July 1, 2017, shall provide that if an
enrollee receives covered services from a contracting health facility at which, or as a
result of which, the enrollee receives services provided by a noncontracting individual
health professional, the enrollee shall pay no more than the same cost sharing that the
enrollee would pay for the same covered services received from a contracting individual
health professional. This amount shall be referred to as the “in-network cost-sharing
amount.”

(2) An enrollee shall not owe the noncontracting individual health professional
more than the in-network cost-sharing amount for services subject to this section. At
the time of payment by the plan to the noncontracting individual health professional,
the plan shall inform the enrollee and the noncontracting individual health professional
of the in-network cost-sharing amount owed by the enrollee.

(3) A noncontracting individual health professional shall not bill or collect any
amount from the enrollee for services subject to this section except for the in-network
cost-sharing amount. Any communication from the noncontracting individual health
professional to the enrollee prior to the receipt of information about the in-network
cost-sharing amount pursuant to paragraph (2) shall include a notice in 12-point bold
type stating that the communication is not a bill and informing the enrollee that the
enrollee shall not pay until he or she the enrollee is informed by his or her the enrollee’s
health care service plan of any applicable cost sharing.

(4) (A) If the noncontracting individual health professional has received more
than the in-network cost-sharing amount from the enrollee for services subject to this
section, the noncontracting individual health professional shall refund any overpayment
to the enrollee within 30 calendar days after receiving payment from the enrollee.

(B) If the noncontracting individual health professional does not refund any
overpayment to the enrollee within 30 calendar days after being informed of the
enrollee’s in-network cost-sharing amount, interest shall accrue at the rate of 15 percent
per annum beginning with the date payment was received from the enrollee.

(C) A noncontracting individual health professional shall automatically include
in his or her their refund to the enrollee all interest that has accrued pursuant to this
section without requiring the enrollee to submit a request for the interest amount.

(b) Except for services subject to subdivision (c), the following shall apply:
Any cost sharing paid by the enrollee for the services subject to this section shall count toward the limit on annual out-of-pocket expenses established under Section 1367.006.

Cost sharing arising from services subject to this section shall be counted toward any deductible in the same manner as cost sharing would be attributed to a contracting individual health professional.

The cost sharing paid by the enrollee pursuant to this section shall satisfy the enrollee’s obligation to pay cost sharing for the health service and shall constitute “applicable cost sharing owed by the enrollee.”

For services subject to this section, if an enrollee has a health care service plan that includes coverage for out-of-network benefits, a noncontracting individual health professional may bill or collect from the enrollee the out-of-network cost sharing, if applicable, only when the enrollee consents in writing and that written consent demonstrates satisfaction of all the following criteria:

1. At least 24 hours in advance of care, the enrollee shall consent in writing to receive services from the identified noncontracting individual health professional.

2. The consent shall be obtained by the noncontracting individual health professional in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when the enrollee is being prepared for surgery or any other procedure.

3. At the time consent is provided, the noncontracting individual health professional shall give the enrollee a written estimate of the enrollee’s total out-of-pocket cost of care. The written estimate shall be based on the professional’s billed charges for the service to be provided. The noncontracting individual health professional shall not attempt to collect more than the estimated amount without receiving separate written consent from the enrollee or the enrollee’s authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate.

4. The consent shall advise the enrollee that he or she may elect to seek care from a contracted provider or may contact the enrollee’s health care service plan in order to arrange to receive the health service from a contracted provider for lower out-of-pocket costs.

5. The consent and estimate shall be provided to the enrollee in the language spoken by the enrollee, if the language is a Medi-Cal threshold language, as defined in subdivision (d) of Section 128552.

6. The consent shall also advise the enrollee that any costs incurred as a result of the enrollee’s use of the out-of-network benefit shall be in addition to in-network cost-sharing amounts and may not count toward the annual out-of-pocket maximum on in-network benefits or a deductible, if any, for in-network benefits.

A noncontracting individual health professional who fails to comply with the requirements of subdivision (c) has not obtained written consent for purposes of this section. Under those circumstances, subdivisions (a) and (b) shall apply and subdivision (c) shall not apply.
(e) (1) A noncontracting individual health professional may advance to collections only the in-network cost-sharing amount, as determined by the plan pursuant to subdivision (a) or the out-of-network cost-sharing amount owed pursuant to subdivision (c), that the enrollee has failed to pay.

(2) The noncontracting individual health professional, or any entity acting on his or her behalf, including any assignee of the debt, shall not report or do either of the following:

(A) Report adverse information to a consumer credit reporting agency or commence civil action against the enrollee for a minimum of 150 days after the initial billing regarding amounts owed by the enrollee under subdivision (a) or (c).

(3) With respect to an enrollee, the noncontracting individual health professional, or any entity acting on his or her behalf, including any assignee of the debt, shall not use wage garnishments or liens on primary residences as a means of collecting unpaid bills under this section.

(f) For purposes of this section and Sections 1371.30 and 1371.31, the following definitions shall apply:

(1) “Contracting health facility” means a health facility that is contracted with the enrollee’s health care service plan to provide services under the enrollee’s plan contract. A contracting health care facility includes, but is not limited to, the following providers:

(A) A licensed hospital.

(B) An ambulatory surgery or other outpatient setting, as described in subdivision (a), (d), (e), (g), or (h) of Section 1248.1.

(C) A laboratory.

(3) “Individual health professional” means a physician and surgeon or other professional who is licensed by this state to deliver or furnish health care services. For this purpose, an “individual health professional” shall not include a dentist, licensed pursuant to the Dental Practice Act (Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code).

(4) “In-network cost-sharing amount” means an amount no more than the same cost sharing the enrollee would pay for the same covered service received from a contracting health professional. The in-network cost-sharing amount with respect to an enrollee with coinsurance shall be based on the amount paid by the plan pursuant to paragraph (1) of subdivision (a) of Section 1371.31.

(5) “Noncontracting individual health professional” means a physician and surgeon or other professional who is licensed by the state to deliver or furnish health care services and who is not contracted with the enrollee’s health care service product. For this purpose, a “noncontracting individual health professional” shall not include a dentist, licensed pursuant to the Dental Practice Act (Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code). Application of this definition is not precluded by a noncontracting individual health professional’s affiliation with a group.
(g) This section shall not be construed to require a health care service plan to cover services not required by law or by the terms and conditions of the health care service plan contract.

(h) This section shall not be construed to exempt a plan or provider from the requirements under Section 1371.4 or 1373.96, nor abrogate the holding in Prospect Medical Group, Inc. v. Northridge Emergency Medical Group (2009) 45 Cal.4th 497.

(i) If a health care service plan delegates payment functions to a contracted entity, including, but not limited to, a medical group or independent practice association, the delegated entity shall comply with this section.

(j) This section shall not apply to a Medi-Cal managed health care service plan or any other entity that enters into a contract with the State Department of Health Care Services pursuant to Chapter 7 (commencing with Section 14000), Chapter 8 (commencing with Section 14200), and Chapter 8.75 (commencing with Section 14591) of Part 3 of Division 9 of the Welfare and Institutions Code.

(k) This section shall not apply to emergency services and care, as defined in Section 1317.1.

SEC. 7. Section 1797.233 of the Health and Safety Code is amended to read:

1797.233. (a) A ground ambulance provider shall not require an uninsured patient or self-pay patient to pay an amount more than the established payment by Medi-Cal or Medicare fee-for-service amount, whichever is greater.

(b) (1) A ground ambulance provider shall only advance to collections the Medicare or Medi-Cal payment amount, as determined pursuant to subdivision (a), that the uninsured or self-pay patient failed to pay.

(2) The ground ambulance provider, or an entity acting on its behalf, including a debt buyer or assignee of the debt, shall not report do either of the following:

(A) Report adverse information to a consumer credit reporting agency.

(B) Commence civil action against the individual for a minimum of 12 months after the initial billing regarding amounts owed by the individual pursuant to subdivision (a).

(3) With respect to an uninsured patient or self-pay patient, the ground ambulance provider, or an entity acting on its behalf, including an assignee of the debt, shall not use wage garnishments or liens on primary residences as a means of collecting unpaid bills pursuant to this section.

(c) Ground ambulance service providers remain subject to balance billing protections for Medi-Cal beneficiaries under Section 14019.4 of the Welfare and Institutions Code.

SEC. 8. Section 127425 of the Health and Safety Code is amended to read:

127425. (a) A hospital shall not sell patient debt to a debt buyer, as defined in Section 1788.50 of the Civil Code, unless all of the following apply:

(1) The hospital has found the patient ineligible for financial assistance or the patient has not responded to any attempts to bill or offer financial assistance for 180 days.

(2) The hospital includes contractual language in the sales agreement in which the debt buyer agrees to return, and the hospital agrees to accept, any account in which the balance has been determined to be incorrect due to the availability of a third-party
payer, including a health plan or government health coverage program, or the patient
is eligible for charity care or financial assistance.

3) The debt buyer agrees to not resell or otherwise transfer the patient debt,
except to the originating hospital or a tax-exempt organization described in Section
127444, or if the debt buyer is sold or merged with another entity.

4) The debt buyer agrees not to charge interest or fees on the patient debt.

5) The debt buyer is licensed as a debt collector by the Department of Financial
Protection and Innovation.

(b) A hospital shall have a written policy about when and under whose authority
patient debt is advanced for collection, whether the collection activity is conducted by
the hospital, an affiliate or subsidiary of the hospital, or by an external collection
agency, or debt buyer.

(c) A hospital shall establish a written policy defining standards and practices
for the collection of debt, and shall obtain a written agreement from any agency that
collects hospital receivables that it will adhere to the hospital’s standards and scope of
practices. This agreement shall require the affiliate, subsidiary, debt buyer, or external
collection agency of the hospital that collects the debt to comply with the hospital’s
definition and application of a reasonable payment plan, as defined in subdivision (i)
of Section 127400. The policy shall not conflict with other applicable laws and shall
not be construed to create a joint venture between the hospital and the external entity,
or otherwise to allow hospital governance of an external entity that collects hospital
receivables. In determining the amount of a debt a hospital may seek to recover from
patients who are eligible under the hospital’s charity care policy or discount payment
policy, the hospital may consider only income and monetary assets as limited by Section
127405.

(d) At time of billing, a hospital shall provide a written summary consistent with
Section 127410, which includes the same information concerning services and charges
provided to all other patients who receive care at the hospital.

(e) Before assigning a bill to collections, or selling patient debt to a debt buyer,
a hospital shall send a patient a notice with all of the following information:

1) The date or dates of service of the bill that is being assigned to collections
or sold.

2) The name of the entity the bill is being assigned or sold to.

3) A statement informing the patient how to obtain an itemized hospital bill
from the hospital.

4) The name and plan type of the health coverage for the patient on record with
the hospital at the time of services or a statement that the hospital does not have that
information.

5) An application for the hospital’s charity care and financial assistance.

6) The date or dates the patient was originally sent a notice about applying for
financial assistance, the date or dates the patient was sent a financial assistance
application, and, if applicable, the date a decision on the application was made.

(f) A hospital, any assignee of the hospital, or other owner of the patient debt,
including a collection agency or debt buyer, shall not report adverse information to a
consumer credit reporting agency or commence civil action against the patient for
nonpayment before 180 days after initial billing.
If a patient is attempting to qualify for eligibility under the hospital’s charity care or discount payment policy and is attempting in good faith to settle an outstanding bill with the hospital by negotiating a reasonable payment plan or by making regular partial payments of a reasonable amount, the hospital shall not send the unpaid bill to any collection agency, debt buyer, or other assignee, unless that entity has agreed to comply with this article.

The hospital or other assignee that is an affiliate or subsidiary of the hospital shall not, in dealing with patients eligible under the hospital’s charity care or discount payment policies, use wage garnishments or liens on primary residences as a means of collecting unpaid hospital bills.

A collection agency, debt buyer, or other assignee that is not a subsidiary or affiliate of the hospital shall not, in dealing with any patient under the hospital’s charity care or discount payment policies, use as a means of collecting unpaid hospital bills, any of the following:

- A wage garnishment, except by order of the court upon noticed motion, supported by a declaration filed by the movant identifying the basis for which it believes that the patient has the ability to make payments on the judgment under the wage garnishment, which the court shall consider in light of the size of the judgment and additional information provided by the patient prior to, or at, the hearing concerning the patient’s ability to pay, including information about probable future medical expenses based on the current condition of the patient and other obligations of the patient.

- Notice or conduct a sale of the patient’s primary residence during the life of the patient or the patient’s spouse, or during the period a child of the patient is a minor, or a child of the patient who has attained the age of majority is unable to take care of themselves and resides in the dwelling as their primary residence. In the event a person protected by this paragraph owns more than one dwelling, the primary residence shall be the dwelling that is the patient’s current homestead, as defined in Section 704.710 of the Code of Civil Procedure, or was the patient’s homestead at the time of the death of a person other than the patient who is asserting the protections of this paragraph.

- This requirement does not preclude a hospital, collection agency, debt buyer, or other assignee from pursuing reimbursement and any enforcement remedy or remedies from third-party liability settlements, tortfeasors, or other legally responsible parties.

Extended payment plans offered by a hospital to assist patients eligible under the hospital’s charity care policy, discount payment policy, or any other policy adopted by the hospital for assisting low-income patients with no insurance or high medical costs in settling outstanding past due hospital bills, shall be interest free. The hospital extended payment plan may be declared no longer operative after the patient’s failure to make all consecutive payments due during a 90-day period. Before declaring the hospital extended payment plan no longer operative, the hospital, collection agency, debt buyer, or assignee shall make a reasonable attempt to contact the patient by telephone and, to give notice in writing, that the extended payment plan may become inoperative, and of the opportunity to renegotiate the extended payment plan. Prior to the hospital extended payment plan being declared inoperative, the hospital, collection agency, debt buyer, or assignee shall attempt to renegotiate the terms of the defaulted extended payment plan, if requested by the patient. The hospital, collection agency,
debt buyer, or assignee shall not report adverse information to a consumer credit reporting agency or commence a civil action against the patient or responsible party for nonpayment prior to the time the extended payment plan is declared to be no longer operative. For purposes of this section, the notice and telephone call to the patient may be made to the last known telephone number and address of the patient.

(j) (1) A hospital shall maintain a database of all litigation resulting from money owed to the hospital by a patient or a patient’s guarantor that includes all of the following:

(A) Litigation filed by or on behalf of the hospital or any subsequent holder of the debt, including, but not limited to, a debt buyer.

(B) The name, case number, court, litigation status, ethnicity of any defendant and patient, and dollar amount of the litigation.

(2) A contract by which a hospital sells medical debt to a third party shall include a provision that requires the buyer to report litigation resulting from the debt to ensure the hospital continues to maintain the database.

(3) The hospital shall update the database required by paragraph (1) every three months.

(k) This section does not diminish or eliminate any protections consumers have under existing federal and state debt collection laws, or any other consumer protections available under state or federal law. If the patient fails to make all consecutive payments for 90 days and fails to renegotiate a payment plan, this subdivision does not limit or alter the obligation of the patient to make payments on the obligation owing to the hospital pursuant to any contract or applicable statute from the date that the extended payment plan is declared no longer operative, as set forth in subdivision (i).

SEC. 9. Section 10126.66 of the Insurance Code is amended to read:

10126.66. (a) (1) Unless otherwise required by this chapter, a health insurance policy issued, amended, or renewed on or after January 1, 2024, shall require an insured who receives covered services from a noncontracting ground ambulance provider to pay no more than the same cost-sharing amount that the insured would pay for the same covered services received from a contracting ground ambulance provider. This amount shall be referred to as the “in-network cost-sharing amount.”

(2) An insured shall not owe the noncontracting ground ambulance provider more than the in-network cost-sharing amount for services subject to this section. At the time of payment by the insurer to the noncontracting provider, the insurer shall inform the insured and the noncontracting provider of the in-network cost-sharing amount owed by the insured and shall disclose whether or not the insured’s coverage is regulated by the department or if the coverage is not state-regulated.

(b) (1) The in-network cost-sharing amount paid by the insured pursuant to this section shall count toward the limit on annual out-of-pocket expenses established under Section 10112.28.

(2) Cost sharing arising pursuant to this section shall count toward any deductible in the same manner as cost sharing would be attributed to a contracting provider.

(3) The in-network cost-sharing amount paid by the insured pursuant to this section shall satisfy the insured’s obligation to pay cost sharing for the health service.
(c) A noncontracting ground ambulance provider shall only advance to collections the in-network cost-sharing amount, as determined by the insurer pursuant to subdivision (a), that the insured failed to pay.

(1) A noncontracting ground ambulance provider, or an entity acting on its behalf, including a debt buyer or assignee of the debt, shall not report, do either of the following:

(A) Report adverse information to a consumer credit reporting agency or

(B) Commence civil action against the insured for a minimum of 12 months after the initial billing regarding amounts owed by the insured pursuant to subdivision (a).

(2) With respect to an insured, a noncontracting ground ambulance provider, or an entity acting on its behalf, including an assignee of the debt, shall not use wage garnishments or liens on primary residences as a means of collecting unpaid bills pursuant to this section.

(d) (1) Unless otherwise agreed to by the noncontracting ground ambulance provider and the health insurer, the insurer shall directly reimburse a noncontracting ground ambulance provider for ground ambulance services the difference between the in-network cost-sharing amount and an amount described, as follows:

(A) If there is a rate established or approved by a local government, at the rate established or approved by the governing body of the local government having jurisdiction for that area or subarea, including an exclusive operating area pursuant to Section 1797.85 of the Health and Safety Code.

(B) If the local government having jurisdiction where the service was provided does not have an established or approved rate for that service, the reasonable and customary value for the services rendered, based upon statistically credible information that is updated at least annually and takes into consideration all of the following:

(i) The ambulance provider’s training, qualifications, and length of time in practice.

(ii) The nature of the services provided.

(iii) The fees usually charged by the ambulance provider.

(iv) Prevailing ground ambulance provider rates charged in the general geographic areas in which the services were rendered.

(v) Other aspects of the economics of the ambulance provider’s practice that are relevant.

(vi) Any unusual circumstances in the case.

(2) A local government has jurisdiction over the ground ambulance transport if either of the following applies:

(A) The ground ambulance transport is initiated within the boundaries of the local government’s regulatory jurisdiction.

(B) In the case of ground ambulance transports provided on a mutual or automatic aid basis into another jurisdiction, the local government where the noncontracting ground ambulance provider is based.

(3) A payment made by the health insurer to the noncontracting ground ambulance provider for services as required in subdivision (a), plus the applicable cost sharing owed by the insured, shall constitute payment in full for services rendered.

(4) Notwithstanding any other law, the amounts paid by a health insurer for services under this section shall not constitute the prevailing or customary charges, the
usual fees to the general public, or other charges for other payers for an individual
ground ambulance provider.

(e) A health insurer or ground ambulance provider may seek relief in any
appropriate court for the purpose of resolving a payment dispute. A ground ambulance
provider may use a health insurer’s existing dispute resolution process under Section
10123.137.

(f) This section does not affect the balance billing protections for Medi-Cal
beneficiaries under Section 14019.4 of the Welfare and Institutions Code.

SEC. 10. No reimbursement is required by this act pursuant to Section 6 of
Article XIII B of the California Constitution because the only costs that may be incurred
by a local agency or school district will be incurred because this act creates a new
crime or infraction, eliminates a crime or infraction, or changes the penalty for a crime
or infraction, within the meaning of Section 17556 of the Government Code, or changes
the definition of a crime within the meaning of Section 6 of Article XIII B of the
California Constitution.
An act to amend Sections 1785.3 and 1785.13 of, and to add Sections 1785.20.6 and 1785.27 to, the Civil Code, to amend Sections 1371.56, 1371.9, 1797.233, and 127425 of the Health and Safety Code, and to amend Section 10126.66 of the Insurance Code, relating to consumer debt.

SB 1061, as introduced, Limón. Consumer debt: medical debt.

Existing law, the Consumer Credit Reporting Agencies Act, defines and regulates consumer credit reports and consumer credit reporting agencies. The act prohibits a consumer credit reporting agency from making any consumer credit report containing specified items of information, including accounts placed for collection or charged to profit and loss that antedate the report by more than 7 years.

This bill would prohibit a consumer credit reporting agency from making a consumer credit report containing information about medical debt, as defined. The bill would prohibit a holder of medical debt from furnishing any information regarding a patient’s medical debt to a consumer credit reporting agency. The bill would make conforming changes. The bill would prohibit a person who uses a consumer credit report in connection with a credit transaction from using medical debt listed on the report as a negative factor when making a credit decision. The bill would prohibit a person from furnishing information regarding a medical debt to a consumer credit reporting agency, make a medical debt void and unenforceable if information regarding the medical debt
is furnished to a consumer credit reporting agency, require a contract creating a medical debt to include a term describing these requirements, as specified, and make a violation of these provisions by a person holding a license or permit issued by the state to be deemed to be a violation of the law governing that license or permit. By providing that a violation of these provisions is deemed a violation of a licensing statute, and because the violation of some licensing statutes is a crime, this bill would impose a state-mandated local program.

Existing law requires the Department of Health Care Access and Information to review a hospital’s policies regarding, among other things, charity care or debt collection for compliance with the law whenever a significant change is made and submitted to the department, as specified. Existing law, among other things, prohibits a hospital from selling patient debt to a specified debt buyer unless several conditions are met and requires a hospital to have a written policy concerning patient debt, as specified.

This bill would require a hospital to maintain a database of all litigation resulting from money owed to the hospital by a patient or a patient’s guarantor, as specified.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

The people of the State of California do enact as follows:

Code), if either of those persons has complied with paragraph (2)
of subdivision (b) of Section 1785.20.1 with respect to a
prequalifying report from which the information communicated
is taken and provided the consumer has consented to the provision
and use of the prequalifying report in writing, or (7) any consumer

which consists of an extension of credit to be used solely for a
commercial purpose.

(d) “Consumer credit reporting agency” means any person who,
for monetary fees, dues, or on a cooperative nonprofit basis,
regularly engages in whole or in part in the business of assembling
or evaluating consumer credit information or other information on
consumers for the purpose of furnishing consumer credit reports
to third parties, but does not include any governmental agency
whose records are maintained primarily for traffic safety, law
enforcement, or licensing purposes.

(e) “Credit transaction that is not initiated by the consumer”
does not include the use of a consumer credit report by an assignee
for collection or by a person with which the consumer has an

collateral specified in the offer. For purposes of this subdivision,
the phrase “other information bearing on the creditworthiness of
the consumer” means information that the person making the offer

(3) Unlawful detainer actions, unless the lessor was the prevailing party. For purposes of this paragraph, the lessor shall be deemed to be the prevailing party only if (A) final judgment was awarded to the lessor (i) upon entry of the tenant’s default, (ii) upon the granting of the lessor’s motion for summary judgment, or (iii) following trial, or (B) the action was resolved by a written
settlement agreement between the parties that states that the
unlawful detainer action may be reported. In any other instance in
which the action is resolved by settlement agreement, the lessor
shall not be deemed to be the prevailing party for purposes of this
paragraph.

(4) Paid tax liens that, from the date of payment, antedate the
report by more than seven years.

(5) Accounts placed for collection or charged to profit and loss
that antedate the report by more than seven years.

(6) Records of arrest, indictment, information, misdemeanor
complaint, or conviction of a crime that, from the date of

seven years. These items of information shall no longer be reported
if at any time it is learned that in the case of a conviction a full
pardon has been granted, or in the case of an arrest, indictment,
information, or misdemeanor complaint a conviction did not result.

(7) Medical debt.

(8) Any other adverse information that antedates the report by
more than seven years.

(b) The seven-year period specified in paragraphs (5) and (7)
of subdivision (a) shall commence to run, with respect to any
account that is placed for collection (internally or by referral to a
third party, whichever is earlier), charged to profit and loss, or
subjected to any similar action, upon the expiration of the 180-day
period beginning on the date of the commencement of the
delinquency that immediately preceded the collection activity,
charge to profit and loss, or similar action. Where more than one
of these actions is taken with respect to a particular account, the
seven-year period specified in paragraphs (5) and (7) shall
commence concurrently for all these actions on the date of the first

(c) Any consumer credit reporting agency that furnishes a
consumer credit report containing information regarding any case
involving a consumer arising under the bankruptcy provisions of
Title 11 of the United States Code shall include an identification

the case arose if that can be ascertained from what was provided
to the consumer credit reporting agency by the source of the
information.
(d) A consumer credit report shall not include any adverse information concerning a consumer antedating the report by more than 10 years or that otherwise is prohibited from being included in a consumer credit report.

(e) If a consumer credit reporting agency is notified by a furnisher of credit information that an open-end credit account of the consumer has been closed by the consumer, any consumer credit report thereafter issued by the consumer credit reporting agency with respect to that consumer, and that includes information respecting that account, shall indicate the fact that the consumer has closed the account. For purposes of this subdivision, “open-end credit account” does not include any demand deposit account, such as a checking account, money market account, or share draft account.

(f) Consumer credit reporting agencies shall not include medical information in their files on consumers or furnish medical information for employment, insurance, or credit purposes in a consumer credit report without the consent of the consumer.

(g) A consumer credit reporting agency shall include in any consumer credit report information, if any, on the failure of the consumer to pay overdue child or spousal support, where the information either was provided to the consumer credit reporting agency pursuant to Section 4752 or has been provided to the consumer credit reporting agency and verified by another federal, state, or local governmental agency.

SEC. 3. Section 1785.20.6 is added to the Civil Code, to read:

This amount shall be referred to as the “in-network cost-sharing amount.”

(2) An enrollee shall not owe the noncontracting ground ambulance provider more than the in-network cost-sharing amount for services subject to this section. At the time of payment by the plan to the noncontracting provider, the plan shall inform the enrollee and the noncontracting provider of the in-network cost-sharing amount owed by the enrollee and shall disclose whether or not the enrollee’s coverage is regulated by the department or if the coverage is not state-regulated.

(b) (1) The in-network cost-sharing amount paid by the enrollee pursuant to this section shall count toward the limit on annual out-of-pocket expenses established under Section 1367.006.

(2) Cost sharing arising pursuant to this section shall count toward any deductible in the same manner as cost sharing would be attributed to a contracting provider.

(3) The in-network cost-sharing amount paid by the enrollee pursuant to this section shall satisfy the enrollee’s obligation to pay cost sharing for the health service.

(c) A noncontracting ground ambulance provider shall only advance to collections the in-network cost-sharing amount, as determined by the plan pursuant to subdivision (a), that the enrollee failed to pay.
(1) A noncontracting ground ambulance provider, or an entity acting on its behalf, including a debt buyer or assignee of the debt, shall not report any adverse information to a consumer credit reporting agency or commence civil action against the enrollee for a minimum of 12 months after the initial billing regarding amounts owed by the enrollee pursuant to subdivision (a).

(2) With respect to an enrollee, a noncontracting ground ambulance provider, or an entity acting on its behalf, including an assignee of the debt, shall not use wage garnishments or liens on primary residences as a means of collecting unpaid bills pursuant to this section.

(d) (1) Unless otherwise agreed to by the noncontracting ground ambulance provider and the health care service plan, the plan shall directly reimburse a noncontracting ground ambulance provider for ground ambulance services the difference between the in-network cost-sharing amount and an amount described, as follows:

(A) If there is a rate established or approved by a local government, at the rate established or approved by the governing body of the local government having jurisdiction for that area or subarea, including an exclusive operating area pursuant to Section 1797.85.

(4) Notwithstanding any other law, the amounts paid by a health care service plan for services under this section shall not constitute the prevailing or customary charges, the usual fees to the general public, or other charges for other payers for an individual ground ambulance provider.

(e) A health care service plan or a provider may seek relief in any appropriate court for the purpose of resolving a payment dispute. A ground ambulance provider may use a health care service plan’s existing dispute resolution processes.

(f) Ground ambulance service providers remain subject to the balance billing protections for Medi-Cal beneficiaries under Section 14019.4 of the Welfare and Institutions Code.

(g) This section does not apply to a Medi-Cal managed health care service plan or any entity that enters into a contract with the State Department of Health Care Services pursuant to Chapter 7 (commencing with Section 14000), Chapter 8 (commencing with Section 14200), and Chapter 8.75 (commencing with Section 14591) of Part 3 of Division 9 of the Welfare and Institutions Code.

SEC. 6. Section 1371.9 of the Health and Safety Code is amended to read:

1371.9. (a) (1) Except as provided in subdivision (c), a health care service plan contract issued, amended, or renewed on or after July 1, 2017, shall provide that if an enrollee receives covered services from a contracting health facility at which, or as a result of which, the enrollee receives services provided by a noncontracting individual health professional, the enrollee shall pay no more than the same cost sharing that the enrollee would pay for the same covered services received from a contracting individual health professional. This amount shall be referred to as the “in-network cost-sharing amount.”

(2) An enrollee shall not owe the noncontracting individual health professional more than the in-network cost-sharing amount for services subject to this section. At the time of payment by the plan to the noncontracting individual health professional, the plan shall inform the enrollee and the noncontracting individual health professional of the in-network cost-sharing amount owed by the enrollee.

(3) A noncontracting individual health professional shall not bill or collect any amount from the enrollee for services subject to this section except for the in-network cost-sharing amount. Any
+ communication from the noncontracting individual health professional to the enrollee prior to the receipt of information about the in-network cost-sharing amount pursuant to paragraph (2) shall include a notice in 12-point bold type stating that the communication is not a bill and informing the enrollee that the enrollee shall not pay until he or she is informed by his or her health care service plan of any applicable cost sharing.

+ (4) (A) If the noncontracting individual health professional has received more than the in-network cost-sharing amount from the enrollee for services subject to this section, the noncontracting individual health professional shall refund any overpayment to the enrollee within 30 calendar days after receiving payment from the enrollee.

+ (B) If the noncontracting individual health professional does not refund any overpayment to the enrollee within 30 calendar days after being informed of the enrollee’s in-network cost-sharing amount, interest shall accrue at the rate of 15 percent per annum beginning with the date payment was received from the enrollee.

+ (C) A noncontracting individual health professional shall automatically include in his or her refund to the enrollee all interest that has accrued pursuant to this section without requiring the enrollee to submit a request for the interest amount.

+ (b) Except for services subject to subdivision (c), the following shall apply:

+ (1) Any cost sharing paid by the enrollee for the services subject to this section shall count toward the limit on annual out-of-pocket expenses established under Section 1367.006.

+ (2) Cost sharing arising from services subject to this section shall be counted toward any deductible in the same manner as cost sharing would be attributed to a contracting individual health professional.

+ (3) The cost sharing paid by the enrollee pursuant to this section shall satisfy the enrollee’s obligation to pay cost sharing for the health service and shall constitute “applicable cost sharing owed by the enrollee.”

+ (c) For services subject to this section, if an enrollee has a health care service plan that includes coverage for out-of-network benefits, a noncontracting individual health professional may bill or collect from the enrollee the out-of-network cost sharing, if applicable,
only when the enrollee consents in writing and that written consent demonstrates satisfaction of all the following criteria:

1. At least 24 hours in advance of care, the enrollee shall consent in writing to receive services from the identified noncontracting individual health professional.

2. The consent shall be obtained by the noncontracting individual health professional in a document that is separate from the document used to obtain the consent for any other part of the care or procedure. The consent shall not be obtained by the facility or any representative of the facility. The consent shall not be obtained at the time of admission or at any time when the enrollee is being prepared for surgery or any other procedure.

3. At the time consent is provided, the noncontracting individual health professional shall give the enrollee a written estimate of the enrollee’s total out-of-pocket cost of care. The written estimate shall be based on the professional’s billed charges for the service to be provided. The noncontracting individual health professional shall not attempt to collect more than the estimated amount without receiving separate written consent from the enrollee or the enrollee’s authorized representative, unless circumstances arise during delivery of services that were unforeseeable at the time the estimate was given that would require the provider to change the estimate.

4. The consent shall advise the enrollee that he or she may elect to seek care from a contracted provider or may contact the enrollee’s health care service plan in order to arrange to receive the health service from a contracted provider for lower out-of-pocket costs.

5. The consent and estimate shall be provided to the enrollee in the language spoken by the enrollee, if the language is a Medi-Cal threshold language, as defined in subdivision (d) of Section 128552.

6. The consent shall also advise the enrollee that any costs incurred as a result of the enrollee’s use of the out-of-network benefit shall be in addition to in-network cost-sharing amounts and may not count toward the annual out-of-pocket maximum on in-network benefits or a deductible, if any, for in-network benefits.

(d) A noncontracting individual health professional who fails to comply with the requirements of subdivision (c) has not obtained written consent for purposes of this section. Under those
circumstances, subdivisions (a) and (b) shall apply and subdivision (c) shall not apply.

(e) (1) A noncontracting individual health professional may advance to collections only the in-network cost-sharing amount, as determined by the plan pursuant to subdivision (a) or the out-of-network cost-sharing amount owed pursuant to subdivision (c), that the enrollee has failed to pay.

(2) The noncontracting individual health professional, or any entity acting on his or her behalf, including any assignee of the debt, shall not report do either of the following:

(A) Report adverse information to a consumer credit reporting agency or commence action.

(B) Commence civil action against the enrollee for a minimum of 150 days after the initial billing regarding amounts owed by the enrollee under subdivision (a) or (c).

(3) With respect to an enrollee, the noncontracting individual health professional, or any entity acting on his or her behalf, including any assignee of the debt, shall not use wage garnishments or liens on primary residences as a means of collecting unpaid bills under this section.

(f) For purposes of this section and Sections 1371.30 and 1371.31, the following definitions shall apply:

(1) “Contracting health facility” means a health facility that is contracted with the enrollee’s health care service plan to provide services under the enrollee’s plan contract. A contracting health care facility includes, but is not limited to, the following providers:

(A) A licensed hospital.

(B) An ambulatory surgery or other outpatient setting, as described in subdivision (a), (d), (e), (g), or (h) of Section 1248.1.

(C) A laboratory.

(D) A radiology or imaging center.

(2) “Cost sharing” includes any copayment, coinsurance, or deductible, or any other form of cost sharing paid by the enrollee other than premium or share of premium.

(3) “Individual health professional” means a physician and surgeon or other professional who is licensed by this state to deliver or furnish health care services. For this purpose, an “individual health professional” shall not include a dentist, licensed pursuant to the Dental Practice Act (Chapter 4 (commencing with Section 1600) of Division 2 of the Business and Professions Code).
(4) “In-network cost-sharing amount” means an amount no more than the same cost sharing the enrollee would pay for the same covered service received from a contracting health professional. The in-network cost-sharing amount with respect to an enrollee with coinsurance shall be based on the amount paid by the plan pursuant to paragraph (1) of subdivision (a) of Section 1371.31.

(i) If a health care service plan delegates payment functions to a contracted entity, including, but not limited to, a medical group or independent practice association, the delegated entity shall comply with this section.

(j) This section shall not apply to a Medi-Cal managed health care service plan or any other entity that enters into a contract with the State Department of Health Care Services pursuant to Chapter 7 (commencing with Section 14000), Chapter 8 (commencing with Section 14200), and Chapter 8.75 (commencing with Section 14591) of Part 3 of Division 9 of the Welfare and Institutions Code.
