INJUNCTION PURSUANT

ORDER [PROPOSED]

IT IS HEREBY STIPULATED BY AND BETWEEN THE PARTIES THAT:

Plaintiff, the People of the State of California ("Plaintiff"), having filed its Complaint, and Defendants, Equilon Enterprises LLC d/b/a Shell Oil Products US; Shell Oil Company; Shell Oil Products Company LLC; and TMR Company (hereafter collectively "Defendants" and individually "Defendant"), having accepted service of the Complaint; and Plaintiff, appearing through its attorneys Edmund G. Temko; and Plaintiff and Defendants having stipulated and

1 consented to the entry of this Final Judgment and Injunction Pursuant to Stipulation ("Final  
2 Judgment") prior to the taking of any proof, and without trial or adjudication of any fact or law  
3 herein; and the Court having considered the pleadings and such arguments as may be had, and  
4 good cause appearing:

5 **IT IS HEREBY ORDERED, ADJUDGED, AND DECREED** as follows:

6 **JURISDICTION**

7 This action is brought under California law and this Court has jurisdiction of the subject  
8 matter and Plaintiff and Defendants (collectively "the Parties").

9 **APPLICABILITY**

10 1. Plaintiff alleges that on or before June 15, 2009, Defendants have committed violations of  
11 requirements imposed by the California Health and Safety Code and related implementing  
12 regulations that govern (a) the operation and maintenance of underground storage tanks ("USTs")  
13 and UST systems and (b) the handling of hazardous wastes and hazardous substances generated  
14 by operation of USTs, UST systems, and motor vehicle maintenance, at Defendants' facilities in  
15 the State of California. Defendants have not been required to answer Plaintiff's Complaint, but  
16 deny the allegations in that Complaint, and state that they are committed to environmental  
17 compliance and cooperation with Plaintiff, and therefore agree to take the actions set forth in this  
18 Final Judgment.

19 2. The provisions of this Final Judgment are applicable to Defendants Equilon Enterprises  
20 LLC d/b/a Shell Oil Products US ("Equilon"), a Delaware Limited Liability Company; Shell Oil  
21 Company ("Shell"), a Delaware Corporation; Shell Oil Products Company LLC ("SOPC"), a  
22 Delaware Limited Liability Company; and TMR Company ("TMR"), a Delaware Corporation  
23 formerly known as Texaco Refining and Marketing, Inc.; and to each of their respective: a)  
24 subsidiaries; b) corporate parents; c) affiliates; d) successors and assigns; e) officers, directors,  
25 and successors and assigns of Defendants, subsidiaries, corporate parents, affiliates and parents of  
26 affiliates. Independent contractors and subcontractors are not covered by this Final Judgment  
27 except for past acts as expressly alleged in the Complaint which were performed at the direction  
28 of Defendants.

1 3. For purposes of this Final Judgment, unless otherwise specified, the definitions set forth in  
2 California Health and Safety Code sections 25281 and 25281.5, and Title 23 of the California  
3 Code of Regulations, sections 2610 and 2611, as they exist on the date of entry of this Final  
4 Judgment, shall apply to the technical terms used herein.

5 4. Nothing in this Final Judgment shall excuse Defendants, collectively or individually, from  
6 meeting more stringent requirements which may be imposed hereafter by changes in applicable  
7 and legally binding legislation, regulations, ordinances or permits.

8 5. The retail gasoline station facilities that are owned or operated by Defendants in the State  
9 of California as of June 15, 2009, are listed on Exhibit A. Exhibit A is a living document that  
10 Defendants shall keep current. Commencing on the date of entry of this Final Judgment and  
11 continuing during the period that the injunctive relief provisions of this Final Judgment remain in  
12 effect, Defendants shall promptly provide Notice to Plaintiff pursuant to Paragraph 16 below  
13 whenever any facility listed on Exhibit A is sold or transferred, and shall promptly provide Notice  
14 to Plaintiff pursuant to Paragraph 16 below whenever any additional retail gasoline facility in the  
15 State of California comes to be owned or operated by any Defendant. The facilities listed on  
16 Exhibit A, as modified to reflect changes in ownership or operation up to the time an action is to  
17 be taken under this Final Judgment, are the "Current Facilities." All requirements of this Final  
18 Judgment that are applicable to the "Current Facilities" shall also be applicable to each additional  
19 retail gasoline facility in the State of California that comes to be owned or operated by any  
20 Defendant after the effective date of this Final Judgment (the "New Facility" or New Facilities").  
21 Requirements set out in statutes, regulations, permits or any county code shall also be applicable  
22 as provided by law. Following Defendants' Notice to Plaintiff of acquisition of a New Facility,  
23 additional requirements imposed solely by this Final Judgment will become applicable to each  
24 New Facility only after a reasonable transition period, which shall not exceed sixty (60) days  
25 from the date of acquisition of the New Facility. Requirements imposed solely by this Final  
26 Judgment will cease to apply to a facility at the time Notice is given to Plaintiff pursuant to  
27 Paragraph 16 below that the facility has been sold or transferred, and thus removed from the list  
28 of "Current Facilities." The retail gasoline station facilities in the State of California owned or

1 operated by any of the Defendants on or before June 15, 2009, are listed on Exhibit B. The  
2 facilities listed on Exhibit B are the "Released Facilities."

24 and orders based on those statutes and regulations set forth in Paragraphs 6(a), (b), and (c).

2 Program shall consist of the program components and shall meet the program objectives that are  
3 more fully described in Exhibit "E" attached hereto and incorporated by reference.

4 (b) Within thirty (30) days after the entry of this Final Judgment, Defendants shall  
5 deliver to each owner or operator and to each Designated Operator of each Current Facility a one-  
6 time communication that provides notice of this Final Judgment and a summary of the  
7 compliance provisions contained in this Final Judgment. By December 15, 2009, Defendants  
8 shall submit a certification to Plaintiff that notice of the Final Judgment and a summary of the  
9 compliance provisions contained in this Final Judgment have been provided to each owner or  
10 operator and to each Designated Operator of each Current Facility.

18 manner shall supplant or cause any reduction of any portion of the Attorney General's budget.

19 (c) **SEVEN MILLION, EIGHT HUNDRED THOUSAND DOLLARS**

23 Payment Administrator, as identified in Paragraph 10 of this Final Judgment, a declaration by an  
24 authorized representative of that agency stating that the funds deposited into that identified  
25 special account pursuant to this Final Judgment shall be expended only to fund the activities of

25 greenhouse gas offset market, and (3) educate and assure policy makers, market participants, and  
26 the public regarding the role of real and credible offsets in a regulatory environment. This  
27 Supplemental Environmental Project is designed to advance the environmental goals underlying  
28 the California Health and Safety Code and to improve the overall environmental health of the

1 citizens of the State of California and the County of Sacramento, both of which are matters sought  
2 to be remedied by this action. The check shall be delivered within thirty (30) calendar days of

**ENFORCEMENT AND LIABILITY  
FOR NONCOMPLIANCE BY DEFENDANTS**

11. The provisions in this Final Judgment will be enforceable only by the parties hereto.

(a) If Plaintiff reasonably believes that Defendants have failed to comply with any of the injunctive relief provisions set forth in Paragraph 7 of this Final Judgment, Plaintiff may at any time serve a Notice of Deficiency on Defendants pursuant to Paragraph 16 below that, to the extent available information allows, (1) identifies the specific instance and dates of non-compliance, (2) identifies proposed action(s) that Defendants might take to remedy that non-compliance, if the non-compliance is alleged to be ongoing, and (3) proposes a reasonable cure period for Defendants to remedy the non-compliance. If, after that reasonable cure period, Plaintiff reasonably believes that Defendants are still deficient in the performance of the requirements in this Final Judgment, Plaintiff may move this Court to enjoin Defendants from any further violation of any provision of this Final Judgment and for sanctions, contempt or other relief as provided by law for violation of the Final Judgment.

(b) If Plaintiff reasonably believes that Defendants have failed to comply with any of the injunctive relief provisions set forth in Paragraph 6 of this Final Judgment, Plaintiff may at any time serve a Notice of Deficiency on Defendants pursuant to Paragraph 16 below that, to the extent available information allows, (1) identifies the specific instance and dates of non-compliance, (2) identifies proposed action(s) that Defendants might take to remedy that non-compliance, if the non-compliance is alleged to be ongoing, and (3) proposes a reasonable cure period for Defendants to remedy the non-compliance; provided, however, that there shall be no cure period if the alleged non-compliance relates to a violation of any of the provisions set forth in Paragraphs 11.a., 11.b., 11.k., 11.ee., 11.oo., or 11.yy. of the Complaint. If, after that reasonable cure period (or before, if no cure period is allowed), Plaintiff reasonably believes that Defendants are still deficient in the performance of the requirements in Paragraph 6 of this Final Judgment, Plaintiff may (1) move this Court to enjoin Defendants from any further violation of that provision in Paragraph 6 of this Final Judgment and for any sanctions, contempt or other relief as provided by law for violation of the Final Judgment or (2) commence a separate

1 enforcement action against Defendants for the alleged statutory or regulatory violation embodied  
2 in Paragraph 6 of this Final Judgment. A violation by Defendants of the provisions imposed by  
3 Paragraph 6 of this Final Judgment shall be considered a claim separate and in addition to any  
4 claim that may be made by Plaintiff, the CUPAs, or other enforcement agencies for a violation by  
5 Defendants of the underlying statutory or regulatory requirements, which may be enforced  
6 separately in another proceeding. For potential violations of Paragraph 6, the Office of the  
7 Attorney General, when acting in its independent capacity on behalf of the People of the State of  
8 California, agrees that if it elects to pursue an enforcement action, it will seek monetary relief  
9 against Defendants in the form of sanctions for violation of this Final Judgment or judicial/civil  
10 penalties for the underlying statutory or regulatory violation, but not both. In addition, if the  
11 Attorney General, when acting in its independent capacity on behalf of the People of the State of  
12 California, seeks monetary relief pursuant to this Paragraph and a CUPA or other enforcement  
13 agency in a separate action seeks the imposition of judicial or administrative civil penalties for the  
14 same underlying statutory or regulatory violation having to do with the same course of conduct,  
15 Defendants shall be entitled to offset against any monetary penalties awarded to the Attorney  
16 General that amount of penalties awarded to the CUPA or other enforcement agency for the same  
17 underlying statutory or regulatory violation having to do with the same course of conduct.

18 (c) The parties agree to meet and confer prior to the filing of any motion to assess  
19 penalties pursuant to this Paragraph, and further agree to negotiate in good faith in an effort to  
20 resolve any penalty assessments pursuant to this Paragraph without judicial intervention.  
21 However, in the event Plaintiff files such a motion, Defendants reserve and retain all rights and  
22 defenses to oppose Plaintiff's motion, including the right to contest that Defendants are in  
23 violation of this Final Judgment.

24 (d) Except for the matters covered in Paragraphs 19–21 below and those matters that  
25 Plaintiff in its discretion chooses to present to the Court pursuant to Paragraph 11(a) or (b) above,  
26 nothing in this Final Judgment shall restrict or condition the ability of Plaintiff, the CUPAs, or  
27 other enforcement agencies to separately administer or enforce state laws or regulations, County  
28 Codes, or the provisions of any order or permit issued by the CUPAs.

25 or other communications required or permitted under this Final Judgment that are addressed as  
26 provided in this Paragraph are effective upon delivery if delivered personally or by overnight  
27 mail, or if delivered by certified mail are effective five (5) calendar days following deposit with  
28 the United States Postal Service. However, nothing in this Final Judgment shall be interpreted or

1 applied to relieve Defendants of their existing obligations to provide copies of documentation to a  
2 local agency or CUPA as required by statute, regulation, or requirement.

3 **NO WAIVER OF RIGHT TO ENFORCE**

4 18. The failure of Plaintiff to enforce any provision of this Final Judgment shall in no way be  
5 deemed a waiver of such provision, or in any way affect the validity of this Final Judgment. The  
6 failure of Plaintiff to enforce any such provision shall not preclude Plaintiff from later enforcing  
7 the same or any other provision of this Final Judgment during the period that provision of the  
8 Final Judgment remains in effect. No oral advice, guidance, suggestions or comments by  
9 employees or officials of any Party regarding matters covered in this Final Judgment shall be  
10 construed to relieve any Party of its obligations required by this Final Judgment.

11 **MATTERS RESOLVED BY THIS FINAL JUDGMENT**

12 19. This Final Judgment is a final and binding resolution and settlement as to the Covered  
13 Parties and the Covered Matters as defined below. Except for the obligations of Defendants that  
14 are (1) expressly set forth in this Final Judgment; (2) set forth in the "Final Judgment in Its  
15 Entirety and Injunction" entered in the matter of *People v. Equilon Enterprises LLC, et al.*, San  
16 Diego County Superior Court Case No. GTC 855036; and, (3) set forth in the "Final Judgment  
17 and Injunction" entered in the matter of *People v. Equilon Enterprises LLC, et al.*, Riverside  
18 County Superior Court Case No. RIC 457554, Plaintiff hereby covenants not to sue or pursue any  
19 further civil or administrative claims against the Covered Parties for the Covered Matters. Any  
20 claim, violation, or cause of action that is not a Covered Matter is a "Reserved Claim." Reserved  
21 Claims include, without limitation, any violation that occurs after the effective date of this Final  
22 Judgment, and any claim, violation, or cause of action directly against Defendants' independent  
23 contractors or subcontractors. The Parties reserve the right to pursue any Reserved Claim and  
24 reserve the right to assert any defenses against any Reserved Claim; provided, however, that in  
25 any subsequent action that may be brought by Plaintiff to enforce any Reserved Claims,  
26 Defendants, collectively or individually, shall not assert, plead or raise against Plaintiff in any  
27 fashion any defense or avoidance based on splitting of claims.

28 / / /

1 20. As used herein, "Covered Parties" means Defendants, collectively and individually, and  
2 the other entities to whom this Final Judgment is applicable pursuant to Paragraph 2 above.

3 21. As used herein, "Covered Matters" means any claims under Chapters 6.5, 6.7 and 6.95 of  
4 Division 20 of the California Health & Safety Code and related regulations (except as provided  
5 below) for civil or administrative liability against any Defendant as an owner or operator of the  
6 Released Facilities for acts, omissions, or events on or pertaining to the Released Facilities during  
7 periods of ownership or operation by any Defendant up to the effective date of this Final  
8 Judgment; any such claims under state, county or local ordinances or under permits issued by the  
9 State or any County related to the installation, operation, modification, repair or removal of a  
10 UST or the management of hazardous wastes or materials; and any such claims under the  
11 California Business and Professions Code that are derived from any of those requirements. The  
12 "Covered Matters" include all such violations; provided, however, that the "Covered Matters"  
13 specifically exclude any claims under Paragraphs 11.aaa., and 11.bbb. of the Complaint which  
14 were not known by Plaintiff as of the date of entry of this Final Judgment, and provided further  
15 that Defendants preserve any and all defenses to such claims, including but not limited to  
16 defenses based on statutes of limitation. For purposes of the exclusion in the previous sentence,  
17 Plaintiff will be deemed to have known of a claim under Paragraph 11.aaa., or 11.bbb. of the  
18 Complaint prior to the date of entry of this Final Judgment if, at any time prior to the date of entry  
19 of the Final Judgment, either (a) the CUPA or the relevant regulatory authority was on notice of a  
20 release, spill, leak or discharge at the service station facility in question, or (b) the CUPA or the  
21 relevant regulatory authority had opened an environmental case at the service station facility in  
22 question. As used herein, "Covered Matters" shall not preclude after the date of entry of this  
23 Final Judgment the issuance of any requirement or order that Defendants shall investigate and/or  
24 remediate a release, spill, leak, or discharge, or investigate a suspected release, spill, leak, or  
25 discharge at any of the Released Facilities; and this Final Judgment shall not constrain claims,  
26 causes of action, enforcement or corrective action orders that have been or may be filed or issued  
27 for any violation of a requirement concerning the investigation and/or remediation of a release or  
28 suspected release at any of the Released Facilities.

1 **INTERPRETATION**

2 22. This Final Judgment shall be deemed to have been drafted equally by all Parties hereto.  
3 Accordingly, the Parties hereby agree that any and all rules of construction to the effect that  
4 ambiguity is construed against a drafting Party shall be inapplicable in any dispute concerning the  
5 terms, meaning, or interpretation of this Final Judgment.

6 **EFFECTIVE DATE**

7 23. The "Effective Date" of this Final Judgment shall be that date of the signature of the Court  
8 entering this order.

9 The Parties, by and through their respective and duly authorized representatives, hereby  
10 stipulate and consent to this Final Judgment:

## **EXHIBIT D - Abandoned Well Restoration Project**

The Sacramento County Environmental Management Department (EMD) estimates that over 1,000 abandoned wells exist in Sacramento County. The locations, owners of record, and condition of these wells are largely unknown. Abandoned wells create a conduit for contaminants from surface to groundwater, and between adjoining aquifers. With expanding urbanization, increasing potential for surface flooding and well-drawdown, and migrating groundwater contaminant plumes, these wells become an ever-increasing threat to human health and the environment. This project includes a three-pronged approach to mitigate this threat.

- A. Establishing and documenting well locations: Record research and field surveys will be conducted, and well locations will be recorded using GPS. Conditions of each abandoned well will be documented by photographs.
- B. Follow up: The GPS data will be imported as a layer into the County's GIS (ParcelViewer) and correlated with existing GIS maps of contaminant plumes. The information also will include well ownership and will assist in serving the owner with a Notice to Comply.
- C. Revolving account for indigent destructions: An account will be established to fund the proper destruction of abandoned wells where enforcement may be problematic due to a financially indigent well owner.

It is envisioned that the Abandoned Well Restoration Project will be completed utilizing a combination of in-house EMD and contract personnel. EMD will ensure that proper accounting and reporting relating to the use of the funds received for this Project is maintained.

## **EXHIBIT E - UST COMPLIANCE MANAGEMENT PROGRAM**

Equilon Enterprises LLC dba Shell Oil Products US ("SOPUS") has developed an Underground Storage Tank ("UST") Compliance Management Program and shall maintain this UST Compliance Management Program for all Current Facilities as defined in Paragraph 5 of the Final Judgment.

Nothing in this document or any UST Compliance Management Program shall be interpreted or applied to relieve Defendants of their existing obligations to comply with statutes, regulations, requirements, or other laws, or with the Final Judgment issued in this matter.

The UST Compliance Management Program shall include the following:

(a) **eSite and Smart Sensors**

eSite, a monitoring system consisting of a network of "smart" or programmable sensors, shall be used to monitor for fuel leaks and other environmental alarms. The Smart Sensors (the "sensors") are connected to the monitoring system via the eSite.

- (i.) The eSite monitoring system shall be used to:
- monitor and prevent sensor tampering;
  - limit access for the programming and resetting of the sensors and monitoring systems to authorized personnel;
  - allow for real time monitoring of all sensors' status, alarm conditions and data;
  - monitor all environmental and maintenance technician activity at the site related to sensors and eSite programming and maintenance;
  - monitor all site-level environmental compliance activity and have the capability to store permits and related compliance documentation at the site;
  - store all sensor alarm activity and history on site;
  - allow for remote monitoring of the network with the ability to troubleshoot and resolve issues remotely where appropriate and allowed by regulation.
- (ii.) The Smart Sensor shall be:
- a programmable sensor that can be used to monitor UST secondary monitoring systems for fuel or water accumulation;
  - programmable to provide the flexibility to meet a variety of regulatory and user requirements;
  - tamper-proof when connected to the eSite network and will alarm, shut down the fuel system and record the event into the alarm history if accessed or moved by an unauthorized individual.

(b) Remote alarm monitoring

SOPUS shall contract with a third-party contractor to provide remote continuous alarm monitoring, diagnosis and notification. The third-party contractor on behalf of SOPUS, using California State-certified analysts and maintenance contractors, shall manage and resolve all UST System and Dispenser alarms.

The third-party contractor, on behalf of SOPUS, shall provide for the following:

- (i.) Monitoring of all on-site console alarm events that trigger an “autodial” alarm.
- (ii.) Diagnosing and troubleshooting all alarm events. If an alarm event cannot be diagnosed and resolved remotely, a maintenance contractor shall be dispatched to troubleshoot and resolve the alarm event on-site.
- (iii.) The alarm event shall be managed with the on-site maintenance contractor until the event is resolved or requires further notification and escalation within SOPUS.
- (iv.) Each month, a consolidated compliance report shall be generated for all tanks, product lines and sensor alarms for each of the Current Facilities.

(c) Hazardous Materials Business Plans and UST Monitoring Response Plans

SOPUS shall contract with a third-party contractor to provide central management of Hazardous Material Business Plan (HMBP) and UST monitoring response plans. Each month, the contractor shall provide reports to SOPUS that summarize compliance dates for HMBP's and UST monitoring response plans for sites under management. SOPUS shall be responsible for issue management and resolution.

(d) UST Permit Management

SOPUS shall contract with a third-party contractor to provide site UST permitting and registration services. The contractor, on behalf of SOPUS, shall provide application, maintenance, tracking, renewal, trend analysis and payment for all UST permits under its control as specified by SOPUS. The contractor shall maintain a comprehensive on-line UST permitting tracking database. Copies of all UST permits, correspondence and renewal status information must be maintained and accessible to SOPUS staff via the contractor's web interface.

The contractor shall provide a monthly report to SOPUS detailing the status of open issues. When necessary, meetings or tele-conferences will be held between SOPUS and the contractor management to discuss open UST permitting issues and open action items identified by the risk management software systems.

(e) Risk Management Software Systems

SOPUS shall utilize or implement risk management software systems to drive improved UST compliance.

(f) Compliance Testing Management

SOPUS shall contract with third-party contractor(s) to provide site-specific UST Compliance testing and certification services. The contractors, on behalf of SOPUS, shall provide scheduling, notification, testing, minor repairs and information management. Copies of all testing and inspection reports must be maintained and accessible to SOPUS staff via the risk management software systems.

Testing action items are tracked and managed in the risk management software systems. Each month, the third-party contractor(s) shall provide a report to SOPUS detailing the status of all site-level compliance testing. When necessary, meetings or tele-conferences will be held between SOPUS and the third-party contractor(s) to discuss open action items in the risk management software systems.

(g) Station Operator Notice of Noncompliance Process

All contractual agreements between the Lessee Retailers and/or Multi-Site Operators (MSO's) and SOPUS shall require the Lessee Retailers or MSO's to comply with applicable laws and regulations. If a Lessee Retailer or Multi-Site Operator fails to comply with applicable laws, SOPUS shall issue the Lessee Retailer or MSO a Notice of Non-Compliance (NONC).

SOPUS shall establish clear NONC procedures and centralized responsibilities for the administration of this process, and administer the management of the program with the use of the risk management software systems.

(h) UST Orientation Sessions

- (i.) SOPUS shall provide annual compliance orientation sessions to its third-party contractors, consultants, Lessee Retailers, and MSO's regarding emergency response, incident reporting requirements, monitoring/leak detection systems and reporting, inventory reconciliation, hazardous waste handling, storage and inspection requirements.
- (ii.) SOPUS shall provide annual training regarding its release reporting policies and procedures to SOPUS employees and to third-party consultants and contractors.
- (iii.) SOPUS shall take all reasonable steps to ensure that all station operators, employees, third-party consultants and contractors attend the orientation and training sessions.
- (iv.) SOPUS shall maintain in a central location for review by regulatory agencies all records of these orientation and training sessions set forth in paragraph 6(h)(i) to (iii) inclusive.

- (i) Health, Safety, Security and Environmental (HSSE) checklists

SOPUS shall ensure that an HSSE checklist that addresses the highest priority compliance issues based on previous HSSE assessments is completed at least once every six months at retail sites. Areas assessed shall include waste management, fire safety, UST compliance records review, and emergency preparedness. The results of these assessments shall be tracked and managed in the risk management software systems.

- (j) HSSE Self Assessments

SOPUS's Retail HSSE Compliance Coordinators shall conduct comprehensive HSSE compliance assessments at retail sites at least once every twenty-four months.
