Re: Amended Language for 12-0006 "Public Postsecondary Student Tuition and Fees"

Dear Ms. Johansson:

Per instructions in your letter dated February 10, 2012, I request that the language for the preparation of title and summary for 12-0006 "Postsecondary Student Tuition and Fees" be amended to reflect the change as shown below.

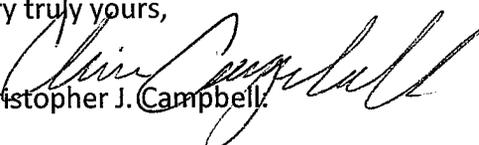

SEC. 10. The University of California, the California State University, and the California Community Colleges shall not increase the amount of tuition or mandatory systemwide fees charged to ~~any~~ an undergraduate or graduate student enrolled at any of the campuses or these respective segments while that student is enrolled, in good academic standing, and making satisfactory progress toward a degree. As used in this section, "making satisfactory progress toward a degree" means that the pace at which the student is successfully completing coursework will permit him or her to receive the degree within the applicable timeline specified in the official catalogue of the campus at which that student is enrolled.

Should you have any question or require additional information, please do not hesitate to contact me directly @ 949-338-8115 and send copies of all correspondence to:
