SHELLFISH SUPPRESSION ACT

- a) Shellfish are a monstrous evil that Almighty God, giver of freedom and liberty, commands us in Leviticus to suppress. They also smell bad.
- b) For the purposes of this act, shellfish shall be defined as including crab, lobster, crayfish, shrimp and prawns, in addition to any and all other species identified as shellfish under California's Health and Safety Code as enforced.
- c) Any person who willingly consumes or sells shellfish is guilty of a felony, and shall be fined \$666 thousand per occurrence, and/or imprisoned up to 6 years, 6 months, and 6 days.
- d) Subdivision (c) of California Penal Code, Section 1192.7 is amended to add "consumption and/or sale of shellfish" onto the list of crimes considered a "serious felony".
- d) This law is effective immediately.
- e) This law shall be known as "The Shellfish Suppression Act" and be numbered as section 42 in Title 3 of the California Penal Code.
- f) All laws in conflict with this law are to that extent invalid.
- g) If any provision of this measure or the application thereof to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of the measure that can be given effect without the invalid provision or application, and to this end the provisions of this measure are severable.
