Re: Request for title and summary

Dear Ms. Johansson:

Pursuant to Article II, Section 10(d) of the California Constitution, this letter requests that the Attorney General prepare a circulating title and summary of the chief purpose and points of the enclosed ballot initiative: "California Parental Rights Act of 2018." Also enclosed are the required signed statements per California Elections Code, and a check in the amount of \$2,000.

Please direct all inquiries and correspondence regarding this proposed initiative to the undersigned.

Sincerely,

Lee Olson
Chairman

SECTION 1. Title. This measure shall be known and may be cited as the “California Parental Rights Act of 2018.”

SECTION 2. Findings and Declarations

A. The Committee to End Slavery makes the following findings:

(1) The responsibility for the raising of children lies solely with parents, or legal guardians, in accordance with our Creator's command given to parents, not the government, to “Train up a child in the way he should go: and when he is old, he will not depart from it.”

(2) The government has immorally usurped, at gun point, the Creator endowed inviolable right of parents to control the education of their children.

(3) The government has used its powers of coercion not only to usurp the Creator endowed inviolable parent's rights but also to promote immoral teachings contrary to the way the Creator has said the child should go.

(4) The government schools reject abstinence from sexual activity outside the bounds of marriage and teach that fornication is not only okay but it's expected.

(5) The government schools teach that homosexual behaviors are morally acceptable and should be praised, contrary to the Creator's instructions for healthy living, by idolizing and establishing Harvey Milk Day honoring a man known primarily for his homosexual exploits rather than any good done for the public. In addition, government schools have established a Day of Silence which is a Leftist political event, is a propaganda event designed and is intended to eradicate conservative moral beliefs about volitional homoerotic acts and/or to make it socially impossible to express them, and it's disruptive to the educational environment and process.

(6) Government schools have a full court press on to eradicate Judeo-Christian moral principles from any discourse in the lives of California residents.

(7) Government school promotion of immoral sexual behaviors, especially fornication and homosexuality, has resulted in the highest syphilis rates in decades, quadrupling in 15 years according to the CDC, with the majority of new infections in gay and bisexual men causing the L.A.-based AIDS Healthcare Foundation to erect billboards warning of a “Syphilis Tsunami,” and causing L.A. County public health workers to actively search for people who may have the disease. Also according to the CDC 2015 STD Fact Sheet, 20 million new STDs occur every year with half among those 15-24 years old. This drives almost \$16 billion in health care costs. Based upon 2008 data the CDC estimates

that 110 million Americans have STDs at any given time. That's an astounding 1 out of every 3 Americans (or roughly 1 out of every 2 adults over the age of 18).

(7) Parents who understand that the path to life consists of following Judeo-Christian moral principles revealed by our Creator are increasingly seeking alternative educational options such as private and home schools where their children will not be indoctrinated in secular humanism, or any other ism, that violates Judeo-Christian moral principles nor will they have their morals corrupted by the moral degeneracy which is the essence of government school education.

SECTION 3. Purpose and Intent.

A. To establish in the California Constitution the inviolable right of parents, or legal guardians, to have absolute and sole control of the education of their children without interference from or threats of coercion by any level of government.

SECTION 4. The California Parental Rights Act of 2018. Section 17 is added to Article IX of the California Constitution, to read:

SECTION 17.

(a) This Act shall be known as the "California Parental Rights Act of 2018."

(b) Notwithstanding any provision of the Constitution to the contrary, the parents, or legal guardian, shall have the inviolable right of sole authority and responsibility to "train up their child, or ward, in the way the child should go" including, but not limited to, the venue, the curriculum and the methods and this authority and responsibility shall not be usurped by any local, county, State or other State sanctioned governmental entity.

SECTION 5. Proponent Standing. Notwithstanding any other provision of law, if the State, its government agencies, or any of its officials fail to defend the constitutionality of this measure following its approval by the voters, any other government employee, any proponent, or, in their absence, any citizen of this state shall have the authority to intervene in any court action challenging the constitutionality of this measure for the purpose of defending its constitutionality, whether such action is in trial court, on appeal, or on discretionary review by the Supreme Court of California or the Supreme Court of the United States. The fees and costs of defending the action shall be a charge on funds appropriated to the Attorney General, which shall be satisfied promptly.
