The subjects addressed by this Act are a matter of statewide concern.

**§ 11395.110 Definitions.**

“Adult” means an individual eighteen (18) years of age or older.

“Endanger others” does not mean and shall not include lawfully using, ingesting, possessing and/or cultivating Psilocybin Mushrooms within the same residence or adjoining outhouses and rooms or in a commercial building of any type, unless additional conduct is demonstrated by clear and convincing evidence that such acts have in fact become imminently dangerous to human safety, in addition to mere lawful use, ingestion, possession, or cultivation.

“Excessive” means any requirement or fee that exceeds a normal, usual, or reasonable requirement based on expenses incurred or required fee.

“Impaired” in reference to Psilocybin Mushroom impairment, refers to significantly diminished physical or mental capabilities to the extent a person cannot safely operate a motor vehicle.

“Individual” means a natural person.

“Indoors” means within a fully enclosed and secure structure which can only be entered through a locked

door that requires a key or combination to open and which is secure against unauthorized entry.

“Manufacture” means the manufacture, planting, cultivation, growing, harvesting, production, preparation, propagation, compounding, conversion, or processing of a Psilocybin Mushroom product, either directly or indirectly by extraction from substances of natural origin, or independently by means of chemical synthesis, or by a combination of extraction and chemical synthesis, and includes any packaging or repackaging of the psilocybin product or labeling or relabeling of its container.

“Minor” means an individual under 18 years of age.

“Outdoors” means any location that is not “indoors” as defined herein.

“Psilocybin” means Psilocybin ([3-[2-(dimethylamino)ethyl]-1H-indol-4-yl] dihydrogen phosphate), Psilocin (3-[2-(dimethylamino)ethyl]-1H-indol-4-ol), Baeocystin ([3-[2-(methylamino)ethyl]-1H-indol-4-yl] dihydrogen phosphate), Norbaeocystin ([3-(2-aminoethyl)-1H-indol-4-yl] dihydrogen phosphate), and their isomers and analogs, whether naturally-derived or synthetically-produced.

“Psilocybin Mushrooms” means Mushrooms, Truffles, Sclerotia, or Mycelium containing Psilocybin, or any of the aforementioned in extracted form, or spores capable of producing Psilocybin Mushrooms, or products containing Psilocybin, including but not limited to, powdered mushrooms, microdosing capsules, macrodosing capsules, teas, tinctures, chocolates, beverages, and edible products.

“Psilocybin Mushroom Business” is a California for-profit or nonprofit entity or natural person that is a resident of California that cultivates, manufactures, wholesales, or retails Psilocybin Mushrooms, and includes, but is not limited to, Psilocybin Mushroom manufacturers, Psilocybin Mushroom distributors, Psilocybin Mushroom retailers, analytical laboratories that test Psilocybin Mushrooms, and medical Psilocybin Mushroom organizations.

**§ 11395.120 Psilocybin Mushrooms.** The personal, medical, therapeutic, religious, spiritual, and dietary use of Psilocybin Mushrooms by adults 21 years of age and over, including but not limited to the

cultivation, manufacture, processing, production of Psilocybin Mushroom edible products and extracts (with or without solvents) derived from Psilocybin Mushrooms, distribution, transportation, possession, storage, consumption, social consumption, on-site consumption, public events, farmers' markets, and retail sale, whether or not for profit, shall be lawful in this state and is a matter of statewide concern.

**§ 11395.130 Personal Protections.** It shall be lawful and not a violation of California law for an adult 21 years of age and over:

- (b) To possess an unlimited quantity of Psilocybin Mushrooms;
- (b) To be under the influence of Psilocybin Mushrooms, except as provided in this Act and as provided in subdivision (f) of section 647 of the Penal Code; and
- (c) To cultivate Psilocybin Mushrooms indoors, or outdoors on private property to which access is restricted by fencing where such cultivation is not visible from outside such property, and with the consent of the owner of such property. Cultivation must comply with any local or State nuisance regulations, provided the nuisance regulation is not based solely on the presence and/or cultivation of Psilocybin Mushrooms, nor crafted to primarily target Psilocybin Mushroom cultivation and/or possession. No local regulation may be so excessive or burdensome as to make it functionally impractical for adults who are 21 years of age and over to cultivate Psilocybin Mushrooms as otherwise authorized in this section.

**§ 11395.140 Reasonable Regulation.**

- (a) Implementation of this Act shall be the responsibility of the California Department of Food and Agriculture, hereafter "CDFA".

(c) Psilocybin Mushrooms and Psilocybin Mushroom Businesses shall be regulated as closely as practicable to non-psychoactive agriculturally produced mushrooms, except as defined in § 11395.180, provided that no regulation may be so excessive or burdensome as to make it impractical for Psilocybin Mushroom Businesses to operate and earn a profit unless otherwise authorized herein.

(d) The State of California and its agencies and employees shall not disclose and shall protect the identities of all persons, individuals, and legal entities engaged in Psilocybin Mushroom commerce or use, unless there is a court order or search warrant expressly authorizing the release of such information on a case by case basis.

**§ 11395.150 Therapeutic and Medical Research and Treatment.**

(a) The State of California and its agencies shall allow research into the therapeutic and medical applications of Psilocybin and Psilocybin Mushrooms.

(b) Qualified healthcare practitioners may use Psilocybin and Psilocybin Mushrooms for research, treatment, and personal development purposes.

(c) Psilocybin Mushroom-assisted therapy may be delivered by qualified practitioners who have obtained specialized training certifications to administer Psilocybin or Psilocybin Mushrooms for specific indications.

(d) Qualified healthcare practitioners may recommend Psilocybin or Psilocybin Mushrooms for use in minors and adults under the age of 21, for the treatment of specific and appropriate indications.

(e) Engaging in Psilocybin or Psilocybin Mushroom-assisted therapy shall not be grounds for revocation of the license of a licensed healthcare professional.

(f) The California Department of Consumer Affairs and the California Health and Human Services Agency shall adopt and implement the qualification requirements and protocols for Psilocybin Mushroom-assisted therapy created by an independent professional certifying body.

**§ 11395.160 Implementation.**

Starting January 1, 2023, any Psilocybin Mushroom Business operating on land that is zoned for commercial agricultural production and approved by the CDFA for food production can begin the cultivation, manufacturing, and wholesale distribution of Psilocybin Mushrooms. Starting April 19, 2023, any business that is incorporated in California and possesses a California Seller's Permit can begin retail sales of Psilocybin Mushrooms to adults 21 years of age and over.

other entitlements for use, and all entitlements for land use, all contracts, and all franchises; (b) Utility services.

**§ 11395.220 Minors.**

(a) Unless the health or wellbeing of a minor is in danger as a result of the cultivation of Psilocybin Mushrooms in compliance with this division, the mere presence of one or more minors in a household shall not render such cultivation unlawful, per se, nor shall such cultivation be used to make a jurisdictional determination of risk of harm to a child in the state of California, nor shall such cultivation diminish parental rights or justify the removal of a child from the home, even temporarily.

(b) If a minor, or an adult 18 years of age or older but under 21 years of age, is found to be cultivating, extracting, manufacturing, distributing, transporting, in possession of or consuming Psilocybin Mushrooms without parental consent, the maximum penalty for such offense shall be no greater than a mandatory drug education program, and no conviction shall remain on the juvenile record of such a minor.

**§ 11395.260 Out-of-State Distribution and Transport.** This Act shall not be construed to authorize or permit the transportation or distribution, or cause to be transported or distributed, Psilocybin Mushrooms or Psilocybin Mushroom products outside the state and country, unless authorized by Federal law.

**SEC. 3. Liberal Construction.** This Act shall be liberally construed to effectuate its purposes.

**SEC. 4. Severability.** The provisions of this Act are severable. If any provision of this Act or its application is held invalid, that invalidity shall not affect other provisions or applications that can be given effect without the invalid provision or application.

**SEC. 5. Conflicting Measures.** In the event that this measure and another measure or measures concerning Psilocybin Mushrooms appear on the same statewide election ballot, the provisions of the other measure or measures shall be deemed to be in conflict with this measure. In the event that this measure receives a greater number of affirmative votes, the provisions of this measure shall prevail in their entirety, and the provisions of the other measure shall be null and void.

**SEC. 6. Sections 11390 and 11391 of the California Health and Safety Code - HSC are hereby repealed.**

**SEC. 7. Amendment.** The provisions of this Act may be amended by the Legislature to further the purposes of this Act by a statute passed in each house by roll call vote entered in the journal, two-thirds of the membership concurring.
