**THE CALIFORNIA CHILDREN’S EDUCATION AND HEALTH CARE PROTECTION ACT OF 2026**

This initiative measure is submitted to the people in accordance with the provisions of Section 8 of Article II of the California Constitution.

This initiative measure amends a section of the California Constitution; therefore, existing provisions proposed to be deleted are printed in ~~strikeout type~~ and new provisions proposed to be added are printed in *italic type* to indicate that they are new.

**SECTION 1. Title.**

This measure shall be known and may be cited as “The California Children’s Education and Health Care Protection Act of 2026.”

**SEC. 2. Findings.**

(a) In 2012, California voters passed a tax increase on high-income earners – the top 2% – to fund critical state services and stave off extreme cuts to public education brought on by the fiscal challenges of the Great Recession. These tax rates were extended by the voters in 2016, with 63% voting yes. Since its initial passage, this tax measure has raised more than \$104 billion for schools and other essential services. It is a foundational part of the state budget and the state Rainy Day Fund.

(b) This high-earner income tax has allowed the state to make important investments in the education and health of our children and has helped California’s public school system become more competitive among the 50 states. In 2012, California ranked in the bottom 10 among the states in school spending. Today, with these revenues, California has made real progress in school spending. Our state now provides free school meals; free transitional kindergarten to all four-year-olds; free before-and-after school care for younger elementary students; and community services in many school districts.

(c) Unless the tax is extended by the voters, it will expire in 2030. That would result in an immediate reduction to state revenues of over \$10 billion and devastating cuts to schools, children’s healthcare, and other essential services. It would reverse the gains our schools have made since the initial passage of the high-earner income tax in 2012.

(d) This measure does not increase taxes on couples earning less than \$680,000 or individuals earning less than \$340,000, in today’s dollars. It does not change the existing tax rates, which have remained the same since this tax measure was first enacted in 2012.

(e) This is not the time to be giving the wealthiest people in California a tax cut that they don’t need and that our schools and communities can’t afford. Maintaining this tax on high earners

helps ensure that California children receive the education and health care they need to thrive and achieve their highest potential, while allowing this tax to expire would require major cuts to the education and health of our next generation.

(f) California's future depends on the success of its over 9 million children. Every California child deserves a fair chance to become a successful adult. But for children to succeed as adults, they must have access to high quality education and health care.

(g) For children, education and health care are essential and dependent on one another. Access to a quality education is fundamental to the success of California's children. Even with adequate schools, children cannot obtain an education if illness prevents them from attending. And children growing up in communities without adequate health care are more likely to contract illnesses or have chronic medical conditions that prevent them from regularly attending school.

(h) Research shows that early access to quality education and health care improves children's chances of succeeding in school and in life. This tax on high earners helps ensure that California children receive the education and health care they need to thrive and achieve their highest potential.

(i) The income tax revenue is guaranteed in the California Constitution to go directly to local school districts and community colleges. State funding is freed up to help balance the budget and provide for a Rainy Day Fund to prevent cuts to healthcare for children and their families; services for seniors, working families, and small business owners; wildfire prevention; and other critical needs even when revenues decline. Everyone benefits.

(j) To ensure all these funds go only where the voters intend, they are put in a special fund that the Legislature cannot divert to other purposes. None of these revenues can be spent on state bureaucracy or administrative costs.

(k) These funds are subject to an independent audit every year to ensure they are spent only for the purposes set forth in this measure. Elected officials will be subject to prosecution and criminal penalties if they misuse the funds.

(l) This measure helped build and will sustain the state's Rainy Day Fund. California has seen massive budget swings over the past 15 years, with good years often followed by deep deficits and devastating cuts. Maintaining the state's Rainy Day Fund has helped protect our children, seniors, and disabled Californians from cuts in school and healthcare funding during economic downturns.

(m) Federal budget cuts will have a huge impact on low-income Californians, and especially on our children. But federal tax laws are giving huge tax breaks to wealthy taxpayers. Maintaining this existing tax on high-earning Californians is essential to protecting our schools and our school children.

### **SEC. 3. Purpose and Intent.**

(a) The chief purpose and intent of the voters in enacting this measure is to avoid harmful cuts that would reduce the quality of education and instruction in California's local public schools, and to provide adequate funding for essential health care services for children and their family members.

(b) This measure is intended to protect our children by extending current income tax rates on wealthy Californians. Instead of sending money back into the pockets of the wealthy, this measure sends the money to a special account that must be spent exclusively to ensure that every California child has access to a quality public education. This frees up state funding to provide healthcare for children and fund other essential services.

(c) This measure guarantees in the Constitution that the revenues it raises for schools will be sent directly to school districts and community colleges for classroom expenses, not administrative costs. This school funding cannot be suspended or withheld no matter what happens with the state budget.

(d) All revenues from this measure are subject to local audit every year, and audit by the independent Controller to ensure that they will be used only for the purposes set forth in this measure.

### **SEC. 4. Section 36 of Article XIII of the California Constitution is amended to read:**

SEC. 36. (a) For purposes of this section:

(1) "Public Safety Services" includes the following:

(A) Employing and training public safety officials, including law enforcement personnel, attorneys assigned to criminal proceedings, and court security staff.

(B) Managing local jails and providing housing, treatment, and services for, and supervision of, juvenile and adult offenders.

(C) Preventing child abuse, neglect, or exploitation; providing services to children and youth who are abused, neglected, or exploited, or who are at risk of abuse, neglect, or exploitation, and the families of those children; providing adoption services; and providing adult protective services.

(D) Providing mental health services to children and adults to reduce failure in school, harm to self or others, homelessness, and preventable incarceration or institutionalization.

(E) Preventing, treating, and providing recovery services for substance abuse.

(2) "2011 Realignment Legislation" means legislation enacted on or before September 30, 2012, to implement the state budget plan, that is entitled 2011 Realignment and provides for the assignment of Public Safety Services responsibilities to local agencies, including related reporting responsibilities. The legislation shall provide local agencies with maximum flexibility and control over the design, administration, and delivery of Public Safety Services consistent with federal law and funding requirements, as determined by the Legislature. However, 2011 Realignment Legislation shall include no new programs assigned to local agencies after January 1, 2012, except for the early periodic screening, diagnosis, and treatment (EPSDT) program and mental health managed care.

(b) (1) Except as provided in subdivision (d), commencing in the 2011–12 fiscal year and continuing thereafter, the following amounts shall be deposited into the Local Revenue Fund 2011, as established by Section 30025 of the Government Code, as follows:

(A) All revenues, less refunds, derived from the taxes described in Sections 6051.15 and 6201.15 of the Revenue and Taxation Code, as those sections read on July 1, 2011.

(B) All revenues, less refunds, derived from the vehicle license fees described in Section 11005 of the Revenue and Taxation Code, as that section read on July 1, 2011.

(2) On and after July 1, 2011, the revenues deposited pursuant to paragraph (1) shall not be considered General Fund revenues or proceeds of taxes for purposes of Section 8 of Article XVI of the California Constitution.

(c) (1) Funds deposited in the Local Revenue Fund 2011 are continuously appropriated exclusively to fund the provision of Public Safety Services by local agencies. Pending full implementation of the 2011 Realignment Legislation, funds may also be used to reimburse the State for program costs incurred in providing Public Safety Services on behalf of local agencies. The methodology for allocating funds shall be as specified in the 2011 Realignment Legislation.

(2) The county treasurer, city and county treasurer, or other appropriate official shall create a County Local Revenue Fund 2011 within the treasury of each county or city and county. The money in each County Local Revenue Fund 2011 shall be exclusively used to fund the provision of Public Safety Services by local agencies as specified by the 2011 Realignment Legislation.

(3) Notwithstanding Section 6 of Article XIII B, or any other constitutional provision, a mandate of a new program or higher level of service on a local agency imposed by the 2011 Realignment Legislation, or by any regulation adopted or any executive order or administrative directive issued to implement that legislation, shall not constitute a mandate requiring the State to provide a subvention of funds within the meaning of that section. Any requirement that a local agency comply with Chapter 9 (commencing with Section 54950) of Part 1 of Division 2 of Title 5 of

the Government Code, with respect to performing its Public Safety Services responsibilities, or any other matter, shall not be a reimbursable mandate under Section 6 of Article XIII B.

(4) (A) Legislation enacted after September 30, 2012, that has an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of service required by legislation, described in this subparagraph, above the level for which funding has been provided.

(B) Regulations, executive orders, or administrative directives, implemented after October 9, 2011, that are not necessary to implement the 2011 Realignment Legislation, and that have an overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, shall apply to local agencies only to the extent that the State provides annual funding for the cost increase. Local agencies shall not be obligated to provide programs or levels of service pursuant to new regulations, executive orders, or administrative directives, described in this subparagraph, above the level for which funding has been provided.

(C) Any new program or higher level of service provided by local agencies, as described in subparagraphs (A) and (B), above the level for which funding has been provided, shall not require a subvention of funds by the State nor otherwise be subject to Section 6 of Article XIII B. This paragraph shall not apply to legislation currently exempt from subvention under paragraph (2) of subdivision (a) of Section 6 of Article XIII B as that paragraph read on January 2, 2011.

(D) The State shall not submit to the federal government any plans or waivers, or amendments to those plans or waivers, that have an overall effect of increasing the cost borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, except to the extent that the plans, waivers, or amendments are required by federal law, or the State provides annual funding for the cost increase.

(E) The State shall not be required to provide a subvention of funds pursuant to this paragraph for a mandate that is imposed by the State at the request of a local agency or to comply with federal law. State funds required by this paragraph shall be from a source other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(5) (A) For programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, if there are subsequent changes in federal statutes or regulations that alter the conditions under which federal matching funds as described in the 2011 Realignment Legislation are obtained, and have the overall effect

of increasing the costs incurred by a local agency, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State.

(B) When the State is a party to any complaint brought in a federal judicial or administrative proceeding that involves one or more of the programs described in subparagraphs (C) to (E), inclusive, of paragraph (1) of subdivision (a) and included in the 2011 Realignment Legislation, and there is a settlement or judicial or administrative order that imposes a cost in the form of a monetary penalty or has the overall effect of increasing the costs already borne by a local agency for programs or levels of service mandated by the 2011 Realignment Legislation, the State shall annually provide at least 50 percent of the nonfederal share of those costs as determined by the State. Payment by the State is not required if the State determines that the settlement or order relates to one or more local agencies failing to perform a ministerial duty, failing to perform a legal obligation in good faith, or acting in a negligent or reckless manner.

(C) The state funds provided in this paragraph shall be from funding sources other than those described in subdivisions (b) and (d), ad valorem property taxes, or the Social Services Subaccount of the Sales Tax Account of the Local Revenue Fund.

(6) If the State or a local agency fails to perform a duty or obligation under this section or under the 2011 Realignment Legislation, an appropriate party may seek judicial relief. These proceedings shall have priority over all other civil matters.

(7) The funds deposited into a County Local Revenue Fund 2011 shall be spent in a manner designed to maintain the State's eligibility for federal matching funds, and to ensure compliance by the State with applicable federal standards governing the State's provision of Public Safety Services.

(8) The funds deposited into a County Local Revenue Fund 2011 shall not be used by local agencies to supplant other funding for Public Safety Services.

(d) If the taxes described in subdivision (b) are reduced or cease to be operative, the State shall annually provide moneys to the Local Revenue Fund 2011 in an amount equal to or greater than the aggregate amount that otherwise would have been provided by the taxes described in subdivision (b). The method for determining that amount shall be described in the 2011 Realignment Legislation, and the State shall be obligated to provide that amount for so long as the local agencies are required to perform the Public Safety Services responsibilities assigned by the 2011 Realignment Legislation. If the State fails to annually appropriate that amount, the Controller shall transfer that amount from the General Fund in pro rata monthly shares to the Local Revenue Fund 2011. Thereafter, the Controller shall disburse these amounts to local agencies in the manner directed by the 2011 Realignment Legislation. The state obligations under this subdivision shall have a lower priority claim to General Fund money than the first

priority for money to be set apart under Section 8 of Article XVI and the second priority to pay voter-approved debts and liabilities described in Section 1 of Article XVI.

(e) (1) To ensure that public education is not harmed in the process of providing critical protection to local Public Safety Services, the Education Protection Account is hereby created in the General Fund to receive and disburse the revenues derived from the incremental increases in taxes imposed by this section, as specified in subdivision (f).

(2) (A) Before June 30, 2013, and before June 30 of each year ~~thereafter from 2014 to 2030, inclusive~~, the Director of Finance shall estimate the total amount of additional revenues, less refunds, that will be derived from the incremental increases in tax rates made in subdivision (f) that will be available for transfer into the Education Protection Account during the next fiscal year. The Director of Finance shall make the same estimate by January 10, 2013, for additional revenues, less refunds, that will be received by the end of the 2012–13 fiscal year.

(B) During the last 10 days of the quarter of each of the first three quarters of each fiscal year ~~from beginning in 2013–14 to 2030–31, inclusive~~, the Controller shall transfer into the Education Protection Account one-fourth of the total amount estimated pursuant to subparagraph (A) for that fiscal year, except as this amount may be adjusted pursuant to subparagraph (D).

(C) In each ~~of the~~ fiscal years ~~from beginning in 2012–13 to 2032–33, inclusive~~, the Director of Finance shall calculate an adjustment to the Education Protection Account, as specified by subparagraph (D), by adding together the following amounts, as applicable:

(i) In the last quarter of each fiscal year ~~from beginning in 2012–13 to 2030–31, inclusive~~, the Director of Finance shall recalculate the estimate made for the fiscal year pursuant to subparagraph (A), and shall subtract from this updated estimate the amounts previously transferred to the Education Protection Account for that fiscal year.

(ii) In June 2015 and in every June ~~thereafter from 2016 to 2033, inclusive~~, the Director of Finance shall make a final determination of the amount of additional revenues, less refunds, derived from the incremental increases in tax rates made in subdivision (f) for the fiscal year ending two years prior. The amount of the updated estimate calculated in clause (i) for the fiscal year ending two years prior shall be subtracted from the amount of this final determination.

(D) If the sum determined pursuant to subparagraph (C) is positive, the Controller shall transfer an amount equal to that sum into the Education Protection Account within 10 days preceding the end of the fiscal year. If that amount is negative, the Controller shall suspend or reduce subsequent quarterly transfers, if any, to the Education Protection Account until the total reduction equals the negative amount herein described. For purposes of any calculation made pursuant to clause (i) of subparagraph (C), the amount of a quarterly transfer shall not be modified to reflect any suspension or reduction made pursuant to this subparagraph.

(E) Before June 30, 2018, and before June 30 of each year from 2019 to 2030, inclusive, the Director of Finance shall estimate the amount of the additional revenues, less refunds, to be derived in the following fiscal year from the incremental increases in tax rates made in subdivision (f), that, when combined with all other available General Fund revenues, will be required to meet:

(i) The minimum funding guarantee of Section 8 of Article XVI for that following fiscal year; and

(ii) The workload budget for that following fiscal year, excluding any program expenditures already accounted for through clause (i). For purposes of this section, "workload budget" has the meaning set forth in Section 13308.05 of the Government Code, as that section read and was interpreted by the Department of Finance on January 1, 2016, provided, however, that "currently authorized services" shall mean only those services that would have been considered "currently authorized services" under Section 13308.05 of the Government Code as of January 1, 2016.

(F) In order to enhance the ability of all California school children and their families to receive regular, quality health care and thereby minimize school absenteeism due to health-related problems, whenever the Director of Finance estimates that the amount available for transfer into the Education Protection Account during the following fiscal year exceeds the amount of revenues required from that account pursuant to subparagraph (E) for that following fiscal year, the director shall identify the remaining amount. Fifty percent of that remainder, up to a maximum of two billion dollars in any single fiscal year, shall be allocated by the Controller from the Education Protection Account to the California Department of Health Care Services on a quarterly basis to increase funding for the existing health care programs and services described in Chapter 7 (commencing with Section 14000) to Chapter 8.9 (commencing with Section 14700), inclusive, of Part 3 of Division 9 of the Welfare and Institutions Code. The funding shall be used only for critical, emergency, acute, and preventive health care services to children and their families, provided by health care professionals and health facilities that are licensed pursuant to Section 1250 of the Health and Safety Code, and to health plans or others that manage the provision of health care for Medi-Cal beneficiaries that are contracting with the California Department of Health Care Services to provide health benefits pursuant to this section.

(G) The allocation provided for in subparagraph (F) may be suspended by statute during a fiscal year in which a budget emergency has been declared, provided, however, that the allocation shall not be reduced beyond the proportional reduction in overall General Fund expenditures for that year. For purposes of this section, "budget emergency" has the same meaning as in paragraph (2) of subdivision (b) of Section 22 of Article XVI.

(H) The funding provided pursuant to subparagraph (F) shall not be used to supplant existing state General Funds for the nonfederal share of payments for those programs and, consistent with federal law, shall be used to obtain federal matching Medicaid funds.

(3) All moneys in the Education Protection Account are hereby continuously appropriated for the support of school districts, county offices of education, charter schools, and community college districts as set forth in this paragraph, and for health care as set forth in subparagraph (F) of paragraph (2).

(A) Eleven percent of the moneys appropriated for education pursuant to this paragraph shall be allocated quarterly by the Board of Governors of the California Community Colleges to community college districts to provide general purpose funding to community college districts in proportion to the amounts determined pursuant to Section 84750.5 of the Education Code, as that code section read on November 6, 2012. The allocations calculated pursuant to this subparagraph shall be offset by the amounts specified in subdivisions (a), (c), and (d) of Section 84751 of the Education Code, as that section read on November 6, 2012, that are in excess of the amounts calculated pursuant to Section 84750.5 of the Education Code, as that section read on November 6, 2012, provided that no community college district shall receive less than one hundred dollars (\$100) per full time equivalent student.

(B) Eighty-nine percent of the moneys appropriated for education pursuant to this paragraph shall be allocated quarterly by the Superintendent of Public Instruction to provide general purpose funding to school districts, county offices of education, and state general-purpose funding to charter schools in proportion to the revenue limits calculated pursuant to Sections 2558 and 42238 of the Education Code and the amounts calculated pursuant to Section 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read on November 6, 2012. The amounts so calculated shall be offset by the amounts specified in subdivision (c) of Section 2558 of, paragraphs (1) through (7) of subdivision (h) of Section 42238 of, and Section 47635 of, the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read on November 6, 2012, that are in excess of the amounts calculated pursuant to Sections 2558, 42238, and 47633 of the Education Code for county offices of education, school districts, and charter schools, respectively, as those sections read on November 6, 2012, provided that no school district, county office of education, or charter school shall receive less than two hundred dollars (\$200) per unit of average daily attendance.

(4) This subdivision is self-executing and requires no legislative action to take effect. Distribution of the moneys in the Education Protection Account by the Board of Governors of the California Community Colleges and Superintendent of Public Instruction shall not be delayed or otherwise affected by failure of the Legislature and Governor to enact an annual budget bill

pursuant to Section 12 of Article IV, by invocation of subdivision (h) of Section 8 of Article XVI, or by any other action or failure to act by the Legislature or Governor.

(5) Notwithstanding any other provision of law, the moneys deposited in the Education Protection Account for education shall not be used to pay any costs incurred by the Legislature, the Governor, or any agency of state government.

(6) A community college district, county office of education, school district, or charter school shall have sole authority to determine how the moneys received from the Education Protection Account are spent in the school or schools within its jurisdiction, provided, however, that the appropriate governing board or body shall make these spending determinations in open session of a public meeting of the governing board or body and shall not use any of the funds from the Education Protection Account for salaries or benefits of administrators or any other administrative costs. Each community college district, county office of education, school district, and charter school shall annually publish on its Internet Web site an accounting of how much money was received from the Education Protection Account and how that money was spent.

(7) The annual independent financial and compliance audit required of community college districts, county offices of education, school districts, and charter schools shall, in addition to all other requirements of law, ascertain and verify whether the funds provided from the Education Protection Account have been properly disbursed and expended as required by this section. Expenses incurred by those entities to comply with the additional audit requirement of this section may be paid with funding from the Education Protection Account and shall not be considered administrative costs for purposes of this section.

(8) Revenues, less refunds, derived pursuant to subdivision (f) for deposit in the Education Protection Account pursuant to this section shall be deemed "General Fund revenues," "General Fund proceeds of taxes," and "moneys to be applied by the State for the support of school districts and community college districts" for purposes of Section 8 of Article XVI.

(f) (1) (A) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, for the privilege of selling tangible personal property at retail, a tax is hereby imposed upon all retailers at the rate of 1/4 percent of the gross receipts of any retailer from the sale of all tangible personal property sold at retail in this State on and after January 1, 2013, and before January 1, 2017.

(B) In addition to the taxes imposed by Part 1 (commencing with Section 6001) of Division 2 of the Revenue and Taxation Code, an excise tax is hereby imposed on the storage, use, or other consumption in this State of tangible personal property purchased from any retailer on and after January 1, 2013, and before January 1, 2017, for storage, use, or other consumption in this state at the rate of 1/4 percent of the sales price of the property.

(C) The Sales and Use Tax Law, including any amendments enacted on or after the effective date of this section, shall apply to the taxes imposed pursuant to this paragraph.

(D) This paragraph shall become inoperative on January 1, 2017.

(2) For any taxable year beginning on or after January 1, 2012, ~~and before January 1, 2031,~~ with respect to the tax imposed pursuant to Section 17041 of the Revenue and Taxation Code, the income tax bracket and the rate of 9.3 percent set forth in paragraph (1) of subdivision (a) of Section 17041 of the Revenue and Taxation Code shall be modified by each of the following:

(A) (i) For that portion of taxable income that is over two hundred fifty thousand dollars (\$250,000) but not over three hundred thousand dollars (\$300,000), the tax rate is 10.3 percent of the excess over two hundred fifty thousand dollars (\$250,000).

(ii) For that portion of taxable income that is over three hundred thousand dollars (\$300,000) but not over five hundred thousand dollars (\$500,000), the tax rate is 11.3 percent of the excess over three hundred thousand dollars (\$300,000).

(iii) For that portion of taxable income that is over five hundred thousand dollars (\$500,000), the tax rate is 12.3 percent of the excess over five hundred thousand dollars (\$500,000).

(B) The income tax brackets specified in clauses (i), (ii), and (iii) of subparagraph (A) shall be recomputed, as otherwise provided in subdivision (h) of Section 17041 of the Revenue and Taxation Code, only for taxable years beginning on and after January 1, 2013.

(C) (i) For purposes of subdivision (g) of Section 19136 of the Revenue and Taxation Code, this paragraph shall be considered to be chaptered on November 6, 2012.

(ii) For purposes of Part 10 (commencing with Section 17001) of, and Part 10.2 (commencing with Section 18401) of, Division 2 of the Revenue and Taxation Code, the modified tax brackets and tax rates established and imposed by this paragraph shall be deemed to be established and imposed under Section 17041 of the Revenue and Taxation Code.

~~(D) This paragraph shall become inoperative on December 1, 2031.~~

(3) For any taxable year beginning on or after January 1, 2012, ~~and before January 1, 2031,~~ with respect to the tax imposed pursuant to Section 17041 of the Revenue and Taxation Code, the income tax bracket and the rate of 9.3 percent set forth in paragraph (1) of subdivision (c) of Section 17041 of the Revenue and Taxation Code shall be modified by each of the following:

(A) (i) For that portion of taxable income that is over three hundred forty thousand dollars (\$340,000) but not over four hundred eight thousand dollars (\$408,000), the tax rate is 10.3 percent of the excess over three hundred forty thousand dollars (\$340,000).

(ii) For that portion of taxable income that is over four hundred eight thousand dollars (\$408,000) but not over six hundred eighty thousand dollars (\$680,000), the tax rate is 11.3 percent of the excess over four hundred eight thousand dollars (\$408,000).

(iii) For that portion of taxable income that is over six hundred eighty thousand dollars (\$680,000), the tax rate is 12.3 percent of the excess over six hundred eighty thousand dollars (\$680,000).

(B) The income tax brackets specified in clauses (i), (ii), and (iii) of subparagraph (A) shall be recomputed, as otherwise provided in subdivision (h) of Section 17041 of the Revenue and Taxation Code, only for taxable years beginning on and after January 1, 2013.

(C) (i) For purposes of subdivision (g) of Section 19136 of the Revenue and Taxation Code, this paragraph shall be considered to be chaptered on November 6, 2012.

(ii) For purposes of Part 10 (commencing with Section 17001) of, and Part 10.2 (commencing with Section 18401) of, Division 2 of the Revenue and Taxation Code, the modified tax brackets and tax rates established and imposed by this paragraph shall be deemed to be established and imposed under Section 17041 of the Revenue and Taxation Code.

~~(D) This paragraph shall become inoperative on December 1, 2031.~~

(g) (1) The Controller, pursuant to his or her statutory authority, may perform audits of expenditures from the Local Revenue Fund 2011 and any County Local Revenue Fund 2011, and shall audit the Education Protection Account to ensure that those funds are used and accounted for in a manner consistent with this section.

(2) The Attorney General or local district attorney shall expeditiously investigate, and may seek civil or criminal penalties for, any misuse of moneys from the County Local Revenue Fund 2011 or the Education Protection Account.

## **SEC. 5. Conflicting Measures.**

In the event that this measure and another measure that affects the tax rates for personal income shall appear on the same statewide ballot, the provisions of the other measure or measures shall be deemed to be in conflict with this measure. In the event that this measure receives a greater number of affirmative votes than a measure deemed to be in conflict with it, the provisions of this measure shall prevail in their entirety, and the other measure or measures shall be null and void.

**SEC. 6. Severability.**

If the provisions of this act, or part thereof, are for any reason held to be invalid or unconstitutional, the remaining provisions shall not be affected but shall remain in full force and effect and to this end the provisions of this act are severable.

**SEC. 7. Proponent Standing.**

Notwithstanding any other provision of law, if the State, government agency, or any of its officials fail to defend the constitutionality of this act, following its approval by the voters, any other government employer, the proponent, or in his or her absence, any citizen of this State shall have the authority to intervene in any court action challenging the constitutionality of this act for the purpose of defending its constitutionality, whether such action is in trial court, on appeal, or on discretionary review by the Supreme Court of California or the Supreme Court of the United States. The fees and costs of defending the action shall be a charge on funds appropriated to the Attorney General, which shall be satisfied promptly.
