

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

**CIGARETTE TAX TO FUND HEALTHCARE, TOBACCO USE PREVENTION,
RESEARCH, AND LAW ENFORCEMENT. INITIATIVE CONSTITUTIONAL**

AMENDMENT AND STATUTE. Increases cigarette tax by \$2.00 per pack, with equivalent increase on other tobacco products and electronic cigarettes containing nicotine. Allocates revenues primarily to increase funding for existing healthcare programs; also for tobacco use prevention/control programs, tobacco-related disease research and law enforcement, University of California physician training, dental disease prevention programs, and administration.

Excludes these revenues from Proposition 98 funding requirements. If tax causes decreased tobacco consumption, transfers tax revenues to offset decreases to existing tobacco-funded programs and sales tax revenues. Requires biennial audit. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: **Net increase in excise tax revenues in the range of \$1.1 billion to \$1.6 billion annually by 2017-18, with revenues decreasing slightly in subsequent years. The majority of funds would be used for payments to health care providers. The remaining funds would be used for a variety of specified purposes, including tobacco-related prevention and cessation programs, law enforcement programs, medical research on tobacco-related diseases, and early childhood development programs.** (15-0081.)
