

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

**MANDATES GOVERNMENT-ISSUED IDENTIFICATION TO VOTE AND SOCIAL SECURITY NUMBER TO REGISTER. INITIATIVE CONSTITUTIONAL**

**AMENDMENT.** Changes existing voter laws by requiring: (1) in-person voters to present a government-issued identification card; (2) mail-in voters to provide a government-issued identification card number and signature matching their voter file; and (3) all voters to provide a full Social Security number when they register to vote and to verify existing registrations.

Amends Constitution to require, consistent with existing state and federal laws, that counties maintain accurate voter registration lists. Requires counties to report in-person voting wait times after each election. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: **One-time state and local government costs in the millions of dollars to update voter registrations. Increased annual state and local government costs, potentially in the tens of millions of dollars, to administer elections.**
