

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

REQUIRES GOVERNMENT-ISSUED IDENTIFICATION TO VOTE. INITIATIVE

CONSTITUTIONAL AMENDMENT. Amends California Constitution to:

- Require voters to present driver’s license or other government-issued identification card at polls;
- Require voters to provide a matching signature (as already required by state law) and last three digits of government-issued identification number with mail-in ballot;
- Require counties to maintain accurate voter registration lists (as already required by state and federal law);
- Prohibit counties from mailing ballot if they “obtain information that suggests” a voter no longer resides at registered address; and
- Require counties to report in-person voting wait times after elections.

Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: **One-time state and local government costs in the millions of dollars to prepare for implementation of the measure. Increased annual state and local government costs, potentially in the tens of millions of dollars, to administer elections.**
