

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

**CREATES PROCESS ALLOWING VOTERS TO PROPOSE CONSTITUTIONAL REVISIONS. INITIATIVE CONSTITUTIONAL AMENDMENT AND STATUTE.**

Current law allows voters to propose constitutional amendments, but not constitutional revisions (changes that would substantially alter the California Constitution or California's basic governmental plan), by ballot initiative. Currently, only the Legislature can propose constitutional revisions. This measure:

- allows voters to refer proposed constitutional revisions directly to the Legislature by initiative, and requires the Legislature to take certain actions in response;
- permits the initiative's proponent to participate in the legislative process for the proposed constitutional revision; and
- allows initiatives to propose enhanced compensation for legislators considering the initiative.

Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments: **It is the opinion of the Legislative Analyst and Director of Finance that the measure could result, if it went forward, in substantial net changes in state and local finances.**
