The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

**DECRIMINALIZES PSILOCYBIN MUSHROOMS. AUTHORIZES DISMISSAL OF PRIOR PSILOCYBIN-RELATED CONVICTIONS. INITIATIVE STATUTE.**

Decriminalizes under state law the cultivation, manufacture, processing, production of edible products and extracts, distribution, transportation, possession, storage, consumption, and retail sale of psilocybin mushrooms and the hallucinogenic chemical compounds contained in them. Applies to individuals at least 18 years of age, and to individuals under 18 years of age as prescribed by a doctor. Authorizes dismissal, resentencing, and destruction of records for prior psilocybin-related arrests and convictions. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local governments:  

**One-time state and local court and law enforcement costs in the tens of millions of dollars primarily related to the identification and destruction of arrest and conviction records for psilocybin-related crimes. Reduced costs, not likely to exceed a few million dollars annually, to state and local governments related to enforcing psilocybin-related offenses, handling the related criminal cases in the court system, and incarcerating and supervising psilocybin offenders. Annual state costs to regulate psilocybin businesses, ranging from minimal to the tens of millions of dollars. Some or all of these costs could eventually be partially or fully offset by fee revenue. Potential increase in state and local tax revenues, not likely to exceed a couple million dollars annually.**
