Initiative 09-0103

The Attorney General of California has prepared the following title and summary of the chief purpose and points of the proposed measure:

**EXPANDS TYPES OF CRIMINAL CONDUCT THAT CONSTITUTE HUMAN
TRAFFICKING AND INCREASES CRIMINAL PENALTIES. INITIATIVE STATUTE.**

Expands definition of human trafficking to encompass additional types of criminal conduct, including violating a person's liberty with intent to distribute obscene material, and taking a victim's travel documents to restrict victim's movement. Increases criminal penalties for human trafficking, including longer prison sentences of up to 15-years-to-life and larger fines of up to \$500,000 for certain offenses. Requires assets forfeited due to conviction be used for victim services. Prohibits evidence that victim engaged in sexual conduct from being used against victim. Summary of estimate by Legislative Analyst and Director of Finance of fiscal impact on state and local government: **Potential increased local government costs of up to a few million dollars on a statewide basis due to the new mandatory training requirements for certain law enforcement officers. Unknown but probably minor net fiscal effects for state and local governments from a potential increase in human trafficking arrests and convictions. This would be a negligible percentage increase in state General Fund spending. (09-0103.)**
