  - Deleting language from the California Constitution that permits involuntary servitude as punishment for crime by passing ACA 3 (Kamlager).
  - Repealing Penal Code Section 2700, which states that the California Department of Corrections and Rehabilitation (CDCR) “shall require of every able-bodied prisoner imprisoned in any state prison as many hours of faithful labor in each day and every day during his or her term of imprisonment as shall be prescribed by the rules and regulations of the director of Corrections.”
  - Pass legislation that makes education, substance use and mental health treatment, and rehabilitative programs the first priority for incarcerated people. In addition, allow incarcerated people to make decisions regarding how they will spend their time and which programs and jobs they will do while incarcerated.
  - Require that incarcerated people who are working in prison or jail be paid a fair market rate for their labor.
  - Prohibit for-profit prison companies from operating within the system (i.e. companies that control phone calls, emails, and other communications).
  - Require that any goods or services available for purchase by incarcerated people and their families be provided at the same cost as those goods and services outside of prison.
  - Allow people who are incarcerated to continue to exercise their right to vote.

- Implement a comprehensive reparations scheme, as will be detailed in the Task Force’s Final Report.
- Transmit the Task Force’s Final Report and findings to the President and the Congress with a recommendation that the federal government create a Reparations Commission for African Americans/American Freedmen through statute or executive action.
- Request that the State of California and the U.S. federal government facilitate data disaggregation for Black/African racial groups.

**Racial Terror**
- Make it easier to hold law enforcement officers (including correctional officers) and their employing agencies accountable for unlawful harassment and violence, including 1) a provision overruling the extratextual “specific intent” requirement that California courts have read into the Bane Act; 2) a provision eliminating state law immunities that shield officer misconduct, and explicitly rejecting protections analogous to qualified immunity under federal law; and 3) a provision for additional special damages when the unlawful conduct is shown to be racially motivated.
- Create forms of expression, acknowledgment, and remembrance of the trauma of state-sanctioned white supremacist terror, possibly including memorials, and funding a long-term truth and reconciliation commission.
- Estimate the value of Black-owned businesses and property in California stolen or destroyed through acts of racial terror, distribute this amount back to Black Californians, and make housing grants, zero-interest business and housing loans and grants available to Black Californians.

**Political Disenfranchisement**
- Create forms of acknowledgment and apology for acts of political disenfranchisement.
- Pass legislation that is in alignment of the objectives stated in AB 2576 (Aguiar-Curry) and establish separate funding:

  - to provide state funding and charge the Secretary of State office with making grants to county registrars for programs that integrate voter registration and preregistration with civic education for programs that increase voter registration within the county’s underrepresented communities and high school students.
- Consider legislation to prevent dilution of the Black vote through redistricting.
- Require legislative policy committees to conduct racial impact analyses of all proposed legislation and require the Administration to include a comprehensive

- Reduce arbitrary segregation within California public schools and the resulting harms to Black students at majority-nonwhite under-resourced schools, by creating porous school district boundaries that allow students from neighboring districts to attend.

- Increase the availability of inter-district transfers to increase the critical mass of diverse students at each school so that students are assigned, or able to attend, public schools based on factors independent of their parents’ income level and ability to afford housing in a particular neighborhood or city.

- Provide scholarships for Black high school graduates to cover four years of undergraduate education (similar to the G.I. Bill model) to address specific and ongoing discrimination faced in California schools.
