SUMMARY

Every year, Californians provide generous philanthropic support by donating directly to charities or through their professional fundraisers. The Attorney General has regulatory oversight over professional fundraisers that solicit charitable donations in California.

There are several types¹ of professional fundraisers that are required to register and report with the Attorney General's Registry of Charities and Fundraisers (Registry). One type of fundraiser is a **commercial fundraiser**, which is a person or an entity compensated by a charity to solicit money or property on behalf of the charity. The commercial fundraiser may solicit donations via direct mail, through a website, by going door-to-door, telemarketing, auctions, entertainment events and through the sale of used personal property such as clothing, household items, and vehicles. Commercial fundraisers may be paid either a flat fee or a percentage of the donations collected on the charity's behalf. Commercial fundraisers operating in California are required to register with the Registry and file a Notice of Intent before soliciting donations. For each solicitation campaign conducted, a commercial fundraiser must file an annual financial report that discloses the total revenue raised, expenses incurred, and net amount paid to the charity that hired the fundraiser.

Another type of fundraiser is a **commercial coventurer**, which is typically a for-profit business that gives a portion of its sales to charity. A commercial coventurer includes any person or entity, who for profit, represents to the public that the purchase or use of any products, services, entertainment, or anything of value will benefit a charitable organization or will be used for a charitable purpose. Commercial coventuring can occur even when sales are not involved, such as when a company advertises that use of a good or service will benefit a charity (e.g., a company promises to donate to charity based on the number of social media posts from consumers about the company). Commercial coventurers are subject to the Attorney General's regulatory oversight, and may need to register and file annual reports.

For more information on the registration and reporting requirements of professional fundraisers, please visit our website at oag.ca.gov/charities/pf.

Each year, the Attorney General's Office prepares a Summary Report of solicitation campaigns based solely on the complete annual financial reports filed by commercial fundraisers with the Registry. This year's Summary Report includes information from reports submitted by commercial fundraisers for their solicitation campaigns conducted in calendar year 2023, and received by the Registry before October 25, 2024.

The Summary Report covers reports submitted by commercial fundraisers that raised funds via direct mail, telemarketing, auctions, entertainment events and through thrift store sales.

The Summary Report also covers reports submitted by commercial fundraisers who operate vehicle fundraising programs. These vehicle fundraising programs are administered either directly by a charity² or through a commercial fundraiser. The process of donating a vehicle usually begins when a donor contacts a charity or commercial fundraiser in response to a solicitation campaign. Generally, the vehicle will be accepted for donation unless the cost of towing the vehicle exceeds its value. The donated vehicle is sold and the proceeds are divided between the commercial fundraiser and the charity. The charities usually only receive a marginal amount from the sales proceeds because all costs associated with advertising, towing, storing, and selling the vehicle are deducted from the sale proceeds before any distribution is made to charity. Please note that donors are responsible for

- 1 Fundraising counsels are not included in the Summary Report. Fundraising counsels do not solicit or collect donations on behalf of charitable organizations, and are not required to file annual reports.
- 2 Financial information of vehicle donation programs operated by charities is not included in this report, and can be searched by reviewing the individual charity records found on the [Registry Search Tool](#).

notifying the Department of Motor Vehicles of the vehicle’s transfer of registration and ownership. Failure to transfer registration has subjected many vehicle donors to subsequent expenses incurred after donation, most often as a result of parking violations. Finally, the Summary Report includes information obtained from reports filed by commercial coventurers.

The Attorney General’s Office Enforcement Actions in 2018-2024

From November of 2018 to October of 2024, the Registry issued 553 delinquency letters to commercial fundraisers that failed to meet deadlines for filing financial reports from years 2014 – 2023. The delinquency letters resulted in 882 financial reports being filed, and over \$1 billion in total revenue is now being reported in the 2023 Summary Report that was not reported in the 2022 Summary Report, primarily due to the reporting of EATON VANCE DISTRIBUTORS, INC. campaigns with U.S. CHARITABLE GIFT FUND. Submissions filed in response to the delinquency letters have resulted in more accurate reporting for the 2023 Summary Report.

Administrative enforcement actions have been taken against some commercial fundraisers that failed to comply with delinquency notices. Charities cannot enter into agreements with the below-listed organizations to raise funds in California until the commercial fundraisers resolve the violations that led to the enforcement actions filed by the Attorney General. Here is a list of fundraisers that were refused registration, suspended, or issued cease and desist orders based on the failure to file annual reports.

Some of the Worst Performers Based On a Five-Year Cumulative Review

It is important to note that most of the charities registered with the Registry do not use professional fundraisers to raise funds. Charities that use professional fundraisers should reconsider whether to hire fundraisers that continuously fail to perform over the years. Likewise, donors and grant makers may want to exercise caution in supporting charities that hire fundraisers with poor track records. As mentioned above, the Summary Report is based solely on the financial data provided in the annual reports filed by fundraisers. The annual reports do not inquire about other quantifiable or intangible benefits that ongoing solicitation campaigns may bring, such as new and recurring donors. The table below lists the worst performing professional fundraisers based on a five-year cumulative review of reports filed with the Registry. The Registry staff reviewed the annual revenue and expenses, as reported by the listed fundraisers, to calculate the total losses sustained by the client charities. The below list of fundraisers' campaigns cost more than was brought in revenue to charities for five consecutive years.

2023 Summary Report - Comparison Figures for the Past Five Years of Reporting

The tables below show the revenue raised by professional fundraisers in the last five years, and the percentage of the revenue distributed to charitable organizations. The total revenue reported from general fundraising has decreased over the last three years, with the percentage of revenue to charity dropping to 76.85% in 2023.

The total revenue generated from thrift store operations (cost of goods) hit a benchmark of \$138 million. The total revenue has gradually increased over the last four years, but the percentage to charity has dropped to a 5-year low of 2.60%.

The total revenue generated from commercial coventurer campaigns have been over \$1.2 billion in each of the last five years, with charities receiving a total of approximately \$139.1 million.

Delinquent financial reports are continuously being received so the figures below will be updated with each received report. For more complete information about individual solicitation campaigns³ we recommend that the reader review the attached reports and the financial reports filed by the registrants.

For more information about the percentages paid to charities from their solicitation campaigns operated by their fundraisers, please review the attached reports which provide more focused and individualized information. Below is a brief description and summary of Reports 1 through 6.

Report 1 - Alphabetical Listing of Charitable Organizations: This report lists in alphabetical order charitable organizations that hired commercial fundraisers.

Report 2 - Listing by Percent to Charity in Descending Order: This report lists charitable organizations by amounts raised, in descending order.

- The information reported in Reports 1 and 2 was obtained from 975 complete financial reports, compared to 951 reports reviewed for the 2022 year.
- Commercial fundraisers raised over \$846.7 million in charitable contributions in 2023, a decrease of approximately \$293.9 million over the amount reported in the year 2022. This is due in part to NETWORK FOR GOOD, INC., not filing their 2023 financial report(s) by the required filing deadline.

- From the amount collected, the distribution to charity in 2023 was approximately \$650.7 million, a decrease of approximately \$293.9 million from the amount reported in 2022.
- The average distribution to charity from all campaigns conducted by commercial fundraisers in 2023 was 76.85 percent, a decrease compared to the 2022 average of 84.37 percent.

Report 3 - Thrift Store Operations – Goods Purchased from Charity: This report lists in alphabetical order charitable organizations that solicited donations of used clothing and merchandise (“salvageable personal property”) and sold the property to a for-profit thrift store operator. The name of the for-profit store operator is also listed. **(11 completed reports)**

- For-profit thrift store operators that purchased goods from charities reported total revenue of approximately \$138 million for the 2023 reporting period. Of this amount, approximately \$3.6 million, or 2.60 percent, was paid to charitable organizations. Total revenue increased by approximately 11.8 percent compared to 2022.

Report 4 - Thrift Store Operations – Management/Fee Commission: This report lists the charitable organization that solicited donations of used clothing and merchandise and paid a management fee or commission to a for-profit thrift store operator. The name of the for-profit thrift store operator is also listed. **(1 completed report)**

- The for-profit thrift store operator that was paid a fee or commission by a charity reported total revenue of approximately \$668,292 for the 2023 reporting period, with approximately \$84,000, or 12.6 percent paid to charities.

Report 5 - Vehicle Donation Program: This report lists in alphabetical order charitable organizations that solicited vehicles and paid a management fee or commission to a for-profit reseller. **(351 completed reports)**

- Total revenue for vehicle donations was approximately \$38.1 million, with charities receiving approximately \$23.6 million, or 62.04 percent of the total revenue. The total revenue decreased by approximately \$72.9 million from the amount reported in 2022. The decrease in total revenue is due in part to NATIONAL FUNDRAISING MANAGEMENT, INC., not filing their 2023 financial report(s) by the required filing deadline.

Report 6 - Commercial Coventurer Alphabetical Listing by Charity: This report lists in alphabetical order charitable organizations that solicited donations through the use of a commercial coventurer and for which annual reports were filed with the Registry. Unless exempt under Government Code section 12599.2, subdivision (b), a commercial coventurer is required to register and file annual reports with the Registry.

- Information was obtained from 77 complete financial reports.
- Commercial coventurer campaigns reported total revenue of approximately \$2.7 billion for the 2023 reporting period, an increase of approximately \$1.4 billion over the amount reported in the 2022 year. The increase in total revenue is due in part to the reporting of MORGAN STANLEY INVESTMENT MANAGEMENT INC., which reported \$1.7 billion in total revenue. Also, SUBARU OF AMERICA, INC. was exempt from registering and filing for the 2023 year. The organization had previously reported \$157 million in total revenue during the 2022 year, which if they were not exempt, would have increased commercial coventurer total revenue for the 2023 year.
- Charities received approximately \$26 million in 2023, an increase of approximately \$12.1 million over the amount reported in 2022.

CONCLUSION

The information contained in the Attorney General’s Summary of Charitable Solicitation Campaigns Conducted by Commercial Fundraisers and Commercial Coventurers is derived from unaudited reports filed by fundraisers. The filed reports should be consulted for more complete information regarding each solicitation campaign.

This Summary Report and the annual financial reports filed by commercial fundraisers, as well as commercial coventurers, for each solicitation campaign are available on the Attorney General’s website at <https://oag.ca.gov/charities>. The Attorney General has also published the [Guide for Charities](#) which contains information on hiring fundraisers.

The Attorney General has also provided useful donor tips at <https://oag.ca.gov/donations>.

REPORT 1

Alphabetical Listing, by Name of Charitable Organization, the Contracted with a Commercial Fundraiser

This report lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf. For each campaign, the report lists the name of the charity, name of the commercial fundraiser used, total revenue raised by the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

REPORT 2

Listing by Percent to Charity in Decending Order

This report lists each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf and ranks them by percentage of revenue the charity received from each campaign.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser. The campaigns with over 100% “To Charity” may reflect refunds to charitable organizations for services that were paid for in a previous year but not provided due to the COVID pandemic.

REPORT 3

Thrift Store Operations Cost of Goods Purchased from Charity

For-profit thrift stores purchase a majority of goods sold in their thrift stores from charities or social welfare organizations at negotiated prices. For-profit thrift stores are listed in this report. The amounts reported are what they raised in sales and the amount that was paid to charity for the salvageable goods sold.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

Thrift Store Operations Management/Commission Fee

Charities operate thrift stores by using commercial fundraisers to manage the stores. Commercial fundraiser receive either a management fee or commission to operate the thrift store. This report is for the nonprofit stores that are managed by commercial fundraisers. The amounts reported are what they raised selling salvageable goods and the amount that the charity netted from the sale after the commercial fundraiser was paid its management or commission.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

Vehicle Donations

Alphabetical Listing by Charitable Organization

This report lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to solicit donated vehicles on the charity's behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser, total revenue raised from the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the "To Charity" column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser
