SUMMARY

Every year, Californians provide generous philanthropic support by donating directly to charities or through their professional fundraisers. The Attorney General's Office has regulatory oversight over professional fundraisers that solicit charitable donations in California.

There are several types¹ of professional fundraisers that are required to register and report with the Attorney General's Office Registry of Charities and Fundraisers (Registry). One type of fundraiser is a **commercial fundraiser**, which is a person or an entity compensated by a charity to solicit money or property on behalf of the charity. The commercial fundraiser may solicit donations via direct mail, through a website, by going door-to-door, telemarketing, auctions, entertainment events and through the sale of used personal property such as clothing, household items, and vehicles. Commercial fundraisers may be paid either a flat fee or a percentage of the donations collected on the charity's behalf. Commercial fundraisers operating in California are required to register with the Registry and file a Notice of Intent before soliciting donations. For each solicitation campaign conducted, a commercial fundraiser must file an annual financial report that discloses the total revenue raised, expenses incurred, and net amount paid to the charity that hired the fundraiser.

Another type of fundraiser is a **commercial coventurer**, which is typically a for-profit business that gives a portion of its sales to charity. A commercial coventurer includes any person or entity, who for profit, represents to the public that the purchase or use of any products, services, entertainment, or anything of value will benefit a charitable organization or will be used for a charitable purpose. Commercial coventuring can occur even when sales are not involved, such as when a company advertises that use of a good or service will benefit a charity (e.g., a company promises to donate to charity based on the number of social media posts from consumers about the company). Commercial coventurers are subject to the Attorney General's Office regulatory oversight, and may need to register and file annual reports.

For more information on the registration and reporting requirements of professional fundraisers, please visit our website at oag.ca.gov/charities/pf.

Each year, the Attorney General's Office prepares a Summary Report of solicitation campaigns based solely on the complete annual financial reports filed by commercial fundraisers with the Registry. This year's Summary Report includes information from reports submitted by commercial fundraisers for their solicitation campaigns conducted in calendar year 2024, and received by the Registry before October 31, 2025.

The Summary Report covers reports submitted by commercial fundraisers that raised funds via direct mail, telemarketing, auctions, entertainment events and through thrift store sales.

The Summary Report also covers reports submitted by commercial fundraisers who operate vehicle fundraising programs. These vehicle fundraising programs are administered either directly by a charity² or through a commercial fundraiser. The process of donating a vehicle usually begins when a donor contacts a charity or commercial fundraiser in response to a solicitation campaign. Generally, the vehicle will be accepted for donation unless the cost of towing the vehicle exceeds its value. The donated vehicle is sold and the proceeds are divided between the commercial fundraiser and the charity. The charities usually only receive a marginal amount from the sales proceeds because all costs associated with advertising, towing, storing, and selling the vehicle are deducted from the sale proceeds before any distribution is made to charity. Please note that donors are responsible for notifying the Department of Motor Vehicles of the vehicle's transfer of registration and ownership. Failure to transfer registration has subjected many vehicle donors to subsequent expenses incurred

¹ Fundraising counsels are not included in the Summary Report. Fundraising counsels do not solicit or collect donations on behalf of charitable organizations, and are not required to file annual reports.

² Financial information of vehicle donation programs operated by charities is not included in this report, and can be searched by reviewing the individual charity records found on the [Registry Search Tool](#).

after donation, most often as a result of parking violations. Finally, the Summary Report includes information obtained from reports filed by commercial coventurers.

The Attorney General’s Office Enforcement Actions in 2018-2025

From November of 2018 to October of 2025, the Registry issued 596 delinquency letters to commercial fundraisers that failed to meet deadlines for filing financial reports for the past 10 years, from years 2014 – 2024. The delinquency letters resulted in 946 financial reports being filed, and over \$1 billion in total revenue is now being reported in the 2024 Summary Report that was not reported in the 2022 Summary Report.³ Submissions filed in response to the delinquency letters have resulted in more accurate reporting for the 2024 Summary Report.

Administrative enforcement actions have been taken against some commercial fundraisers that failed to comply with delinquency notices. Charities cannot enter into agreements with the below-listed organizations to raise funds in California until the commercial fundraisers resolve the violations that led to the enforcement actions filed by the Attorney General’s Office. Here is a list of fundraisers that were refused registration, suspended, or issued cease and desist orders based on the failure to file annual reports.

Professional Fundraisers Who Have Provided the Least to Charities Based On a Five-Year Cumulative Review

It is important to note that most of the charities registered with the Registry do not use professional fundraisers to raise funds. Charities that use professional fundraisers should reconsider whether to hire fundraisers that continuously fail to perform over the years. Likewise, donors and grant makers may want to exercise caution in supporting charities that hire fundraisers with poor track records. As mentioned above, the Summary Report is based solely on the financial data provided in the annual reports filed by fundraisers. The annual reports do not inquire about other quantifiable or intangible benefits that ongoing solicitation campaigns may bring, such as new and recurring donors. The table below lists the professional fundraisers who are providing less to charities based on a five-year cumulative review of reports filed with the Registry. The negative amount to charities refers to those campaigns where the expenses of the campaigns were greater than the amount of revenue generated for the charities. The Registry staff reviewed the annual revenue and expenses, as reported by the listed fundraisers, to calculate the total losses sustained by the client charities. The below list of fundraisers' campaigns cost more than was brought in revenue to charities for five consecutive years.

REPORT 2

Listing by Percent to Charity in Decending Order

This report lists each charitable organization that contracted with a commercial fundraiser to conduct one or more solicitation campaigns on its behalf and ranks them by percentage of revenue the charity received from each campaign.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser. The campaigns with over 100% “To Charity” may reflect refunds to charitable organizations for services that were paid for in a previous year but not provided due to the COVID pandemic.

REPORT 3

Thrift Store Operations Cost of Goods Purchased from Charity

For-profit thrift stores purchase a majority of goods sold in their thrift stores from charities or social welfare organizations at negotiated prices. For-profit thrift stores are listed in this report. The amounts reported are what they raised in sales and the amount that was paid to charity for the salvageable goods sold.

Note: Negative amounts in the “To Charity” column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser.

Alphabetical Listing by Charitable Organization

This report lists, in alphabetical order, each charitable organization that contracted with a commercial fundraiser to solicit donated vehicles on the charity's behalf. For each campaign, the table lists the name of the charity, name of the commercial fundraiser, total revenue raised from the campaign, total revenue to charity, and percentage of revenue that the charity received.

Note: Negative amounts in the "To Charity" column indicate the campaign raised less than the commercial fundraiser fee guaranteed in the contract between the charity and the fundraiser
