Match Play Coupon Promotion
Free Play Chip(s)

2. Name each controlled game that is associated with this gaming activity.

All Bureau approved California Games.

3. Describe any jackpot or any other type of prize awarded.

The Aviator Casino will offer match play coupons and/or free play chips which will have a value ranging from \$5 to \$500 for each coupon or chip.

Players may not exchange match play coupons for live chips or give them to another player. They will only be redeemed after having been played and verified by Casino personnel.

4. If a cash prize is involved, is the amount of the prize progressive (increases) or a fixed amount?

The prize is a fixed amount.

5. Explain if the gaming activity is house funded or player funded.

This gaming activity is house funded.

6. Describe any special fee collection involved in this gaming activity, for example, a jackpot fee collection.

No additional fees will be collected.

7. Describe how the jackpot will be seeded and how any prizes will be awarded.

“Match Play Coupon”

The Casino will offer match play coupons having a face value from \$5 to \$500 per coupon. The amount will be clearly stated on the coupon. Patrons are awarded match play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. When a patron receives a coupon he/she may use it in any of the controlled games listed above. Each coupon will state the specific qualifying game(s) that the voucher may be used on.

EXAMPLE: A person receives a match play voucher with a value of \$5.00 that specifically states it may be used to place a wager on the Pai Gow Poker table. The person would place the voucher on the gaming table; place a bet that matches the amount on the voucher, and pay the posted collection (if applicable) for a single hand of play. If the player wins the hand, he/she will receive \$10.00 just as if they had placed a \$10.00 bet and the player/dealer will collect the voucher. The player/dealer will then have a key employee sign the voucher verifying that it has been won. All winning vouchers are verified and signed by a key employee. Winning vouchers are taken to the cage by the key employee, logged, and exchanged for the value listed on the coupon(s). If a player loses, the money part of the

wager is collected by the player/dealer, and the voucher is voided and collected as well. If the player pushes (receives no action), the voucher may be played again until the player wins or loses a hand.

“Free Play Chip(s)”

The Casino will offer free play chips having a face value from \$5.00 to \$500.00 per chip. The chips are used in live games exactly like regular chips, the difference being that they cannot be exchanged for cash.

The free play chips are initially in the form of a coupon, which will be offered to all patrons that wish to come into the Casino and use them to play. Patrons may be awarded free play coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. When a patron receives a free play coupon he/she shall take the coupon to the cage for verification, logging, and redemption of the free play chip(s) to be used in a live game. Each coupon will state the specific qualifying game(s) that the free play chip(s) may be used on.

Promotional chips are used as the player’s bet and placed on the betting circle. Promotional chips are never taken into the dealer’s tray, nor are they ever paid from the dealer’s tray.

EXAMPLE: A person receives a free play chip coupon for \$10.00 that specifically states it can be used to place a wager on the Pure 21.5 Blackjack table. The player would take the coupon to the cage. Cage personnel would log the redemption code of the coupon and exchange the coupon for a promotional free play chip. The player would then place the free play chip on the gaming table, pay the posted collection (if applicable), and the game would play. If the player wins the hand, he/she would be paid \$10.00 by the person in the player/dealer position just as if he/she had placed a \$10 bet. The free play chip will be collected by the person in the player/dealer position. The player/dealer will then have a key employee verify that the chip has been played. All played free play chips are verified by a key employee. The free play chip is taken to the cage by a key employee, logged, and exchanged for the value listed on the chip. If the player loses the hand, the free play chip is forfeited and will be collected by the casino dealer and dropped in the drop box for accounting purposes. If the player pushes (receives no action), the chip may be played again until the player wins or loses a hand.

8. Explain any prize distribution including prizes given to the winner, loser, or any other player or patron.

If a player wins a hand on a base game where they have played a match play coupon or free play chip, he/she will be awarded 100% of the face value on the coupon or chip.

9. Explain any re-seeding of the fund once the prize is won.

Once the original seeded amount is depleted the funds may be re-seeded by the Casino. Appropriate records will be kept and available for inspection as required by law.

10. Explain any minimum or maximum number of players required to be dealt into the game for the table to be eligible for the gaming activity and prize.

One player minimum and no maximum number of players.

APPLICATION FOR GAMING ACTIVITY REVIEW

Jackpots, Cashpots, Bonuses, Promotions, etc.

Section III:

1. Name of Proposed Gaming Activity:

Promotional Drawing.

2. Name each controlled game that is associated with this gaming activity:

All approved games.

3. Describe any jackpot or any other type of prize awarded:

The Aviator Casino will award tickets to any patron that is seated in a pre-designated and determined game and table. These tickets will be stored in a barrel or other suitable non-electronic randomizer for purposes of determining a winner at a pre-designated time and date. Prizes will range in value from \$10 to \$10,000.

This prize may also be in the form of food, prizes or merchandise, tournament entries, on the condition that it was designated as such prior to the commencement of the promotion.

4. If a cash prize is involved, is the amount of the prize progressive (increases) or a fixed amount?

Fixed amount.

5. Explain if the gaming activity is house funded or player funded.

House funded.

6. Describe any special fee collection involved in this gaming activity, for example, a jackpot fee collection.

No additional fees.

7. Describe how the jackpot will be seeded and how any prizes will be awarded.

All prizes will be awarded by The Aviator Casino.

Tickets indicating all table and seat numbers in the Casino will be placed in a non-electronic randomizing barrel or other suitable container. An appropriate employee of the casino (Key Employee or under the supervision of a Key Employee) will draw a ticket at the pre-designated drawing time. The winning table and seat number will win 100% of the prize listed. In the event that an empty table or seat is drawn, another draw will take place immediately and will continue until a winner is chosen.

Customers must be present to win. A customer who is not present in his seat at the time of the drawing will result in a second drawing to determine a winner. The winning table and seat will be announced at a minimum of three (3) times. In the event that a player still has not claimed his winning ticket, the player will have 30 seconds to make him or herself present before their ticket will be removed from contention.

Customers are not eligible to win if they have missed blind buttons, or if they were not dealt in on the hand immediately prior to the announcement of the drawing. Tournament game tables are not eligible for this gaming activity. Casino employees are not eligible to participate in the promotion at any time. A Third Party Provider of Proposition Player Services (TPPPPS) is not eligible to participate in this gaming activity, regardless of whether that player is in the player-dealer position or a player position. If a TPPPPS is occupying a lucky seat, another ticket shall be drawn immediately.

The Aviator Casino may also offer this promotion with the time frames unlisted to the public. In the event that this option is chosen, the casino will have the exact times for the drawing on a card and time stamped prior to commencement of the promotion. The public will always know the amount of drawings that are to take place, but not the exact times. Only Key Employees are privy to the drawing times. This card must be adhered to with utmost accuracy and is subject for DOJ inspection at any point. At the end of the promotional period, any customer may request to see that the drawing times on the card were followed accurately.

Example: The Aviator Casino decides to offer this promotion between the hours of 2p and 10p. On all applicable advertisements, the casino states that twenty (20) secret giveaways will take place during this time period. The qualification to be eligible is to be in a seat playing when the time comes for the drawing. On a card in the Key Employee's pocket, it shows drawing times of 2:15p, 2:34p, etc. This card will be time stamped to indicate that the times were determined prior to the promotion. Without this option, players will sit down at the exact time of the drawing and then get up once the drawing is over, thereby ceasing play (and revenue) immediately.

8. Explain any prize distribution including prizes given to the winner, loser, or any other player or patron.

Players with the corresponding winning ticket will receive 100% of the listed prize.

9. Explain any re-seeding of the fund once the prize is won.

All prizes are house funded and paid by The Aviator Casino.

10. Explain any minimum or maximum number of players required to be dealt into the game for the table to be eligible for the gaming activity and prize.

No minimum or maximum other than the same as required to participate in the base game.

11. Explain if the house is retaining any administrative or any other type of fee for operating the gaming activity.

N/A.

12. Describe any opportunity(s) for a person to play for the prize without placing any live wagers or paying any table fees.

All customers are able to play for the listed prize amount by way of No Purchase Necessary (NPN) rules. For all approved poker games, a player wishing to play for NPN will be seated at a designated NPN table and a dealer will be assigned to deal the requested game by the patron. The patron will choose a seat and the dealer will deal a full handed game with all cards being delivered face up. If the patron's table and seat number are drawn, they will be awarded 100% of the posted prize. There is no collection taken, nor wagers of any kind, and the patron may play for as long as they wish with no restrictions.

13. Provide copies of any published/proposed promotion or advertisement literature.

None at present, pending approval.

14. Identify any entity or person other than those licensed as the house involved in the gaming activity.

N/A.

15. Describe the type of table and equipment utilized for the gaming activity.

No additional equipment is required other than what is required to run the base game. Additional equipment will consist of a barrel, drum or other suitable non-electronic randomizer. Also, tickets will be created indicating specific tables and seats.

There are no restrictions on the number of players required to be playing in a Poker and/or California game in order for players to be eligible to participate.

- Three Card Poker 6 Card Bonus (GEGA-002119)

Rules of Play

1. To begin each round, players must make their regular base game wager. They may optionally place any bonus bet wagers along with the jackpot fee of \$1.00. A minimum of two players are required to play for the progressive jackpot.
2. "Hockey Puck" discs will be attached to the table in front of each betting position. These discs have a sensor and will detect when a casino chip is placed on them. Players must place the optional jackpot fee on the sensor. The sensor will then light up.
3. Once all players place their bets and/or jackpot fee, the house dealer will press "Coin In" on the keypad. The sensors will then light up, indicating participation in the progressive jackpot. The house dealer will then remove all jackpot fees from the table. The jackpot fees are dropped in a separate and locked jackpot collection box affixed to the left side of the gaming table.
4. The electronic software and digital reader related to and used in conjunction with this jackpot, which is used on each table eligible for this jackpot, has been tested, approved, and certified by the Gaming Laboratories International, LLC (GLI).
5. The house dealer then follows standard approved procedures for dealing the base game.

Qualifying Hands

When a player is dealt a ace, king, queen, of the same suit, they are paid from the progressive jackpot shown on the progressive meter. Any straight flush, a hand that consists of three cards of the same suit in consecutive ranking, other than ace, king and queen, receives a fixed prize amount according to the pay table below.

Hand	Payout/Prize	Envy Payout/Prize
Ace, king, queen of the same suit	100% of Posted Prize	\$100
Straight flush	\$100	\$0

Envy Bonus:

- A player paying the \$1.00 jackpot fee also qualifies to win an envy payout. If another player at the table hits a hand associated with an envy pay, all other players who paid the \$1.00 jackpot fee win the envy pay. The player hitting the hand received the normal prize pay only, but does NOT receive the envy pay.
- If a player's hand triggers an envy payout, the house dealer will leave the hand face-up on the layout; otherwise, the dealer will lock up the cards. The dealer will then move on to the next player.
- The house dealer pays any envy bonuses at the end of the round. In the event that more than one player is involved in a qualifying envy pay, then all players win multiple envy payouts.

Eligibility Requirements

The eligibility requirements are as follows:

- Back-line betting is not permitted in this game.
- In the event that during a round of play, two or more players have qualifying hands, each player will receive the posted prize amount for their designated hand.
- Casino employees are eligible for the Three Card Poker prize only when off duty.
- A Third-Party Provider of Proposition Player Services (TPPPS) is not eligible to place a jackpot collection fee and become eligible for the Three Card Poker Progressive gaming activity when either in the player-dealer or player capacity.

Prize Amount

Progressive Prize

- When a player is dealt a ace, king and queen, of the same suit, they are paid from the progressive jackpot shown on the progressive meter.
- All other hands are paid from the reserve fund. They do not get deducted from the amount shown on the meter.
- In the event there is more than one progressive winner at the same time, the winning players will split the posted progressive prize.
- When a player has a progressive winner, the dealer shall press the appropriate hand button on the keypad.
- The house dealer shall then contact the floor person.

- Once the casino verifies the progressive win, the floor person shall insert the key and rotate it to “JPH” and then press “J-pot” button. This records the win onto the Game Manager. House procedures are then followed for paying the prize.
- Returning the key to the “Run” position will restore normal operation of the table, and adjust the meter appropriately for the prize won.
- When the house dealer reconciles all action (on behalf of the player/dealer), he/she presses “Game Over.” This resets the system to begin the next hand.
- Once the “J-pot” button is pressed, the prize is logged into Game Manager.

Fixed Prize

- When a player is dealt a straight flush, they are paid a fixed prize amount according to the payout table above.
- All fixed payouts will be paid by a Casino floor person. Once the proper paperwork has been filled out, the floor person will pay the winner(s) in casino chips. The payouts will not be made from the Casino dealer’s tray. All fixed payouts will be deducted from the amount in the reserve fund. If there is a shortfall the casino will cover the payout.
- All monies collected and paid out shall be tracked both electronically and on a hand written log that will be maintained for examination by regulatory and law enforcement personnel.

Funding

The Casino will initially seed the jackpot at \$1,000. Once there are sufficient monies in the Three Card Poker jackpot fund, the initial \$1,000 will be reimbursed to the Casino.

Each \$1.00 jackpot fee paid by a player will be broken down as follows:

- \$0.31 will be immediately posted on the meter.
