**Summary of Expenditures for Funds Received By the California Healthcare, Research and Prevention Tobacco Tax Act Of 2016**

The California Healthcare, Research and Prevention Tobacco Tax Act of 2016 (Proposition 56, codified at Article 2.5 of the Revenue & Taxation Code) provides state and local agencies with funding to promote a healthier California by reducing illegal sales and marketing of cigarettes and tobacco products to minors.

Approved by voters in 2016, Proposition 56 increased taxes on cigarettes and other tobacco products by \$2.00 starting in April 2017. Of the resulting tax revenue, Proposition 56 provides \$30 million<sup>1</sup> is appropriated annually to the Department of Justice (Department) to be granted through reimbursement to public agencies within California to fund efforts to prevent or reduce the illegal sales and/or marketing of cigarettes and tobacco products to minors and youth. (See Revenue & Taxation Code Sec. 30130.57(e)(1).) These grants to local agencies – referred to as *Local Assistance* in the chart below – are awarded for the purpose of enforcing state laws and local ordinances relating to the illegal sales and/or marketing of tobacco products, and increasing investigative activities and compliance checks of tobacco retailers and online services that deliver tobacco products.

(See Revenue & Taxation Code Sec. 30130.57(e)(4).)
