Eligibility Requirements

This gaming activity shall be open to all players who are seated and playing at an above listed controlled game during the pre-determined and specified hours designated and posted for the gaming activity.

- In order to qualify for the jackpot, the winning and losing hands must use both cards dealt to them at the beginning of the game, referred to as “hole” cards, and three cards that have been dealt on the table by the house dealer, referred to as “community” or “board” cards.
- Players with qualifying winning and losing hands must play through the final betting round, which is after “the river,” in order to qualify for the jackpot. If a player with one of the qualifying hands folds prior to the final betting round, the table will be in-eligible for the jackpot.
- When a qualifying hand is announced, a floor person shall verify that both hands qualify. Any deviation from a standard deck will nullify the jackpot.
- Four or more players are required to be dealt in during a Texas Hold'em game in order for players to be eligible and the tables to qualify for the Bad Beat Jackpot prize amount and room share percentage, as well as for a \$1 jackpot collection fee to be dropped. If there are three or less players dealt in during a Texas Hold'em

game, the table shall be in-eligible for the Bad Beat Jackpot and the \$1 jackpot collection fee shall not be dropped.

- Casino employees are eligible to participate and win the jackpot at any time.
- All procedures, times, qualifying hands, and prize amounts shall be displayed prominently at all times the Bad Beat Jackpot is being offered for play via any form of advertising that the Marina Club wishes to use, including but not limited to printed flyers, digital display, the Club's website, etc.

During all Texas Hold'em games, a \$1 jackpot collection fee shall be taken from the pot, which is in addition to the house collection fee. The amount collected during a day shall be posted the next day and shall be divided, at the Casino's discretion, between the main and back-up jackpot prize pools. The Marina Club shall initially seed the main jackpot prize pool in the amount of \$500. Once the back-up jackpot prize pool reaches an amount of \$10,000, the Marina Club shall be re-reimbursed \$500 from the back-up jackpot prize pool for initially seeding the main jackpot prize pool. The main jackpot prize pool shall have no cap and shall continue to progress until won. The back-up jackpot prize pool shall have no cap and shall continue to progress indefinitely. When the winning and losing qualifying jackpot hands are made, the posted main jackpot prize shall be awarded. The main jackpot shall then be re-seeded from the back-up jackpot prize pool in an amount ranging between \$500 and \$10,000. It shall then progress according to the rules above. The jackpot collection fees shall be kept in separate drop boxes apart from the regular table collection fees. In all instances, patrons shall be provided with ample advance notice of the jackpot prize amount, including the amount in both the main jackpot prize pool and the back-up jackpot prize pool, as well as, how much they increased by daily. Furthermore, it shall be displayed prominently within the Marina Club at all times that the Bad Beat Jackpot is being offered.

BASE GAME RULES

Texas Hold-em is a community card poker game that is played with a standard 52-card deck. The game starts to the left of the dealer button. The blind bet(s) are made from the position(s) left of the dealer button and are forced bets which must be made before the cards are dealt. Two cards (hole cards) are dealt to each player, one at a time, face down, in rotation. This is followed by the first round of betting. A player may check, bet, call, raise or fold.

Three cards (the flop) are then dealt face up in the middle of the table as community cards (board cards) and the second round of betting occurs. The fourth community card is dealt face up (the turn), followed by the third round of betting. The final community card (the river) is dealt face up and followed by the fourth (final) round of betting.

At the showdown, each player may use any combination of the hole cards and community cards, or may play the board and use no hole cards to make the highest ranking five-card poker hand. The player with the highest ranking five-card poker hand wins the pot. In the event of a tie, the pot is split equally.
