Object and Summary

The Bad Beat Jackpot features a progressive jackpot prize. A prize is awarded to active players participating in any of the above controlled games when a designated qualifying hand is beaten by a better hand. When a designated qualifying hand is beaten by a better hand, the house dealer will inform a Casino representative. The Casino representative will verify both hands via video surveillance. Once the winning and losing hands are confirmed by video surveillance, those players with the qualifying jackpot hands shall receive the posted percentage of the jackpot prize amount immediately from the cage by the Casino representative.

Also, the table where the Bad Beat Jackpot is made at shall be eligible for a posted percentage of the jackpot prize, referred to as the table share. The jackpot prize shall be evenly distributed among all other players participating at the table at the time the jackpot is hit. If the share of odd amounts is less than a dollar, then they are paid in coin.

Outlaws Card Parlour will utilize a white board to display the prize amounts, days and times of the promotion.
