Object and Summary

Patrons are awarded Free Play Coupons or Match Play Coupons via advertisements in magazines, websites, mailing advertisements, winning a Bureau approved promotion, winning or signing up for a Bureau approved tournament, etc. Players who receive a Free Play Coupon or Match Play Coupon will be eligible to win the specific amount on the chip and/or coupon.

Free Play Coupons

The Free Play Coupons are used in live games exactly like regular chips, the difference being they cannot be exchanged for cash. The coupons may be in the form of a printed voucher or a designated no cash value chip. Free Play Coupons shall always initially be in the form of a coupon, which shall be offered to all patrons that wish to come to the Casino and use them to play. When a patron receives a Free Play Coupon he or she shall take the coupon to the cage for verification, logging, and redemption of the Free Play Chip(s) or Coupon(s) to be used in a live game. Free Play Coupons shall be used as the player's wager on the betting circle. Free Play Coupons shall not be taken into the house dealer's tray, nor shall they be paid from the house dealer's tray.

A player will use a Free Play Coupon to place a wager on an eligible game to try and win a hand.

- If a player uses a Free Play Coupon and wins his or her hand, the player will receive the value of the Free Play Coupon in live chips, paid by the player-dealer. The Free Play Coupon shall be collected by the house dealer and given to a key employee. The key employee shall take the Free Play Coupon to the cage to be logged and exchanged. The Free Play Coupon value in live chips shall be brought back and reimbursed to the player-dealer.

Asian Games Coupon

Example: The player would place the \$5 Free Play Coupon on the gaming table, pay the posted collection fee (if applicable) and the game would play. If the player wins the hand, the person in the player-dealer position would pay him/her the \$5 just as if they placed a \$5 wager with a live cash-value chip. The Free Play Coupon will then be collected by the house dealer and given to a key employee. The key employee shall take the \$5 Free Play Coupon to the cage to be logged and exchanged for \$5 in live chips, and brought back to the player-dealer.

- If a player uses a Free Play Coupon and loses his or her hand, the player will only lose the Free Play Coupon. The Free Play Coupon will be collected by the house dealer and given to a key employee. The key employee will verify it has been used and lost by the player. He or she shall void the coupon and take it to the cage.

Example: The player would place a \$5 Free Play Coupon on the gaming table, pay the posted collection fee (if applicable) and the game would play. If the player loses the hand, the house dealer shall collect the Free Play Coupon and shall give the Free Play Coupon to a key employee to be voided.

- If a player uses a Free Play Coupon and pushes his or her hand, the player will retain the Free Play Coupon to be used again until he or she wins or loses.

Match Play Coupon

Match Play Coupons shall always be in the form of a coupon, which shall be offered to all patrons that wish to come to the Casino and use them to play. A player shall take a Match Play Coupon to an eligible game and place a wager that equals the amount on the coupon. Match Play Coupons shall not be taken into the house dealer's tray, nor shall they be paid from the house dealer's tray.

- If a player uses a Match Play Coupon and wins his or her hand, the player will receive the combined value of the Match Play Coupon and the equal wager placed by the player, paid by the player-dealer. The house dealer shall have a key employee sign the voucher verifying the coupon has been used. The Match Play Coupon will be taken to the cage to be logged and exchanged for live chips. The live chips will be brought back to the player-dealer.

Example: The player would place a \$5 Match Play Coupon and an equal wager of \$5 in live chips on the gaming table. If the player wins his or her hand, he or she will receive \$10 from the player-dealer just as if they placed a \$10 bet. The coupon will be collected by the house dealer and shall be verified and signed by a key employee. The key employee will log and exchange the coupon at the cage and return its value in live chips to the player-dealer.

- If a player uses a Match Play Coupon and loses his or her hand, the player will lose the Match Play Coupon as well as their equal live chip wager. The player-dealer shall be paid the live chip wager of the bet. The Match Play Coupon will be collected by the house dealer and given to a key employee. The key employee will verify it has been used and lost by the player. He or she shall void the coupon.

The Bicycle Casino's

Bonus Poker Jackpots

SUMMARY OF THE GAME

Based on customer demand and industry trends, The Bicycle Casino proposes to add an additional bad-beat qualifying prize hand to the existing Jackpot element in Poker games. This additional hand combination will generate additional prizes without additional cost to the poker players. The Bicycle Casino will continue to offer the current Poker Jackpot games as they were approved by the Division of Gambling Control (Division) in January 2002, and modified on October 2 and October 24, 2002. The Bicycle Casino reserves the right to change the designated hands currently offered in the Poker Jackpot bad-beat hands to one of the variations listed in this proposal.

The Bicycle Casino will provide ample advance notice to the Division in writing as to anticipated changes in the designated hands for the existing bad-beat Qualifying Hands. The Bicycle Casino will not deviate from the proposed Qualifying Hands listed in this proposal. The Bicycle Casino will provide ample notice to the patrons via flyers, and the electronic Jackpot Prize Board which has a scrolling message display, of any changes to the Qualifying Hands.

The additional Jackpot element will be funded by the existing Jackpot Fund. No additional collections or fees will be required. The existing Jackpot Fund is generated by a fixed, per hand table fee, previously approved by the Division.

Players may qualify for any Jackpot Prize without paying a fee or other consideration by participating at a demonstration table where there is no live wagering, no fee or Jackpot Collection, or other consideration ("No Purchase Necessary").

THE PRIZE

During posted times, the Bonus Poker Jackpot Prize will be awarded when one player at a designated game obtains a specified Qualifying Hand but loses to a player who obtains a better specified Qualifying Hand. The Bicycle Casino will advertise the Bonus Jackpot Prize throughout the Poker section as well as with flyers and on the electronic Jackpot Prize Board. The Bicycle Casino may infuse the Bonus Poker Jackpot Prize by multiples (i.e. 2x, 3 xs, etc.) during designated hours. The postings of the available Bonus Poker Jackpot Prize will be updated as it increases or decreases or is awarded. The postings will be immediately updated so players will have ample and current notice of the available Bonus Poker Jackpot Prize.

When players obtain the Qualifying Hands for the Bonus Poker Jackpot Prize, and claim the same, the hand will be verified in the same manner that the current Poker Jackpot Hand is verified by casino personnel. This includes physical verification by The Bicycle Casino dealer, floorperson, and/or supervisor. Surveillance cameras will be utilized to ensure all employees and customers have followed the required rules and procedures. The winning player's identification will be obtained and all required paperwork will be completed prior to the payout of the Bonus

Poker Jackpot Prize. The Bicycle Casino will record all winnings as part of the Bonus Poker Jackpot Prize accounting records.

After a winning hand is confirmed, the player who lost with a designated Qualifying Hand will be awarded a fixed prize, as will the player who won with a designated Qualifying Hand. The fixed Jackpot Prize may be cash, merchandise, and/or tournament entries which will be selected prior to advertising the Bonus Poker Jackpot Prize. A fixed Jackpot Prize will also be awarded among all other players at the table who have made a wager and paid a table collection fee for that particular hand. In the very unlikely event that two (2) players achieve a Qualifying Hand in the same round of play, only the highest two ranking hands will qualify. The remaining players will still share a fixed Jackpot Prize.

The Bicycle Casino reserves the right to inspect all purported Qualifying Hands and to refuse payment of a Bonus Poker Jackpot Prize in the event that it is determined that proper rules and procedures were not followed and/or cheating occurred. The Bicycle Casino will maintain records, including video surveillance, of all instances where a Bonus Poker Jackpot Prize was not paid, for the purposes of future Division and/or law enforcement review.

FUNDING

The fixed Jackpot Prize will be funded by the same Jackpot Fund that is used for Poker Jackpot Prizes currently available at The Bicycle Casino. The Jackpot Collection will not change from the current rate, nor will an additional rate be implemented for this proposal. In no way is the collection rate based on a percentage of the amount wagered in a game. There will be no additional cost to the poker customers. The Jackpot Collection is determined and posted prior to the start of each designated game. The amount of the collection is clearly displayed on each table where the Jackpot element is offered as well as in brochures and flyers.

The Bicycle Casino may provide initial seeding of the Bonus Poker Jackpot Prize and may from time to time provide additional infusions of money to add to the size of the Bonus Poker Jackpot Prize as well as to the excitement of the game.

NO PURCHASE NECESSARY PROCEDURES

The Bonus Poker Jackpot Prize will be offered to customers who wish to participate for free, on a general and indiscriminate basis. The Bicycle Casino will offer a demonstration table for all customers requesting to participate for the Bonus Poker Jackpot Prize without requiring them to pay a table fee, Jackpot Collection or any type of consideration. There will be no live wagers at these tables. Participants in the no purchase necessary tables will be eligible to win their portion of the Bonus Poker Jackpot Prize if they receive the Qualifying Hand. The remainder of the Bonus Poker Jackpot Prize will remain in the Jackpot Fund.

As in other Jackpot games, in the event that only one patron requests to participate at a demonstration table for no purchase necessary, The Bicycle Casino dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive a designated Qualifying Hand. The

dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a no purchase necessary game.

FLAT ADMINISTRATIVE FEE

The Bicycle Casino will retain a flat administrative fee from the Jackpot Fund based on the number of table hours played in the Jackpot Poker Games. This fee will be predetermined and accounted for. The fee is not based on the amount of money in the Jackpot Fund. The fee will take into consideration market conditions and the administrative cost of operating and administering the Jackpot Fund. The Bicycle Casino has currently determined the administrative fee will be in the range of \$2.00 to \$6.00 per table hour for Poker Jackpot games. This is the same administrative fee that has been previously approved by the Division. The Bicycle Casino does not anticipate any change in the fee at this time. There is no additional fee for the Bonus Poker Jackpot promotion.

ELIGIBILITY FOR THE JACKPOT PRIZE

All players participating at a designated Bonus Poker Jackpot Prize table who place a wager and pay a collection fee are eligible for their share of the Bonus Poker Jackpot Prize. All persons seeking to participate in a Jackpot game on a no purchase necessary basis are eligible to win their share of the Bonus Poker Jackpot Prize as well, without placing a wager, paying a collection fee or other consideration, on a general and indiscriminate basis. The Bonus Poker Jackpot will not replace the already approved California Poker Jackpot games currently offered at The Bicycle Casino.

THIRD PARTY PROVIDER OF PROPOSITION PLAYER SERVICES

There are no Third Party Provider of Proposition Player Services, as defined in Section 19984 of the California Business and Professions Code, participating in the Poker Jackpot games.

The Bicycle Casino will provide ample written notice to patrons and the Division of changes in the Qualifying Hand variation in use at any given time. - Any other restrictions that apply to this gaming activity.

Eligible Controlled Games

The California Games Combined G3 Progressive Jackpot shall be attached to the following Bureau approved controlled games offered at The Bicycle Hotel and Casino, as shown below, at all times that this gaming activity is being offered for play. All controlled game rules shall be played as previously approved by the Bureau.

- Three Card Poker (BGC ID: GEGA-000210)
- Ultimate Texas Hold'em (BGC ID: GEGA-003470)
- Crazy 4 Poker (BGC ID: GEGA-003965)

Object and Summary

The California Games Combined G3 Progressive Jackpot features a fixed and progressive jackpot prize. A prize is awarded to players participating in a designated game, as stated above, when a designated qualifying hand is made. When the winning hand is confirmed by a Casino representative, the player with the qualifying jackpot hand shall receive the posted jackpot prize.

This Prepaid Players' Jackpot Game Aide System replaces the existing "Hockey Puck" Progressive Jackpot Meter System that has been installed as a Game Aide to Caribbean Stud Poker, and in use since 2004. The primary differences between the proposed Prepaid Players' Jackpot Game Aide System and the existing "Hockey Puck" Progressive Jackpot Meter System are as follows:

- With the Hockey Puck System, players need to pay the jackpot fee using a chip with a \$1 value every time they choose to wager on the progressive jackpot. The wagers are collected and deposited into the jackpot drop box on the left of the dealer, separate from the house collection.

California Games Combined G3 Progressive Jackpot

- With the Prepaid Players' Jackpot Game Aide System, a player who wishes to be eligible for the jackpot will provide the house dealer with chips or cash not to exceed \$100. This prepaid money will be credited to the individual meter in front of that player's seated position. Each player will choose the player hand and/or the player-dealer hand for the progressive jackpot. A \$1 jackpot fee is equal to one credit on the player's bankroll meter. The credits will be deducted from the player's bankroll meter depending on the hand(s) the player chooses. If the player chooses both the player and the player-dealer hand (if applicable), then two credits will be deducted from the bankroll meter.
- The G3 features an XML file that contains various options that can be activated or not. The XML file can only be accessed and modified by the manufacturer; DEQ. This XML file is mandatory for the G3 to run, and cannot be modified manually as it is encrypted using a very secure algorithm. The mystery prize options, like the Lucky Dealer, Lucky Player, and Magic Card prizes, will be deactivated by an entry in our encrypted XML file. This can only be done by DEQ personnel, and will be part of all software setups for the card rooms. No other prizes will be awarded to any player with the exception of pay chart set forth below.
- Additionally, the Prepaid Players' Jackpot Game Aide System does not use any Random Number Generator (RNG) in its operation.

How Does It Play

1. The jackpot game aide system adds a player funded progressive jackpot element to the games listed above into one jackpot prize pool. The base games listed above that this jackpot will be appended to must be approved by the Bureau to be eligible to add the G3 progressive jackpot. The separate G3 Progressive Jackpots listed in the Eligible Controlled Gaming Activities section will be combined under this G3 Progressive Jackpot gaming activity. They will no longer be stand alone Jackpots unless modified by The Bicycle Hotel and Casino and approved by the Bureau.
2. A G3 Progressive Jackpot Tracking Bet Manager (see Figure 2 in Appendix 1) is installed on the table in front of each betting position.
 - a. Each player has the option to pay the house dealer any amount not exceeding \$100 to have credits placed on his/her bankroll meter.
 - b. Once the meter shows the credits, the player may choose when to participate in the Jackpot Game by pressing the "Player" and/or "Dealer" button on the Jackpot Tracking Bet Manager.
3. To begin each round, players must make their regular base game wager. The players may optionally place a jackpot fee of \$1 or one credit (1 credit = \$1) on their own hand and/or the player-dealer hand (when applicable). To limit the fee to \$1, DEQ will program the software so that the fee amount can only be \$1 for each hand (possible total fee of \$2) by specifying it in the secure setup of the system. This can only be done by DEQ, and will be part of all software setups for the California card rooms.
4. Once all players have placed their base game wager and jackpot fee, the house dealer will press "Start" on the Dealer Interface (see Figure 4 in Appendix 1). This will light up the G3 Progressive Jackpot Tracking Bet Manager, indicating participation in the progressive jackpot and will lock them until the dealer presses the "Stop" button. The appropriate amount of money gathered will also be sent to the G3 Progressive Jackpot Tracking LCD meter sign (see Figure 5 in Appendix 1).
5. The house dealer then follows standard approved procedures for dealing the base games, as listed above. After all players and the player-dealer have been dealt their hands, the play of the base games continues per the approved rules of the game.

California Games Combined G3 Progressive Jackpot

Qualifying Hands

The house dealer follows standard approved procedures for dealing the base games. After all players and the player-dealer have been dealt their hands, the play of the base games continues per the approved rules of the game.

- For Three Card Poker: the player's or player-dealer's 5 card hand consists of their respective three personal cards and two community cards the dealer will turn over once the main game is resolved;
 - a. As described in the Three Card Poker game rules, the house dealer will give each player three cards face down as well as three cards (two face down-one face up) to the player-dealer. Then, the house dealer will deal two community cards (face down) to the side to only be used for the progressive jackpot. Once the round of play has ended and all the base game wagers have been resolved, the house dealer will reveal the two community cards.
 - b. These two community cards will be used, in combination with each individual's three personal cards to complete the five card hand to resolve the progressive wagers (three personal cards + two community cards for the "dealer's hand").
- For Ultimate Texas Hold'em: the players or player-dealer's five card hand consists of their respective two hole cards and the first three community cards;
 - a. As described in the Ultimate Texas Hold'em game rules, two cards will be dealt to each player, two cards to the player-dealer and five cards will be dealt as community cards. Players will then make their play wager (if any), and the "first" three community cards will be revealed (Flop). The player will again make their play wager, the last two community cards will be turned, and final play wager will be placed and the base game can be resolved.
 - b. To resolve the progressive wagers, the "Flop" or "first" three community cards will be used in combination with the two hole cards received by each individual to complete the five card hand bonus (two personal cards + three first community cards for the "dealer's hand").
- For Crazy 4 Poker: the players' or player-dealer's five card hand is entirely based on their respective five card hand:
 - a. As described in the Crazy 4 Poker game rules, each player, as well as the player-dealer will initially receive five cards. After placing their wagers, the base game will be resolved by forming the best four card hand from the five card stack received by the players.
 - b. To resolve the progressive wager, all five cards received by each player will be used, including the player-dealer's five cards (for the "dealer's hand").

Eligibility Requirements

This gaming activity shall be open to all players who are seated and playing at any of the above listed controlled games during the pre-determined specified hours designated and posted for the gaming activity.

California Games Combined G3 Progressive Jackpot

- Only players who have placed the \$1 jackpot collection fee are eligible for a California Games Combined G3 Progressive Jackpot payout.

The receipt shall be kept in the house dealer's tray for reconciliation purposes at the end of their shift. The house dealer shall then reimburse the player in chips for the amount shown on that player's bankroll meter and shall match the amount on the printed receipt.

 - d. At various times (which shall be posted/advertised at least 72 hours in advance) the casino may choose to double or triple the fixed prize in order to offer the players more monies to be rewarded when the reserve fund is at a high level. The payout shall come out of the reserve fund.

 - i. If more than one player's hand qualifies for a progressive prize, the prize will be split equally among those who qualified for a payout.

Funding

1. All monies collected and paid out shall be tracked electronically and on a hand written log (for Progressive Prizes) that shall be maintained by the gambling enterprise, for examination by regulatory and law enforcement personnel. A sample log is attached.
2. The Casino will initially seed the jackpot at a minimum of \$1,000, there is no maximum amount. Once there are sufficient monies in the California Games Combined G3 Progressive Jackpot fund, the initial seed will be reimbursed to the Casino from the reserve fund and shall be documented in the accounting records. After the progressive

California Games Combined G3 Progressive Jackpot

jackpot is hit, it will be re-seeded by the reserve fund at a minimum of \$1,000, there is no maximum amount. At any time, should the amount accumulated in a reserve fund reach \$100,000, then the G3 system will automatically generate an additional reserve fund. The amount of the jackpot fee (\$0.05) designated for the reserve fund, will now be sent to the succeeding reserve fund, until it also reaches \$100,000. In the event the reserve fund does not have enough to cover the seed amount, the Casino will make up any shortfall.

3. Each \$1 jackpot fee paid by a player will be broken down as follows:
 - \$0.80 will be immediately posted on the meter.
 - \$0.20 will be tracked in a reserve fund.
4. Each player has the option to pay the house dealer any amount not exceeding \$100 to have credits placed on his/her bankroll meter. All monies paid toward credits on the bankroll meter will be dropped into a separate and locked drop box specifically designated for jackpot collection fees. If a player decides to leave the table and still has money on his/her bankroll meter, the house dealer will call over a floor person and have a receipt printed out for the amount cashed out. The receipt will be kept by the casino employee for reconciliation purposes at the end of their shift. The casino employee will then reimburse the player in chips for the amount shown on that player's bankroll meter which will match the amount on the printed receipt.

Administrative Fees

The Casino shall retain an administrative fee of \$12 to \$16 per table hour from the jackpot reserve fund. Of the \$1 jackpot fee collected from each participating player, \$0.20 will be tracked in a reserve fund. The reserve fund will be utilized to; payout all fixed prize amounts; reseed the metered progressive jackpot prize between \$5,000 and \$10,000; and pay the administrative fee. The administrative fee shall be utilized to cover expenses incurred by the Casino for administering the California Games Combined G3 Progressive Jackpot gaming activity.

No Purchase Necessary

The California Games Combined G3 Progressive Jackpot shall be offered to customers who wish to participate for free, on a general and indiscriminate basis, with no restrictions, to patrons who wish to participate in a No Purchase Necessary game. The Bicycle Hotel and Casino shall provide No Purchase Necessary tables for all patrons who request to participate in the gaming activity without paying a table fee or placing a live wager. California Jackpot Games Bonus Hands (Fixed Hands)

SUMMARY OF THE GAME

Based on customer demand, industry trends, and the desire to reward players more frequently with the reserve of the California Jackpot Games Fund, The Bicycle Casino proposes to add an additional fixed hand Jackpot Prize which will reward a player who receives a Qualifying Hand with a fixed prize. The fixed hand will be in addition to the currently approved California Jackpot Games offered in the California/Asian section of the Casino. This additional fixed hand combination will generate additional prizes for the patrons without additional costs or fees assessed to the players of California/Asian games. Offering the California Jackpot Games Bonus Hand Prize will allow the Casino to distribute Jackpot monies held in the reserve when those reserves are high, to participating players. The Bicycle Casino will continue to offer the California Jackpot Games as they were approved by the Division of Gambling Control (Division) in March 2003.

The additional Jackpot element will be funded by the existing California Jackpot Games Fund. No additional collections or fees will be required. The existing California Jackpot Games Fund is generated by a fixed, per hand table fee, previously approved by the Division. A player may win both a bad-beat jackpot and the fixed hand jackpot with the same hand. Players may qualify for any Jackpot Prize without paying a fee or other consideration by participating at a demonstration table where there is no live wagering, no fee or Jackpot Collection, or other consideration ("No Purchase Necessary").

THE PRIZE

When a player receives a pre-designated fixed hand for that particular California/Asian game, they will be awarded a pre-determined and advertised fixed prize which may be cash, merchandise, and/or tournament entries which will be selected prior to advertising of the California Jackpot Games Bonus Hand Prize. The Bicycle Casino will record all winnings as part of the California Jackpot Games Prize accounting records. The player will be paid regardless of whether their hand receives action in the normal course of a hand. A player may be eligible to win a designated fixed hand and a bad-beat hand if their hand qualifies for both. Players will be aware of the available prizes and qualifying hands by signs placed at the gaming tables where the original jackpot hand is played as well as the California Jackpot Games Bonus Hand.

After a winning (fixed) hand is confirmed, the player will be awarded the posted fixed prize. This is not a "bad-beat" hand so the winning hand is not compared to any other player or the Player/Dealer's hand. As an example, a Pai Gow Poker player who has a seven card nine high would simply be awarded the fixed prize regardless of the

value of other player's hands or whether they won or lost the hand of the base, or original game.

The Bicycle Casino reserves the right to inspect all purported fixed hands and to refuse payment of a California Jackpot Bonus Prize in the event that it is determined that proper rules and procedures were not followed and/or cheating occurred. The Bicycle Casino will maintain records, including video surveillance, of all instances where a jackpot prize was not paid, for the purposes of future Division and/or law enforcement review.

FUNDING

The fixed California Games Jackpot Prize will be funded by the same California Jackpot Games Fund that is used currently for the California/Asian games offered at The Bicycle Casino. The California Jackpot Games Collection Fee will not change from the current rate, nor will an any additional rate be implemented for this proposal. There will be no additional cost to the California/Asian customers. In no way is the collection rate based on a percentage of the amount wagered in a game. The California Jackpot Games Collection is determined and posted prior to the start of each designated game. The amount of the collection is clearly displayed on each table where the Jackpot(s) are offered as well as in brochures, flyers, advertisements and on signs posted throughout the California/Asian section of The Bicycle Casino.

The prize amount is not progressive. Once a fixed prize is awarded, the amount will be immediately re-seeded and available to all participating players. All funds for this prize will come from the California Games Jackpot Fund.

NO PURCHASE NECESSARY PROCEDURES

The California Jackpot Games Bonus Prize will be offered to customers who wish to participate for free, on a general and indiscriminate basis. The Bicycle Casino will offer a demonstration table for all customers requesting to participate for the California Jackpot Games Bonus Prize without requiring them to pay a table fee, Jackpot Collection or any type of consideration. There will be no live wagers at these tables. Participants at the no purchase necessary tables will be eligible to win the fixed prize of the California Jackpot Games Bonus Prize if they receive the designated fixed hand.

As in other Jackpot games, in the event that only one patron requests to participate at a demonstration table for no purchase necessary, The Bicycle Casino dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive a fixed hand for the California Jackpot Games Bonus Prize. The dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. The Player/Dealer position will also rotate as if played in a live game. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a no purchase necessary game for the California Jackpot Games Bonus Prize.

FLAT ADMINISTRATIVE FEE

There is no additional fee for the California Games Jackpot Bonus fixed hand. The flat administrative fee was described and approved by the Division during the initial submission of the California Jackpot Games in March 2003.

ELIGIBILITY FOR THE JACKPOT PRIZE

All players participating in a designated California/Asian game that has a jackpot element attached and who places a wager and pays a collection fee are eligible for their share of the California Jackpot Games Bonus Prize. All persons seeking to participate in a California Jackpot Game on a no purchase necessary basis are eligible to win the fixed prize for the California Jackpot Games Bonus Hand, without placing a wager, paying a collection fee or other consideration, on a general and indiscriminate basis. California Jackpot Games Bonus Hands will not replace the already approved California Jackpot Games currently offered at The Bicycle Casino. A player also has the opportunity to win both the California Jackpot Game Prize bad-beat hand as well as the California Jackpot Games Bonus Prize if they receive a qualifying hand.

THIRD PARTY PROVIDER OF PROPOSITION PLAYER SERVICES

Third Party Provider of Proposition Player Services (TPPPPS), as defined in Section 19984 of the California Business and Professions Code, participating in the California Jackpot Games Bonus Hand, are not eligible to win the fixed prize. Should the TPPPPS receive a fixed hand, that cash prize will remain in the California Jackpot Games Fund.

FIXED HANDS

The fixed hands and the California Jackpot Games Bonus Prize will be made available for Pai Gow Poker, Pai Gow Tiles, No Bust Blackjack, Pan-9, and 21st Century Baccarat. Caribbean Stud Poker is not part of the California Jackpot Games Bonus Prize.

The hands are listed for the particular games below. The alternate hands are provided for possible future use by the Casino. Prior to any changes from the original designated fixed hands will not be made until approval is granted from the Division in writing. All designated hands and the corresponding prize amount will be prominently displayed on and around the gaming tables within the California/Asian section of The Bicycle Casino as well as in advertisements, brochures, and on the various electronic display boards located around the gaming tables. If the fixed prize is merchandise or a tournament entry, the value of that particular prize will be clearly displayed on all advertisements, brochures, and electronic display boards.

California Jackpot Games

Summary of Game

The Bicycle Casino proposes to add a progressive Jackpot element to our existing player-dealer style California Games. These games include Pan-9, No-Bust Blackjack, 21st Century Baccarat, 13-Card Stud Poker and Pai Gow Tiles. In addition, this proposal will replace the existing Pai Gow Poker Jackpot and Caribbean Stud Jackpot Games, which were previously approved by the Division of Gambling Control (Division). None of the Designated or Qualifying Hands will modify or "piggyback" on existing Jackpot Games.

Similar to the existing Jackpot Games attached to Poker, Pai Gow Poker and Caribbean Stud games, player(s) will be assessed a fixed fee, per hand, and will qualify for prizes when a Designated Hand is obtained or beaten by another Designated Hand. Prizes are paid from a prize pool ("California Jackpot Games Fund") funded by the fee paid by participating player(s). To alleviate any confusion on the player's part, a small table sign or similar instrument may be used to display the name of the available Jackpot Game, Jackpot Collection Fee, Qualifying or Designated Hands, and Jackpot Prize Distribution.

Players may qualify for the full California Games Jackpot Prize without paying a fee, or other type of consideration, by participating in free a game where there is no live wagering, no Jackpot Collection and no table fees ("No Purchase Necessary").

The rules and standards of play for the California Jackpot Games are the same as the base rules currently approved for Pan-9, No Bust Blackjack, 21st Century Baccarat, 13-Card Stud Poker and Pai Gow Tiles. The California Jackpot Games will also replace the currently approved Jackpot Games attached to Pai Gow Poker and Caribbean Stud. The number of cards in the deck, the type of deck, the function of the dealer, the number of players, rotation of the player-dealer position, collection of table fees, betting limits and how winners are determined and paid, will all be consistent with existing procedures for each of the respective games.

Since the Jackpot element will be added to existing games, no new tables will be utilized for the play of this game. The only change to the equipment will be the addition of a separate collection box, which will be secured to the table and will be designated for the Jackpot Collection and used only for the collection of the Jackpot Fee. This will insure that Jackpot Collections are kept separate and accounted for differently than the table fee collection for the casino.

The Prize

California Jackpot Games, excluding Caribbean Stud, provide two levels of prizes to participating players: (1) Bad Beat Jackpot Prize and (2) Super Jackpot Prize. Caribbean Stud provides three levels of prizes to participating customers: (1) Bad Beat Jackpot Prize, (2) Super Jackpot Prize, and (3) Royal Jackpot Prize. For the Bad Beat Jackpot, a prize is awarded when one player in a game obtains a specified hand but loses to a player with a better specified best hand ("Qualifying Hands"). The Bad Beat Jackpot Prize is progressive. The amount of the Bad Beat Jackpot Prize will vary depending on the volume of play and frequency with which players obtain a Qualifying Hand. The Super Jackpot Prize and the Royal Jackpot Prize (Caribbean Stud only) is a fixed amount.

The Bicycle Casino will control the allocation of the Jackpot Collection to Jackpot Prizes in the various games. The Jackpot Prizes will be posted on either an electronic board or poster centrally located in the California Games section of the Casino. The posting may further be made by a table sign or similar instrument located at each table where the Jackpot Game is offered. The posting will be updated as the prize is increased or decreased so that all players will have ample notice of the current Jackpot Prize. Initial seeding of the Bad Beat Jackpot Prize is expected to be a minimum of \$1,000 and initial seeding of the Super Jackpot Prize will be a minimum of \$2,000. Both Jackpots will be reseeded to at least the minimum

immediately after a Jackpot Prize is paid to a winning player(s). The Bad Beat Jackpot Prize will be increased at least one time per day at a designated time that will be posted and made available to the participants. The Super Jackpot is not progressive and will not be increased. The Bicycle Casino may provide multiples (i.e., 2x or 3x, etc.) of the Bad Beat and Super Jackpot Prizes during designated posted hours, from the reserve fund to add monies to the California Jackpot Prize and to the excitement of the game.

When player(s) obtain the specified hand combination and claim the Jackpot Prize, the Qualifying Hands will be verified by the dealer and a floorperson. Surveillance cameras will be utilized to assure all employees and customers followed the required procedures. The winning players' identification will be obtained and necessary paper work completed prior to the payout of the Jackpot Prizes. The Bicycle Casino will record all prizes awarded and the names of the winners as part of its California Games Jackpot accounting records.

In the case of a Bad Beat Jackpot Prize, after a winning hand is confirmed, the player who lost with the designated hand will receive sixty (60%) percent of the posted Jackpot Prize for that game, the player with the designated better hand will receive twenty (20%) percent of the posted Jackpot Prize and the remaining twenty (20%) percent of the posted Jackpot Prize will be evenly distributed among all other players at the table who have made a wager and paid a table fee collection for that particular hand, regardless of which betting circle they placed their wager in or whether they went "partners" or "kum-kum" *at the same table at the same time 2/27/03*

Only one Jackpot Prize will be paid per round of play. In the unlikely event that more than two players achieve a Qualifying Hand in the same round of play, only the two highest ranking hands qualify. The remaining players at the table will share the twenty percent (20%) portion. If a player happens to have a Qualifying Hand for both the Bad Beat and the Super Jackpot, the player will win both Jackpot Prizes. The Bicycle Casino reserves the right to inspect all Qualifying Hands and to refuse payment of a Jackpot Prize. In the event that it is determined that proper procedures were not followed, rules were violated, or cheating occurred at any level, the payment will be refused for all participants. The Bicycle Casino will document the event both by written report and video surveillance. The record of events surrounding a refusal to pay a Jackpot Prize will be memorialized and maintained The Bicycle Casino in accordance with internal policy and procedures. These records will be made available to both Division and other law enforcement personnel, for review.

Funding

California Jackpot Games Prizes will be funded by a separate collection fee paid by players prior to the start of each hand ("Jackpot Collection"). Initially, the Jackpot Collection will be \$1.00 per hand. At all times, the amount of the Jackpot Collection will be conspicuously posted at each participating table, as well as on brochures relating to the California Jackpot Game(s).

Jackpot Collections are determined and collected prior to the start of each hand. Jackpot Collections are not calculated based on a percentage of the amount wagered. The Bicycle Casino will provide the initial seeding of the California Games Jackpot Fund and may from time-to-time provide additional infusions of money to add to the size of the pool and the excitement of the game.

The full Jackpot Collection will be posted by the player in the first player-dealer position. When there is more than one player participating in the first player-dealer position, the player who has the most money in action in the first player-dealer position will be responsible for posting the full Jackpot Collection. If both players participating in the first player-dealer position have an equal amount of money in the hand, they will each post half of the Jackpot Collection.

Jackpot Collection & Accounting Procedures

The Jackpot Collection from all California Games will be collected, counted, secured and recorded in the same manner as the table fees paid to The Bicycle Casino. The dealer will collect this fee (in the form of

chips) prior to the start of each hand and deposit the fee in a locked Jackpot Collection Box at the table. The Jackpot Collection Box will be separate from the box used for table fees. Currently, a; Jackpot Collection Boxes are located on the opposite side of the casino collection box. The locked Jackpot Collection Boxes will be gathered by casino security staff at designated times and transported to the secure count room. In the count room, the Jackpot Collection Boxes will be unlocked and the contents counted subject to minimum internal control standards utilized by The Bicycle Casino in collecting its table fees. The count of the Jackpot Collection will be separate and distinct from the counting of the casino's table fees. In addition, all count team activity is under constant observation of video cameras. The total dollar volume of the chips taken from each Jackpot Collection Box will be recorded on a Daily Jackpot Collection Report ("Jackpot Collection Report") which will be maintained as an accounting record and shall be available to the Division of Gambling Control and the City of Bell Gardens for audit and inspection. The Jackpot Collection Report will document the amount of Jackpot Collections received at each participating California Games gaming table during each period the box is collected; generally at the end of an eight hour shift.

No Purchase Necessary Procedures

California Jackpot Games will be offered for free, on a "general and indiscriminate" basis, to patrons who wish to participate in a 'No Purchase Necessary' game. The Bicycle Casino will provide instructional or demonstration tables for all patrons who request to participate in California Games Jackpot Games without paying a table fee or a Jackpot Collection. There will not be live wagers at these tables. Participants in No Purchase Necessary instructional or demonstration tables will be eligible to win the full, posted Jackpot Prize if they participate in a game where they obtain the designated Jackpot Hand. All advertisements, flyers, brochures, and signs will have the word "No Purchase Necessary" along with instructions on how a patron can get details on how to participate for free (they will be told to contact a representative at the Welcome Center Desk or a casino supervisor.)

There is no minimum participation in a No Purchase Necessary game. If one patron wants to participate for free, the casino dealer will deal one hand to that patron and the remaining hands to the remaining empty seats. With the exception of the participating No Purchase Necessary player's hand, the dealer will monitor and play all remaining hands the house way as if other players were participating. This simulates a full game and will allow the patron the optimal opportunity to qualify for the Jackpot Prize. If a designated hand is obtained, only the portion of the Jackpot Funds the No Purchase Necessary Player qualified for will be awarded. The remaining funds will stay in the Jackpot Fund.

Third Party Providers of Proposition Player Services

Third Party Providers of Proposition Player Services (TPPPPS), as defined by Section 19984 of the California Business and Professions Code, their agents and employees, are not eligible to win any portion of the Jackpot Prize. If a TPPPPS receives a Qualifying Hand, its portion of the Jackpot Prize will not be paid and will remain in the California Jackpot Games Fund. If a TPPPPS is a participant in a Qualifying Hand with another player(s), the TPPPPS will not be eligible to receive its portion of the Jackpot Prize and the full Jackpot Prize will be paid to the other player(s). This will be posted in all published rules, brochures and flyers relating to the California Jackpot Games.

Flat Administrative Fee

The Bicycle Casino will retain a flat administrative fee from the California Jackpot Games Fund based on the number of table hours that California Games Jackpot Games are offered ("Administrative Fee"). The Administrative Fee will not fluctuate based on the amount of money placed into the California Jackpot Games Fund, nor will it be based on a percentage of the amount of money in the fund. The Bicycle Casino reserves the right to adjust its flat Administrative Fee based on market factors and cost of operating and administering the California Jackpot Games. The Bicycle Casino projects that its Administrative Fee will

be \$4.00 per table hour. The Bicycle Casino will designate the flat Administrative Fee and will provide advance ample notice of its flat fee to all customers in accordance with Regulations adopted by the California Gambling Control Commission and/or the California Division of Gambling Control Regulations.

Eligibility for the Jackpot Prizes

All players in participating California Jackpot Games (other than the TPPPPS), who obtain a Qualifying Hand and who have made a wager in the first player-dealer position or who have made a wager and paid the table fee in any non-player-dealer betting circle, regardless of the amount wagered, are eligible to win any of the California Jackpot Games Prizes.

Patrons participating in the second or subsequent player-dealer position (commonly referred to as "backline banking") are not eligible to win the Jackpot Prize. Only the player(s) in the first or seated player-dealer position are eligible to win a Jackpot Prize. If there is more than one player with a wager in the first player-dealer position, the Jackpot Prize will be divided pro-rata, based on size of wagers, between the players in the first player-dealer position.

All players in the player position (the non-player-dealer positions), with the exception of the TPPPPS, who have made a wager and have paid the table fee for any betting circle, regardless of the amount wagered, are eligible to win the Jackpot Prize. Eligible players in the player positions on a single seat location will share the Jackpot Prize in equal shares regardless of the amount of their wagers. This will include "back-line bettors"

The Bicycle Casino's

Caribbean Stud Bonus Wheel

SUMMARY OF THE GAME

Based on customer demand and industry trends, The Bicycle Casino proposes to offer a jackpot element to its approved Caribbean Stud Poker Jackpot games. The promotion involves a player making a fixed hand and then being allowed an opportunity to spin a five foot diameter wheel for a fixed cash amount.

The additional Jackpot element will be funded by the existing California Jackpot Games Fund. No additional collections or fees will be required. The existing California Jackpot Games Fund is generated by a fixed, per hand table fee, previously approved by the Division. A player may win both a bad-beat jackpot and the fixed hand jackpot with the same hand. Players may qualify for any Jackpot Prize without paying a fee or other consideration by participating at a demonstration table where there is no live wagering, no fee or Jackpot Collection, or other consideration ("No Purchase Necessary").

THE PRIZE

When a player receives a pre-designated fixed hand in a round of play in Caribbean Stud Poker, they will be awarded an opportunity to spin a five foot diameter wheel which contains 58 spaces on it. The spaces will be divided as follows: 2- \$1,000; 4-\$500; 8-\$25; 8-\$50; and 36-\$50. The Bicycle Casino will record all winnings as part of the California Jackpot Games Prize accounting records. The player will be paid regardless of whether their hand receives action in the normal course of a round of play or if the Player/Dealer qualifies for that hand or not. A player may be eligible to win a designated fixed hand and a bad-beat hand if their hand qualifies for both. Players will be aware of the available prizes and qualifying hands by signs placed at the gaming tables where the original jackpot hand is played as well as the California Jackpot Games Bonus Hand.

After a winning (fixed) hand is confirmed, the player will spin the wheel (which will be located in the immediate vicinity of the Caribbean Stud Poker tables). This is not a "bad-beat" hand so the winning hand is not compared to any other players or the Player/Dealer's hand. As an example, a Pai Gow Poker player who has a seven card nine high would simply be awarded the fixed prize regardless of the value of other players' hands or whether they won or lost the hand of the base, or original game.

The Bicycle Casino reserves the right to inspect all purported winning fixed hands and to refuse payment of a California Jackpot Bonus Prize in the event that it is determined that proper rules and procedures were not followed and/or cheating occurred. The Bicycle Casino will maintain records, including video surveillance, of all instances

where a jackpot prize was not paid, for the purposes of future Division and/or law enforcement review.

FUNDING

The Caribbean Stud Bonus Wheel will be funded by the same California Jackpot Games Fund that is used currently for the California/Asian games offered at The Bicycle Casino. The California Jackpot Games Collection Fee will not change from the current rate, nor will any additional rate be implemented for this proposal. There will be no additional cost to the California/Asian customers. In no way is the collection rate based on a percentage of the amount wagered in a game. The California Jackpot Games Collection is determined and posted prior to the start of each designated game. The amount of the collection is clearly displayed on each table where the Jackpot(s) are offered as well as in brochures, flyers, advertisements and on signs posted throughout the California/Asian section of The Bicycle Casino.

The prize amount is not progressive. Once a fixed prize is awarded, the amount will be immediately re-seeded and available to all participating players. All funds for this prize will come from the California Games Jackpot Fund. The Casino may increase the prize amount in increments of 2x, 3x, 4x, etc., of the wager to the maximum prize amount, to add excitement to the game and to reward the players when there is a large jackpot reserve.

NO PURCHASE NECESSARY PROCEDURES

The Caribbean Stud Bonus Wheel prizes will be offered to customers who wish to participate for free, on a general and indiscriminate basis. The Bicycle Casino will offer a demonstration table for all customers requesting to participate for the Caribbean Stud Bonus Wheel prize without requiring them to pay a table fee, Jackpot Collection or any type of consideration. There will be no live wagers at these tables. Participants at the no purchase necessary tables will be eligible to win the fixed prize of the Caribbean Stud Bonus Wheel prize if they receive the designated fixed hand.

As in other Jackpot games, in the event that only one patron requests to participate at a demonstration table for no purchase necessary, The Bicycle Casino dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive a fixed hand for the Caribbean Stud Bonus Wheel prize. The dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. The Player/Dealer position will also rotate as if played in a live game. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a no purchase necessary game for the Caribbean Stud Bonus Wheel.

FLAT ADMINISTRATIVE FEE

There is no additional fee for the California Games Jackpot Bonus fixed hand. The flat administrative fee was described and approved by the Division during the initial submission of the California Jackpot Games in March 2003.

ELIGIBILITY FOR THE JACKPOT PRIZE

All players participating in Caribbean Stud Bonus Wheel, Caribbean Stud Poker game, who places a wager and pays a collection fee are eligible for their share of the Caribbean Stud Bonus Wheel prize. All persons seeking to participate in Caribbean Stud Bonus Wheel game on a no purchase necessary basis are eligible to win the fixed prize for the Caribbean Stud Bonus Wheel, without placing a wager, paying a collection fee or other consideration, on a general and indiscriminate basis.

THIRD PARTY PROVIDER OF PROPOSITION PLAYER SERVICES

Third Party Provider of Proposition Player Services (TPPPPS), as defined in Section 19984 of the California Business and Professions Code, participating in the Caribbean Stud Bonus Wheel, are not eligible to win the fixed prize. Should the TPPPPS receive a fixed hand, that cash prize will remain in the California Jackpot Games Fund.

FIXED HANDS

The fixed hands for the Caribbean Stud Bonus wheel game are listed below. Depending on the hand, the prize that the players spins stops on will be multiplies up to five (5) times.

All designated hands and the corresponding prize amount will be prominently displayed on and around the gaming tables within the California/Asian section and at each Caribbean Stud Poker game as well as in advertisements, brochures, and on the various electronic display boards located around the gaming tables.

<u>Designated Hand</u>	<u>Prize Multiplier</u>

Full House	2 times the prize amount

The player will then be afforded a spin at the Caribbean Stud Bonus wheel. G3 Progressive Jackpot Tracking System*

Prepaid Players' Jackpot Wager Game Aide

Bad Beat Blackjack G3 Progressive Jackpot Tracking System

Summary & Background

This Prepaid Players' Jackpot Game Aide System replaces the existing "Hockey Puck" Progressive Jackpot Meter System that has been installed as a Game Aide to Caribbean Stud Poker, and in use since 2004. The primary differences between the proposed Prepaid Players' Jackpot Game Aide System and the existing "Hockey Puck" Progressive Jackpot Meter System are as follows:

- With the Hockey Puck System, players need to pay the jackpot fee using a chip with a \$1.00 value every time they choose to wager on the progressive jackpot. The wagers are collected and deposited into the jackpot drop box on the left of the dealer, separate from the house collection.
- With the Prepaid Players' Jackpot Game Aide System, a player that wishes to be eligible for the jackpot will provide the house dealer with chips or cash not to exceed \$100.00. This prepaid money will be credited to the individual meter in front of that player's seated position. A \$1.00 jackpot fee is equal to one credit on the player's bankroll meter and when a player chooses to participate to the Jackpot Game, \$1.00 jackpot fee will be deducted from the player's bankroll meter.
- The G3 features an XML file that contains various options that can be activated or not. The XML file can only be access and modified by DEQ. This XML file is mandatory for the G3 to run, and cannot be modified manually as it is encrypted using a very secure algorithm. The mystery prize options, like the Lucky Dealer, Lucky Player, and Magic Card prizes, can be deactivated by an entry in our encrypted XML file. This can only be done by DEQ, and will be part of all software setups for the card rooms. No other prizes will be awarded to any player with the exception of pay chart set forth below.
- Additionally, the Prepaid Players' Jackpot Game Aide System does not use any Random Number Generator (RNG) in its operation.

How Does It Play:

1. The jackpot game aide system adds a player funded progressive jackpot element to a Blackjack style game played in California Card rooms. The base Blackjack style game that this jackpot will be appended to must be approved by the Bureau to be eligible to add Bad Beat Blackjack Progressive.
2. To begin each round, players must make their regular base game wager. They may optionally place a jackpot fee of \$1.00 or one credit (1 credit = \$1). To limit the fee to \$1, DEQ will program the software so that the fee amount can only be \$1 by specifying it in the secure setup of the system. This can only be done by DEQ, and will be part of all software setups for the California card rooms.
3. A G3 Progressive Jackpot Tracking Bet Manager (see Figure 2 in Appendix 1) is installed on the table in front of each betting position.
 - a. Each player has the option to pay the house dealer any amount not exceeding \$100 to have credits placed on his/her bankroll meter.
 - b. Once the meter shows the credits, the player may when to participate in the Jackpot Game by pressing the "Player" button on the Jackpot Tracking Bet Manager.
4. Once all players have placed their base game wager and jackpot fee, the house dealer will press "Start" on the Dealer Interface (see Figure 3 in Appendix 1). This will light up the G3 Progressive Jackpot Tracking Bet Manager, indicating participation in the progressive jackpot and will lock them until the dealer presses the "Stop" button. The appropriate amount of money gathered will also be sent to the G3 Progressive Jackpot Tracking LCD meter sign (see Figure 5 in Appendix 1).
5. The house dealer then follows standard approved procedures for dealing the base game.

If a player decides to leave the table and still has money on his/her bankroll meter, the house dealer will call over a floor-person and have a receipt printed out for the amount cashed out. The receipt will be kept by the casino employee for reconciliation purposes at the end of their shift. The casino employee will then reimburse the player in chips for the amount shown on that player's bankroll meter which will match the amount on the printed receipt.

Eligibility & Irregularities:

1. Only seated players are eligible for payouts.
2. If the house dealer enters the wrong information, authorized personnel must resolve the situation using the Game Server features (see Figure 6 in Appendix 1).
3. If the house dealer makes a mistake while dealing the cards, he should declare the hand a misdeal, and re-deal the cards. Caution: the dealer must not press STOP. Each player's optional jackpot fee will remain the same during the re-dealt hand.

The Bicycle Casino
L.A. Hold'em Poker Jackpot Proposal

SUMMARY OF THE GAME

Based on industry trends and customer demand, The Bicycle Casino proposes to add a player funded jackpot element to the recently approved poker game of L.A. Hold'em. L.A. Hold'em is similar to the traditional Hold'em game and is played in the poker section of the Casino.

The Jackpot element attached to the L.A. Hold'em game will be the same as that of the California Jackpot Poker games which were originally approved in December 2001. L.A. Hold'em players will be assessed a fixed fee per hand, and will qualify for prizes when Qualifying Hand is made in the "Bad Beat Jackpot". Prizes will be paid from the L.A. Hold'em Jackpot Prize Pool, funded by the fee paid by the players.

Players may qualify for the full L.A. Hold'em Jackpot Prize without paying a fee, or other type of consideration, by participating in a free game where there is no live wagering, Jackpot Collection, or table fees ("No Purchase Necessary").

The rules and standard of play for L.A. Hold'em remain the same as they were approved by the Division of Gambling Control (Division) in June 2003. The number of cards in the deck, the type of deck used, the rotation of the dealer button, the function of the dealer, collection of table fees, wagering limits, and how winners are determined and paid remain the same. Since the Jackpot element will be added to an existing game, no new tables will be utilized for the play of the Jackpot game. The only addition to the L.A. Hold'em table will be the addition of a separate collection box which will be used to only for the collection of the Jackpot Fee. This will ensure that the Jackpot Collection is kept separate and accounted for differently than the table fee collection for the Casino.

THE PRIZE

The L.A. Hold'em Jackpot Prize is based on a Bad Beat hand, where a player must obtain a Qualifying Hand and lose to a better Qualifying Hand. The Jackpot Prize will be shared in various amounts among all players participating in the game. After a winning hand is claimed and confirmed, the player who lost with a designated Qualifying Hand will be awarded 50% of the L.A. Hold'em Jackpot Prize. The player who wins with a Qualifying Hand will be awarded 25% of the prize and the remaining 25% of the L.A. Hold'em Jackpot Prize will be divided equally amongst the remaining players who participated in that particular round of the game. The winning player's identification will be obtained and all required paperwork will be completed prior to the payout of the L.A. Hold'em Jackpot Prize. The Bicycle Casino will record all winnings as part of the L.A. Hold'em Jackpot Prize accounting records.

The Bicycle Casino reserves the right to inspect all purported Qualifying Hands and to refuse payment of the L.A. Hold'em Jackpot Prize in the event it is determined that proper rules and procedures were not followed and/or cheating occurred. The Bicycle Casino will maintain records, including video surveillance, of all instances where a L.A. Hold'em Jackpot Prize was not paid, for possible review by the Division or other law enforcement agencies.

FUNDING

The L.A. Hold'em Jackpot Prize will be funded by a separate collection fee paid by players. The Jackpot Collection will be taken from the pot once the small and big blind are posted and a round of play has begun. The Jackpot Collection will be \$1.00 per round of play. At all times, the Jackpot Collection amount will be conspicuously posted at each participating table, as well as in brochures and advertisements relating to the L.A. Hold'em Jackpot. The L.A. Hold'em Jackpot Prize is progressive and will be increased at 11:00 AM each day by \$100.00. The Casino will "cap" a Jackpot Fund at \$50,000.00. Once that amount has been reached, a reserve fund will then build up with the additional monies which are collected. When the available Jackpot Prize is awarded, the full amount in the reserve fund will immediately be made available to players participating in the L.A. Hold'em Jackpot games. The full amount of the L.A. Hold'em Jackpot Prize and the reserve fund will be posted on the electronic display board located in the Poker section of the Casino as well as in advertisements and flyers located at the Casino entrance and the Poker section.

The Jackpot Collection are determined and collected before a round of play is completed. The Jackpot Collection is not calculated or based on a percentage of the amount wagered. The Bicycle Casino will provide the initial seed amount for the L.A. Hold'em Jackpot Prize in the following amounts:

<u>Table Limits</u>	<u>Seed Amount</u>
\$1 - \$2, \$2 - \$4	\$1,000.00
\$3 - \$6, \$4 - \$8	\$2,000.00
\$6 - \$12, \$8 - \$16	\$3,000.00

Once a reserve has accumulated in the L.A. Hold'em Jackpot Prize Fund, the Casino will be reimbursed for the initial seed amount.

JACKPOT COLLECTION & ACCOUNTING PROCEDURES

The Jackpot Collection will be collected, counted, secured and recorded in the same manner as the table fees which are paid to The Bicycle Casino. The dealer will collect the Jackpot Collection from the pot once the small and big blind are posted and the round of play has begun. The dealer will separate the Jackpot Collection from the table collection and deposit the Jackpot Collection in

The Bicycle Casino's Million Dollar Poker Jackpot Promotion

Summary of the Game

The Bicycle Casino proposes to offer a promotion attached to all authorized poker jackpot games with a limit of \$10/\$20 and above, offered in the Casino. A player(s) who wins a jackpot hand in a poker game will have an additional opportunity to participate in a drawing for a chance to win \$1,000,000.00. The Bicycle Casino will continue to offer the current Poker Jackpot games as they were approved by the Division of Gambling Control (Division) in January 2002, and modified in October 2002.

The Million Dollar Jackpot promotion element will be funded by the existing Jackpot Fund. No additional collections or fees will be required. The existing Jackpot Fund is generated by a fixed, per hand table fee, previously approved by the Division. Players may qualify for any Jackpot Prize as well as The Million Dollar Jackpot promotion without paying a fee or other consideration by participating at a demonstration table where there is no live wagering, no fee or Jackpot Collection, or other consideration ("No Purchase Necessary").

The Prize

In addition to the previously approved "bad-beat" progressive prize that all players receive a portion of when they participate in the jackpot hand, the Million Dollar Poker Jackpot prize will be a drawing where all players will receive a portion of a prize that will be drawn from 100 envelopes. There will be 99 envelopes that have a prize of \$5,000.00 and one that has a prize of \$1,000,000.00. As with the bad-beat jackpot, the player who won the bad-beat hand will receive 25% of the prize, the loser will receive 50% and the remaining 25% will go to the remaining players who participated in that hand. This will be further explained in the section entitled, 'Example of a Drawing'. The prize will be funded through the existing jackpot that is in place and approved by the Division.

When players obtain the qualifying hands for the standard Poker Jackpot Prize, and claim the same, casino personnel will verify the hand. This includes physical verification by The Bicycle Casino dealer, floorperson, and/or supervisor. Surveillance cameras will be utilized to ensure all employees and customers have followed the required rules and procedures. The winning players' identifications will be obtained and all required paperwork will be completed prior to the payout of the Poker Jackpot Prize. The Bicycle Casino will record all winnings as part of the established Poker Jackpot Prize accounting records.

After a winning hand is confirmed, the player who lost with a designated Qualifying Hand will be awarded their designated portion of the Jackpot Prize, the player who won the hand and the remaining players at the table who participated in that particular hand will also be awarded their portion of the Jackpot Prize. The Bicycle Casino reserves the right to inspect all purported qualifying hands and to refuse payment of a Jackpot Prize in the event that it is determined that rules and procedures were not followed and/or cheating occurred. The Bicycle Casino will maintain records, including video surveillance, of all instances where a Bonus Poker Jackpot Prize was not paid, for the purposes of future Division and/or law enforcement review.

Funding

The Jackpot Prize and the Million Dollar Jackpot Drawing will be funded by the existing Jackpot Fund that is used for Poker Jackpot Prizes currently available at The Bicycle Casino. The Jackpot Collection will not change from the current rate, nor will an additional rate be implemented for this proposal. In no way is the collection rate based on a percentage of the amount wagered in a game. There will be no additional cost to the poker customers. The Jackpot Collection is determined and posted prior to the start of each designated game. The amount of the collection is clearly displayed on each table where the Jackpot element is offered as well as in brochures and flyers.

Duration

The Million Dollar Jackpot Drawing will be limited to a five-month period. There will be one drawing held per month, with a total of five drawings for a chance to win a prize.

Flat Administrative Fee

The Bicycle Casino will retain a flat administrative fee from the Jackpot Fund based on the number of table hours played in the Jackpot Poker Games. This fee will be predetermined and accounted for. The fee is not based on the amount of money in the Jackpot Fund. The fee will take into consideration market conditions and the administrative cost of operating and administering the Jackpot Fund. The Bicycle Casino has currently determined the administrative fee will be in the range of \$2.00 to \$6.00 per table hour for Poker Jackpot games. This is the same administrative fee that has been previously approved by the Division. The Bicycle Casino does not anticipate any change in the fee at this time. There is no additional fee for the Million Dollar Poker Jackpot promotion.

Eligibility for the Million Dollar Jackpot Prize Drawing

All players participating at a designated poker table that has the jackpot element attached, and who place a wager and pay a collection fee are eligible for

their share of the Million Dollar Poker Jackpot Prize. All persons seeking to participate in a Poker Jackpot game on a no purchase necessary basis are eligible to win their share of the Million Dollar Poker Jackpot Prize as well, without placing a wager, paying a collection fee or other consideration, on a general and indiscriminate basis.

Third Party Provider of Proposition Player Services

There are no Third Party Provider of Proposition Player Services, as defined in Section 19984 of the California Business and Professions Code, participating in the Poker Jackpot games.

Qualifying Hands

The same qualifying hands that have been previously approved by the Division for the base bad-beat progressive jackpot will be utilized for this promotion, as the Million Dollar Jackpot Promotion is a "sub-promotion" of the base poker jackpot game.

No Purchase Necessary Procedures

The Million Dollar Jackpot Promotion will be offered to customers who wish to participate for free, on a general and indiscriminate basis. The Bicycle Casino will offer a demonstration table for all customers requesting to participate for the Million Dollar Jackpot Prize without requiring them to pay a table fee, Jackpot Collection or any type of consideration. There will be no live wagers at these tables. Participants in the no purchase necessary tables will be eligible to win their portion of the Million Dollar Jackpot Prize if they receive the qualifying hand. The remainder of the Million Dollar Jackpot Prize will remain in the Jackpot Fund.

As in other jackpot games, in the event that only one patron requests to participate at a demonstration table for no purchase necessary, The Bicycle Casino dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive a designated qualifying hand. The dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a no purchase necessary game.

Example of a Drawing

When a table wins a jackpot prize from a poker the game, the payout and all procedures will be followed, as is standard procedure. Once that is accomplished, the following will occur:

1. All players' names will be placed on a single ticket. This ticket will be placed in a drawing container, which will be located in the poker section. The container will be secured and monitored via the Casino's surveillance system, floor staff and uniformed security.
2. On a pre-designated day and time, a Casino employee will draw a ticket from the container. The players listed on that ticket will then choose one person amongst themselves and that one person will choose from 100 envelopes.
3. Once the choice is made, the envelope will be opened and the prize will either be \$5,000.00 or \$1,000,000.00.
4. In the event of a \$5,000.00 envelope being opened, the payment will be distributed as follows:
 - a. The player who won the original bad-beat hand will receive 25%.
 - b. The player who lost the hand will receive 50%.
 - c. The remainder of the players will receive an equal amount of the remaining 25%.
5. In the event of the \$1,000,000.00 envelope being selected, the payment will be distributed as follows:
 - a. The player who won the original bad-beat hand will receive 25% with \$100,000.00 being paid instantly and the remaining \$225,000.00 being paid over 25 years.
 - b. The player who lost the hand will receive 50% with \$100,000.00 being paid instantly and the remaining \$400,000.00 being paid over 25 years.
 - c. The remainder of the players will receive an equal amount of the remaining 25% or \$175,000.00.
6. All players listed on the ticket must be present to win. No substitutions will be allowed.
7. All tickets will remain in the container for the duration of the promotion.
8. If one or more persons from the remaining 25% of the winners are not present, their share will be shared amongst those players who are present.
9. All envelopes will be secured and sealed and the stat of the promotion. All will be secured and safeguarded in the casino cage.
10. At the end of the promotion, the \$1,000,000.00 ticket will be opened after the drawing to show the participants and observers which numbered envelope held the prize.

The Bicycle Casino's

No Bust Blackjack Bonus Wheel

SUMMARY OF THE GAME

Based on customer demand and industry trends, The Bicycle Casino proposes to offer a jackpot element to its approved No Bust Blackjack Jackpot games, with a wagering limit of \$5.00 and below. The promotion involves a player making a fixed hand and then being allowed an opportunity to spin a five foot diameter wheel for a fixed cash amount. A player must participate in the base game to qualify for the Bonus wheel in a live game or in a no purchase necessary table.

The additional Jackpot element will be funded by the existing California Jackpot Games Fund. No additional collections or fees will be required. The existing California Jackpot Games Fund is generated by a fixed, per hand table fee, previously approved by the Division. A player may win both a bad-beat jackpot and the fixed hand jackpot with the same hand. Players may qualify for any Jackpot Prize without paying a fee or other consideration by participating at a demonstration table where there is no live wagering, no fee or Jackpot Collection, or other consideration ("No Purchase Necessary").

THE PRIZE

When a player receives a pre-designated fixed hand in a round of play in No Bust Blackjack with a wagering limit of \$5.00 and below, they will be awarded an opportunity to spin a five foot diameter wheel which contains 58 spaces on it. The spaces will be divided as follows: 2- \$1,000; 4-\$500; 8-\$25; 8-\$75; and 36-\$50. The Bicycle Casino will record all winnings as part of the California Jackpot Games Prize accounting records. The player will be paid regardless of whether their hand receives action in the normal course of a round of play or if the Player/Dealer qualifies for that hand or not. A player may be eligible to win a designated fixed hand and a bad-beat hand if their hand qualifies for both. Players will be aware of the available prizes and qualifying hands by signs placed at the gaming tables where the original jackpot hand is played as well as the California Jackpot Games Bonus Hand.

After a winning (fixed) hand is confirmed, the player will spin the wheel (which will be located in the immediate vicinity of the No Bust Blackjack tables with a wagering limit of \$5.00 and below). This is not a "bad-beat" hand so the winning hand is not compared to any other players or the Player/Dealer's hand. As an example, a Pai Gow Poker player who has a seven card nine high would simply be awarded the fixed prize regardless of the value of other players' hands or whether they won or lost the hand of the base, or original game.

The Bicycle Casino reserves the right to inspect all purported winning fixed hands and to refuse payment of a California Jackpot Bonus Prize in the event that it is

determined that proper rules and procedures were not followed and/or cheating occurred. The Bicycle Casino will maintain records, including video surveillance, of all instances where a jackpot prize was not paid, for the purposes of future Division and/or law enforcement review.

FUNDING

The No Bust Blackjack Bonus Wheel will be funded by the same California Jackpot Games Fund that is used currently for the California/Asian games offered at The Bicycle Casino. The California Jackpot Games Collection Fee will not change from the current rate, nor will any additional rate be implemented for this proposal. There will be no additional cost to the California/Asian customers. In no way is the collection rate based on a percentage of the amount wagered in a game. The California Jackpot Games Collection is determined and posted prior to the start of each designated game. The amount of the collection is clearly displayed on each table where the Jackpot(s) are offered as well as in brochures, flyers, advertisements and on signs posted throughout the California/Asian section of The Bicycle Casino.

The prize amount is not progressive. Once a fixed prize is awarded, the amount will be immediately re-seeded and available to all participating players. All funds for this prize will come from the California Games Jackpot Fund. The Casino may increase the prize amount in increments of 2x, 3x, 4x, etc., of the wager to the maximum prize amount, to add excitement to the game and to reward the players when there is a large jackpot reserve.

NO PURCHASE NECESSARY PROCEDURES

The No Bust Blackjack Bonus Wheel prizes will be offered to customers who wish to participate for free, on a general and indiscriminate basis. The Bicycle Casino will offer a demonstration table for all customers requesting to participate for the No Bust Blackjack Bonus Wheel prize without requiring them to pay a table fee, Jackpot Collection or any type of consideration. There will be no live wagers at these tables. Participants at the no purchase necessary tables will be eligible to win the fixed prize of the No Bust Blackjack Bonus Wheel prize if they receive the designated fixed hand.

As in other Jackpot games, in the event that only one patron requests to participate at a demonstration table for no purchase necessary, The Bicycle Casino dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive a fixed hand for the No Bust Blackjack Bonus Wheel prize. The dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. The Player/Dealer position will also rotate as if played in a live game. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a no purchase necessary game for the No Bust Blackjack Bonus Wheel.

FLAT ADMINISTRATIVE FEE

There is no additional fee for the California Games Jackpot Bonus fixed hand. The flat administrative fee was described and approved by the Division during the initial submission of the California Jackpot Games in March 2003.

ELIGIBILITY FOR THE JACKPOT PRIZE

All players participating in No Bust Blackjack Bonus Wheel, who places a wager and pays a collection fee, are eligible for their share of the No Bust Blackjack Bonus Wheel prize. THIRD PARTY PROVIDER OF PROPOSITION PLAYER SERVICES

Third Party Provider of Proposition Player Services (TPPPPS), as defined in Section 19984 of the California Business and Professions Code, participating in the Caribbean Stud Bonus Wheel, are not eligible to win the fixed prize. Should the TPPPPS receive a fixed hand, that cash prize will remain in the California Jackpot Games Fund.

FIXED HANDS

The fixed hands for the No Bust Blackjack Bonus wheel game are listed below. Depending on the hand, the prize that the players spins stops on will be multiplies up to five (5) times.

All designated hands and the corresponding prize amount will be prominently displayed on and around the gaming tables within the California/Asian section and at each Caribbean Stud Poker game as well as in advertisements, brochures, and on the various electronic display boards located around the gaming tables.

Pick-Em Bonus Hands

The Bicycle Casino

The Bicycle Casino is submitting the same promotion submitted by Club One Casino which was approved on November 26, 2002. The proposal is based on a standard tournament structure combined with normally occurring, standard poker hands. This format will allow players a greater variety of bonus hands and thereby increase player enjoyment of our normal poker events. Bonus hands will be paid via the Bicycle Casino funds. The promotion is defined as follows:

1. Limited to players in selected events:
 - a. Players have the option to select any, all or none of the offered bonus hands.
 - b. Bonus hands will change from time to time based on customer requests.
 - c. The type, award, and entry fees will be posted prior to the event.
 - d. All players will be eligible to win bonus hands marked free provided the player registers their entry prior to the start of the event.
2. There will be a separate entry fee for each bonus hand selected (refer to attached bonus hand selection card for details.)
3. Bonuses will be paid to each player who personally makes their selected hands each event.
4. This event has a "no purchase necessary" provision whereby can play for the bonus hands with no purchase necessary, or play in any live game. Persons who make the specified hand will be paid the same amount as if actually participating in a live game.

Hand Selection and Award Procedures

1. Players will select their bonus hands prior to the start of the game or event. Players will pay an entry fee for the corresponding hand they have selected. Each individual sheet is divided in half with the same information on both sides. The player is responsible for filling out both sides with the exact information. The card will be divided with the player keeping one half while the other is turned in to the tournaments staff along with the appropriate fee. Both sides will be stamped to ensure the integrity of the card and written information
2. During the tournament event, if a player makes one of their selected bonus hands, it is the player's responsibility to inform the card dealer and the floor person so the hand can be verified. Once the floorperson has verified the hand, a notation will be made and the player will be paid the corresponding amount.
3. Bonus hands pick sheets become null and void at the conclusion of a tournament

or event. This will clearly marked and explained to all participants.

4. Bonus hands cannot be modified after an event has started and both sheets have been signed by the player and paid for. They are not transferable and are void if altered.
5. All winners must redeem their cards by noon of the following day of a winning event. The Bicycle Casino is not responsible for lost or damaged cards.
6. This promotion does not alter nor affect the collection of any game.
7. All awards will be a cash prize paid by The Bicycle Casino.
8. Each entry card will state that the player must be present to win and that a specific time period is allotted to claim a prize.
9. No purchase necessary. Any person wishing to participate for free may contact the Welcome Center or a floorperson. The player need only pick which game they would like to participate in and the game will be set up. If no other players wish to participate in a no purchase necessary game, then the dealer will deal hands to the other seat locations and play those hands according to the house way; this will best simulate a real game and allow the participant the optimum chance to qualify for a prize. There is no need for a person to purchase chips, or participate in a live tournament game. There is no limitations or restrictions.
10. All fees collected will be revenue to the Bicycle Casino and all payments will be from the Casino and not an established jackpot fund.

The player who wishes to participate will be a fixed amount that will be dropped in the casino's jackpot drop box which will be attached to the table and accounted for separately from the casino collection drop box.

THE PRIZE

When a player(s) is dealt a Royal Flush or Straight Flush, the hand will be verified in the same manner that the currently approved jackpots are verified by casino personnel. This includes physical verification by the CC dealer, floorperson, and/or supervisor. Surveillance cameras will be utilized to ensure all employees and customers have followed the required rules and procedures. The winning player's identification will be obtained and all required paperwork will be completed prior to the payout of the Progressive Jackpot Prize. CC will record all winnings as part of the jackpot accounting records.

The prize pool will be initially at \$1,000.00 by the CC and will be increased by a minimum of \$50.00 per day. When a winning hand is confirmed, the progressive amount of money displayed at the table will be paid to the winner(s) and the Jackpot Fund will be immediately reseeded at \$1,000.00. At certain times CC may offer a higher amount than the posted Jackpot Prize (2x, 3x, etc.) to increase excitement and to offer the players a chance of winning more money.

When a player receives a Straight Flush, they will be awarded \$100.00. At certain times CC may offer a higher amount than the posted Jackpot Prize (2x, 3x, etc.) to increase excitement and to offer the players a chance of winning more money.

CC reserves the right to inspect all purported Qualifying Hands and to refuse payment of a Progressive Jackpot Prize in the event that it is determined that proper rules and procedures were not followed and/or cheating occurred. The CC will maintain records, including video surveillance, of all instances where a Progressive Jackpot Prize was not paid, for the purposes of future Division and/or law enforcement review.

FUNDING

The Progressive Jackpot Prize will be funded by a jackpot collection fee that will be collected from each player that wishes to participate in the Progressive Jackpot Prize. The Progressive Jackpot Prize collection fee is a fixed fee of \$.25*. The Progressive Jackpot Prize collection fee is in no way based on a percentage of the amount wagered in a game. The Jackpot Collection is determined and posted prior to the start of each designated game. The amount of the collection is clearly displayed on each table where the Progressive Jackpot Prize element is offered as well as listed in brochures and flyers.

The CC will provide initial seeding of the Progressive Jackpot Prize and may from time to time provide additional infusions of money to add to the size of the as well as to the excitement of the game. After the Progressive Jackpot fund has reached a reserve amount of \$3,000.00, CC may be refunded the initial seed amount.

NO PURCHASE NECESSARY PROCEDURES

The Progressive Jackpot Prize will be offered to customers who wish to participate for free, on a general and indiscriminate basis. CC will offer a demonstration table for all customers requesting to participate for the Progressive Jackpot Prize without requiring them to pay a table fee, Jackpot Collection or any type of consideration. There will be no live wagers at these tables. Participants in the no purchase necessary tables will be eligible to win the Progressive Jackpot Prize if they receive a Royal Flush or Straight Flush.

As in other jackpot games, in the event that only one patron requests to participate at a demonstration table for no purchase necessary, the CC dealer at the demonstration table will deal additional hands to all empty seat positions at the table to simulate a full game, thus providing the patron the optimum chance to receive a Royal Flush or Straight Flush. The dealer will monitor and play all hands dealt to the empty seat positions and play them according to the published house rules. Advertisements and rule sheets will advise all patrons that there is a general and indiscriminate opportunity to participate in a no purchase necessary game.

ADMINISTRATIVE FEE

CC will retain an administrative fee from the Progressive Jackpot Fund based on the number of table hours played on the Three Card Poker game(s). This fee will be predetermined, fixed and accounted for separately from other casino collections. The fee is not based on the amount of money in the Jackpot Fund. The fee will take into consideration market conditions and the administrative cost of operating and administering the Jackpot Fund. CC has

currently determined the administrative fee will be \$8.00 per table hour for the Progressive Jackpot.

ELIGIBILITY FOR THE JACKPOT PRIZE

All players participating at a designated Three Card Poker game table who place a wager and pay a collection fee and the Progressive Jackpot collection fee are eligible for the Progressive Jackpot Prize. All persons seeking to participate in the Progressive Jackpot on a no purchase necessary basis are eligible to do so, without placing a wager, paying a collection fee or other consideration, on a general and indiscriminate basis.

Cash and Prize Drawing Promotion

Object and Summary

The Cash and Prize Drawing Promotion features a promotional element attached to the Bureau approved California games as listed above, offered at Parkwest Bicycle Casino. The promotion awards players with 1-20 drawing tickets for achieving a designated qualifying hand or for playing in designated games for a predetermined amount of time and eligible periods. Players shall have their time tracked via the Customer Incentive Program (GEGR-001291) or manually on a log controlled by a Casino employee. The drawing tickets allow players to win predetermined and posted prizes during a drawing to be held at a later time. The drawing ticket is a standard raffle ticket divided into two sections, one for the player to retain and one for the Casino to retain. The player must retain their portion of the ticket to claim the prize. Furthermore, the player fills out the Casino section of the ticket with their first and last name, game, table number and date. The portion of the tickets retained by the Casino are placed in a secure, clear, plastic, rotating container to be used for the drawing. The container will be maintained on the Casino floor and monitored by the surveillance system and Casino personnel. At the time of the drawing, the tickets are mixed up using a clear rotating plastic bin and one is selected by a casino representative. The winner will then see a casino representative to claim their prize. The tickets are only valid for the current promotional period and expire at the end of the promotional period. The plastic bin will be emptied and the remaining tickets destroyed at the end of the promotional period.

Object and Summary

The Poker Pyramid Promotion is a house funded promotion that awards players, who are participating in an eligible controlled game, and who achieve a qualifying hand, a predetermined and posted prize from the pyramid. A Poker Pyramid board is used to track eligible prizes and eligible qualifying hands. The board consists of two parts: the qualifying hands, which make up the base, and the prizes, which make up the pyramid (see below for an example of a pyramid). There are a total of 36 qualifying hands and a total of 36 prizes.

Poker Pyramid Promotion Procedures:

- The Casino will advertise the eligible game(s) and promotional period for the Poker Pyramid Promotion.
- The Casino will post the Poker Pyramid board prominently near the eligible gaming tables.
 - If more than one game is eligible, the casino will post a Poker Pyramid board for each eligible game.
 - Each eligible game will be independent of any other eligible games.
 - All tables participating in the same eligible game will share the corresponding Poker Pyramid board.

Poker Pyramid Promotion

- Staff and surveillance cameras will monitor and maintain the Poker Pyramid board's accuracy, thus ensuring patrons and employees do not tamper with the Poker Pyramid board.
- Players will participate in the eligible game(s) as a seated player.
 - Backline bettors cannot participate in this promotion.
- If the player achieves an eligible qualifying hand, listed in the base of the Poker Pyramid, a casino representative will confirm the hand.
- Once the hand has been confirmed the player will immediately receive the corresponding prize.
 - Prizes are not determined by the qualifying hand, but rather by the order in which a qualifying hand has been achieved.
- The casino representative will then remove the qualifying hand from the Poker Pyramid board and that qualifying hand will no longer be eligible to receive a prize.
 - The hand will remain ineligible to receive a prize for the remainder of the promotional period.
- The casino representative will also remove the corresponding prize and that prize will no longer be eligible to be won.
 - The prize will be ineligible to be won for the remainder of the promotional period.
- Prizes are awarded in sequence from left to right, one row at a time until the row is empty.
 - An entire row of prizes must be completed before the next row of prizes will be offered.
- After the removal of a prize, the next prize in sequence will be awarded to the next qualifying hand achieved.
 - No specific sequence is required to make the qualifying hands.
- This will continue until there is one prize left (the top of the pyramid) and, therefore, one qualifying hand left on the pyramid base.

G3 Progressive Jackpot Tracking System*

Prepaid Players' Jackpot Wager Game Aide

G3 Progressive Jackpot Tracking System

Summary & Background

This Prepaid Players' Jackpot Game Aide System replaces the existing "Hockey Puck" Progressive Jackpot Meter System that has been installed as a Game Aide to Caribbean Stud Poker, and in use since 2004. The primary differences between the proposed Prepaid Players' Jackpot Game Aide System and the existing "Hockey Puck" Progressive Jackpot Meter System are as follows:

- With the Hockey Puck System, players need to pay the jackpot fee using a chip with a \$1.00 value every time they choose to wager on the progressive jackpot. The wagers are collected and deposited into the jackpot drop box on the left of the dealer, separate from the house collection.
- With the Prepaid Players' Jackpot Game Aide System, a player that wishes to be eligible for the jackpot will provide the house dealer with chips or cash not to exceed \$100.00. This prepaid money will be credited to the individual meter in front of that player's seated position. Each player will choose the player hand and/or the dealer hand for the progressive jackpot. A \$1.00 jackpot fee is equal to one credit on the player's bankroll meter. The credits will be deducted from the player's bankroll meter depending on the hand(s) the player chooses. If the player chooses both the player and the dealer hand, then two credits will be deducted from the bankroll meter.
- The G3 features an XML file that contains various options that can be activated or not. The XML file can only be access and modified by DEQ. This XML file is mandatory for the G3 to run, and cannot be modified manually as it is encrypted using a very secure algorithm. The mystery prize options, like the Lucky Dealer, Lucky Player, and Magic Card prizes, can be deactivated by an entry in our encrypted XML file. This can only be done by DEQ, and will be part of all software setups for the card rooms. No other prizes will be awarded to any player with the exception of pay chart set forth below.
- Additionally, the Prepaid Players' Jackpot Game Aide System does not use any Random Number Generator (RNG) in its operation.

How Does It Play:

1. The jackpot game aide system adds a player funded progressive jackpot element to the game of Caribbean Stud Poker played in California Card rooms. The base game of Caribbean Stud Poker must be approved by the Bureau to be eligible to add Caribbean Stud Poker Progressive.
2. To begin each round, players must make their regular base game wager. They may optionally place a jackpot fee of \$1.00 or one credit (1 credit = \$1) on their own hand and/or the dealer hand. To limit the fee to \$1, DEQ will program the software so that the fee amount can only be \$1 for each hand (possible total fee of \$2) by specifying it in the secure setup of the system. This can only be done by DEQ, and will be part of all software setups for the California card rooms.
3. A G3 Progressive Jackpot Tracking Bet Manager (see Figure 2 in Appendix 1) is installed on the table in front of each betting position.
 - a. Each player has the option to pay the house dealer any amount not exceeding \$100 to have credits placed on his/her bankroll meter.
 - b. Once the meter shows the credits, the player may choose the player's and/or the dealer's hand to place their credit or jackpot fee.
4. Once all players have placed their base game wager and jackpot fee, the house dealer will press "Start" on the Dealer Interface (see Figure 3 in Appendix 1). This will light up the G3 Progressive Jackpot Tracking Bet Manager, indicating participation in the progressive jackpot and will lock them until the dealer presses the "Stop" button. The appropriate amount of money gathered will also be sent to the G3 Progressive Jackpot Tracking LCD meter sign (see Figure 5 in Appendix 1).
5. The house dealer then follows standard approved procedures for dealing the base game.

6. G3 Progressive Jackpot Pay table (This payable is used for both the Player's and Dealer's hands):

Hand	Paytable
Royal Flush	100% of Posted Prize
Straight Flush	10% of Posted Prize
4 of a Kind	\$500
Full House	\$100
Flush	\$50
Straight	\$25
Associated Breakdown of \$1.00 Collection Fee	
Progressive Meter	\$0.90
Reserve Fund	\$0.05
Administrative Fee	\$0.05

Prizes:

1. Fixed Prizes
 - a. All fixed prizes won on either the player or dealer hand will be paid directly to the winning players.
 - b. If the dealer hand qualifies for a fixed prize, each player that has placed a jackpot fee on the dealer hand will be awarded the full amount of the fixed prize. All fixed payouts will be deducted from the amount shown on the progressive meter. The posted progressive prize will be instantly updated to reflect the change.
 - c. All fixed payouts will be paid by a Casino employee. Once the proper paperwork has been filled out, the floor person will pay the winner(s) in casino chips. The payouts will not be made from the house dealer's tray.

2. Progressive Prizes:
 - a. A Royal Flush pays 100% of the progressive jackpot amount shown on the progressive meter.
 - b. A Straight Flush pays 10% of the progressive jackpot amount shown on the progressive meter.
 - c. If the dealer hand qualifies for a progressive prize, the amount of the progressive jackpot prize will be divided among all players who placed a fee for the dealer's hand.
 - d. If a player's hand qualifies for a progressive prize, the full amount of the progressive jackpot prize, according to the pay table, will be paid to the player that qualified.
 - e. In the event that more than one progressive prize hits during the same round, the jackpot prize amount will be paid as follows:
 - i. If more than one player's hand qualifies for a progressive prize, the prize will be split equally among those that qualified for a payout.
 - ii. If one player's hand and the dealer's hand both qualify for a progressive prize, the player that bet on their own hand will receive 50% of jackpot prize and the remaining 50% will be split equally among those player's that bet on the dealer hand.
 - iii. If more than one player's hand and the dealer's hand qualify for a progressive prize, the jackpot will be split equally between all the winning hands, not necessarily the number of players that bet on the hands. For example: Three hands hit a straight flush. Two hands are player's hands and one is the dealer's hand in which two players wagered on. The three jackpot hands will be divided equally so in this case 2/3 of the jackpot will be split equally among those player's that bet on their own hand and the remaining 1/3 will be split equally among those player's that bet on the dealer hand.
 - f. Once the casino verifies a progressive win, the authorized personnel (i.e. supervisor or manager) shall perform the appropriate payment procedure.
 - g. In the case of multiple linked tables, winners are paid in the order in which the wins occur.

G3 Progressive Jackpot Tracking System

- h. At the end of the hand, the dealer presses "STOP." This unlocks the G3 Progressive Jackpot Tracking Bet Managers so the next hand may begin.
3. All fixed prizes at a table will be paid first and all progressive prizes will be paid after all fixed prizes have been paid.

Funding:

1. All monies collected and paid out shall be tracked both electronically and on a hand written log that shall be maintained by the gambling enterprise, for examination by regulatory and law enforcement personnel. A sample log is attached.
2. The Casino will initially seed the jackpot at a minimum of \$1,000. Once there are sufficient monies in the Caribbean Stud Progressive jackpot fund, the initial seed will be reimbursed to the Casino from the reserve fund and shall be documented in the accounting records. After the progressive jackpot is hit it will be re-seeded by the reserve fund at a minimum of \$1,000. In the event the reserve fund does not have enough to cover the seed amount, the Casino will make up any shortfall.
3. Each \$1.00 jackpot fee paid by a player will be broken down as follows
 - a. \$0.90 will be immediately posted on the meter.
 - b. \$0.05 will be tracked in a reserve fund. The reserve fund will be utilized to immediately reseed the metered progressive jackpot prize.
 - c. \$0.05 will be retained by the Casino as an administrative fee.
4. Each player has the option to pay the house dealer any amount not exceeding \$100 to have credits placed on his/her bankroll meter. All monies paid toward credits on the bankroll meter will be dropped into a separate and locked drop box specifically designated for jackpot collection fees. If a player decides to leave the table and still has money on his/her bankroll meter, the house dealer will call over a floor person and have a receipt printed out for the amount cashed out. The receipt will be by the casino employee for reconciliation purposes at the end of their shift. The casino employee will then reimburse the player in chips for the amount shown on that player's bankroll meter which will match the amount on the printed receipt.

Eligibility & Irregularities:

1. Only seated players are eligible for payouts.
2. If the dealer enters the wrong information, authorized personnel must resolve the situation using the Game Server features (see ~~Figure 6~~ in Appendix 1).
3. If the dealer makes a mistake while dealing the cards, he should declare the hand a misdeal, and re-deal the cards. Caution: the dealer must not press STOP. Each player's optional jackpot fee will remain the same during the re-dealt hand.
4. Any person wishing to participate in the Caribbean Stud Poker Progressive jackpot on a "No Purchase Necessary" (NPN) basis may do so. The assigned floor person will open a Caribbean Stud Poker table where the NPN participant will play in a simulated game on a general and indiscriminate basis with no restrictions. There will be no live wagers or monies used on the NPN table. All game rules for the live game will be adhered to.
