California Department of Justice Proposition 69 DNA Data Bank Program Report
First Quarter 2026

The California Department of Justice, Division of Law Enforcement, Bureau of Forensic Services (BFS) CAL-DNA Data Bank Program provides DNA typing services to support California's law enforcement agencies by managing and administering the state's DNA data bank. All BFS DNA programs, including the CAL-DNA Data Bank, are accredited by the ANSI National Accreditation Board (ANAB). Seventeen local crime laboratories and seven BFS laboratories/sections submit evidence DNA profiles for search against the CAL-DNA Data Bank and the National DNA Index System, which are part of the Combined DNA Index System (CODIS).

On November 3, 2004, California voters passed Proposition 69 to expand and modify the State's DNA database law. In accordance with the requirements of Penal Code (PC) section 295(h)(4), the following statistics have been prepared based on the most recent quarter for which complete information exists.

For the First Quarter of 2026 (1/1/26 to 3/31/26):

Number of data bank samples (i.e., convicted offender and arrestee) received:	**23,007**
Number of data bank profiles uploaded to CAL-DNA's CODIS:	**25,541**
Number of case evidence profiles uploaded to CAL-DNA's CODIS:	**2,471**

Since the passage of Proposition 69 (11/3/04 to 3/31/26):

Total number of data bank samples received:	**3,545,746**
Total number of data bank samples received from the Department of Corrections and Rehabilitation:	**466,836**
Total number of data bank profiles uploaded to CAL-DNA's CODIS:	**3,481,838**
Total number of case evidence profiles uploaded to CAL-DNA's CODIS:	**188,462**
Total number of CODIS hits (a hit is an association of an evidence DNA profile with the DNA profile of an arrestee, a convicted offender, or evidence from a different case):	**125,607**
Total number of investigations aided per CODIS guidelines:	**159,903**

Proposition 69 Funds Collected, Appropriated, and Expended

Total DNA funds collected under the provisions of Government Code sections 76104.6 and 76104.7 (11/3/04 to 3/31/26):	**$895,284,118**
Amounts appropriated by the Legislature as per PC § 295(h)(4) in fiscal year 2025-2026 for the Bureau of Forensic Services overall:	
DNA Identification Fund:	**$81,556,000**
General Fund:	**$9,077,000**
Amounts expended or disbursed by DOJ in fiscal year 2025-2026 (as of 3/31/26):	
Bureau of Forensic Services other than Data Bank:	**$47,278,068**
CAL-DNA Data Bank:	**$14,429,481**
California Justice Information Services (CJIS) Division for Data Bank operations (Hawkins Data Center, Palm Print, and Criminal History databases):	**$548,697**
