

SB 882 Report – Proposed Outline for Council Review

- I. **Executive Summary:** Short synopsis of the content of the report and the Council’s recommendations.
- II. **Introduction:** Summary of the key provisions of SB 882, description of Council membership, duties, and public process, methodology behind the Council’s work, and summary of the Council’s recommendations.
- III. **The Rights of Individuals with Mental Health, Intellectual, and Developmental Disabilities:** Overview of the California and federal legal framework for protecting the rights of persons with mental health conditions and intellectual and development disabilities (IDD), and existing law enforcement training requirements regarding these communities.
- IV. **The Current State of Care for Persons with Mental Health Conditions and IDD and Their Interactions with Law Enforcement:** Overview of the systems of care for affected persons; police as first responders in crisis situations; negative outcomes of police interactions with persons with mental health conditions and IDD, including the disproportionate harm to such persons at all points of interaction with law enforcement.
- V. **Council Meetings and Witness Presentations:** Overview of the Council meetings, witness presentations made to the Council, and main takeaways.
- VI. **Training:** Discussion to include a literature review of best practices for law enforcement training, summary of types of existing trainings in California, Council’s analysis of trainings attended, analysis of information received about trainings from survey of law enforcement agencies, and Council’s recommendations.
- VII. **Non-Training Interventions:** Discussion to include a literature review of AB 988 and other statewide response, crisis intervention teams, and other community-based models and diversion; summary of any other interventions identified through the Council’s meetings and investigation; discussion of strengths and weaknesses and best practices identified above; recommendations for non-training interventions.
- VIII. **Conclusion:** Key takeaways from the report and Council recommendations.
