11 Attorneys for Plaintiff,
MATEEL ENVIRONMENTAL JUSTICE FOUNDATION

13 SUPERIOR COURT OF THE STATE OF CALIFORNIA
14 COUNTY OF SAN FRANCISCO
(Unlimited Jurisdiction)

16 MATEEL ENVIRONMENTAL
JUSTICE FOUNDATION,

CASE NO.

CGC-10-504376

17 Plaintiff,

COMPLAINT FOR INJUNCTIVE RELIEF
AND CIVIL PENALTIES

18 v.

19 FLORIDA PNEUMATIC MFG.
20 CORPORATION A SUBSIDIARY OF P&F
INDUSTRIES, INC.; GREAT NECK SAW
21 MANUFACTURERS, INC;
HBD/THERMOID, INC.; HBD
22 INDUSTRIES, INC.; ILLINOIS
INDUSTRIAL TOOL, INC.; and SEARS,
23 ROEBUCK AND CO.,

BUSINESS TORT

24 Defendants.

1 MATEEL ENVIRONMENTAL JUSTICE FOUNDATION alleges as follows:
2

3 INTRODUCTION

4 1. This Complaint seeks civil penalties and an injunction to remedy the continuing
5 failure of defendants FLORIDA PNEUMATIC MFG. CORPORATION A SUBSIDIARY OF
6 P&F INDUSTRIES, INC.; GREAT NECK SAW MANUFACTURERS, INC;
7 HBD/THERMOID, INC.; HBD INDUSTRIES, INC.; ILLINOIS INDUSTRIAL TOOL, INC.;
8 and SEARS, ROEBUCK AND CO., (hereinafter "Defendants"), to give clear and reasonable
9 warnings to those residents of California, who handle and use hose nozzles and hose accessories
10 (such as couplers) made from leaded brass (hereinafter referred to as "leaded-brass hose nozzles
11 and hose accessories"), that handling and use of these products causes those residents to be
12 exposed to lead and lead compounds, lead acetate, lead phosphate, and lead subacetate
13 (hereinafter, collectively, "lead"). The specific types of products at issue in the complaint are
14 those listed in the Products Lists of the Proposition 65 Notice of Violation that is attached to this
15 complaint and which is incorporated into this complaint. Lead is known to the State of
16 California to cause cancer, birth defects and male and female reproductive toxicity. Defendants
17 manufacture, distribute, and/or market leaded-brass hose nozzles and hose accessories. These
18 products cause exposures to lead and lead compounds, which are chemicals known to the State of
19 California to cause cancer, birth defects and other reproductive harm.

20 2. Defendants are businesses that manufacture, market, and/or distribute leaded-
21 brass hose nozzles and hose accessories. Defendants intend that residents of California handle
22 and use leaded-brass hose nozzles and hose accessories that Defendants manufacture, market,
23 and/or distribute. When these products are handled and used in their normally intended manner,
24 these products expose people to lead. In spite of knowing that residents of California were and
25 are being exposed to lead when they handle and use leaded-brass hose nozzles and hose
26 accessories, Defendants did not and do not provide clear and reasonable warnings that these
27 products cause exposure to chemicals known to cause cancer, birth defects and other
28 reproductive harm.

1 and lead compounds while they are physically present in the City and County of San Francisco.

2 7. Plaintiff brings this enforcement action against Defendants pursuant to Health &
3 Safety Code Section 25249.7(d). Attached hereto and incorporated by reference is a copy of the
4 Notice of Violation dated July 22, 2010, which Mateel sent to California's Attorney General.
5 Notices identical in substance were sent to every District Attorney in the state, and to the City
6 Attorneys of every California city with a population greater than 750,000. On that same date,
7 Mateel sent an identical Notice of Violation to each defendant. Attached to the Notice of
8 Violation sent to each defendant was a summary of Proposition 65 that was prepared by
9 California's Office of Environmental Health Hazard Assessment. In addition, each Notice of
10 Violation plaintiff sent was accompanied by a Certificate of Service attesting to the service of the
11 Notice of Violation on each entity which received it. Pursuant to California Health & Safety
12 Code Section 25249.7(d), a Certificate of Merit attesting to the reasonable and meritorious basis
13 for the action was also sent with each Notice of Violation. Factual information sufficient to
14 establish the basis of the Certificate of Merit was enclosed with the Notice of Violation Mateel
15 sent to the Attorney General.

16 8. Defendants are all businesses that employ more than ten people.

17 JURISDICTION

18 9. The Court has jurisdiction over this action pursuant to California Health & Safety
19 Code Section 25249.7. California Constitution Article VI, Section 10 grants the Superior Court
20 "original jurisdiction in all causes except those given by statute to other trial courts." Chapter 6.6
21 of the Health & Safety Code, which contains the statutes under which this action is brought, does
22 not grant jurisdiction to any other trial court.

23 10. This Court also has jurisdiction over Defendants because they are businesses that
24 have sufficient minimum contacts in California and within the City and County of San Francisco.
25 Defendants intentionally availed themselves of the California and San Francisco County markets
26 for leaded-brass hose nozzles and hose accessories. It is thus consistent with traditional notions
27 of fair play and substantial justice for the San Francisco Superior Court to exercise jurisdiction
28 over them.

1 11. Venue is proper in this Court because Defendants market their leaded-brass hose
2 nozzles and hose accessories in and around San Francisco and thus cause people to be exposed to
3 lead and lead compounds while those people are physically present in San Francisco. Liability
4 for Plaintiff's causes of action, or some parts thereof, has accordingly arisen in San Francisco
5 during the times relevant to this Complaint and Plaintiff seeks civil penalties and forfeitures
6 imposed by statutes.

7
8 FIRST CAUSE OF ACTION
9 (Claim for Injunctive Relief)

10 12. Plaintiff realleges and incorporates by reference into this First Claim for Relief, as
11 if specifically set forth herein, paragraphs 1 through 11, inclusive.

12 13. The People of the State of California have declared by referendum under
13 Proposition 65 (California Health & Safety Code § 25249.5 et seq.) their right "[t]o be informed
14 about exposures to chemicals that cause cancer, birth defects, and reproductive harm."

15 14. To effectuate this goal, Section 25249.6 of the Health and Safety Code mandates
16 that persons who, in the course of doing business, knowingly and intentionally expose any
17 individual to a chemical known to the State of California to cause cancer or birth defects must
18 first provide a clear and reasonable warning to such individual prior to the exposure.

19 15. Since at least July 22, 2007, Defendants have engaged in conduct that violates
20 Health and Safety Code Section 25249.6 et seq. This conduct includes knowingly and
21 intentionally exposing to the above mentioned toxic chemicals, those California residents who
22 handle and use leaded-brass hose nozzles and hose accessories. The normally intended use of
23 leaded-brass hose nozzles and hose accessories causes exposure to lead and lead compounds,
24 which are chemicals known to the State of California to cause cancer, birth defects and other
25 reproductive harm. Defendants have not provided clear and reasonable warnings, within the
26 meaning of Health & Safety Code Sections 25249.6 and 25249.11.

27 16. At all times relevant to this action, Defendants knew that the leaded-brass hose
28 nozzles and hose accessories they manufactured, distributed or marketed were causing exposures

1 to lead and lead compounds. Defendants intended that residents of California handle and use
2 leaded-brass hose nozzles and hose accessories in such ways as would lead to significant
3 exposures to these chemicals.

4 17. By the above described acts, Defendants have violated Cal. Health & Safety Code
5 § 25249.6 and are therefore subject to an injunction ordering them to stop violating Proposition
6 65, requiring them to provide warnings to their past customers who purchased defendants'
7 products without receiving a clear and reasonable warning, and to provide warnings to future
8 customers.

9 SECOND CAUSE OF ACTION
10 (Claim for Civil Penalties)

11 18. Plaintiff realleges and incorporates by reference into this First Claim for Relief, as
12 if specifically set forth herein, paragraphs 1 through 17, inclusive.

13 19. By the above described acts, Defendants are liable and should be liable pursuant
14 to Health & Safety Code § 25249.7(b), for a civil penalty of \$2,500.00 per day for each
15 individual exposed to lead and lead compounds from the handling or use of Defendants' leaded-
16 brass hose nozzles and hose accessories.

17 PRAYER FOR RELIEF

18 Wherefore, plaintiff prays for judgment against DEFENDANTS, as follows:

19 1. Pursuant to the First Cause of Action, that all Defendants be enjoined, restrained,
20 and ordered to comply with the provisions of Section 25249.6 of the California Health & Safety
21 Code;

22 2. Pursuant to the Second Cause of Action, that each Defendants be assessed a civil
23 penalty in an amount equal to \$2,500.00 per day per individual exposed, in violation of Section
24 25249.6 of the California Health & Safety Code, to lead and lead compounds as the result of
25 Defendants' manufacturing, distributing or marketing of leaded-brass hose nozzles and hose
26 accessories;

27 3. That Defendants be ordered to identify and locate each individual who purchased
28 leaded-brass hose nozzles and hose accessories and provide a warning to each such person that

1 the leaded-brass hose nozzles and hose accessories the person purchased will expose that person
2 to chemicals known to cause birth defects.

3 4. That, pursuant to Civil Procedure Code § 1021.5, Defendants be ordered to pay to
4 Plaintiff the attorneys fees and costs it incurred in bringing this enforcement action.

5 5. For such other relief as this court deems just and proper.

PROPOSITION 65 ENFORCEMENT REPORTING
ATTENTION: PROP 65 COORDINATOR
1515 CLAY STREET, SUITE 2000
P.O. BOX 70550
OAKLAND CA 94612-0550

Greetings:

This office and the Mateel Environmental Justice Foundation ("Mateel") give you notice that the private businesses on the attached service list have been, are, will be and threaten to be in violation of Cal. Health & Safety Code § 25249.6. Both this office and Mateel are private enforcers of Proposition 65, both may be contacted at the below listed address and telephone number, and I am a responsible individual at both Mateel and this office. The above referenced violations occur when California residents come into contact with the brass parts of air and water hoses, hose connectors, couplers, and hose accessory kits as well as tools that connect to air or water hoses such as hose nozzles and pressure washers (hereinafter collectively "brass products") these businesses market. A list of specific examples of the specific types of products at issue is attached. Though a specific model or UPC number may be given as an example, this notice pertains to all similar types of brass products. The brass products that people handle are made from leaded brass, which contains lead and lead compounds ("lead"), which are chemicals known to cause cancer, birth defects and other reproductive harm. California residents are exposed to lead when they handle these brass products. Lead is transferred from the brass products to peoples' hands and to other parts of their skin. This lead is then absorbed through the skin, taken into cuts and abrasions, absorbed through mucous membranes, and transferred from the skin to the mouth via oral contact either directly with the lead-contaminated skin, and when lead is transferred from contaminated skin to cigarettes and food and the contaminated cigarettes and food are smoked and/or eaten. These lead exposures thus occur via the dermal absorption, subcutaneous, mucous membrane, ingestion and inhalation routes. The listed companies did not and do not provide people with clear and reasonable warnings before they expose them to lead. These violations have occurred every day since at least July 22, 2007, and will continue every day until the lead is removed from the brass products, or until clear and reasonable warnings are given. The above-referenced violations are alleged for occupational exposures as well as for consumer and environmental exposures. We do not, however, allege occupational exposure violations as to any brass products made outside of California, except as to workplaces these businesses themselves maintain in California. Exposures constituting Proposition 65 environmental exposure violations occur both on and off the listed businesses' property and in each of California's 58 counties.

Cordially,

William Verick

CERTIFICATE OF MERIT

I, William Verick, hereby declare: This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings. I am the attorney for the noticing party. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the action. Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the person(s) consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: July 22, 2010

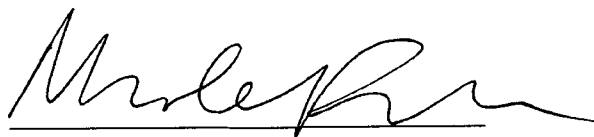

William Verick

This notice alleges the violation of Proposition 65 with respect to occupational exposures governed by the California State Plan for Occupational Safety and Health. The State Plan incorporates the provisions of Proposition 65, as approved by Federal OSHA on June 6, 1997. This approval specifically placed certain conditions on Proposition 65, including that it does not apply to the conduct of manufacturers occurring outside the State of California. The approval also provides that an employer may use the means of compliances in the general hazard communication requirements to comply with Proposition 65. It also requires that supplemental enforcement is subject to the supervision of the California Occupational Safety and Health Administration. Accordingly, any settlement, civil complaint, or substantive court orders in this matter must be submitted to the Attorney General.

CERTIFICATE OF SERVICE

I, Nicole Frank, declare:

If called, I could and would testify as follows: I am over eighteen. My business address is 424 First Street, Eureka, California, 95501. On July 22, 2010, I caused the attached 60-DAY NOTICE LETTER, or a letter identical in substance, to be served by U.S. Mail on those public enforcement agencies listed on the attached SERVICE LIST; in addition on the same date and by U.S. Mail I caused the attached 60-DAY NOTICE LETTER and PROPOSITION 65: A SUMMARY to be sent by Certified U.S. Mail to the private business entities also listed on the attached SERVICE LIST. I deposited copies of these documents in envelopes, postage pre-paid, with the U.S. Postal Service on the day on which the mail is collected. I declare under penalty of perjury under the laws of the State of California that the foregoing is true and correct and that this declaration was executed on July 22, 2010, at Eureka, California.

Nicole Frank
