20 Plaintiff Environmental Research Center hereby alleges:

21
22 **INTRODUCTION**

23 1. Plaintiff Environmental Research Center (hereinafter "Plaintiff" or "ERC") brings this
24 action as a private attorney general enforcer and in the public interest pursuant to Health & Safety
25 Code section 25249.7, subdivision (d). This complaint seeks injunctive and declaratory relief and
26 civil penalties to remedy Defendant USP Labs, LLC and Does 1-100 (hereinafter "USP Labs")
27 failure to warn consumers that they have been exposed to lead from several of USP Labs'
28 nutritional health products. Lead is a chemical known to the State of California to cause cancer.

1 birth defects and other reproductive harm. Based on the Safe Drinking Water and Toxic
2 Enforcement Act of 1986 (Health & Safety Code section 25249.5 *et seq.*) also known as
3 "Proposition 65," businesses with ten or more employees must provide a "clear and reasonable
4 warning" prior to exposing persons to these chemicals.

5 II

6 PARTIES

7 2. Plaintiff ERC is a California non-profit corporation dedicated to, among other causes,
8 helping safeguard the public from health hazards by reducing the use and misuse of hazardous and
9 toxic chemicals, facilitating a safe environment for consumers and employees and encouraging
10 corporate responsibility.

11 3. Defendant USP Labs is a business that manufactures, distributes and/or sells nutritional
12 health products that have exposed users to lead in the State of California within the relevant statute
13 of limitations period. These Covered Products are USP Labs PowerFULL, USP Labs Recreate
14 Clinical Strength Fat Loss - Trial Pack, USP Labs PRIME The Ultimate Muscle Pill, USP Labs -
15 Super Cissus RX, USP Labs LLC Pink Magic 180 Capsules. USP Labs is a company subject to
16 Proposition 65 as it employs ten or more persons.

17 4. Defendants Does 1-100, are named herein under fictitious names, as their true names and
18 capacities are unknown to ERC. ERC is informed and believes, and thereon alleges, that each of
19 said Does is responsible, in some actionable manner, for the events and happenings hereinafter
20 referred to, either through said Defendant's conduct, or through the conduct of its agents, servants or
21 employees, or in some other manner, causing the harms alleged by ERC in this complaint. When
22 said true names and capacities of Does are ascertained, ERC will seek leave to amend this complaint
23 to set forth the same.

24 III

25 JURISDICTION AND VENUE

26 5. This Court has jurisdiction pursuant to California Constitution Article VI, Section 10
27 because this case is a cause not given by statute to other trial courts.
28

1 Regs., tit. 27, § 25602, subd. (b).)

2 12. Whenever a clear and reasonable warning is required under Health & Safety Code
3 section 25249.6, the "method employed to transmit the warning must be reasonably calculated
4 considering the alternative methods available under the circumstances, to make the warning
5 message available prior to exposure." (Cal. Code Regs., tit. 27, § 25601.) The warning requirement
6 may be satisfied by a warning that appears on a product's label or other labeling, shelf labeling,
7 signs, a system of signs, public advertising identifying the system and toll-free information services,
8 or any other, system, that provides clear and reasonable warnings. (Cal. Code Regs., tit. 27, §
9 25603.1, subd. (a)-(d).)

10 13. Proposition 65 establishes a procedure by which the State is to develop a list of
11 chemicals "known to the State to cause cancer or reproductive toxicity." (Health & Safety Code,
12 § 25249.8.) There is no duty to provide a clear and reasonable warning until 12-months after the
13 chemical was published on the State list. (Health & Safety Code, § 25249.10, subd. (b).) Lead
14 was listed as a chemical known to the State of California to cause developmental toxicity in the
15 fetus and male and female reproductive toxicity on February 27, 1987. Lead was listed as a
16 chemical known to the State of California to cause cancer on October 1, 1992. (Cal. Code Regs., tit.
17 27, § 27001.)

18 14. The Maximum Allowable Dose Level for lead as a chemical known to cause
19 developmental toxicity is 0.5 micrograms per day. (Cal. Code Regs., tit. 27, § 25805.) The No
20 Significant Risk Level for lead as a carcinogen is 15 micrograms per day. (Cal. Code Regs., tit.
21 27, § 25705.)

22 15. Proposition 65 may be enforced by any person in the public interest who provides
23 notice sixty days before filing suit to both the violator and designated law enforcement officials.
24 The failure of law enforcement officials to file a timely complaint enables a citizen suit to be filed
25 pursuant to Health & Safety Code section 25249.7, subdivisions (c) and (d).

26 16. Proposition 65 provides that any person "violating or threatening to violate" Proposition
27 65 may be enjoined in any court of competent jurisdiction. (Health & Safety Code, § 25249.7,
28 subd. (a).) To "threaten to violate" means "to create a condition in which there is a substantial

1 probability that a violation will occur.” (Health & Safety Code, § 25249.11, subd. (e).)
2 Furthermore, violators are subject to a civil penalty of up to \$2,500 per day for each violation.
3 (Health & Safety Code, § 25249.7, subd. (b)(1).

STATEMENT OF FACTS

17. USP Labs has manufactured, distributed and/or sold the Covered Products containing lead to the State of California. Consumers have been ingesting these products for many years, without any knowledge of their exposure to lead, a very dangerous chemical.

18. For many years, USP Labs has knowingly and intentionally exposed numerous persons to lead, without providing a Proposition 65 warning. Prior to ERC’s Notices of Violation, USP Labs failed to provide a warning on the label of the Covered Products. USP Labs website does not contain any warning regarding lead contained in the Covered Products. USP Labs has at all times relevant hereto been aware that the Covered Products contained lead and that persons using these products have been exposed to the chemical. USP Labs has been aware of the lead in the Covered Products and has failed to disclose the presence of this chemical to the public, who undoubtedly believed they have been ingesting totally healthy and pure products.

19. Both prior and subsequent to ERC’s Notices of Violation, USP Labs failed to provide consumers of the Covered Products with a clear and reasonable warning that they have been exposed to a chemical known to the State of California to cause cancer, birth defects and other reproductive harm.

FIRST CAUSE OF ACTION

(Violation of Section 25249.6 of the Health and Safety Code, Failure to Provide Clear and Reasonable Warning under Proposition 65)

20. ERC refers to paragraphs 1-19, inclusive, and incorporates them herein by this reference.

21. By committing the acts alleged above, USP Labs has, in the course of doing business, knowingly and intentionally exposed users of the Covered Products to lead, a chemical known to

1 the State of California to cause cancer, birth defects and other reproductive harm without first giving
2 clear and reasonable warning to such individuals, within the meaning of Health & Safety Code
3 section 25249.6.

4 22. Said violations render USP Labs liable for civil penalties up to \$2,500 per day, for
5 each violation.

6 **SECOND CAUSE OF ACTION**

7 **(Declaratory Relief)**

8 23. ERC refers to paragraphs 1-22, inclusive, and incorporates them herein by this
9 reference.

10 24. There exists an actual controversy relating to the legal rights and duties of the parties,
11 within the meaning of Code of Civil Procedure section 1060, between ERC and USP Labs
12 concerning whether USP Labs has exposed individuals to a chemical known to the State of
13 California to cause cancer, birth defects and other reproductive harm without providing clear and
14 reasonable warning.

15 **VI**

16 **PRAYER**

17 WHEREFORE ERC prays for relief as follows:

18 1. On the First Cause of Action, for civil penalties for each and every violation according to
19 proof;

20 2. On the First Cause of Action, and pursuant to Health & Safety Code section 25249.7,
21 subdivision (a), for such temporary restraining orders, preliminary and permanent injunctive orders,
22 or other orders, prohibiting USP Labs from exposing persons to lead without providing clear and
23 reasonable warning;

24 3. On the Second Cause of Action, for a declaratory judgment pursuant to Code of Civil
25 Procedure section 1060 declaring:

26 a. that USP Labs has exposed individuals to a chemical known to the State of
27 California to cause, birth defects and other reproductive harm without providing clear and
28 reasonable warning; and

1 4. On all Causes of Action, for reasonable attorneys' fees pursuant to section 1021.5 of the
2 Code of Civil Procedure or the substantial benefit theory;

3 5. For costs of suit herein; and

4 6. For such other relief as the Court may deem just and proper.

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I represent the Environmental Research Center ("ERC") in connection with this Notice of Violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The names of the companies covered by this notice that violated Proposition 65 (hereinafter "the Violators") are:

USP Labs, LLC

The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

USP Labs PowerFULL - Lead

USP Labs Recreate Clinical Strength Fat Loss - Trial Pack -Lead
USP Labs PRIME The Ultimate Muscle Pill - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead as chemical known to cause cancer.

This letter is a notice to each of the Violators and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This notice covers all violations of Proposition 65 involving the Violators currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is enclosed with the copy of this letter to each of the Violators.

Each of the Violators has manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The primary route of exposure to these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. Each of the Violators violated Proposition 65 because they failed to provide an appropriate warning to persons using these products that they are being exposed to the identified chemicals.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this notice unless each of the Violators agrees in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and my client's objectives in pursuing this notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this notice to ERC's attorney, Karen A. Evans, 4218 Biona Pl., San Diego, CA 92116, telephone no.: 619-640-8100, e-mail: kaevans1@cox.net.

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by USP Labs, LLC.

I, Karen Evans, declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I am the Executive Director of the Environmental Research Center ("ERC") in connection with this Notice of Violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The name of the Company covered by this Notice that violated Proposition 65 is:

USP Labs LLC

The product that is the subject of this Notice and the chemical in that product identified as exceeding allowable levels is:

USP Labs - Super Cissus RX - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead as chemical known to cause cancer.

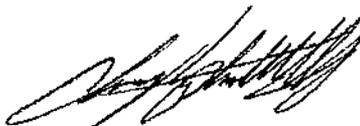

This letter is a Notice to USP Labs LLC and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This Notice covers all violations of Proposition 65 involving USP Labs LLC currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, has been provided to the Noticed Company with a copy of this letter.

USP Labs LLC has manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The primary route of exposure to these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. USP Labs LLC violated Proposition 65 because the Company has failed to provide an appropriate warning to persons using these products that they are being exposed to the identified chemical.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this Notice unless USP Labs LLC agrees in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and ERC's objectives in pursuing this Notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this notice to ERC's attorney, Michael Freund, address: 1915 Addison Street, Berkeley, California, 94704-1101, telephone no.: 510-540-1992, e-mail: Freund1@aol.com.

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by USP Labs LLC

I, Michael Freund, declare:

1. This Certificate of Merit accompanies the attached sixty-day Notice in which it is alleged the party identified in the Notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the Notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this Certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I am the Executive Director of the Environmental Research Center ("ERC") in connection with this Notice of Violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The name of the Company covered by this Notice that violated Proposition 65 is:

USP Labs LLC

The product that is the subject of this Notice and the chemical in that product identified as exceeding allowable levels is:

USP Labs LLC Pink Magic 180 Capsules - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead as chemical known to cause cancer.

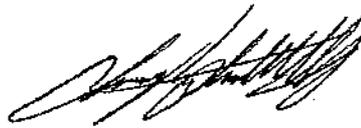

This letter is a Notice to USP Labs LLC and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This Notice covers all violations of Proposition 65 involving USP Labs LLC currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, has been provided to the Noticed Company with a copy of this letter.

USP Labs LLC has manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The primary route of exposure to these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. USP Labs LLC violated Proposition 65 because the Company has failed to provide an appropriate warning to persons using these products that they are being exposed to the identified chemical.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this Notice unless USP Labs LLC agrees in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and ERC's objectives in pursuing this Notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this notice to ERC's attorney, Michael Freund, address: 1915 Addison Street, Berkeley, California, 94704-1101, telephone no.: 510-540-1992, e-mail: Freund1@aol.com.

Sincerely,

Chris Heptinstall
Executive Director
Environmental Research Center

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by USP Labs LLC

I, Michael Freund, declare:

1. This Certificate of Merit accompanies the attached sixty-day Notice in which it is alleged the party identified in the Notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the Notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this Certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
