24 INTRODUCTION

25
26 1. Plaintiff Environmental Research Center (hereinafter "Plaintiff" or "ERC") brings this
27 action as a private attorney general and in the public interest pursuant to Health & Safety Code
28 Section 25249.7 (d). This complaint seeks civil penalties to remedy Defendants' failure to warn

1 users of certain products sold by the companies that they have been exposed to lead, a chemical
2 known to the State of California to cause cancer, birth defects and other reproductive harm. Based
3 on the Safe Drinking Water and Toxic Enforcement Act of 1986 (Health & Safety Code Section
4 25249.5 et seq) also known as “Proposition 65,” businesses with ten or more employees must
5 provide a “clear and reasonable warning” prior to exposing persons to these chemicals.
6

7 II

8 PARTIES

9
10 2. Plaintiff ERC is a California non-profit corporation dedicated to, among other causes, helping
11 safeguard the public from health hazards by bringing about a reduction in the use and misuse of
12 hazardous and toxic chemicals, facilitating a safe environment for consumers and employees and
13 encouraging corporate responsibility.

14
15 3. Defendants are businesses that manufacture, distribute and/or sell nutritional products that have
16 exposed users of the Covered Products to lead in the State of California. These products are: Junior
17 Max Citrus Berry Children’s Liquid Vitamin Mineral Supplement and Rejuvenate Life Enhancer
18 Dietary Supplement Supports Anti-Aging Process, Pro thin Chitosorb and Emperor’s Formula.
19 (“Covered Products”). Defendants are companies that employ ten or more persons.

20
21 4. Defendants Does I-100, are named herein under fictitious names, as their true names and
22 capacities are unknown to Plaintiff. ERC is informed and believes, and thereon alleges, that each
23 of said Does is responsible, in some actionable manner, for the events and happenings hereinafter
24 referred to, either through said Defendants’ conduct, or through the conduct of its agents, servants or
25 employees, or in some other manner, causing the harms alleged by ERC in this complaint. When
26 said true names and capacities of Does are ascertained, ERC will seek leave to amend this complaint
27 to set forth the same.

JURISDICTION AND VENUE

5. This Court has jurisdiction pursuant to California Constitution Article VI, Section 10 because this case is a cause not given by statute to other trial courts.

6. ERC has performed any and all conditions precedent to the filing of a legal action pursuant to Proposition 65 by serving by mail three Notices of Violation, dated September 24, 2010, October 12, 2010 and January 14, 2011 to the Attorney General of the State of California, the state's District Attorneys, the appropriate City Attorney's and to Defendants. A true and correct copy of these Notices is attached herein as Exhibit A. More than 60 days have passed since these Notices were mailed and no public enforcement entity has filed a complaint in this case.

7. This Court is the proper venue for the action because the causes of action have arisen in San Francisco where some of the violations of law have occurred. Furthermore, this Court is the proper venue under Code of Civil Procedure Section 395.5 and Health & Safety Code Section 25249.7.

IV

STATUTORY BACKGROUND

A. Proposition 65

8. The Safe Drinking Water and Toxic Enforcement Act of 1986 is an initiative statute passed as "Proposition 65" by an overwhelming majority vote of the people in November of 1986.

9. The warning requirement of Proposition 65 is contained in Health & Safety Code Section 25249.6, which provides:

No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual, except as provided in Section 25249.10.

10. Implementing regulations for Proposition 65 provide that warnings are required for consumer

1 product exposures. A “consumer product exposure is an exposure which results from a person’s
2 acquisition, purchase, storage, consumption, or other reasonably foreseeable use of a consumer
3 good, or any exposure that results from receiving a consumer service.” 27 CCR Section 25601 (b).
4

5 11. Whenever a clear and reasonable warning is required under Health & Safety Code Section
6 25249.6, the “method employed to transmit the warning must be reasonably calculated considering
7 the alternative methods available under the circumstances, to make the warning message available
8 prior to exposure.” 27 CCR Section 25601. The warning requirement may be satisfied by a
9 warning that appears on a product’s label or other labeling, shelf labeling, signs, a system of signs,
10 public advertising identifying the system and toll-free information services, or any other, system,
11 that provides clear and reasonable warnings. Id., Section 25603.1 (a) – (d).
12

13 12. Proposition 65 establishes a procedure by which the State is to develop a list of
14 chemicals “known to the State to cause cancer or reproductive toxicity.” Health & Safety Code
15 Section 25249.8. There is no duty to provide a clear and reasonable warning until 12-months after
16 the chemical was published on the State list. Id., Section 25249.10 (b). Lead was listed as a
17 chemical known to the State of California to cause developmental toxicity and male and female
18 reproductive toxicity on February 27, 1987. Lead was listed as a chemical known to the State of
19 California to cause cancer on October 1, 1992. Title 27, Cal. Code Regs., Section 27001.
20

21 13. Proposition 65 may be enforced by any person in the public interest who provides notice
22 sixty days before filing suit to both the violator and designated law enforcement officials. The
23 failure of law enforcement officials to file a timely complaint enables a citizen suit to be filed
24 pursuant to Health & Safety Code Section 25249.7 (c).
25

26 14. Proposition 65 provides that any person “violating or threatening to violate” Proposition 65
27 may be enjoined in any court of competent jurisdiction. Health & Safety Code Section 25249.7 (a).
28

1 To “threaten to violate” means “to create a condition in which there is a substantial probability that a
2 violation will occur.” Id., Section 25249.11 (e). Furthermore, violators are subject to a civil penalty
3 of up to \$2,500 per day for each violation. Id., Section 25249.7 (b).

STATEMENT OF FACTS

15. Defendants have manufactured, distributed and/or sold the Covered Products to the State of California that contain lead. Consumers have been ingesting these products for many years, without any knowledge of their exposure to lead, a very dangerous chemical.

16. Defendants have knowingly and intentionally exposed numerous persons to lead, without providing a Proposition 65 warning. Defendants have not provided a warning on the label of the Covered Products, nor is there any mention on Defendants’ website that the products contain lead. Defendants have at all times relevant hereto been aware that the Covered Products contained lead and that persons using these products have been exposed to the chemical. Defendants conduct rigorous testing in every phase of product development, from research and development to quality control. Defendants are required to conduct testing of their products to comply with standards set by the United States Food and Drug Administration. The Covered Products are systematically tested for heavy metals, including lead. Defendants receive considerable information about the raw materials used in the Covered Products from their supplier. Defendants’ website represents to the public that they strive to maximize people’s health, while minimizing their exposures to potentially harmful ingredient and that their products avoid thousands of harmful ingredients. While aware of the lead in their products, Defendants have concealed this fact from the public, who undoubtedly believed they have been ingesting totally healthy and pure products. Defendants have marketed the Covered Products with knowledge that consumers have been exposed to lead during normal use of

1 the products.

2 17. Defendants have failed to provide consumers of the Covered Products with a clear and
3 reasonable warning that they have been exposed to a chemical known to the State of California to
4 cause cancer, birth defects and other reproductive harm.
5

6 **FIRST CAUSE OF ACTION**

7 **(Violation of Section 25249.6 of the Health and Safety Code, Failure to Provide Clear**
8 **and Reasonable Warning under Proposition 65)**

9 18. Defendants refer to paragraphs 1-17, inclusive, and incorporates them herein by this
10 reference.

11 19. By committing the acts alleged above, Defendants have, in the course of doing business,
12 knowingly and intentionally exposed users of the Covered Products to lead, a chemical known to
13 the State of California to cause cancer, birth defects and other reproductive harm without first giving
14 clear and reasonable warning to such individuals, within the meaning of Health & Safety Code
15 Section 25249.6.
16

17 20. Said violations render Defendants liable for civil penalties up to \$2,500 (two thousand,
18 five hundred dollars) per day, for each violation.
19

20 **VI**

21 **PRAYER**

22 WHEREFORE ERC prays for relief as follows:

- 23 1. On the First Cause of Action, for civil penalties for each and every violation according to
24 proof;
25
26 2. for reasonable attorneys' fees pursuant to Section 1021.5 of the Code of Civil Procedure or
27 the substantial benefit theory;
28
29 3. For costs of suit herein; and

1 4. For such other relief as the Court may deem just and proper.

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I am the Executive Director of the Environmental Research Center ("ERC") in connection with this Notice of Violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The names of the Companies covered by this Notice that violated Proposition 65 are:

Golden Gate Capital, L.P.
LTM Enterprises, Inc
Neways International
Neways, Inc.

The products that are the subject of this Notice and the chemical in those products identified as exceeding allowable levels are:

Junior Max Citrus Berry Children's Liquid Vitamin Mineral Supplement - Lead
Rejuvenate Life Enhancer Dietary Supplement Supports Anti-Aging Processes - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead as chemical known to cause cancer.

This letter is a Notice to Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, Neways, Inc. and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This Notice covers all violations of Proposition 65 involving Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of

Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, has been provided to the Noticed Companies with a copy of this letter.

Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc have manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The primary route of exposure to these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. have violated Proposition 65 because the Companies have failed to provide an appropriate warning to persons using these products that they are being exposed to the identified chemical.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this Notice unless Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. agree in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and ERC's objectives in pursuing this Notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this Notice to ERC's attorney, Michael Freund, address: 1915 Addison Street, Berkley, California, 94704-1101, telephone no.: 510-540-1992, e-mail: Freund1@aol.com.

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc.

I, Michael Freund, declare:

1. This Certificate of Merit accompanies the attached sixty-day Notice in which it is alleged the party identified in the Notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the Notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this Certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I am the Executive Director of the Environmental Research Center (“ERC”) in connection with this Notice of Violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The names of the Companies covered by this Notice that violated Proposition 65 are:

Golden Gate Capital, L.P.
LTM Enterprises, Inc
Neways International
Neways, Inc.

The products that are the subject of this Notice and the chemical in those products identified as exceeding allowable levels are:

Junior Max Citrus Berry Children's Liquid Vitamin Mineral Supplement - Lead
Rejuvenate Life Enhancer Dietary Supplement Supports Anti-Aging Processes - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead as chemical known to cause cancer.

This letter is a Notice to Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, Neways, Inc. and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This Notice covers all violations of Proposition 65 involving Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, has been provided to the Noticed Companies with a copy of this letter.

Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc have manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The primary route of exposure to

these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. have violated Proposition 65 because the Companies have failed to provide an appropriate warning to persons using these products that they are being exposed to the identified chemical.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this Notice unless Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. agree in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and ERC's objectives in pursuing this Notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this Notice to ERC's attorney, Michael Freund, address: 1915 Addison Street, Berkley, California, 94704-1101, telephone no.: 510-540-1992, e-mail: Freund1@aol.com.

Chris Heptinstall

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc.

I, Michael Freund, declare:

1. This Certificate of Merit accompanies the attached sixty-day Notice in which it is alleged the party identified in the Notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the Notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this Certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: October 12, 2010

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I am the Executive Director of the Environmental Research Center (“ERC”) in connection with this Notice of Violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The names of the Companies covered by this Notice that violated Proposition 65 are:

Golden Gate Capital, L.P.
LTM Enterprises, Inc
Neways International
Neways, Inc.

The products that are the subject of this Notice and the chemical in those products identified as exceeding allowable levels are:

Neways Inc. Pro thin Chitosorb 120 tablets - Lead
Neways Inc. Emperor’s Formula 240 Tablets - Lead

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead as chemical known to cause cancer.

This letter is a Notice to Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, Neways, Inc. and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This Notice covers all violations of Proposition 65 involving Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, has been provided to the Noticed Companies with a copy of this letter.

Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. have manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemicals. The primary route of exposure to

January 14, 2011

Page 3

these chemicals has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product's label. Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. have violated Proposition 65 because the Companies have failed to provide an appropriate warning to persons using these products that they are being exposed to the identified chemical.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this Notice unless Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc. agree in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and ERC's objectives in pursuing this Notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

Please direct all questions concerning this Notice to ERC's attorney, Michael Freund, address: 1915 Addison Street, Berkley, California, 94704-1101, telephone no.: 510-540-1992, e-mail: Freund1@aol.com.

Sincerely,

Chris Heptinstall
Executive Director
Environmental Research Center

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by Golden Gate Capital, L.P., LTM Enterprises, Inc, Neways International, and Neways, Inc.

I, Michael Freund, declare:

1. This Certificate of Merit accompanies the attached sixty-day Notice in which it is alleged the party identified in the Notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the Notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this Certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
