JURISDICTION AND VENUE

5. This Court has jurisdiction pursuant to California Constitution Article VI, section 10 because this case is a cause not given by statute to other trial courts.

6. David Steinman has performed any and all conditions precedent to the filing of a legal action pursuant to Proposition 65 by serving by mail Notices of Violation, dated January 5, 2012 to Crown Prince and February 24, 2012 to Wal-Mart. Both of these Notices of Violation were served by mail on the Attorney General of the State of California, the State's district attorneys, and the appropriate city attorney's. A true and correct copy of the Notices of Violation is attached herein as Exhibit A. More than 60 days have passed since these Notices of Violation were mailed and no public enforcement entity has filed a complaint in this case.

7. This Court is the proper venue for the action because the causes of action have arisen in the County of Alameda where some of the violations of law have occurred. Furthermore, this Court is the proper venue under Code of Civil Procedure section 395.5 and Health & Safety Code section 25249.7.

IV

STATUTORY BACKGROUND

A. Proposition 65

8. The Safe Drinking Water and Toxic Enforcement Act of 1986 is an initiative statute passed as "Proposition 65" by an overwhelming majority vote of the people in November of 1986.

9. The warning requirement of Proposition 65 is contained in Health & Safety Code section 25249.6, which provides:

No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual, except as provided in Section 25249.10.

1
2 10. Implementing regulations for Proposition 65 provide that warnings are required for
3 consumer product exposures. A "consumer product exposure is an exposure which results from a
4 person's acquisition, purchase, storage, consumption, or other reasonably foreseeable use of a
5 consumer good, or any exposure that results from receiving a consumer service." 27 CCR section
6 25601 (b).

7
8 11. Whenever a clear and reasonable warning is required under Health & Safety Code section
9 25249.6, the "method employed to transmit the warning must be reasonably calculated considering
10 the alternative methods available under the circumstances, to make the warning message available
11 prior to exposure." 27 CCR section 25601 (a). The warning requirement may be satisfied by a
12 warning that appears on a product's label or other labeling, shelf labeling, signs, a system of signs,
13 public advertising identifying the system and toll-free information services, or any other, system, that
14 provides clear and reasonable warnings. Id., section 25601 (b) (1) (A)-(C).

15
16 12. Proposition 65 establishes a procedure by which the State is to develop a list of
17 chemicals "known to the State to cause cancer or reproductive toxicity." Health & Safety Code
18 section 25249.8. There is no duty to provide a clear and reasonable warning until 12-months after
19 the chemical was published on the State list. Id., section 25249.10(b). Lead was listed as a chemical
20 known to the State of California to cause cancer on October 1, 1992 and as a chemical known to the
21 cause developmental toxicity, and male and female reproductive toxicity on February 27, 1987.
22 Title 27, Cal. Code Regs., section 27001.

23
24 13. Proposition 65 may be enforced by any person in the public interest who provides notice
25 sixty days before filing suit to both the violator and designated law enforcement officials. The
26 failure of law enforcement officials to file a timely complaint enables a citizen suit to be filed
27 pursuant to Health & Safety Code section 25249.7 (c).
28

1
2 14. Proposition 65 provides that any person "violating or threatening to violate" Proposition
3 65 may be enjoined in any court of competent jurisdiction. Health & Safety Code section 25249.7
4 (a). To "threaten to violate" means "to create a condition in which there is a substantial probability
5 that a violation will occur." Id., section 25249.11 (e). Furthermore, violators are subject to a civil
6 penalty of up to \$2,500 per day for each violation. Id., section 25249.7 (b).
7

8 V

9 **STATEMENT OF FACTS**

10 15. Crown Prince manufactures, distributes and/or supplies Crown Prince Fancy Whole
11 Smoked Oysters in Cottonseed Oil to Wal-Mart ("Covered Product"). Wal-Mart sells the Covered
12 Product to the general public under the name Great Value Smoked Oysters. The Covered Product
13 contains lead.

14 16. Defendants have knowingly and intentionally exposed numerous consumers throughout
15 California to lead from the Covered Product without providing a Proposition 65 warning. The
16 companies have at all times relevant hereto been aware that the Covered Product contains lead and
17 that persons ingesting such products are exposed to this chemical. Both Defendants have had
18 knowledge for substantial period of time that the Covered Product contains lead and that consumers
19 are exposed to the chemical through ingestion. Subsequent to serving Notices of Violation, Plaintiff
20 provided test results to Defendants showing high lead levels in the Covered Product.
21

22 17. Defendants have failed to provide users of the Covered Product with a clear and
23 reasonable warning that they are being exposed to a chemical known to the State of California to
24 cause cancer, birth defects or other reproductive harm.

2 **FIRST CAUSE OF ACTION**

3 **(Violation of section 25249.6 of the Health and Safety Code, Failure to Provide Clear**
4 **and Reasonable Warning under Proposition 65)**

5 18. David Steinman refers to paragraphs 1-17, inclusive, and incorporates them herein by this
6 reference.

7 19. By committing the acts alleged above, Defendants have, in the course of doing business,
8 knowingly and intentionally exposed people to a chemical known to the State of California to cause
9 cancer, birth defects or other reproductive harm without first giving clear and reasonable warning to
10 such individuals, within the meaning of Health & Safety Code section 25249.6.

11 20. Said violations render each Defendant liable for civil penalties up to \$2,500 (two
12 thousand, five hundred dollars) per day, for each violation.

13 21. Defendants' continued violation of the law will irreparably harm David Steinman and
14 the public interest in whose behalf plaintiff brings this action, for which there is no adequate
15 remedy at law.
16

17 **SECOND CAUSE OF ACTION**

18 **(Declaratory Relief)**

19 22. David Steinman refers to paragraphs 1-21, inclusive, and incorporates them herein by this
20 reference.
21

22 23. There exists an actual controversy relating to the legal rights and duties of the parties,
23 within the meaning of Code of Civil Procedure section 1060, between Plaintiff and Defendants
24 concerning whether these companies have exposed individuals to a chemical known to the State of
25 California to cause cancer, birth defects or other reproductive harm; without providing clear and
26 reasonable warning.

3 PRAYER

4 WHEREFORE plaintiff prays for relief as follows:

5 1. On the First Cause of Action, for civil penalties for each and every violation according to
6 proof;

7 2. On the First Cause of Action, and pursuant to Health & Safety Code section 25249.7 (a), for
8 such temporary restraining orders, preliminary and permanent injunctive orders, or other orders,
9 prohibiting Defendants from exposing persons to lead without providing clear and reasonable
10 warnings;

11 3. On the Second Cause of Action, for a declaratory judgment pursuant to Code of Civil
12 Procedure section 1060 declaring:

13 a. that Defendants have exposed individuals to a chemical known to the State of California to
14 cause cancer, birth defects or other reproductive harm;

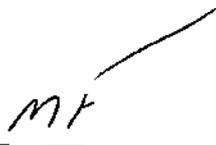

15 4. On all Causes of Action, for reasonable attorneys' fees pursuant to section 1021.5 of the Code

Re: Notice of Violation Against Crown Prince, Inc. for Violation of California Health & Safety Code Section 25249.5 et seq.

Dear Addressees:

I represent David Steinman, a committed environmentalist, journalist, consumer health advocate, publisher and author. His major books include *Diet for a Poisoned Planet* (1990, 2007); *The Safe Shopper's Bible* (1995); *Living Healthy in a Toxic World* (1996); and *Safe Trip to Eden: Ten Steps to Save the Planet Earth from Global Warming Meltdown* (2007). Through this Notice of Violation, Mr. Steinman seeks to reduce consumer exposures to lead in the named product set forth herein.

This letter constitutes notification that Crown Prince, Inc. has violated the warning requirement of Proposition 65, the Safe Drinking Water and Toxic Enforcement Act (commencing with Section 25249.5 of the Health and Safety Code). The product that is the subject of this Notice of Violation and the chemical in this product identified as exceeding allowable levels are:

Crown Prince Fancy Whole Smoked Oysters in Cottonseed Oil – lead

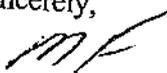

Crown Prince, Inc. has manufactured, marketed, distributed and/or sold the listed product which has exposed and continues to expose numerous individuals within California to lead. This chemical was listed pursuant to Proposition 65 as a chemical known to the State of California to cause cancer on October 1, 1992 and as a chemical known to cause developmental toxicity, and male and female reproductive toxicity on February 27, 1987. The time period of these violations commenced one year after the listed dates above. The primary route of exposure has been through ingestion.

Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to certain listed chemicals. Crown Prince, Inc. is in violation of Proposition 65 because the company failed to provide a warning to persons ingesting the noticed product that they are being exposed to lead. (22 C.C.R. section 12601.) While in the course of doing business, Crown Prince, Inc. is knowingly and intentionally exposing consumers of these oysters to this chemical without first providing a clear and reasonable warning. (Health and Safety Code section 25249.6.) The method of warning should be a warning that appears on the product's label. 22 C.C.R. section 12601 (b)(1) (A). There are no warnings currently present on the company's label for this product.

Proposition 65 requires that notice and intent to sue be given to a violator 60-days before the suit is filed. With this letter, David Steinman gives notice of the alleged violation to the noticed party and the appropriate governmental authorities. This Notice of Violation covers all violations of Proposition 65 that are currently known to Mr. Steinman from information now available to us. Mr. Steinman is continuing his investigation that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, and referenced as Appendix A, has been provided to the noticed party.

CERTIFICATE OF MERIT

Health and Safety Code Section 25249.7 (d)

I, Michael Freund hereby declare:

1. This Certificate of Merit accompanies the attached Notice of Violation in which it is alleged that the party identified in the Notice has violated Health and Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party David Steinman. Mr. Steinman is a committed environmentalist, journalist, consumer health advocate, publisher and author. The Notice of Violation alleges that the party identified has exposed persons in California to lead from the specified consumer product. Please refer to the Notice of Violation for additional details regarding the product names and alleged violations.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action. In particular, I have consulted with the chemists who conducted the laboratory testing for lead regarding this product and I have relied on the testing results. The testing was conducted by a reputable testing laboratory by experienced scientists. These facts, studies or other data derived through this investigation overwhelmingly demonstrate that the party identified in the Notice of Violation exposes persons to lead through ingestion.
4. Based on the information obtained through these consultants and on other information in my possession, I believe there is sufficient evidence that human exposures exist from exposure to the listed product from the noticed party. Furthermore, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for

the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the California Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code Section 25249.7 (h) (2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.

Re: Notice of Violation Against Wal-Mart Stores, Inc. for Violation of California Health & Safety Code Section 25249.5 et seq.

Dear Addressees:

I represent David Steinman, a committed environmentalist, journalist, consumer health advocate, publisher and author. His major books include *Diet for a Poisoned Planet* (1990, 2007); *The Safe Shopper's Bible* (1995); *Living Healthy in a Toxic World* (1996); and *Safe Trip to Eden: Ten Steps to Save the Planet Earth from Global Warming Meltdown* (2007). Through this Notice of Violation, Mr. Steinman seeks to reduce consumer exposures to lead in the named product set forth herein.

This letter constitutes notification that Wal-Mart Stores, Inc. ("Wal-Mart") has violated the warning requirement of Proposition 65, the Safe Drinking Water and Toxic Enforcement Act (commencing with section 25249.5 of the Health and Safety Code). The product that is the subject of this Notice of Violation and the chemical in the product identified as exceeding allowable levels are:

Great Value Smoked Oysters— lead

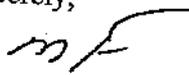

The Wal-Mart has manufactured, marketed, distributed and/or sold the listed product which has exposed and continues to expose numerous individuals within California to lead. This chemical was listed pursuant to Proposition 65 as a chemical known to the State of California to cause cancer on October 1, 1992 and as a chemical known to cause developmental toxicity, and male and female reproductive toxicity on February 27, 1987. The time period of these violations commenced one year after the listed dates above. The primary route of exposure has been through ingestion.

Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to certain listed chemicals. Wal-Mart is in violation of Proposition 65 because it failed to provide a warning to consumers that they are being exposed to lead. (22 C.C.R. section 12601.) While in the course of doing business, the company is knowingly and intentionally exposing consumers to this chemical without first providing a clear and reasonable warning. (Health and Safety Code section 25249.6.) The method of warning should be a warning that appears on the product's label. 22 C.C.R. section 12601 (b)(1) (A). There are no warnings currently present on the company's label for this product.

Proposition 65 requires that notice and intent to sue be given to a violator 60-days before the suit is filed. OEHHA Summary to Wal-Mart Stores, Inc.

Additional Supporting Information for Certificate of Merit (to Attorney General only)

CERTIFICATE OF MERIT

Health and Safety Code Section 25249.7 (d)

I, Michael Freund hereby declare:

1. This Certificate of Merit accompanies the attached Notice of Violation in which it is alleged that the party identified in the Notice has violated Health and Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am the attorney for the noticing party David Steinman. Mr. Steinman is a committed environmentalist, journalist, consumer health advocate, publisher and author. The Notice of Violation alleges that the party identified has exposed persons in California to lead from the specified consumer product. Please refer to the Notice of Violation for additional details regarding the product names and alleged violations.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who has reviewed facts, studies, or other data regarding the alleged exposure to the listed chemical that is the subject of the action. In particular, I have consulted with the chemists who conducted the laboratory testing for lead regarding this product and I have relied on the testing results. The testing was conducted by a reputable testing laboratory by experienced scientists. These facts, studies or other data derived through this investigation overwhelmingly demonstrate that the party identified in the Notice of Violation exposes persons to lead through ingestion.
4. Based on the information obtained through these consultants and on other information in my possession, I believe there is sufficient evidence that human exposures exist from exposure to the listed product from the noticed party. Furthermore, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for

the private action” means that the information provides a credible basis that all elements of the plaintiff’s case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the California Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health & Safety Code Section 25249.7 (h) (2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies or other data reviewed by those persons.
