[Miscellaneous Civil Complaint (42)]  
Proposition 65, Health & Safety Code  
Section 25249.5 et seq.]

19 \_\_\_\_\_ /  
20  
21 Plaintiff Environmental Research Center hereby alleges:

22 **I**

23 **INTRODUCTION**

24 1. Plaintiff Environmental Research Center (hereinafter "Plaintiff" or "ERC") brings this  
25 action as a private attorney general enforcer and in the public interest pursuant to Health & Safety  
26 Code section 25249.7, subdivision (d). This complaint seeks injunctive and declaratory relief and  
27 civil penalties to remedy Defendant Altasource, LLC dba Meta Labs, LLC and Does 1-100  
28 (hereinafter "Meta Labs")' failure to warn consumers that they have been exposed to lead from

1 several of Meta Labs' nutritional health products. Lead is a chemical known to the State of  
2 California to cause cancer, birth defects and other reproductive harm. Based on the Safe Drinking  
3 Water and Toxic Enforcement Act of 1986 (Health & Safety Code section 25249.5 *et seq.*) also  
4 known as "Proposition 65," businesses with ten or more employees must provide a "clear and  
5 reasonable warning" prior to exposing persons to these chemicals.

## 6 II

### 7 PARTIES

8 2. Plaintiff ERC is a California non-profit corporation dedicated to, among other causes,  
9 helping safeguard the public from health hazards by reducing the use and misuse of hazardous and  
10 toxic chemicals, facilitating a safe environment for consumers and employees and encouraging  
11 corporate responsibility.

12 3. Defendant Meta Labs is a business that manufactures, distributes and/or sells nutritional  
13 health products that have exposed users to lead in the State of California within the relevant statute  
14 of limitations period. These Covered Products include Amo-O T Maximum Strength Testosterone  
15 Booster; Mega-Gen Ultimate X Suppressor; Ultimate T Libido Builder High Potency Formula; Tiro  
16 De Brasil; and Mega-Gen MT-3000 (kit includes Mega-Gen MT-3000 Muscle Test -1 Homeopathic  
17 Testosterone Body Cream, Mega-Gen MT-3000 Muscle Test -2 Muscle Matrix, Mega-Gen MT-  
18 3000 Muscle Test -3 Resveratrol). Meta Labs is a company subject to Proposition 65 as it employs  
19 ten or more persons.

20 4. Defendants Does 1-100, are named herein under fictitious names, as their true names and  
21 capacities are unknown to ERC. ERC is informed and believes, and thereon alleges, that each of  
22 said Does is responsible, in some actionable manner, for the events and happenings hereinafter  
23 referred to, either through said Defendant's conduct, or through the conduct of its agents, servants or  
24 employees, or in some other manner, causing the harms alleged by ERC in this complaint. When  
25 said true names and capacities of Does are ascertained, ERC will seek leave to amend this complaint  
26 to set forth the same.

**III**

**JURISDICTION AND VENUE**

5. This Court has jurisdiction pursuant to California Constitution Article VI, Section 10 because this case is a cause not given by statute to other trial courts.

6. The Complaint is based on allegations contained in a Notice of Violation dated October 26, 2012, served on the California Attorney General, other public enforcers and Meta Labs. A true and correct copy of the Notice of Violation is attached as Exhibit A. More than 60 days have passed since the Notice of Violation was mailed and no public enforcement entity has filed a complaint in this case.

7. This Court is the proper venue for the action because the causes of action have arisen in the County of San Francisco where some of the violations of law have occurred. Furthermore, this Court is the proper venue under Code of Civil Procedure section 395.5 and Health & Safety Code section 25249.7.

**IV**

**STATUTORY BACKGROUND**

**A. Proposition 65**

8. The Safe Drinking Water and Toxic Enforcement Act of 1986 is an initiative statute passed as "Proposition 65" by an overwhelming majority vote of the people in November of 1986.

9. The warning requirement of Proposition 65 is contained in Health & Safety Code section 25249.6, which provides:

No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without first giving clear and reasonable warning to such individual, except as provided in Section 25249.10.

10. Implementing regulations for Proposition 65 define expose as "to cause to ingest, inhale, contact via body surfaces or otherwise come into contact with a listed chemical." An individual may come into contact with a listed chemical through water, air, food, consumer products and any other environmental exposure as well as occupational exposures." (Cal. Code Regs., tit. 27, § 25102, subd. (i).)

1 11. In this case, the exposures at issue are caused by consumer products. Implementing  
2 regulations for Proposition 65 define a consumer product exposure as “ an exposure which results  
3 from a person’s acquisition, purchase, storage, consumption, or other reasonably foreseeable use of  
4 a consumer good, or any exposure that results from receiving a consumer service.” (Cal. Code  
5 Regs., tit. 27, § 25602, subd. (b).)

6 12. Whenever a clear and reasonable warning is required under Health & Safety Code  
7 section 25249.6, the “method employed to transmit the warning must be reasonably calculated  
8 considering the alternative methods available under the circumstances, to make the warning  
9 message available prior to exposure.” (Cal. Code Regs., tit. 27, § 25601.) The warning requirement  
10 may be satisfied by a warning that appears on a product’s label or other labeling, shelf labeling,  
11 signs, a system of signs, public advertising identifying the system and toll-free information services,  
12 or any other, system, that provides clear and reasonable warnings. (Cal. Code Regs., tit. 27, §  
13 25603.1, subd. (a)-(d).)

14 13. Proposition 65 establishes a procedure by which the State is to develop a list of  
15 chemicals “known to the State to cause cancer or reproductive toxicity.” (Health & Safety Code,  
16 § 25249.8.) There is no duty to provide a clear and reasonable warning until 12-months after the  
17 chemical was published on the State list. (Health & Safety Code, § 25249.10, subd. (b).) Lead  
18 was listed as a chemical known to the State of California to cause developmental toxicity in the  
19 fetus and male and female reproductive toxicity on February 27, 1987. Lead was listed as a  
20 chemical known to the State of California to cause cancer on October 1, 1992. (Cal. Code Regs., tit.  
21 27, § 27001.)

22 14. The Maximum Allowable Dose Level for lead as a chemical known to cause  
23 developmental toxicity is 0.5 micrograms per day. (Cal. Code Regs., tit. 27, § 25805.) The No  
24 Significant Risk Level for lead as a carcinogen is 15 micrograms per day. (Cal. Code Regs., tit.  
25 27, § 25705.)

26 15. Proposition 65 may be enforced by any person in the public interest who provides  
27 notice sixty days before filing suit to both the violator and designated law enforcement officials.  
28 The failure of law enforcement officials to file a timely complaint enables a citizen suit to be filed

1 pursuant to Health & Safety Code section 25249.7, subdivisions (c) and (d).

2 16. Proposition 65 provides that any person "violating or threatening to violate" Proposition  
3 65 may be enjoined in any court of competent jurisdiction. (Health & Safety Code, § 25249.7,  
4 subd. (a).) To "threaten to violate" means "to create a condition in which there is a substantial  
5 probability that a violation will occur." (Health & Safety Code, § 25249.11, subd. (e).)  
6 Furthermore, violators are subject to a civil penalty of up to \$2,500 per day for each violation.  
7 (Health & Safety Code, § 25249.7, subd. (b)(1).

8  
9 **V**

10 **STATEMENT OF FACTS**

11 17. Meta Labs has manufactured, distributed and/or sold the Covered Products  
12 containing lead to the State of California. Consumers have been ingesting these products for  
13 many years, without any knowledge of their exposure to lead, a very dangerous chemical.

14 18. For many years, Meta Labs has knowingly and intentionally exposed numerous persons  
15 to lead, without providing a Proposition 65 warning. Prior to ERC's Notice of Violation, Meta Labs  
16 failed to provide a warning on the label of the Covered Products. Meta Labs has at all times  
17 relevant hereto been aware that the Covered Products contained lead and that persons using these  
18 products have been exposed to the chemical. Meta Labs' website represents to the public that its  
19 products are "made with the most natural, purest, and highest quality ingredients available". Meta  
20 Labs' website further states that its "quality control protocols require several levels of testing  
21 including: physical testing - tablet hardness, weight variation of dosage units, disintegration and  
22 dissolution (pH, viscosity, refractive index, color analysis); analytical testing - assay of active  
23 ingredients and chemical impurities (refractive index, weight analysis, weight differential, gas  
24 chromatography); microbial testing - bacterial count and the presence of pathogens (aerobic plate  
25 count, outside laboratories for independent testing); Identification of low-level contaminants that  
26 originate from the environment, manufacturing process, or storage containers (primary pollutants,  
27 residual solvents, agrochemicals, and chemical species found in 'plastic' containers) using mass  
28 spectrometry. These tests utilize techniques and methodologies that are performed on incoming raw

1 materials, in-process batch samples, finished product batch samples, validation samples, and  
2 stability samples." Meta Labs has been aware of the lead in the Covered Products and has failed to  
3 disclose the presence of this chemical to the public, who undoubtedly believed they have been  
4 ingesting totally healthy and pure products.

5 19. Both prior and subsequent to ERC's Notice of Violation, Meta Labs failed to provide  
6 consumers of the Covered Products with a clear and reasonable warning that they have been  
7 exposed to a chemical known to the State of California to cause cancer, birth defects and other  
8 reproductive harm.

9  
10 **FIRST CAUSE OF ACTION**

11 **(Violation of Section 25249.6 of the Health and Safety Code, Failure to Provide Clear**  
12 **and Reasonable Warning under Proposition 65)**

13 20. ERC refers to paragraphs 1-19, inclusive, and incorporates them herein by this  
14 reference.

15 21. By committing the acts alleged above, Meta Labs has, in the course of doing business,  
16 knowingly and intentionally exposed users of the Covered Products to lead, a chemical known to  
17 the State of California to cause cancer, birth defects and other reproductive harm without first giving  
18 clear and reasonable warning to such individuals, within the meaning of Health & Safety Code  
19 section 25249.6.

20 22. Said violations render Meta Labs liable for civil penalties up to \$2,500 per day, for  
21 each violation.

22 **SECOND CAUSE OF ACTION**

23 **(Declaratory Relief)**

24 23. ERC refers to paragraphs 1-22, inclusive, and incorporates them herein by this  
25 reference.

26 24. There exists an actual controversy relating to the legal rights and duties of the parties,  
27 within the meaning of Code of Civil Procedure section 1060, between ERC and Meta Labs  
28 concerning whether Meta Labs has exposed individuals to a chemical known to the State of

1 California to cause cancer, birth defects and other reproductive harm without providing clear and  
2 reasonable warning.

3 VI

4 PRAYER

5 WHEREFORE ERC prays for relief as follows:

6 1. On the First Cause of Action, for civil penalties for each and every violation according to  
7 proof;

8 2. On the First Cause of Action, and pursuant to Health & Safety Code section 25249.7,  
9 subdivision (a), for such temporary restraining orders, preliminary and permanent injunctive orders,  
10 or other orders, prohibiting Meta Labs from exposing persons to lead without providing clear and  
11 reasonable warning;

12 3. On the Second Cause of Action, for a declaratory judgment pursuant to Code of Civil  
13 Procedure section 1060 declaring:

14 a. that Meta Labs has exposed individuals to a chemical known to the State of  
15 California to cause, birth defects and other reproductive harm without providing clear and  
16 reasonable warning; and

17 4. On all Causes of Action, for reasonable attorneys' fees pursuant to section 1021.5 of the  
18 Code of Civil Procedure or the substantial benefit theory;

19 5. For costs of suit herein; and

20 6. For such other relief as the Court may deem just and proper.

## Environmental Research Center

3111 Camino Del Rio North, Suite 400

San Diego, CA 92108

619-500-3090

October 26, 2012

### **NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)**

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the Executive Director of the Environmental Research Center (“ERC”). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986 (“Proposition 65”), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is an attachment with the copy of this letter served to the alleged Violators identified below.

**Alleged Violators.** The names of the companies covered by this notice that violated Proposition 65 (hereinafter collectively referred to as “the Violators”) are:

**Meta Labs, Inc.  
Meta Labs, LLC**

*Exhibit A*

**Consumer Products and Listed Chemicals.** The products that are the subject of this notice and the chemical in that product identified as exceeding allowable levels are:

**Meta Labs LLC Amo-O T Maximum Strength Testosterone Booster - Lead**

**Meta Labs LLC Mega-Gen Ultimate X Suppressor - Lead**

**MetaLabs Ultimate T Libido Builder High Potency Formula - Lead**

**Meta Labs LLC Tiro De Brasil - Lead**

**Meta Labs LLC Mega-Gen MT-3000 (*kit includes*) - Lead**

Meta Labs LLC Mega-Gen MT-3000 Muscle Test -1 Homeopathic  
Testosterone Body Cream

Meta Labs LLC Mega-Gen MT-3000 Muscle Test -2 Muscle Matrix

Meta Labs LLC Mega-Gen MT-3000 Muscle Test -3 Resveratrol

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of these products. Consequently, the primary route of exposure to these chemicals has been and continues to be through ingestion, but may have also occurred and may continue to occur through inhalation and/or dermal contact.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least October 26, 2009, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because it failed to provide persons handling and/or using these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; and (2) pay

Notice of Violations of California Health & Safety Code §25249.5 *et seq.*

October 26, 2012

Page 3

an appropriate civil penalty. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

---

Chris Heptinstall  
Executive Director  
Environmental Research Center

Certificate of Merit

Certificate of Service

OEHHA Summary (to Meta Labs, LLC, Meta Labs, Inc. and its Registered Agent for Service of Process only)

Additional Supporting Information for Certificate of Merit (to AG only)

**Re: Environmental Research Center's Notice of Proposition 65 Violations by Meta Labs, Inc. and Meta Labs, LLC**

**CERTIFICATE OF MERIT**  
**Health and Safety Code Section 25249.7(d)**

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: October 26, 2012
