Case No. **RG14731268**

**COMPLAINT FOR INJUNCTIVE
RELIEF AND CIVIL PENALTIES**

Health & Safety Code §25249.5, *et seq.*

Plaintiff Environmental Research Center brings this action in the interests of the
general public and, on information and belief, hereby alleges:

INTRODUCTION

1. This action seeks to remedy the continuing failure of Defendant Century
Systems, Inc., to warn consumers in California that they are being exposed to lead, a substance
known to the State of California to cause cancer, birth defects, and other reproductive harm.
Defendant manufactures, packages, distributes, markets, and/or sells in California certain
products containing lead (the "PRODUCTS"):

- **Century Systems Vitarol with Years + Male Longevity**
- **Century Systems Male Drive Maximum Strength**
- **Century Systems Vitarol with Multi-Thin Female Energy**
- **Century Systems The Cleaner 7 Day Men’s Formula**
- **Century Systems The Cleaner 7 Day Women’s Formula**
- **Century Systems The Cleaner 14 Day Women’s Formula**
- **Century Systems The Cleaner 14 Day Men’s Formula**

2. Lead (hereinafter, the “LISTED CHEMICAL”) is a substance known to the State¹ of California to cause cancer, birth defects, and other reproductive harm.

3. The use and/or handling of the PRODUCTS causes exposures to the LISTED CHEMICAL at levels requiring a “clear and reasonable warning” under California's Safe Drinking Water and Toxic Enforcement Act of 1986, Health & Safety Code (“H&S Code”) §25249.5, *et seq.* (also known as “Proposition 65”). Defendant has failed to provide the health hazard warnings required by Proposition 65.

4. Defendant’s continued manufacturing, packaging, distributing, marketing and/or sales of the PRODUCTS without the required health hazard warnings, causes individuals to be involuntarily and unwittingly exposed to levels of the LISTED CHEMICAL that violate Proposition 65.

5. Plaintiff seeks injunctive relief enjoining Defendant from the continued manufacturing, packaging, distributing, marketing and/or sales of the PRODUCTS in California without provision of clear and reasonable warnings regarding the risks of cancer, birth defects, and other reproductive harm posed by exposure to the LISTED CHEMICAL through the use and/or handling of the PRODUCTS. Plaintiff seeks an injunctive order compelling Defendant to bring its business practices into compliance with Proposition 65 by providing a clear and reasonable warning to each individual who has been and who in the future may be exposed to the LISTED CHEMICAL from the use of the PRODUCTS. Plaintiff

¹ All statutory and regulatory references herein are to California law, unless otherwise specified.

1 also seeks an order compelling Defendant to identify and locate each individual person who in
2 the past has purchased the PRODUCTS, and to provide to each such purchaser a clear and
3 reasonable warning that the use of the PRODUCTS will cause exposures to the LISTED
4 CHEMICAL.

5 6. In addition to injunctive relief, Plaintiff seeks an assessment of civil penalties in
6 excess of \$7 million to remedy Defendant's failure to provide clear and reasonable warnings
7 regarding exposures to the LISTED CHEMICAL.

8 **JURISDICTION AND VENUE**

9 7. This Court has jurisdiction over this action pursuant to California Constitution
10 Article VI, Section 10, which grants the Superior Court "original jurisdiction in all causes
11 except those given by statute to other trial courts." The statute under which this action is
12 brought does not specify any other basis for jurisdiction.

13 8. This Court has jurisdiction over Defendant because, based on information and
14 belief, Defendant is a business having sufficient minimum contacts with California, or
15 otherwise intentionally availing itself of the California market through the distribution and sale
16 of the PRODUCTS in the State of California to render the exercise of jurisdiction over it by the
17 California courts consistent with traditional notions of fair play and substantial justice.

18 9. Venue in this action is proper in the Alameda Superior Court because the
19 Defendant has violated California law in the County of Alameda.

20 **PARTIES**

21 10. PLAINTIFF Environmental Research Center ("PLAINTIFF" or "ERC") is a
22 non-profit corporation organized under California's Corporation Law. ERC is dedicated to,
23 among other causes, reducing the use and misuse of hazardous and toxic substances, consumer
24 protection, worker safety, and corporate responsibility.

25 11. ERC is a person within the meaning of H&S Code §25118 and brings this
26 enforcement action in the public interest pursuant to H&S Code §25249.7(d).

1 18. On October 1, 1992, the State of California officially listed the chemicals lead
2 and lead compounds as chemicals known to cause cancer. Lead and lead compounds became
3 subject to the warning requirement one year later and were therefore subject to the "clear and
4 reasonable" warning requirements of Proposition 65 beginning on October 1, 1993. (27 CCR
5 § 25000, *et seq.*; H&S Code §25249.6, *et seq.*). Due to the high toxicity of lead, the maximum
6 allowable dose level for lead is 0.5 ug/day (micrograms a day) for reproductive toxicity.

7 19. To test Defendant's PRODUCTS for lead, PLAINTIFF hired a well-respected
8 and accredited testing laboratory that designed the testing protocol used and approved by the
9 California Attorney General years ago for testing heavy metals. The results of testing
10 undertaken by PLAINTIFF of DEFENDANT's PRODUCTS show that the PRODUCTS tested
11 were in violation of the 0.5 ug/day "safe harbor" daily dose limit set forth in Proposition 65's
12 regulations. Very significant is the fact that people are being exposed to lead through ingestion
13 as opposed to other not as harmful methods of exposure such as dermal exposure. Ingestion of
14 lead produces much higher exposure levels and health risks than does dermal exposure to this
15 chemical.

16 20. At all times relevant to this action, DEFENDANT, therefore, has knowingly and
17 intentionally exposed the users and/or handlers of the PRODUCTS to the LISTED
18 CHEMICAL without first giving a clear and reasonable warning to such individuals.

19 21. The PRODUCTS have allegedly been sold by DEFENDANT for use in
20 California since at least April 4, 2011. The PRODUCTS continue to be distributed and
21 sold in California without the requisite warning information.

22 22. On April 4, 2014, ERC served DEFENDANT and each of the appropriate
23 public enforcement agencies with a document entitled "Notice of Violations of California
24 Health & Safety Code Section 25249.5" that provided DEFENDANT and the public
25 enforcement agencies with notice that DEFENDANT was in violation of Proposition 65 for
26 failing to warn purchasers and individuals using the PRODUCTS that the use of the

1 PRODUCTS exposes them to lead, a chemical known to the State of California to cause cancer
2 and/or reproductive toxicity (“Prop. 65 Notice”) (a copy of the 60-Day Notice is attached
3 hereto as **Exhibit A**).

4 24. As a proximate result of acts by DEFENDANT, as a person in the course of
5 doing business within the meaning of Health & Safety Code §25249.11, individuals throughout
6 the State of California, including in the County of Alameda, have been exposed to the LISTED
7 CHEMICAL without a clear and reasonable warning. The individuals subject to the violative
8 exposures include normal and foreseeable users of the PRODUCTS, as well as all other
9 persons exposed to the PRODUCTS.

10
11 **FIRST CAUSE OF ACTION**
12 **(Injunctive Relief for Violations of Health and Safety Code § 25249.5, *et seq.* concerning**
13 **the PRODUCTS described in the April 4, 2014, Prop. 65 Notice)**
14 **Against DEFENDANT**

15 25. PLAINTIFF re-alleges and incorporates by reference Paragraphs 1 through 24,
16 inclusive, as if specifically set forth herein.

17 26. On April 4, 2014, PLAINTIFF sent a 60-Day Notice of Proposition 65
18 violations to the requisite public enforcement agencies, and to DEFENDANT (“Notice”)
19 attached hereto as Exhibit A. The Notice was issued pursuant to, and in compliance with, the
20 requirements of H&S Code §25249.7(d) and the statute's implementing regulations regarding
21 the notice of the violations to be given to certain public enforcement agencies and to the
22 violator. The Notice included, *inter alia*, the following information: the name, address, and
23 telephone number of the noticing individual; the name of the alleged violator; the statute
24 violated; the approximate time period during which violations occurred; and descriptions of
25 the violations, including the chemicals involved, the routes of toxic exposure, and the specific
26 product or type of product causing the violations, and was issued as follows:

- a. DEFENDANT and the California Attorney General were provided copies
of the Notice by Certified Mail.

1 b. DEFENDANT was provided a copy of a document entitled "The Safe
2 Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A
3 Summary," which is also known as Appendix A to Title 27 of CCR
4 §25903.

5 c. The California Attorney General was provided with a Certificate of Merit
6 by the attorney for the noticing party, stating that there is a reasonable
7 and meritorious case for this action, and attaching factual information
8 sufficient to establish a basis for the certificate, including the identity of
9 the persons consulted with and relied on by the certifier, and the facts,
10 studies, or other data reviewed by those persons, pursuant to H&S Code
11 §25249.7(h) (2).

12 27. The appropriate public enforcement agencies have failed to commence and
13 diligently prosecute a cause of action under H&S Code §25249.5, *et seq.* against DEFENDANT
14 based on the allegations herein.

15 28. By committing the acts alleged in this Complaint DEFENDANT at all times
16 relevant to this action, and continuing through the present, has violated H&S Code §25249.6 by,
17 in the course of doing business, knowingly and intentionally exposing individuals who use or
18 handle the PRODUCTS set forth in the Notice to the LISTED CHEMICAL, without first
19 providing a clear and reasonable warning to such individuals pursuant to H&S Code §§ 25249.6
20 and 25249.11(f).

21 29. By the above-described acts, DEFENDANT has violated H&S Code § 25249.6
22 and is therefore subject to an injunction ordering DEFENDANT to stop violating Proposition
23 65, to provide warnings to all present and future customers, and to provide warnings to
24 DEFENDANT'S past customers who purchased or used the PRODUCTS without receiving a
25 clear and reasonable warning.

26 30. An action for injunctive relief under Proposition 65 is specifically authorized by
Health & Safety Code §25249.7(a).

1 CHEMICAL through the use and/or handling of the PRODUCTS.

2 **PRAYER FOR RELIEF**

3 Wherefore, PLAINTIFF accordingly prays for the following relief:

4 A. a preliminary and permanent injunction, pursuant to H&S Code §25249.7(b),
5 enjoining DEFENDANT, its agents, employees, assigns and all persons acting in concert or
6 participating with DEFENDANT, from distributing or selling the PRODUCTS in California
7 without first providing a clear and reasonable warning, within the meaning of Proposition 65,
8 that the users and/or handlers of the PRODUCTS are exposed to the LISTED CHEMICAL;

9 B. an injunctive order, pursuant to H&S Code §25249.7(b), compelling
10 DEFENDANT to identify and locate each individual who has purchased the PRODUCTS since
11 December 13, 2010, and to provide a warning to such person that the use of the PRODUCTS
12 will expose the user to chemicals known to cause cancer, birth defects, and other reproductive
13 harm;

14 C. an assessment of civil penalties pursuant to Health & Safety Code §25249.7(b),
15 against DEFENDANT in the amount of \$2,500 per day for each violation of Proposition 65, in
16 an amount in excess of \$7 million;

17 D. an award to PLAINTIFF of its reasonable attorney's fees and costs of suit
18 pursuant to California Code of Civil Procedure §1021.5, as PLAINTIFF shall specify in further
19 application to the Court; and,

20 E. such other and further relief as may be just and proper.

Re: Notice of Violations of California Health & Safety Code Section 25249.5 *et seq.*

Dear Addressees:

I represent the Environmental Research Center (“ERC”) in connection with this Notice of Violations of California’s Safe Drinking Water and Toxic Enforcement Act of 1986, which is codified at California Health & Safety Code Section 25249.5 *et seq.* and also referred to as Proposition 65.

ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

The name of the Company covered by this notice that violated Proposition 65 (hereinafter the “Violator”) is:

Century Systems, Inc.

The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

- a) Century Systems Vitarol with Years + Male Longevity - Lead**
- b) Century Systems Male Drive Maximum Strength - Lead**
- c) Century Systems Vitarol with Multi-Thin Female Energy - Lead**
- d) Century Systems The Cleaner 7 Day Men’s Formula - Lead**
- e) Century Systems The Cleaner 7 Day Women’s Formula - Lead**
- f) Century Systems The Cleaner 14 Day Women’s Formula - Lead**
- g) Century Systems The Cleaner 14 Day Men’s Formula - Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

This letter is a notice to the Violator and the appropriate governmental authorities of the Proposition 65 violations concerning the listed products. This notice covers all violations of Proposition 65 involving the Violator currently known to ERC from the information now available. ERC may continue to investigate other products that may reveal further violations. A summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is enclosed with the copy of this letter to the Violator.

The Violator has manufactured, marketed, distributed, and/or sold the listed products, which have exposed and continue to expose numerous individuals within California to the identified chemical, lead. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and/or recommended use of these products by consumers. The primary route of exposure to lead has been through ingestion, but may have also occurred through inhalation and/or dermal contact. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to lead. The method of warning should be a warning that appears on the product’s label. The Violator violated Proposition 65 because it failed to provide an appropriate warning to persons using and/or handling these products that they are being exposed to lead. Each of these ongoing violations has occurred on every day since April 4, 2011, as well as every day since the products were introduced in the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users.

Pursuant to Section 25249.7(d) of the statute, ERC intends to file a citizen enforcement action sixty days after effective service of this notice unless the Violator agrees in an enforceable written instrument to: (1) reformulate the listed products so as to eliminate further exposures to

Notice of Violations of California Health & Safety Code §25249.5 *et seq.*

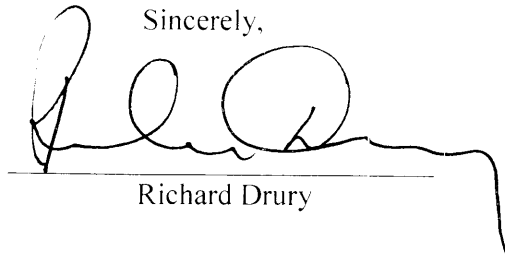

April 4, 2014

Page 3

the identified chemicals; and (2) pay an appropriate civil penalty. Consistent with the public interest goals of Proposition 65 and my client's objectives in pursuing this notice, ERC is interested in seeking a constructive resolution to this matter. Such resolution will avoid both further unwarned consumer exposures to the identified chemicals and expensive and time consuming litigation.

ERC's Executive Director is Chris Heptinstall, and is located at 3111 Camino Del Rio North, Suite 400, San Diego, CA 92108; Tel. 619-500-3090. ERC has retained me in connection with this matter. We suggest that communications regarding this Notice of Violations should be directed to my attention at the above listed law office address and telephone number.

Sincerely,

A handwritten signature in black ink, appearing to read 'Richard Drury', is written over a horizontal line. The signature is fluid and cursive, with a long tail extending to the right.

CERTIFICATE OF MERIT

Re: Environmental Research Center's Notice of Proposition 65 Violations by Century Systems, Inc.

I, Richard Drury, declare:

1. This Certificate of Merit accompanies the attached sixty-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: April 4, 2014
