

1 individually referred to as “Defendant” or collectively as “Defendants”) to warn consumers that
2 they have been exposed to lead from Global Juices and Fruits’ nutritional health products. Lead is
3 a chemical known to the State of California to cause cancer, birth defects and other reproductive
4 harm. Based on the Safe Drinking Water and Toxic Enforcement Act of 1986 (Health & Safety
5 Code section 25249.5 *et seq.*) also known as “Proposition 65,” businesses with ten or more
6 employees must provide a “clear and reasonable warning” prior to exposing persons to these
7 chemicals.

8 II

9 PARTIES

10 2. Plaintiff ERC is a California non-profit corporation dedicated to, among other causes,
11 helping safeguard the public from health hazards by reducing the use and misuse of hazardous and
12 toxic chemicals, facilitating a safe environment for consumers and employees and encouraging
13 corporate responsibility.

14 3. Defendant Global Juices and Fruits is a business that manufactures, distributes and/or
15 sells the nutritional health products that have exposed users to lead in the State of California within
16 the relevant statute of limitations period. These “Covered Products” are: 1) Ruth’s Foods Ruth’s
17 Goodness Raw Hemp Protein Powder E3Live & Maca and 2) Ruth’s Foods Certified Organic
18 Hemp Protein Powder.

19 4. Global Juices and Fruits is a company subject to Proposition 65 as it employs ten or
20 more persons, and has employed ten or more persons at all times relevant to this action.

21 5. Defendants Does 1-100, are named herein under fictitious names, as their true names
22 and capacities are unknown to ERC. ERC is informed and believes, and thereon alleges, that each
23 of said Does is responsible, in some actionable manner, for the events and happenings hereinafter
24 referred to, either through said Defendant’s conduct, or through the conduct of its agents, servants
25 or employees, or in some other manner, causing the harms alleged by ERC in this complaint.
26 When said true names and capacities of Does are ascertained, ERC will seek leave to amend this
27 complaint to set forth the same.

JURISDICTION AND VENUE

6. This Court has jurisdiction pursuant to California Constitution Article VI, Section 10 which grants the Superior Court original jurisdiction in all causes except those given by statute to other trial courts. The statute under which this action is brought does not specify any other basis for jurisdiction.

7. The Complaint is based on allegations contained in a Notice of Violation dated December 22, 2014, served on the California Attorney General, other public enforcers and Global Juices and Fruits. The Notice of Violation constitutes adequate notice to Global Juices and Fruits because it provided adequate information to allow Global Juices and Fruits to assess the nature of the alleged violation, consistent with Proposition 65 and its implementing regulations. Each copy of the Notice of Violation was accompanied by a certificate of merit and a certificate of service, both of which comply with Proposition 65 and its implementing regulations. The Notice of Violation served on Global Juices and Fruits also included a copy of "The Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary". Service of the Notice of Violation and accompanying documents complied with Proposition 65 and its implementing regulations. A true and correct copy of this Notice of Violation and associated documents is attached hereto as Exhibit A. More than 60 days have passed since the Notice of Violation was mailed and no public enforcement entity has filed a complaint in this case.

8. This Court has jurisdiction over Global Juices and Fruits because, based on information and belief, Global Juices and Fruits is a business having sufficient minimum contacts with California, or otherwise intentionally availing itself of the California market through the distribution and sale of the Covered Products in the State of California to render the exercise of jurisdiction over it by the California courts consistent with traditional notions of fair play and substantial justice.

9. This Court is the proper venue for the action because the causes of action have arisen in the County of Alameda where some of the violations of law have occurred. Furthermore, this

1 Court is the proper venue under Code of Civil Procedure section 395.5 and Health & Safety Code
2 section 2524.

3 IV

4 **STATUTORY BACKGROUND**

5 10. The Safe Drinking Water and Toxic Enforcement Act of 1986 is an initiative statute
6 passed as "Proposition 65" by an overwhelming majority vote of the people in November of 1986.

7 11. The warning requirement of Proposition 65 is contained in Health & Safety Code
8 section 25249.6, which provides:

9 No person in the course of doing business shall knowingly and intentionally expose
10 any individual to a chemical known to the state to cause cancer or reproductive
11 toxicity without first giving clear and reasonable warning to such individual, except
12 as provided in Section 25249.10.

12 12. Implementing regulations for Proposition 65 define expose as "to cause to ingest,
13 inhale, contact via body surfaces or otherwise come into contact with a listed chemical." An
14 individual may come into contact with a listed chemical through water, air, food, consumer
15 products and any other environmental exposure as well as occupational exposures." (Cal. Code
16 Regs., tit. 27, § 25102, subd. (i).)

17 13. In this case, the exposures at issue are caused by consumer products. Implementing
18 regulations for Proposition 65 define a consumer product exposure as " an exposure which results
19 from a person's acquisition, purchase, storage, consumption, or other reasonably foreseeable use
20 of a consumer good, or any exposure that results from receiving a consumer service." (Cal. Code
21 Regs., tit. 27, § 25602, subd. (b).)

22 14. Whenever a clear and reasonable warning is required under Health & Safety Code
23 section 25249.6, the "method employed to transmit the warning must be reasonably calculated
24 considering the alternative methods available under the circumstances, to make the warning
25 message available prior to exposure." (Cal. Code Regs., tit. 27, § 25601.) The warning
26 requirement may be satisfied by a warning that appears on a product's label or other labeling, shelf
27 labeling, signs, a system of signs, public advertising identifying the system and toll-free
28 information services, or any other, system, that provides clear and reasonable warnings. (Cal.

1 Code Regs., tit. 27, § 25603.1, subd. (a)-(d).)

2 15. Proposition 65 establishes a procedure by which the State is to develop a list of
3 chemicals “known to the State to cause cancer or reproductive toxicity.” (Health & Safety
4 Code, § 25249.8.) There is no duty to provide a clear and reasonable warning until 12-months
5 after the chemical was published on the State list. (Health & Safety Code, § 25249.10, subd. (b).)
6 Lead was listed as a chemical known to the State of California to cause developmental toxicity in
7 the fetus and male and female reproductive toxicity on February 27, 1987. Lead was listed as a
8 chemical known to the State of California to cause cancer on October 1, 1992. (Cal. Code Regs.,
9 tit. 27, § 27001.)

10 16. The Maximum Allowable Dose Level for lead as a chemical known to cause
11 developmental toxicity is 0.5 micrograms per day. (Cal. Code Regs., tit. 27, § 25805.) The No
12 Significant Risk Level for lead as a carcinogen is 15 micrograms per day. (Cal. Code Regs., tit.
13 27, § 25705.)

14 17. Proposition 65 may be enforced by any person in the public interest who provides
15 notice sixty days before filing suit to both the violator and designated law enforcement officials.
16 The failure of law enforcement officials to file a timely complaint enables a citizen suit to be filed
17 pursuant to Health & Safety Code section 25249.7, subdivisions (c) and (d).

18 18. Proposition 65 provides that any person “violating or threatening to violate”
19 Proposition 65 may be enjoined in any court of competent jurisdiction. (Health & Safety Code, §
20 25249.7, subd. (a).) To “threaten to violate” means “to create a condition in which there is a
21 substantial probability that a violation will occur.” (Health & Safety Code, § 25249.11, subd. (e).)
22 Furthermore, violators are subject to a civil penalty of up to \$2,500 per day for each violation.
23 (Health & Safety Code, § 25249.7, subd. (b)(1).

24 V

25 **STATEMENT OF FACTS**

26 19. Global Juices and Fruits has manufactured, distributed and/or sold the Covered
27 Products containing lead to the State of California. Consumers have been ingesting this product
28 for many years, without any knowledge of their exposure to lead, a very dangerous chemical.

1 26. There exists an actual controversy relating to the legal rights and duties of the parties,
2 within the meaning of Code of Civil Procedure section 1060, between ERC and Global Juices and
3 Fruits concerning whether Global Juices and Fruits has exposed individuals to a chemical known
4 to the State of California to cause cancer, birth defects and other reproductive harm without
5 providing clear and reasonable warning.

6 VI

7 PRAYER

8 WHEREFORE ERC prays for relief as follows:

9 1. On the First Cause of Action, for civil penalties for each and every violation according
10 to proof;

11 2. On the First Cause of Action, and pursuant to Health & Safety Code section 25249.7,
12 subdivision (a), for such temporary restraining orders, preliminary and permanent injunctive
13 orders, or other orders, prohibiting Global Juices and Fruits from exposing persons to lead without
14 providing clear and reasonable warning;

15 3. On the Second Cause of Action, for a declaratory judgment pursuant to Code of Civil
16 Procedure section 1060 declaring that Global Juices and Fruits has exposed individuals to a
17 chemical known to the State of California to cause, birth defects and other reproductive harm
18 without providing clear and reasonable warning; and

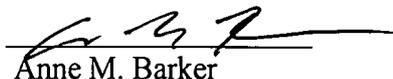

19 4. On all Causes of Action, for reasonable attorneys' fees pursuant to section 1021.5 of the
20 Code of Civil Procedure or the substantial benefit theory;

21 5. For costs of suit herein; and

22 6. For such other relief as the Court may deem just and proper.

NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violator and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. ("ERC"). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violator identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violator and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violator identified below.

Alleged Violator. The name of the company covered by this notice that violated Proposition 65 (hereinafter the "Violator") is:

Global Juices and Fruits, LLC dba Ruth's Foods

Consumer Products and Listed Chemicals. The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

**Ruth's Foods Ruth's Goodness Raw Hemp Protein Powder E3Live & Maca - Lead
Ruth's Foods Certified Organic Hemp Protein Powder - Lead**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of these products. Consequently, the primary route of exposure to these chemicals has been and continues to be through ingestion, but may have also occurred and may continue to occur through inhalation and/or dermal contact.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least December 22, 2011, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violator violated Proposition 65 because it failed to provide persons handling and/or using these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violator to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time consuming litigation.

Please direct all questions concerning this notice to ERC at the above listed address and telephone number.

Sincerely,

Chris Heptinstall
Executive Director
Environmental Research Center

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Global Juices and Fruits, LLC dba Ruth's Foods

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the party identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violator will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
