SUM-100

SUMMONS (CITACION JUDICIAL)

NOTICE TO DEFENDANT: (AVISO AL DEMANDADO):

TRAM BAR, LLC individually and doing business as KATE'S REAL FOOD, a Wyoming limited liability company, and DOES 1-100

YOU ARE BEING SUED BY PLAINTIFF: (LO ESTÁ DEMANDANDO EL DEMANDANTE):

ENVIRONMENTAL RESEARCH CENTER, INC. a California non-profit corporation

FOR COURT USE ONLY
(SOLO PARA USO DE LA CORTE)

FILED BY FAX
ALAMEDA COUNTY

November 04, 2016

CLERK OF
THE SUPERIOR COURT
By Alicia Espinoza, Deputy

NOTICE! You have been sued. The court may decide against you without your being heard unless you respond within 30 days. Read the information below.

You have 30 CALENDAR DAYS after this summons and legal papers are served on you to file a written response at this court and have a copy served on the plaintiff. A letter or phone call will not protect you. Your written response must be in proper legal form if you want the court to hear your case. There may be a court form that you can use for your response. You can find these court forms and more information at the California Courts Online Self-Help Center (www.courtinfo.ca.gov/selfhelp), your county law library, or the courthouse nearest you. If you cannot pay the filing fee, ask the court clerk for a fee waiver form. If you do not file your response on time, you may lose the case by default, and your wages, money, and property may be taken without further warning from the court.

There are other legal requirements. You may want to call an attorney right away. If you do not know an attorney, you may want to call an attorney referral service. If you cannot afford an attorney, you may be eligible for free legal services from a nonprofit legal services program. You can locate these nonprofit groups at the California Legal Services Web site (www.lawhelpcalifornia.org), the California Courts Online Self-Help Center (www.courtinfo.ca.gov/selfhelp), or by contacting your local court or county bar association. **NOTE:** The court has a statutory lien for waived fees and costs on any settlement or arbitration award of \$10,000 or more in a civil case. The court's lien must be paid before the court will dismiss the case.

¡AVISO! Lo han demandado. Si no responde dentro de 30 días, la corte puede decidir en su contra sin escuchar su versión. Lea la información a continuación.

Tiene 30 DÍAS DE CALENDARIO después de que le entreguen esta citación y papeles legales para presentar una respuesta por escrito en esta corte y hacer que se entregue una copia al demandante. Una carta o una llamada telefónica no lo protegen. Su respuesta por escrito tiene que estar en formato legal correcto si desea que procesen su caso en la corte. Es posible que haya un formulario que usted pueda usar para su respuesta. Puede encontrar estos formularios de la corte y más información en el Centro de Ayuda de las Cortes de California (www.sucorte.ca.gov), en la biblioteca de leyes de su condado o en la corte que le quede más cerca. Si no puede pagar la cuota de presentación, pida al secretario de la corte que le dé un formulario de exención de pago de cuotas. Si no presenta su respuesta a tiempo, puede perder el caso por incumplimiento y la corte le podrá quitar su sueldo, dinero y bienes sin más advertencia.

Hay otros requisitos legales. Es recomendable que llame a un abogado inmediatamente. Si no conoce a un abogado, puede llamar a un servicio de remisión a abogados. Si no puede pagar a un abogado, es posible que cumpla con los requisitos para obtener servicios legales gratuitos de un programa de servicios legales sin fines de lucro. Puede encontrar estos grupos sin fines de lucro en el sitio web de California Legal Services, (www.lawhelpcalifornia.org), en el Centro de Ayuda de las Cortes de California, (www.sucorte.ca.gov) o poniéndose en contacto con la corte o el colegio de abogados locales. **AVISO:** Por ley, la corte tiene derecho a reclamar las cuotas y los costos exentos por imponer un gravamen sobre cualquier recuperación de \$10,000 ó más de valor recibida mediante un acuerdo o una concesión de arbitraje en un caso de derecho civil. Tiene que pagar el gravamen de la corte antes de que la corte pueda desechar el caso.

ALAMEDA COUNTY

November 04, 2016

CLERK OF
THE SUPERIOR COURT
By Alicia Espinoza, Deputy

CASE NUMBER:

RG16838326**SUPERIOR COURT OF THE STATE OF CALIFORNIA****COUNTY OF ALAMEDA**

**ENVIRONMENTAL RESEARCH CENTER,
INC., a California non-profit corporation**

Plaintiff,**vs.**

**TRAM BAR, LLC individually and doing
business as KATE'S REAL FOOD, a
Wyoming limited liability company, and
DOES 1-100**

Defendants.**CASE NO.****COMPLAINT FOR INJUNCTIVE
AND DECLARATORY RELIEF AND
CIVIL PENALTIES**

[Miscellaneous Civil Complaint (42)]
Proposition 65, Health & Safety Code
Section 25249.5 et seq.

Plaintiff Environmental Research Center, Inc. hereby alleges:

I**INTRODUCTION**

1. Plaintiff Environmental Research Center, Inc. (hereinafter "Plaintiff" or "ERC") brings this action as a private attorney general enforcer and in the public interest pursuant to Health & Safety Code section 25249.7, subdivision (d). The Safe Drinking Water and Toxic Enforcement Act of 1986 (Health & Safety Code section 25249.5 *et seq.*) also known as "Proposition 65," mandates that businesses with ten or more employees must provide a "clear and reasonable

1 warning” prior to exposing any individual to a chemical known to the state to cause cancer or
2 reproductive toxicity. Lead and cadmium are chemicals known to the State of California to cause
3 cancer, birth defects and other reproductive harm. This complaint seeks injunctive and declaratory
4 relief and civil penalties to remedy the ongoing failure of Defendants Tram Bar, LLC individually
5 and doing business as Kate’s Real Food (hereinafter individually referred to as “Defendant” or
6 collectively as “Defendants”) and Does 1-100 to warn consumers that they have been exposed to
7 lead and/or cadmium from each of the “Covered Products” set forth in paragraph 3 at levels
8 exceeding the Maximum Allowable Dose Level (“MADL”) for these chemicals and requiring
9 a warning pursuant to Health & Safety Code section 25249.6.

10 II

11 PARTIES

12 2. Plaintiff ERC is a California non-profit corporation dedicated to, among other causes,
13 helping safeguard the public from health hazards by reducing the use and misuse of hazardous and
14 toxic chemicals, facilitating a safe environment for consumers and employees and encouraging
15 corporate responsibility.

16 3. Defendants are businesses that develop, manufacture, market, distribute and/or sell
17 nutritional health products that have exposed users to lead and/or cadmium in the State of
18 California within the relevant statute of limitations period. These “Covered Products” are:

- 19 • Tram Bar LLC Kate's Handle Bar Dark Chocolate Cherry Almond - Lead
- 20 • Tram Bar LLC Kate's Grizzly Bar Peanut Butter Dark Chocolate Trail Mix –
21 Lead, Cadmium
- 22 • Tram Bar LLC Kate's Tiki Bar Coconut Mango Cashew - Lead
- 23 • Tram Bar LLC Kate's Tram Bar Peanut Butter Milk Chocolate Trail Mix – Lead,
24 Cadmium
- 25 • Tram Bar LLC Kate's Stash Bar Peanut Butter Hemp & Flax – Cadmium

26 Defendants are companies subject to Proposition 65 as they each employ ten or more persons, and
27 have each employed ten or more persons at all times relevant to this action.

28 4. Does 1-100, are named herein under fictitious names, as their true names and capacities

1 are unknown to ERC. ERC is informed and believes, and thereon alleges, that each of said Does
2 is responsible, in some actionable manner, for the events and happenings hereinafter referred to,
3 either through said Does' conduct, or through the conduct of its agents, servants or employees, or
4 in some other manner, causing the harms alleged by ERC in this complaint. When said true names
5 and capacities of Does are ascertained, ERC will seek leave to amend this complaint to set forth
6 the same.

7 III

8 JURISDICTION AND VENUE

9 5. This Court has jurisdiction pursuant to California Constitution Article VI, Section 10
10 which grants the Superior Court original jurisdiction in all causes except those given by statute to
11 other trial courts. The statute under which this action is brought does not specify any other basis
12 for jurisdiction.

13 6. This Court has jurisdiction over Defendants because Defendants are businesses having
14 sufficient minimum contacts with California, or otherwise intentionally availing themselves of the
15 California market through the marketing, distribution, and/or sale of the Covered Products in the
16 State of California to render the exercise of jurisdiction over it by the California courts consistent
17 with traditional notions of fair play and substantial justice.

18 7. The Complaint is based on allegations contained in a Notice of Violation dated April
19 29, 2016, served on the California Attorney General, other public enforcers and Defendants.
20 The Notice of Violation constitutes adequate notice to Defendants because it provided adequate
21 information to allow Defendants to assess the nature of the alleged violation, consistent with
22 Proposition 65 and its implementing regulations. Each copy of the Notice of Violation was
23 accompanied by a certificate of merit and a certificate of service, both of which comply with
24 Proposition 65 and its implementing regulations. The Notice of Violation served on
25 Defendants also included a copy of "The Safe Drinking Water and Toxic Enforcement Act of
26 1986 (Proposition 65): A Summary." Service of the Notice of Violation and accompanying
27 documents complied with Proposition 65 and its implementing regulations. A true and correct
28 copy of this Notice of Violation and associated documents is attached hereto as Exhibit A.

1 More than 60 days have passed since the Notice of Violation was mailed and no public
2 enforcement entity has filed a complaint in this case.

3 8. This Court is the proper venue for the action because the causes of action have arisen in
4 the County of Alameda where some of the violations of law have occurred, and will continue to
5 occur due to the ongoing sales of Defendants' products. Furthermore, venue is proper in this
6 Court under Code of Civil Procedure section 395.5 and Health & Safety Code section 25249.7.

7 IV

8 STATUTORY BACKGROUND

9 9. The Safe Drinking Water and Toxic Enforcement Act of 1986 is an initiative statute
10 passed as "Proposition 65" by an overwhelming majority vote of the people in November of 1986.

11 10. The warning requirement of Proposition 65 is contained in Health & Safety Code
12 section 25249.6, which provides:

13 No person in the course of doing business shall knowingly and intentionally expose any
14 individual to a chemical known to the state to cause cancer or reproductive toxicity without
15 first giving clear and reasonable warning to such individual, except as provided in Section
25249.10.

16 11. Implementing regulations for Proposition 65 define expose as "to cause to ingest,
17 inhale, contact via body surfaces or otherwise come into contact with a listed chemical." An
18 individual may come into contact with a listed chemical through water, air, food, consumer
19 products and any other environmental exposure as well as occupational exposures." (Cal. Code
20 Regs., tit. 27, § 25102, subd. (i).)

21 12. In this case, the exposures at issue are caused by consumer products. Implementing
22 regulations for Proposition 65 define a consumer product exposure as "an exposure which results
23 from a person's acquisition, purchase, storage, consumption, or other reasonably foreseeable use
24 of a consumer good, or any exposure that results from receiving a consumer service." (Cal. Code
25 Regs., tit. 27, § 25602, subd. (b).)

26 13. Whenever a clear and reasonable warning is required under Health & Safety Code
27 section 25249.6, the "method employed to transmit the warning must be reasonably calculated
28 considering the alternative methods available under the circumstances, to make the warning

1 message available prior to exposure.” (Cal. Code Regs., tit. 27, § 25601.) The warning
2 requirement may be satisfied by a warning that appears on a product’s label or other labeling, shelf
3 labeling, signs, a system of signs, public advertising identifying the system and toll-free
4 information services, or any other system, that provides clear and reasonable warnings. (Cal.
5 Code Regs., tit. 27, § 25603.1, subd. (a)-(d).)

6 14. Proposition 65 establishes a procedure by which the State is to develop a list of
7 chemicals “known to the State to cause cancer or reproductive toxicity.” (Health & Safety Code,
8 § 25249.8.) There is no duty to provide a clear and reasonable warning until 12-months after the
9 chemical was published on the State list. (Health & Safety Code, § 25249.10, subd. (b).) Lead
10 was listed as a chemical known to the State of California to cause developmental toxicity in the
11 fetus and male and female reproductive toxicity on February 27, 1987. Lead was listed as a
12 chemical known to the State of California to cause cancer on October 1, 1992. Cadmium was
13 officially listed as a chemical known to cause developmental toxicity and male reproductive
14 toxicity on May 1, 1997 while cadmium and cadmium compounds were listed as chemicals
15 known to the State of California to cause cancer on October 1, 1987. (Cal. Code Regs., tit. 27, §
16 27001.)

17 15. The MADL for lead as a chemical known to cause reproductive toxicity is 0.5
18 micrograms per day. The MADL for cadmium as a chemical known to cause reproductive
19 toxicity is 4.10 micrograms per day (Cal. Code Regs., tit. 27, § 25805.) The No Significant
20 Risk Level for lead as a carcinogen is 15 micrograms per day. (Cal. Code Regs., tit. 27, §
21 25705.)

22 16. Proposition 65 provides that any “person who violates or threatens to violate” the
23 statute may be enjoined in a court of competent jurisdiction. (H&S Code §25249.7). The
24 phrase “threaten to violate” is defined to mean creating “a condition in which there is a
25 substantial probability that a violation will occur” (H&S Code §25249.11(e)). Violators are
26 liable for civil penalties of up to \$2,500 per day for each violation of the Act. (H&S Code
27 §25249.7.)

28 ///

1 **FIRST CAUSE OF ACTION**

2 **(Violation of Section 25249.6 of the Health and Safety Code, Failure to Provide Clear**
3 **and Reasonable Warning under Proposition 65)**

4 21. ERC refers to paragraphs 1-20, inclusive, and incorporates them herein by this
5 reference.

6 22. By committing the acts alleged above, Defendants have, in the course of doing
7 business, knowingly and intentionally exposed users of the Covered Products to lead and/or
8 cadmium, chemicals known to the State of California to cause cancer, birth defects and other
9 reproductive harm without first giving clear and reasonable warning to such individuals, within the
10 meaning of Health & Safety Code section 25249.6. In doing so, Defendants have violated Health
11 & Safety Code section 25249.6, and continue to violate the statute with each successive sale of the
12 Covered Products.

13 23. Said violations render Defendants liable for civil penalties up to \$2,500 per day, for
14 each violation, and subject Defendants to injunction.

15 **SECOND CAUSE OF ACTION**

16 **(Declaratory Relief)**

17 24. ERC refers to paragraphs 1-23, inclusive, and incorporates them herein by this
18 reference.

19 25. There exists an actual controversy relating to the legal rights and duties of the parties,
20 within the meaning of Code of Civil Procedure section 1060, between ERC and Defendants
21 concerning whether Defendants have exposed individuals to chemicals known to the State of
22 California to cause cancer, birth defects and other reproductive harm without providing clear and
23 reasonable warning.

24 **VI**

25 **PRAYER**

26 WHEREFORE ERC prays for relief as follows:

27 1. On the First Cause of Action, for civil penalties for each and every violation according
28 to proof;

2. On the First Cause of Action, and pursuant to Health & Safety Code section 25249.7, subdivision (a), for such temporary restraining orders, preliminary and permanent injunctive orders, or other orders as are necessary to prevent Defendants from exposing persons to lead and/or cadmium without providing clear and reasonable warning;

3. On the Second Cause of Action, for a declaratory judgment pursuant to Code of Civil Procedure section 1060 declaring that Defendants have exposed individuals to chemicals known to the State of California to cause birth defects and other reproductive harm without providing clear and reasonable warning; and

4. On all Causes of Action, for reasonable attorneys' fees pursuant to Code of Civil Procedure section 1021.5 or the substantial benefit theory;

5. For costs of suit herein; and

6. For such other relief as the Court may deem just and proper.

NOTICE OF VIOLATIONS OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I am the Executive Director of Environmental Research Center, Inc. ("ERC"). ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Section 25249.7(d) of the statute, ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is attached with the copy of this letter served to the alleged Violators identified below.

Alleged Violators. The names of the companies covered by this notice that violated Proposition 65 (hereinafter the "Violators") are:

Tram Bar, LLC

Tram Bar, LLC dba Kate's Real Food

Consumer Products and Listed Chemicals. The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

1. Tram Bar LLC Kate's Handle Bar Dark Chocolate Cherry Almond - Lead

Notice of Violations of California Health & Safety Code §25249.5 *et seq.*

April 29, 2016

Page 2

2. **Tram Bar LLC Kate's Grizzly Bar Peanut Butter Dark Chocolate Trail Mix – Lead, Cadmium**
3. **Tram Bar LLC Kate's Tiki Bar Coconut Mango Cashew - Lead**
4. **Tram Bar LLC Kate's Tram Bar Peanut Butter Milk Chocolate Trail Mix – Lead, Cadmium**
5. **Tram Bar LLC Kate's Stash Bar Peanut Butter Hemp & Flax - Cadmium**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

Cadmium was officially listed as a chemical known to cause developmental toxicity and male reproductive toxicity on May 1, 1997 while cadmium and cadmium compounds were listed as chemicals known to the State of California to cause cancer on October 1, 1987.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the purchase, acquisition, handling and recommended use of these products. Consequently, the primary route of exposure to these chemicals has been and continues to be through ingestion, but may have also occurred and may continue to occur through inhalation and/or dermal contact.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least April 29, 2013, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons handling and/or using these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time consuming litigation.

Notice of Violations of California Health & Safety Code §25249.5 *et seq.*

April 29, 2016

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by Tram Bar, LLC and Tram Bar, LLC dba Kate's Real Food

I, Chris Heptinstall, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am the Executive Director for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: April 29, 2016

Chris Heptinstall

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT

CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986

(PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as “Proposition 65”). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. Please refer to the statute and OEHHA's implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

The “Proposition 65 List.” Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and

reasonable.” This means that the warning must: (1) clearly say that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations

(<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Periods. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at:

<http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at:

<http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in Food. Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off- premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;

- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A private party may not file an action against the alleged violator for these exposures, or recover in a settlement any payment in lieu of penalties any reimbursement for costs and attorney's fees, if the notice was served on or after October 5, 2013, and the alleged violator has done *all* of the following within 14 days of being served notice:

- Corrected the alleged violation;
- Agreed to pay a civil penalty of \$5B500 (subject to change as noted below) to the private party within 30 days; and
- Notified the private party serving the notice in writing that the violation has been corrected.

The written notification to the private-party must include a notice of special compliance procedure and proof of compliance form completed by the alleged violator as directed in the notice. On April 1, 2019, and every five years thereafter, the dollar amount of the civil penalty will be adjusted by the Judicial Council based on the change in the annual California Consumer Price Index. The Judicial Council will publish the dollar amount of the adjusted civil penalty at each five-year interval, together with the date of the next scheduled adjustment.

An alleged violator may satisfy these conditions only one time for a violation arising from the same exposure in the same facility or on the same premises. The satisfaction of these conditions does not prevent the Attorney General, a district attorney, a city attorney of a city of greater than 750,000 population, or any full-time city prosecutor with the consent of the district attorney, from filing an enforcement action against an alleged violator. The amount of any civil penalty for a violation shall be reduced to reflect any payment made by the alleged violator for the same alleged violation to a private-party.

A copy of the notice of special compliance procedure and proof of compliance form is included with this notice and can be downloaded from OEHHA's website at: <http://oehha.ca.gov/prop65/law/p65law72003.html>.

The notice is reproduced here:

Page 1

Date: April 29, 2016

Name of Noticing Party or attorney for Noticing Party: Environmental Research Center, Inc.

Address: 3111 Camino Del Rio North, Suite 400, San Diego, CA 92108

Phone number: 619-500-3090

SPECIAL COMPLIANCE PROCEDURE

PROOF OF COMPLIANCE

You are receiving this form because the Noticing Party listed above has alleged that you are violating California Health and Safety Code §25249.6 (Prop. 65).

The Noticing Party may not bring any legal proceedings against you for the alleged violation checked below if:

- 1. You have actually taken the corrective steps that you have certified in this form**
- 2. The Noticing Party has received this form at the address shown above, accurately completed by you, postmarked within 14 days of your receiving this notice**
- 3. The Noticing Party receives the required \$500 penalty payment from you at the address shown above postmarked within 30 days of your receiving this notice.**
- 4. This is the first time you have submitted a Proof of Compliance for a violation arising from the same exposure in the same facility on the same premises.**

PART 1: TO BE COMPLETED BY THE NOTICING PARTY OR ATTORNEY FOR THE NOTICING PARTY

The alleged violation is for an exposure to: (check one)

☐ Alcoholic beverages that are consumed on the alleged violator's premises to the extent on-site consumption is permitted by law.

☐ A chemical known to the state to cause cancer or reproductive toxicity in a food or beverage prepared and sold on the alleged violator's premises for immediate consumption on or off premises to the extent: (1) the chemical was not intentionally added; and (2) the chemical was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination.

☐ Environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises.

☐ Chemicals known to the State to cause cancer or reproductive toxicity in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking noncommercial vehicles.

IMPORTANT NOTES:

- 1. You have no potential liability under California Health and Safety Code §25249.6 if your business has nine (9) or fewer employees.**
- 2. Using this form will NOT prevent the Attorney General, a district attorney, a city attorney, or a prosecutor in whose jurisdiction the violation is alleged to have occurred from filing an action over the same alleged violations, and that in any such action, the amount of civil penalty shall be reduced to reflect any payment made at this time.**

Date: April 29, 2016

Name of Noticing Party or attorney for Noticing Party: Environmental Research Center, Inc.

Address: 3111 Camino Del Rio North, Suite 400, San Diego, CA 92108

Phone number: 619-500-3090

PART 2: TO BE COMPLETED BY THE ALLEGED VIOLATOR OR AUTHORIZED REPRESENTATIVE

Certification of Compliance

Accurate completion of this form will demonstrate that you are now in compliance with California Health and Safety Code §25249.6 for the alleged violation listed above. You must complete and submit the form below to the Noticing Party at the address shown above, postmarked within 14 days of you receiving this notice.

I hereby agree to pay, within 30 days of completion of this notice, a civil penalty of \$500 to the Noticing Party only and certify that I have complied with Health and Safety Code §25249.6 by (check only one of the following):

- ☐ Posting a warning or warnings about the alleged exposure that complies with the law, and attaching a copy of that warning and a photograph accurately showing its placement on my premises;
- ☐ Posting the warning or warnings demanded in writing by the Noticing Party, and attaching a copy of that warning and a photograph accurately its placement on my premises; OR
- ☐ Eliminating the alleged exposure, and attaching a statement accurately describing how the alleged exposure has been eliminated.

Certification

My statements on this form, and on any attachments to it, are true, complete, and correct to the best of my knowledge and belief and are made in good faith. I have carefully read the instructions to complete this form. I understand that if I make a false statement on this form, I may be subject to additional penalties under the Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65).
