SUPERIOR COURT OF THE STATE OF CALIFORNIA  
COUNTY OF ALAMEDA

11 ANTHONY FERREIRO,  
12 Plaintiff,  
13 v.  
14 RDI-USA, INC.,  
15 Defendant.

Case No.: RG18903154  
**COMPLAINT FOR CIVIL PENALTIES  
AND INJUNCTIVE RELIEF**  
**(Violation of Health & Safety Code §25249.5  
et seq.)**

17 Plaintiff Anthony Ferreiro ("Plaintiff"), by and through his attorneys, alleges the  
18 following cause of action in the public interest of the citizens of the State of California.

19 **BACKGROUND OF THE CASE**

20 1. Plaintiff brings this representative action on behalf of all California citizens to  
21 enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified  
22 at the Health and Safety Code § 25249.5 *et seq* ("Proposition 65"), which reads, in relevant part,  
23 "[n]o person in the course of doing business shall knowingly and intentionally expose any  
24 individual to a chemical known to the state to cause cancer or reproductive toxicity without first  
25 giving clear and reasonable warning to such individual ...". Health & Safety Code § 25249.6.

26 2. This complaint is a representative action brought by Plaintiff in the public interest  
27 of the citizens of the State of California to enforce the People's right to be informed of the health  
28

BY FAX

1 hazards caused by exposure to Bisphenol A (BPA), a toxic chemical found in polycarbonate  
2 tableware and serving dishes manufactured, sold and/or distributed in California by defendant  
3 RDI-USA, Inc. (“Thunder” or “Defendant”) in California.

4 3. BPA is a harmful chemical known to the State of California to reproductive  
5 toxicity. On May 11, 2015, the State of California listed BPA as a chemical known to the State  
6 to cause reproductive toxicity and it has come under the purview of Proposition 65 regulations  
7 since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 &  
8 25249.10(b).

9 4. Proposition 65 requires all businesses with ten (10) or more employees that  
10 operate within California or sell products therein to comply with Proposition 65 regulations.  
11 Included in such regulations is the requirement that businesses must label any product containing  
12 a Proposition 65-listed chemical with a “clear and reasonable” warning before “knowingly and  
13 intentionally” exposing any person to it.

14 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation  
15 to be imposed upon defendants in a civil action for violations of Proposition 65. Health & Safety  
16 Code § 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin  
17 the actions of a defendant which “violate[s] or threaten[s] to violate” the statute. Health &  
18 Safety Code § 25249.7.

19 6. Plaintiff alleges that Defendant manufactures, distributes, imports, sells, and/or  
20 offers for sale in California, without the required Proposition 65 exposure warning,  
21 polycarbonate tableware and serving dishes, including coffee decanters (“Product” or  
22 “Products”) that contain BPA.

23 7. Defendant’s failure to warn consumers and other individuals in California of the  
24 health hazards associated with exposure to BPA in conjunction with the sale, manufacture,  
25 and/or distribution of the Products is a violation of Proposition 65 and subjects Defendant to the  
26 enjoinder and civil penalties described herein.

27 8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition  
28 65 in accordance with Health and Safety Code § 25249.7(b).

1 State of California, and/or has otherwise purposefully availed itself of the California market.  
2 Such purposeful availment has rendered the exercise of jurisdiction by California courts  
3 consistent and permissible with traditional notions of fair play and substantial justice.

4 **SATISFACTION OF NOTICE REQUIREMENTS**

5 16. On July 26, 2017, Plaintiff gave notice of alleged violation of Health and Safety  
6 Code § 25249.6 (the “Notice”) to Thunder concerning the exposure of California citizens to BPA  
7 contained in the Products without proper warning, subject to a private action to Thunder and to  
8 the California Attorney General’s office and the offices of the County District attorneys and City  
9 Attorneys for each city with a population greater than 750,000 persons wherein the herein  
10 violations allegedly occurred.

11 17. The Notice complied with all procedural requirements of Proposition 65 including  
12 the attachment of a Certificate of Merit affirming that Plaintiff’s counsel had consulted with at  
13 least one person with relevant and appropriate expertise who reviewed relevant data regarding  
14 BPA exposure, and that counsel believed there was meritorious and reasonable cause for a  
15 private action.

16 18. After receiving the Notice, and to Plaintiff’s best information and belief, none of  
17 the noticed appropriate public enforcement agencies have commenced and diligently prosecuted  
18 a cause of action against Thunder under Proposition 65 to enforce the alleged violations which  
19 are the subject of Plaintiff’s notice of violation.

20 19. Plaintiff is commencing this action more than sixty (60) days from the date of the  
21 Notice to Thunder, as required by law.

22 **FIRST CAUSE OF ACTION**

23 **(By Plaintiff against Defendant for the Violation of Proposition 65)**

24 20. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 19 of  
25 this complaint as though fully set forth herein.

26 21. Defendant has, at all times mentioned herein, acted as manufacturer, distributor,  
27 and/or retailer of the Product.

28

1           22.     The Products contain BPA, a hazardous chemical found on the Proposition 65 list  
2 of chemicals known to be hazardous to human health.

3           23.     The Products do not comply with the Proposition 65 warning requirements.

4           24.     Plaintiff, based on his best information and belief, avers that at all relevant times  
5 herein, and at least since May 18, 2017, continuing until the present, that Thunder has continued  
6 to knowingly and intentionally expose California users and consumers of the Products to BPA  
7 without providing required warnings under Proposition 65.

8           25.     The exposures that are the subject of the Notice result from the purchase,  
9 acquisition, handling and recommended use of the product. Consequently, the primary route of  
10 exposure to these chemicals is through oral ingestion. The polycarbonate tested is expected to be  
11 in contact with hot liquids, such as coffee, during normal expected use and thus BPA can leach  
12 from the polycarbonate plastic into liquids that come into contact with the polycarbonate.  
13 Extraction of BPA may be enhanced into liquids when the coffee decanter contains liquids at  
14 elevated temperatures or when the decanter contains alcohol or milk. When BPA contaminated  
15 liquids contained in the decanter are consumed, oral ingestion of BPA will result. Over time, it  
16 is expected that the polycarbonate will be exposed to hot water and abrasion during hand and/or  
17 machine washing and future BPA leaching rates can be expected to increase with continued  
18 exposure to hot water and washing cycles. Washing the product with hard water and/or  
19 dishwashing soaps at elevated pH will result in higher extraction rates of BPA with subsequent  
20 uses of the decanter. Dermal exposure to BPA will occur when the polycarbonate is handled  
21 with bare hands during normal expected use and cleaning. Finally, some amount of exposure to  
22 BPA through ingestion can occur by handling the product, with subsequent touching of the  
23 user's hand to mouth.

24           26.     Plaintiff, based on his best information and belief, avers that such exposures will  
25 continue every day until clear and reasonable warnings are provided to Product purchasers and  
26 users or until this known toxic chemical is removed from the Product.

27           27.     Defendant has knowledge that the normal and reasonably foreseeable use of the  
28 Product exposes individuals to BPA, and Defendant intends that exposures to BPA will occur by

1 their deliberate, non-accidental participation in the manufacture, importation, distribution, sale  
2 and offering of the Product to consumers in California

3 28. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this  
4 Complaint.

5 29. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above  
6 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

7 30. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically  
8 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

9  
10 **PRAYER FOR RELIEF**

11 WHEREFORE, Plaintiff demands judgment against Defendant and requests the  
12 following relief:

- 13 A. That the court assess civil penalties against Defendant in the amount of  
14 \$2,500 per day for each violation in accordance with Health and Safety  
15 Code § 25249.7(b);  
16 B. That the court preliminarily and permanently enjoin Defendant mandating  
17 Proposition 65 compliant warnings on the Product;  
18 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit.  
19 D. That the court grant any further relief as may be just and proper.  
20
