Attorneys for Plaintiff
ENVIRONMENTAL RESEARCH CENTER, INC.

SUPERIOR COURT OF THE STATE OF CALIFORNIA
COUNTY OF ALAMEDA

ENVIRONMENTAL RESEARCH CENTER,
INC., a non-profit California corporation,

Plaintiff,

v.

NYR ORGANIC, INC., individually and doing
business as NEAL'S YARD REMEDIES, a New
York corporation; NEAL'S YARD (NATURAL
REMEDIES) LIMITED, a United Kingdom
limited company; and DOES 1 – 25,

Defendants.

Case No.

RG18905937

**COMPLAINT FOR PERMANENT
INJUNCTION, CIVIL PENALTIES AND
OTHER RELIEF**

Health & Safety Code §25249.5, *et seq.*

Plaintiff Environmental Research Center, Inc. ("PLAINTIFF" or "ERC") brings this
action in the interests of the general public and, on information and belief, hereby alleges:

INTRODUCTION

1. This action seeks to remedy the continuing failure of Defendants NYR ORGANIC,
INC., individually and doing business as NEAL'S YARD REMEDIES; NEAL'S YARD
(NATURAL REMEDIES) LIMITED (collectively "NEAL'S YARD REMEDIES") and DOES
1-25 (hereinafter individually referred to as "DEFENDANT" or collectively as
"DEFENDANTS") to warn consumers in California that they are being exposed to lead and
cadmium, chemicals known to the State of California to cause cancer, birth defects, and other

1 reproductive harm. According to the Safe Drinking Water and Toxics Enforcement Act of 1986,
2 Health and Safety Code (“H&S Code”) section 25249.5 (also known as and referred to
3 hereinafter as “Proposition 65”), businesses must provide persons with a “clear and reasonable
4 warning” before exposing individuals to chemicals known to the state to cause cancer or
5 reproductive harm. DEFENDANTS manufacture, package, distribute, market, and/or sell in
6 California certain products containing lead and/or cadmium (the “SUBJECT PRODUCTS”): (1)
7 Neal’s Yard Remedies Covent Garden Superfood Organic Greens Complex With Purifying
8 Chlorella (lead) and (2) Neal’s Yard Remedies Covent Garden Superfood Organic Cocoa Blend
9 Rebalance Increase Relaxation (cadmium).

10 2. Lead and cadmium (hereinafter, the “LISTED CHEMICALS”) are chemicals known
11 to the State of California to cause cancer, birth defects, and other reproductive harm.

12 3. Consumption of the SUBJECT PRODUCTS causes exposures to the LISTED
13 CHEMICALS at levels requiring a “clear and reasonable warning” under Proposition 65.
14 DEFENDANTS exposed consumers to the LISTED CHEMICALS and have failed to provide
15 the health hazard warnings required by Proposition 65.

16 4. DEFENDANTS’ continued manufacturing, packaging, distributing, marketing
17 and/or sales of the SUBJECT PRODUCTS without the required health hazard warnings, causes,
18 or threatens to cause, individuals to be involuntarily, unknowingly and unwittingly exposed to
19 levels of the LISTED CHEMICALS that violate Proposition 65.

20 **PARTIES**

21 5. PLAINTIFF is a non-profit corporation organized under California law. ERC is
22 dedicated to, among other causes, reducing the use and misuse of hazardous and toxic
23 substances, consumer protection, worker safety, and corporate responsibility.

24 6. ERC is a person within the meaning of H&S Code §25249.11 and brings this
25 enforcement action in the public interest pursuant to H&S Code §25249.7(d). H&S Code §
26 25249.7(d) specifies that actions to enforce Proposition 65 may be brought by a person in the
27 public interest, provided certain notice requirements and no other public prosecutor is diligently
28 prosecuting an action for the same violation(s).

1 7. NYR ORGANIC, INC., individually and doing business as NEAL’S YARD
2 REMEDIES is now, and was at all times relevant herein, a corporation organized under the laws
3 of New York and is doing business within the meaning of H&S Code §25249.11.

4 8. NEAL’S YARD (NATURAL REMEDIES) LIMITED is now, and was at all times
5 relevant herein, a limited company organized under the laws of the United Kingdom and is doing
6 business within the meaning of H&S Code §25249.11.

7 9. DEFENDANTS own, administer, direct, control and/or operate facilities and/or
8 agents, distributors, sellers, marketers or other retail operations who place their SUBJECT
9 PRODUCTS into the stream of commerce in California (including but not limited to Alameda
10 County) under the brand name Neal’s Yard Remedies and other brand names, which contain the
11 LISTED CHEMICALS without first giving clear and reasonable warnings.

12 10. DEFENDANTS, separately and each of them, are or were, at all times relevant to the
13 claims in this Complaint and continuing through the present, legally responsible for compliance
14 with the provisions of Proposition 65. Whenever an allegation regarding any act or omission of a
15 DEFENDANT is made herein, such allegation shall be deemed to mean that DEFENDANT, or
16 its agent, officer, director, manager, supervisor, or employee did, or so authorized, or failed to do,
17 such acts while engaged in the affairs of DEFENDANT’s business operations and/or while acting
18 within the course and scope of their employment or while conducting business for
19 DEFENDANT(S) for a commercial purpose.

20 11. In this Complaint, when reference is made to any act or omission of a DEFENDANT,
21 such allegation shall mean that the owners, officers, directors, agents, employees, contractors, or
22 representatives of DEFENDANT acted or authorized such actions, and/or negligently failed and
23 omitted to act or adequately and properly supervise, control or direct its employees and agents
24 while engaged in the management, direction, operation or control of the affairs of the business
25 organization. Whenever reference is made to any act or omission of any DEFENDANT, such
26 allegation shall be deemed to mean the act or omission of each DEFENDANT acting
27 individually, jointly, and severally as defined by Civil Code Section 1430 *et seq.*

28 12. PLAINTIFF does not know the true names, capacities and liabilities of

1 DEFENDANTS DOES Nos. 1-25, inclusive, and therefore sues them under fictitious names.
2 PLAINTIFF will amend this Complaint to allege the true name and capacities of the DOE
3 Defendants upon being ascertained. Each of these Defendants was in some way legally
4 responsible for the acts, omissions, and/or violations alleged herein.

5 **JURISDICTION AND VENUE**

6 13. This Court has jurisdiction over this action pursuant to California Constitution Article
7 VI, Section 10, which grants the Superior Court “original jurisdiction in all causes except those
8 given by statute to other trial courts.” The statute under which this action is brought does not
9 specify any other court with jurisdiction.

10 14. This Court has jurisdiction over DEFENDANTS because they are business entities
11 that do sufficient business, have sufficient minimum contacts in California or otherwise
12 intentionally avail themselves of the California market, through the sale, marketing and use of
13 their SUBJECT PRODUCTS in California, to render the exercise of jurisdiction over them by
14 the California courts consistent with traditional notions of fair play and substantial justice.

15 15. Venue in this action is proper in the Alameda County Superior Court because the
16 cause, or part thereof, arises in the County of Alameda since DEFENDANTS’ products are
17 marketed, offered for sale, sold, used, and/or consumed in this county.

18 **STATUTORY BACKGROUND**

19 16. The People of the State of California declared in Proposition 65 their right “[t]o be
20 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive
21 harm.” (Section 1(b) of Initiative Measure, Proposition 65).

22 17. To effect this goal, Proposition 65 requires that individuals be provided with a “clear
23 and reasonable warning” before being exposed to chemicals listed by the State of California as
24 causing cancer or reproductive toxicity. H&S Code §25249.6 states, in pertinent part:

25 No person in the course of doing business shall knowingly and intentionally
26 expose any individual to a chemical known to the state to cause cancer or
27 reproductive toxicity without first giving clear and reasonable warning to such
28 individual....

18. An exposure to a chemical in a consumer product is one “which results from a

1 person's acquisition, purchase, storage, consumption, or other reasonably foreseeable use of a
2 consumer good, or any exposure that results from receiving a consumer service." (Cal. Code
3 Regs., tit. 22, § 12601, subd. (b).)

4 19. Proposition 65 provides that any "person who violates or threatens to violate" the
5 statute may be enjoined in a court of competent jurisdiction. (H&S Code §25249.7). The phrase
6 "threaten to violate" is defined to mean creating "a condition in which there is a substantial
7 probability that a violation will occur" (H&S Code §25249.11(e)). Violators are liable for civil
8 penalties of up to \$2,500 per day for each violation of the Act. (H&S Code §25249.7.)

9 **FACTUAL BACKGROUND**

10 20. On February 27, 1987, the State of California officially listed lead as a chemical
11 known to cause reproductive toxicity. Lead became subject to the warning requirement one year
12 later and was therefore subject to the "clear and reasonable" warning requirements of Proposition
13 65 beginning on February 27, 1988. (27 California Code of Regulations ("CCR") §25000, *et*
14 *seq.*; H&S Code §25249.5, *et seq.*).

15 21. On October 1, 1992, the State of California officially listed lead and lead compounds
16 as chemicals known to cause cancer. Lead and lead compounds became subject to the warning
17 requirement one year later and were therefore subject to the "clear and reasonable" warning
18 requirements of Proposition 65 beginning on October 1, 1993. (27 CCR § 25000, *et seq.*; H&S
19 Code §25249.6, *et seq.*). Due to the high toxicity of lead, the maximum allowable dose level for
20 lead is 0.5 µg/day (micrograms a day) for reproductive toxicity and the no significant risk level
21 for carcinogens is 15µg/day (oral).

22 22. On May 1, 1997, the State of California officially listed the chemical cadmium as a
23 chemical known to cause reproductive toxicity. Cadmium became subject to the warning
24 requirement one year later and was therefore subject to the "clear and reasonable" warning
25 requirements of Proposition 65 beginning on May 1, 1998. (27 CCR §25000, *et seq.*; H&S
26 Code §25249.5, *et seq.*). Due to the high toxicity of cadmium, the maximum allowable dose
27 level for cadmium is 4.1 µg/day (micrograms a day) for reproductive toxicity. (27 CCR §
28 25805(b).)

1 23. On October 1, 1987, the State of California officially listed the chemicals cadmium
2 and cadmium compounds as chemicals known to cause cancer. Cadmium and cadmium
3 compounds became subject to the warning requirement one year later and were therefore
4 subject to the “clear and reasonable” warning requirements of Proposition 65 beginning on
5 October 1, 1988 (27 CCR §25000, et seq.; H&S Code §25249.6 *et seq.*).

6 24. To test DEFENDANTS’ SUBJECT PRODUCTS for lead and cadmium, PLAINTIFF
7 hired a well-respected and accredited testing laboratory. The results of testing undertaken by
8 PLAINTIFF of DEFENDANTS’ SUBJECT PRODUCTS show that the SUBJECT PRODUCTS
9 tested were in violation of the 0.5 µg/day “safe harbor” daily dose limits set forth for lead, and/or
10 in violation of the 4.1 µg/day “safe harbor” daily dose limits for cadmium, in Proposition 65’s
11 regulations. Very significant is the fact that people are being exposed to lead and/or cadmium
12 through ingestion as opposed to other not as harmful methods of exposure such as dermal
13 exposure. Ingestion of lead and/or cadmium produces much higher exposure levels and health
14 risks than dermal exposure to these chemicals.

15 25. At all times relevant to this action, DEFENDANTS, therefore, have knowingly and
16 intentionally exposed the consumers of the SUBJECT PRODUCTS to the LISTED
17 CHEMICALS without first giving a clear and reasonable warning to such individuals.

18 26. The SUBJECT PRODUCTS have allegedly been sold by DEFENDANTS for use
19 in California since at least March 2, 2015. The SUBJECT PRODUCTS continue to be distributed
20 and sold in California without the requisite warning information.

21 27. As a proximate result of acts by DEFENDANTS, as persons in the course of doing
22 business within the meaning of Health & Safety Code §25249.11, individuals throughout the
23 State of California, including in the County of Alameda have been exposed to the LISTED
24 CHEMICALS without a clear and reasonable warning on the SUBJECT PRODUCTS. The
25 individuals subject to the violative exposures include normal and foreseeable users of the
26 SUBJECT PRODUCTS, as well as all other persons exposed to the SUBJECT PRODUCTS.

27 28. On March 2, 2018, ERC served NEAL’S YARD REMEDIES and each of the
28 appropriate public enforcement agencies with a document entitled “Notice of Violations of

1 California Health & Safety Code Section 25249.5” that provided NEAL’S YARD REMEDIES
2 and the public enforcement agencies with notice that NEAL’S YARD REMEDIES was in
3 violation of Proposition 65 for failing to warn purchasers and individuals using the SUBJECT
4 PRODUCTS that the consumption of the SUBJECT PRODUCTS exposes them to lead and/or
5 cadmium, chemicals known to the State of California to cause cancer and/or reproductive
6 toxicity (“Prop. 65 Notice”). A true and correct copy of the 60-Day Notice (“NOTICE”) is
7 attached hereto as Exhibit A and is hereby incorporated by reference, and is available on the
8 Attorney General’s website located at <http://oag.ca.gov/prop65>.

9 29. The NOTICE was issued pursuant to, and in compliance with, the requirements of
10 H&S Code §25249.7(d) and the statute’s implementing regulations regarding the notice of the
11 violations to be given to certain public enforcement agencies and to the violator. The NOTICE
12 included, *inter alia*, the following information: the name, address, and telephone number of the
13 noticing individual; the name of the alleged violator; the statute violated; the approximate time
14 period during which violations occurred; and descriptions of the violations including the
15 chemicals involved, the routes of toxic exposure, and the specific product or type of product
16 causing the violations.

17 30. NEAL’S YARD REMEDIES was also provided copies of the document entitled “The
18 Safe Drinking Water and Toxic Enforcement Act of 1986 (Proposition 65): A Summary,” which
19 is also known as Appendix A to Title 27 of CCR §25903, via Certified Mail.

20 31. The California Attorney General was provided a copy of the NOTICE and a Certificate
21 of Merit by the attorney for the noticing party, stating that there is a reasonable and meritorious
22 case for this action, and attaching factual information sufficient to establish a basis for the
23 certificate, including the identity of the persons consulted with and relied on by the certifier, and
24 the facts, studies, or other data reviewed by those persons, pursuant to H&S Code §25249.7(h)
25 (2) via online submission.

26 32. After expiration of the sixty (60) day notice period, the appropriate public enforcement
27 agencies failed to commence and diligently prosecute a cause of action under H&S Code
28 §25249.5, *et seq.* against DEFENDANTS based on the allegations herein.

FIRST CAUSE OF ACTION

(Injunctive Relief for Violations of Health and Safety Code § 25249.5, *et seq.* concerning the SUBJECT PRODUCTS described in the March 2, 2018 Prop. 65 Notice of Violation) Against DEFENDANTS

33. PLAINTIFF re-alleges and incorporates by reference Paragraphs 1 through 32, inclusive, as if specifically set forth herein.

34. By committing the acts alleged in this Complaint, DEFENDANTS at all times relevant to this action, and continuing through the present, have violated, or threaten to violate, H&S Code §25249.6 by, in the course of doing business, knowingly and intentionally exposing individuals in California to chemicals known to the State of California to cause cancer or reproductive toxicity without first giving clear and reasonable warnings to such persons who consume the SUBJECT PRODUCTS containing the LISTED CHEMICALS, pursuant to H&S Code §§ 25249.6 and 25249.11(f).

35. By the above-described acts, DEFENDANTS have violated, or threaten to violate, H&S Code § 25249.6 and are therefore subject to preliminary and permanent injunctions ordering DEFENDANTS to stop violating Proposition 65, to provide warnings to all present and future customers, and to provide warnings to DEFENDANTS' past customers who purchased or used the SUBJECT PRODUCTS without receiving a clear and reasonable warning.

36. An action for injunctive relief under Proposition 65 is specifically authorized by H&S Code §25249.7(a).

37. Continuing commission by DEFENDANTS of the acts alleged above will irreparably harm the citizens of the State of California, for which harm they have no plain, speedy, or adequate remedy at law.

38. In the absence of preliminary and then permanent injunctive relief, DEFENDANTS will continue to create a substantial risk of irreparable injury by continuing to cause consumers to be involuntarily, unknowingly and unwittingly exposed to the LISTED CHEMICALS through the consumption of the SUBJECT PRODUCTS.

///

///

1 **SECOND CAUSE OF ACTION**

2 **(Civil Penalties for Violations of Health and Safety Code § 25249.5, *et seq.* concerning the**
3 **SUBJECT PRODUCTS described in the March 2, 2018, Prop. 65 Notice of Violation)**
4 **Against DEFENDANTS**

5 39. PLAINTIFF re-alleges and incorporates by reference Paragraphs 1 through 38,
6 inclusive, as if specifically set forth herein.

7 40. By committing the acts alleged in this Complaint, DEFENDANTS at all times relevant
8 to this action, and continuing through the present, have violated H&S Code §25249.6 by, in the
9 course of doing business, knowingly and intentionally exposing individuals in California to
10 chemicals known to the State of California to cause cancer or reproductive toxicity without first
11 giving clear and reasonable warnings to such persons who consume the SUBJECT PRODUCTS
12 containing the LISTED CHEMICALS, pursuant to H&S Code §§ 25249.6 and 25249.11(f).

13 41. By the above-described acts, DEFENDANTS are liable, pursuant to H&S Code
14 §25249.7(b), for a civil penalty of up to \$2,500 per day per violation for each unlawful exposure
15 to the LISTED CHEMICALS from the SUBJECT PRODUCTS, in an amount in excess of \$1
16 million.

17 **THE NEED FOR INJUNCTIVE RELIEF**

18 42. PLAINTIFF re-alleges and incorporates by this reference Paragraphs 1 through 41,
19 as if set forth below.

20 43. By committing the acts alleged in this Complaint, DEFENDANTS have caused or
21 threaten to cause irreparable harm for which there is no plain, speedy or adequate remedy at law.
22 In the absence of equitable relief, DEFENDANTS will continue to create a substantial risk of
23 irreparable injury by continuing to cause consumers to be involuntarily and unwittingly exposed
24 to the LISTED CHEMICALS through the consumption of the SUBJECT PRODUCTS.

25 **PRAYER FOR RELIEF**

26 Wherefore, PLAINTIFF prays for the following relief:

27 A. A preliminary and permanent injunction, pursuant to H&S Code §25249.7(b),
28 enjoining DEFENDANTS, their agents, employees, assigns and all persons acting in concert or
participating with DEFENDANTS, from manufacturing, distributing, marketing or selling the

1 SUBJECT PRODUCTS in California without first providing a clear and reasonable warning,
2 within the meaning of Proposition 65, that the consumers of the SUBJECT PRODUCTS are
3 exposed to the LISTED CHEMICALS;

4 B. An injunctive order, pursuant to H&S Code §25249.7(b), compelling
5 DEFENDANTS to identify and locate each individual who has purchased the SUBJECT
6 PRODUCTS since March 2, 2015, and to provide a warning to such person that the consumption
7 of the SUBJECT PRODUCTS will expose the consumer to chemicals known to cause cancer,
8 birth defects, and other reproductive harm;

9 C. An assessment of civil penalties pursuant to Health & Safety Code §25249.7(b),
10 against DEFENDANTS in the amount of \$2,500 per day for each violation of Proposition 65, in
11 an amount in excess of \$1 million, according to proof;

12 D. An award to PLAINTIFF of its reasonable attorney's fees and costs of suit
13 pursuant to California Code of Civil Procedure §§ 1032 *et. seq* and 1021.5, as PLAINTIFF shall
14 specify in further applications to the Court; and,

15 E. Such other and further relief as may be just and proper.

**NOTICE OF VIOLATION OF
CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 ET SEQ.
(PROPOSITION 65)**

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I represent Environmental Research Center, Inc. ("ERC"), 3111 Camino Del Rio North, Suite 400, San Diego, CA 92108; Tel. (619) 500-3090. ERC's Executive Director is Chris Heptinstall. ERC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

ERC has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code §25249.5 *et seq.*, with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Health and Safety Code Section 25249.7(d), ERC intends to file a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

General Information about Proposition 65. A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is enclosed with this letter served to the alleged Violators identified below.

Alleged Violators. The names of the companies covered by this notice that violated Proposition 65 (hereinafter the "Violators") are:

**NYR Organics, Inc., individually and doing business as Neal's Yard Remedies
Neal's Yard (Natural Remedies) Limited**

Notice of Violation of California Health & Safety Code §25249.5 *et seq.*
March 2, 2018
Page 2

Consumer Products and Listed Chemicals. The products that are the subject of this notice and the chemicals in those products identified as exceeding allowable levels are:

- 1) **Neal's Yard Remedies Covent Garden Superfood Organic Greens Complex With Purifying Chlorella – Lead**
- 2) **Neal's Yard Remedies Covent Garden Superfood Organic Cocoa Blend Rebalance Increase Relaxation - Cadmium**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

Cadmium was officially listed as a chemical known to cause developmental toxicity and male reproductive toxicity on May 1, 1997, while cadmium and cadmium compounds were listed as chemicals known to the State of California to cause cancer on October 1, 1987.

It should be noted that ERC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

Route of Exposure. The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to these chemicals has been and continues to be through ingestion.

Approximate Time Period of Violations. Ongoing violations have occurred every day since at least March 2, 2015, as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until these known toxic chemicals are either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemicals. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to these chemicals.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, ERC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemicals, or provide appropriate warnings on

Notice of Violation of California Health & Safety Code §25249.5 *et seq.*
March 2, 2018
Page 3

the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemicals, as well as an expensive and time-consuming litigation.

ERC has retained me as legal counsel in connection with this matter. **Please direct all communications regarding this Notice of Violation to my attention at the law office address and telephone number indicated on the letterhead.**

Sincerely,

A handwritten signature in dark ink, appearing to read "Matthew Maclear". The signature is fluid and cursive, with the first name "Matthew" written in a more compact, looped style and the last name "Maclear" in a more extended, flowing script.

CERTIFICATE OF MERIT

Re: Environmental Research Center, Inc.'s Notice of Proposition 65 Violations by NYR Organics, Inc., individually and doing business as Neal's Yard Remedies and Neal's Yard (Natural Remedies) Limited

I, Matthew Maclear, declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged that the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.

2. I am an attorney for the noticing party.

3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemicals that are the subject of the notice.

4. Based on the information obtained through those consultants, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.

5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

Dated: March 2, 2018

Matthew Maclear

APPENDIX A

OFFICE OF ENVIRONMENTAL HEALTH HAZARD ASSESSMENT CALIFORNIA ENVIRONMENTAL PROTECTION AGENCY

THE SAFE DRINKING WATER AND TOXIC ENFORCEMENT ACT OF 1986 (PROPOSITION 65): A SUMMARY

The following summary has been prepared by the California Office of Environmental Health Hazard Assessment (OEHHA), the lead agency for the implementation of the Safe Drinking Water and Toxic Enforcement Act of 1986 (commonly known as "Proposition 65"). A copy of this summary must be included as an attachment to any notice of violation served upon an alleged violator of the Act. The summary provides basic information about the provisions of the law, and is intended to serve only as a convenient source of general information. It is not intended to provide authoritative guidance on the meaning or application of the law. The reader is directed to the statute and OEHHA implementing regulations (see citations below) for further information.

FOR INFORMATION CONCERNING THE BASIS FOR THE ALLEGATIONS IN THE NOTICE RELATED TO YOUR BUSINESS, CONTACT THE PERSON IDENTIFIED ON THE NOTICE.

The text of Proposition 65 (Health and Safety Code Sections 25249.5 through 25249.13) is available online at: <http://oehha.ca.gov/prop65/law/P65law72003.html>. Regulations that provide more specific guidance on compliance, and that specify procedures to be followed by the State in carrying out certain aspects of the law, are found in Title 27 of the California Code of Regulations, sections 25102 through 27001.¹ These implementing regulations are available online at: <http://oehha.ca.gov/prop65/law/P65Regs.html>.

WHAT DOES PROPOSITION 65 REQUIRE?

¹ All further regulatory references are to sections of Title 27 of the California Code of Regulations unless otherwise indicated. The statute, regulations and relevant case law are available on the OEHHA website at: <http://www.oehha.ca.gov/prop65/law/index.html>.

The “Proposition 65 List.” Under Proposition 65, the lead agency (OEHHA) publishes a list of chemicals that are known to the State of California to cause cancer and/or reproductive toxicity. Chemicals are placed on the Proposition 65 list if they are known to cause cancer and/or birth defects or other reproductive harm, such as damage to female or male reproductive systems or to the developing fetus. This list must be updated at least once a year. The current Proposition 65 list of chemicals is available on the OEHHA website at: http://www.oehha.ca.gov/prop65/prop65_list/Newlist.html.

Only those chemicals that are on the list are regulated under Proposition 65. Businesses that produce, use, release or otherwise engage in activities involving listed chemicals must comply with the following:

Clear and reasonable warnings. A business is required to warn a person before “knowingly and intentionally” exposing that person to a listed chemical unless an exemption applies. The warning given must be “clear and reasonable.” This means that the warning must: (1) clearly make known that the chemical involved is known to cause cancer, or birth defects or other reproductive harm; and (2) be given in such a way that it will effectively reach the person before he or she is exposed to that chemical. Some exposures are exempt from the warning requirement under certain circumstances discussed below.

Prohibition from discharges into drinking water. A business must not knowingly discharge or release a listed chemical into water or onto land where it passes or probably will pass into a source of drinking water. Some discharges are exempt from this requirement under certain circumstances discussed below.

DOES PROPOSITION 65 PROVIDE ANY EXEMPTIONS?

Yes. You should consult the current version of the statute and regulations (<http://www.oehha.ca.gov/prop65/law/index.html>) to determine all applicable exemptions, the most common of which are the following:

Grace Period. Proposition 65 warning requirements do not apply until 12 months after the chemical has been listed. The Proposition 65 discharge prohibition does not apply to a discharge or release of a chemical that takes place less than 20 months after the listing of the chemical.

Governmental agencies and public water utilities. All agencies of the federal, state or local government, as well as entities operating public water systems, are exempt.

Businesses with nine or fewer employees. Neither the warning requirement nor the discharge prohibition applies to a business that employs a total of nine or fewer employees. This includes all employees, not just those present in California.

Exposures that pose no significant risk of cancer. For chemicals that are listed under Proposition 65 as known to the State to cause cancer, a warning is not required if the business causing the exposure can demonstrate that the exposure occurs at a level that poses “no significant risk.” This means that the exposure is calculated to result in not more than one excess case of cancer in 100,000 individuals exposed over a 70-year lifetime. The Proposition 65 regulations identify specific “No Significant Risk Levels” (NSRLs) for many listed carcinogens. Exposures below these levels are exempt from the warning requirement. See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of NSRLs, and Section 25701 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures that will produce no observable reproductive effect at 1,000 times the level in question. For chemicals known to the State to cause reproductive toxicity, a warning is not required if the business causing the exposure can demonstrate that the exposure will produce no observable effect, even at 1,000 times the level in question. In other words, the level of exposure must be below the “no observable effect level” divided by 1,000. This number is known as the Maximum Allowable Dose Level (MADL). See OEHHA's website at: <http://www.oehha.ca.gov/prop65/getNSRLs.html> for a list of MADLs, and Section 25801 *et seq.* of the regulations for information concerning how these levels are calculated.

Exposures to Naturally Occurring Chemicals in Food. Certain exposures to chemicals that naturally occur in foods (i.e., that do not result from any known human activity, including activity by someone other than the person causing the exposure) are exempt from the warning requirements of the law. If the chemical is a contaminant² it must be reduced to the lowest level feasible. Regulations explaining this exemption can be found in Section 25501.

Discharges that do not result in a “significant amount” of the listed chemical entering any source of drinking water. The prohibition from discharges into drinking water does not apply if the discharger is able to demonstrate that a “significant amount” of the listed chemical has not, does not, or will not pass into or probably pass into a source of drinking water, and that the discharge complies with all other applicable laws, regulations, permits, requirements, or orders. A “significant amount” means any detectable amount, except an amount that would meet the “no significant risk” level for

² See Section 25501(a)(4).

chemicals that cause cancer or that is 1,000 times below the “no observable effect” level for chemicals that cause reproductive toxicity, if an individual were exposed to that amount in drinking water.

HOW IS PROPOSITION 65 ENFORCED?

Enforcement is carried out through civil lawsuits. These lawsuits may be brought by the Attorney General, any district attorney, or certain city attorneys. Lawsuits may also be brought by private parties acting in the public interest, but only after providing notice of the alleged violation to the Attorney General, the appropriate district attorney and city attorney, and the business accused of the violation. The notice must provide adequate information to allow the recipient to assess the nature of the alleged violation. The notice must comply with the information and procedural requirements specified in Section 25903 of Title 27 and sections 3100-3103 of Title 11. A private party may not pursue an independent enforcement action under Proposition 65 if one of the governmental officials noted above initiates an enforcement action within sixty days of the notice.

A business found to be in violation of Proposition 65 is subject to civil penalties of up to \$2,500 per day for each violation. In addition, the business may be ordered by a court to stop committing the violation.

A private party may not file an enforcement action based on certain exposures if the alleged violator meets specific conditions. For the following types of exposures, the Act provides an opportunity for the business to correct the alleged violation:

- An exposure to alcoholic beverages that are consumed on the alleged violator's premises to the extent onsite consumption is permitted by law;
- An exposure to a Proposition 65 listed chemical in a food or beverage prepared and sold on the alleged violator's premises that is primarily intended for immediate consumption on- or off-premises. This only applies if the chemical was not intentionally added to the food, and was formed by cooking or similar preparation of food or beverage components necessary to render the food or beverage palatable or to avoid microbiological contamination;
- An exposure to environmental tobacco smoke caused by entry of persons (other than employees) on premises owned or operated by the alleged violator where smoking is permitted at any location on the premises;
- An exposure to listed chemicals in engine exhaust, to the extent the exposure occurs inside a facility owned or operated by the alleged violator and primarily intended for parking non-commercial vehicles.

If a private party alleges that a violation occurred based on one of the exposures described above, the private party must first provide the alleged violator a notice of special compliance procedure and proof of compliance form.

A copy of the notice of special compliance procedure and proof of compliance form is included in Appendix B and can be downloaded from OEHHA's website at:
<http://oehha.ca.gov/prop65/law/p65law72003.html>.
