SUPERIOR COURT OF THE STATE OF CALIFORNIA

COUNTY OF ALAMEDA

PRECILA BALABBO,

Plaintiff,

vs.

TUESDAY MORNING, INC.,

Defendant.

Case No.:

RG20051253

COMPLAINT FOR CIVIL PENALTIES AND
INJUNCTIVE RELIEF

(Violation of Health & Safety Code § 25249.5 et
seq.)

Plaintiff Precila Balabbo ("Plaintiff"), by and through her attorneys, alleges the following
cause of action in the public interest of the citizens of the State of California.

BACKGROUND OF THE CASE

1. Plaintiff brings this representative action on behalf of all California citizens to
enforce relevant portions of Safe Drinking Water and Toxic Enforcement Act of 1986, codified
at the Health and Safety Code § 25249.5 et seq ("Proposition 65"), which reads, in relevant part,
"[n]o person in the course of doing business shall knowingly and intentionally expose any
individual to a chemical known to the state to cause cancer or reproductive toxicity without first
giving clear and reasonable warning to such individual ...". Health & Safety Code § 25249.6.

2. This complaint is a representative action brought by Plaintiff in the public interest
of the citizens of the State of California to enforce the People's right to be informed of the health
hazards caused by exposure to di(2-ethylhexyl) phthalate (DEHP), a toxic chemical found in
Signature Home storage bags/containers sold and/or distributed by defendant Tuesday Morning,
Inc. ("Tuesday Morning" or "Defendant") in California.

1 3. DEHP is a harmful chemical known to the State of California to cause cancer and
2 reproductive toxicity. On January 1, 1988, the State of California listed DEHP as a chemical
3 known to the State to cause cancer and it has come under the purview of Proposition 65
4 regulations since that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§
5 25249.8 & 25249.10(b). On October 24, 2003, the State of California listed DEHP as a chemical
6 known to cause reproductive toxicity.

7 4. Proposition 65 requires all businesses with ten (10) or more employees that
8 operate within California or sell products therein to comply with Proposition 65 regulations.
9 Included in such regulations is the requirement that businesses must label any product containing
10 a Proposition 65-listed chemical with a “clear and reasonable” warning before “knowingly and
11 intentionally” exposing any person to it.

12 5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
13 to be imposed upon defendants in a civil action for violations of Proposition 65. Health & Safety
14 Code § 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin
15 the actions of a defendant which “violate or threaten to violate” the statute. Health & Safety
16 Code § 25249.7.

17 6. Plaintiff alleges that Defendant manufactures, distributes and/or offers for sale in
18 California, without a requisite exposure warning, Signature Home storage bags/containers (the
19 “Products”) that expose persons to DEHP.

20 7. Defendant’s failure to warn consumers and other individuals in California of the
21 health hazards associated with exposure to DEHP in conjunction with the sale and/or distribution
22 of the Products is a violation of Proposition 65 and subjects Defendant to the enjoinder and
23 civil penalties described herein.

24 8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition
25 65 in accordance with Health and Safety Code § 25249.7(b).

26 9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring
27 Defendant to provide purchasers or users of the Products with required warnings related to the
28

1 dangers and health hazards associated with exposure to DEHP pursuant to Health and Safety
2 Code § 25249.7(a).

3 **PARTIES**

4 10. Plaintiff is a citizen of the State of California acting in the interest of the general
5 public to promote awareness of exposures to toxic chemicals in products sold in California and
6 to improve human health by reducing hazardous substances contained in such items. She brings
7 this action in the public interest pursuant to Health and Safety Code § 25249.7(d).

8 11. Defendant Tuesday Morning, through its business, effectively manufactures,
9 imports, distributes, sells, and/or offers the Products for sale or use in the State of California, or
10 it implies by its conduct that it manufactures, imports, distributes, sells, and/or offers the
11 Products for sale or use in the State of California.

12 12. Plaintiff alleges that defendant Tuesday Morning is a “person” in the course of
13 doing business within the meaning of Health & Safety Code sections 25249.6 and 25249.11.

14 **VENUE AND JURISDICTION**

15 13. Venue is proper in the County of Alameda because one or more of the instances
16 of wrongful conduct occurred, and continue to occur in this county and/or because Defendant
17 conducted, and continues to conduct, business in the County of Alameda with respect to the
18 Products.

19 14. This Court has jurisdiction over this action pursuant to California Constitution
20 Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those
21 given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the
22 enforcement of violations of Proposition 65 in any Court of competent jurisdiction; therefore,
23 this Court has jurisdiction over this lawsuit.

24 15. This Court has jurisdiction over Defendant because Defendant is either a citizen
25 of the State of California, has sufficient minimum contacts with the State of California, is
26 registered with the California Secretary of State as foreign corporations authorized to do business
27 in the State of California, and/or has otherwise purposefully availed itself of the California
28

1 market. Such purposeful availment has rendered the exercise of jurisdiction by California courts
2 consistent and permissible with traditional notions of fair play and substantial justice.

3 **SATISFACTION OF NOTICE REQUIREMENTS**

4 16. On January 28, 2019, Plaintiff gave notice of alleged violation of Health and
5 Safety Code § 25249.6 (the "Notice") to Defendant concerning the exposure of California
6 citizens to DEHP contained in the Products without proper warning, subject to a private action to
7 Defendant and to the California Attorney General's office and the offices of the County District
8 attorneys and City Attorneys for each city with a population greater than 750,000 persons
9 wherein the herein violations allegedly occurred.

10 17. The Notice complied with all procedural requirements of Proposition 65 including
11 the attachment of a Certificate of Merit affirming that Plaintiff's counsel had consulted with at
12 least one person with relevant and appropriate expertise who reviewed relevant data regarding
13 DEHP exposure, and that counsel believed there was meritorious and reasonable cause for a
14 private action.

15 18. After receiving the Notice, and to Plaintiff's best information and belief, none of
16 the noticed appropriate public enforcement agencies have commenced and diligently prosecuted
17 a cause of action against Defendant under Proposition 65 to enforce the alleged violations which
18 are the subject of the Notice.

19 19. Plaintiff is commencing this action more than sixty (60) days from the date of the
20 Notice to Defendant, as required by law.

21 **FIRST CAUSE OF ACTION**

22 **(By Plaintiff against Defendant for the Violation of Proposition 65)**

23 20. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 19 of
24 this complaint as though fully set forth herein.

25 21. Defendant has, at all times mentioned herein, acted as manufacturer, distributor,
26 and/or retailer of the Product.

27 22. The Products contain DEHP, a hazardous chemical found on the Proposition 65
28 list of chemicals known to be hazardous to human health.

1 23. The Products do not comply with the Proposition 65 warning requirements.

2 24. Plaintiff, based on her best information and belief, avers that at all relevant times
3 herein, and at least since January 28, 2019, continuing until the present, that Defendant has
4 continued to knowingly and intentionally expose California users and consumers of the Products
5 to DEHP without providing required warnings under Proposition 65.

6 25. The exposures that are the subject of the Notice result from the purchase,
7 acquisition, handling and recommended use of the Products. Consequently, the primary route of
8 exposure to these chemicals is through dermal absorption. Dermal absorption of DEHP can occur
9 through direct skin contact when the Products are handled with bare hands. Concentrations of
10 DEHP can be expected to build within the enclosed interior of the Products. This gas phase and
11 surface DEHP can absorb to the surface of the interior contents that can be subsequently handled,
12 worn in direct contact with skin, mouthed, or ingested by the user. If the Products are folded and
13 stored or transported in a carrier, DEHP that leaches from the Products may contaminate other
14 articles contained within the Products that are subsequently handled, worn, or consumed by the
15 user. Finally, while mouthing of the Products does not seem likely, some amount of exposure
16 through ingestion can occur by touching the Products with subsequent touching of the user's
17 hand to mouth.

18 26. Plaintiff, based on her best information and belief, avers that such exposures will
19 continue every day until clear and reasonable warnings are provided to purchasers and users or
20 until this known toxic chemical is removed from the Products.

21 27. Defendant has knowledge that the normal and reasonably foreseeable use of the
22 Products expose individuals to DEHP, and Defendant intends that exposures to DEHP will occur
23 by its deliberate, non-accidental participation in the manufacture, importation, distribution, sale
24 and offering of the Products to consumers in California.

25 28. Plaintiff has engaged in good faith efforts to resolve the herein claims prior to this
26 Complaint.

27 29. Pursuant to Health and Safety Code § 25249.7(b), as a consequence of the above
28 described acts, Defendant is liable for a maximum civil penalty of \$2,500 per day per violation.

1 30. Pursuant to Health and Safety Code § 25249.7(a), this Court is specifically
2 authorized to grant injunctive relief in favor of Plaintiff and against Defendant.

3 **PRAYER FOR RELIEF**

4 WHEREFORE, Plaintiff demands judgment against Defendant and requests the
5 following relief:

- 6 A. That the court assess civil penalties against Defendant in the amount of
7 \$2,500 per day for each violation in accordance with Health and Safety
8 Code § 25249.7(b);
- 9 B. That the court preliminarily and permanently enjoin Defendant mandating
10 Proposition 65 compliant warnings on the Products;
- 11 C. That the court grant Plaintiff reasonable attorney's fees and costs of suit.
- 12 D. That the court grant any further relief as may be just and proper.
