23	giving clear and reasonable warning to such in	ndividual". Health & Safety Code § 25249.6.		
24	2. This complaint is a representation	ive action brought by Plaintiff in the public interest		
25	of the citizens of the State of California to enf	Force the People's right to be informed of the health		
26	hazards caused by exposure to di(2-ethylhex	xyl) phthalate (DEHP), a toxic chemical found in		
27	Gemelli Face Mask Shield Hats sold an	d/or distributed by defendant Nordstrom, Inc.		
28	("Nordstrom" or the "Defendant") in Californi	ia.		
	COMPLAINT FOR CIVIL PENALTIES A	- 1 - ND INJUNCTIVE RELIEF – VIOLATION OF		

HEALTH & SAFETY CODE §25249.5

3. DEHP is a harmful chemical known to the State of California to cause cancer and
 reproductive toxicity. On January 1, 1988, the State of California listed DEHP as a chemical known
 to the State to cause cancer and it has come under the purview of Proposition 65 regulations since
 that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b).
 On October 24, 2003, the State of California listed DEHP as a chemical known to cause
 reproductive toxicity.

Proposition 65 requires all businesses with ten (10) or more employees that operate
within California or sell products therein to comply with Proposition 65 regulations. Included in
such regulations is the requirement that businesses must label any product containing a Proposition
65-listed chemical with a "clear and reasonable" warning before "knowingly and intentionally"
exposing any person to any such listed chemical.

5. Proposition 65 allows for civil penalties of up to \$2,500.00 per day per violation
for up to 365 days (up to a maximum civil penalty amount per violation of \$912,000.00) to be
imposed upon defendants in a civil action for violations of Proposition 65. Health & Safety Code
\$ 25249.7(b). Proposition 65 also allows for any court of competent jurisdiction to enjoin the
actions of a defendant which "violate or threaten to violate" the statute. Health & Safety Code \$
25249.7.

18 6. Plaintiff alleges that Defendant distributes and/or offers for sale in California,
19 without a requisite exposure warning, Gemelli Face Mask Shield Hats (the "Products") that expose
20 persons to DEHP.

7. Defendant's failure to warn consumers and other individuals in California of the
health hazards associated with exposure to DEHP in conjunction with the sale and/or distribution
of the Products is a violation of Proposition 65 and subjects Defendant to the enjoinment and civil
penalties described herein.

8. Plaintiff seeks civil penalties against Defendant for its violations of Proposition 65
in accordance with Health and Safety Code § 25249.7(b).

9. Plaintiff also seeks injunctive relief, preliminarily and permanently, requiring
Defendant to provide purchasers or users of the Products with required warnings related to the

^{- 2}

dangers and health hazards associated with exposure to DEHP pursuant to Health and Safety Code
 § 25249.7(a).

3

4

5

6

7

8

10. Plaintiff further seeks a reasonable award of attorney's fees and costs.

PARTIES

11. Plaintiff is a citizen of the State of California acting in the interest of the general public to promote awareness of exposures to toxic chemicals in products sold in California and to improve human health by reducing hazardous substances contained in such items. She brings this action in the public interest pursuant to Health and Safety Code § 25249.7(d).

9 12. Defendant Nordstrom, through its business, effectively imports, distributes, sells,
10 and/or offers the Products for sale or use in the State of California, or it implies by its conduct that
11 it imports, distributes, sells, and/or offers the Products for sale or use in the State of California.

12 13. Plaintiff alleges that defendant Nordstrom is a "person" in the course of doing
13 business within the meaning of Health & Safety Code sections 25249.6 and 25249.11.

14

VENUE AND JURISDICTION

15 14. Venue is proper in the County of San Francisco because one or more of the
16 instances of wrongful conduct occurred, and continue to occur in this county and/or because
17 Defendant conducted, and continues to conduct, business in the County of San Francisco with
18 respect to the Products.

19 15. This Court has jurisdiction over this action pursuant to California Constitution
20 Article VI, § 10, which grants the Superior Court original jurisdiction in all causes except those
21 given by statute to other trial courts. Health and Safety Code § 25249.7 allows for the enforcement
22 of violations of Proposition 65 in any Court of competent jurisdiction; therefore, this Court has
23 jurisdiction over this lawsuit.

16. This Court has jurisdiction over Defendant because Defendant is either a citizen of
the State of California, has sufficient minimum contacts with the State of California, is registered
with the California Secretary of State as foreign corporations authorized to do business in the State
of California, and/or has otherwise purposefully availed itself of the California market. Such

28

purposeful availment has rendered the exercise of jurisdiction by California courts consistent and
 permissible with traditional notions of fair play and substantial justice.

3 **STATUTORY BACKGROUND** 4 17 The people of the State of California declared in Proposition 65 their right "[t]o be 5 informed about exposures to chemicals that cause cancer, birth defects, or other reproductive 6 harm." (Section 1(b) of Initiative Measure, Proposition 65.) 7 18 To effect this goal, Proposition 65 requires that individuals be provided with a 8 "clear and reasonable warning" before being exposed to substances listed by the State of California 9 as causing cancer or reproductive toxicity. H&S Code § 25249.6 states, in pertinent part: 10 No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or reproductive toxicity without 11 first giving clear and reasonable warning to such individual... 12 19. An exposure to a chemical in a consumer product is one "which results from a 13 person's acquisition, purchase, storage, consumption or other reasonably foreseeable use of a 14 consumer good, or any exposure that results from receiving a consumer service." (27 CCR § 15 25602, para (b).) H&S Code § 25603(c) states that "a person in the course of doing business ... 16 shall provide a warning to any person to whom the product is sold or transferred unless the product 17 is packaged or labeled with a clear and reasonable warning." 18 20. Pursuant to H&S Code § 25603.1, the warning may be provided by using one or 19 more of the following methods individually or in combination:¹ 20 A warning that appears on a product's label or other labeling. a. 21 b. Identification of the product at the retail outlet in a manner which provides 22 a warning. Identification may be through shelf labeling, signs, menus, or a combination 23 thereof. 24 25 26 ¹ Alternatively, a person in the course of doing business may elect to comply with the warning requirements set out in the amended version of 27 CCR 25601, *et.seq.*. as amended on August 30, 27 2016, and operative on August 30, 2018. 28

- 4 -

c. The warnings provided pursuant to subparagraphs (a) and (b) shall be prominently placed upon a product's labels or other labeling or displayed at the retail outlet with such conspicuousness, as compared with other words, statements, designs, or devices in the label, labeling or display as to render it likely to be read and understood by an ordinary individual under customary conditions of purchase or use.

d. A system of signs, public advertising identifying the system and toll-free information services, or any other system that provides clear and reasonable warnings.

8 21. Proposition 65 provides that any "person who violates or threatens to violate" the 9 statute may be enjoined in a court of competent jurisdiction. (H&S Code § 25249.7.) The phrase 10 "threaten to violate" is defined to mean creating "a condition in which there is a substantial 11 probability that a violation will occur." (H&S Code § 25249.11(e).) Violators are liable for civil 12 penalties of up to \$2,500.00 per day for each violation of the Act (H&S Code § 25249.7) for up to 13 365 days (up to a maximum civil penalty amount per violation of \$912,000.00).

7

FACTUAL BACKGROUND

15 22. On January 1, 1988, the State of California listed DEHP as a chemical known to
16 the State to cause cancer and it has come under the purview of Proposition 65 regulations since
17 that time. Cal. Code Regs. Tit. 27, § 27001(c); Health & Safety Code §§ 25249.8 & 25249.10(b).
18 On October 24, 2003, the State of California listed DEHP as a chemical known to cause
19 reproductive toxicity. In summary, the Listed Chemical was listed under Proposition 65 as a
20 chemical known to the State to cause cancer and reproductive toxicity.

21 23. The consumer exposures that are the subject of this Complaint result from through 22 dermal absorption. Dermal absorption of DEHP can occur through direct skin contact when the 23 Products are contacted with bare hands or come in contact with bare skin on the users face or neck. 24 If the Products are stored or transported in a carrier, DEHP that leaches from the Products may 25 contaminate other articles contained within these closed spaces that are subsequently handled, 26 worn, mouthed, or ingested by the user. Finally, while mouthing of the Products does not seem 27 likely, some amount of exposure through ingestion can occur by touching the Products with 28 subsequent touching of the user's hand to mouth.

- 5

Defendant has manufactured, processed, marketed, distributed, offered to sell
 and/or sold the Products in California since at least November 30, 2020. The Products continue to
 be distributed and sold in California without the requisite warning information.

25. At all times relevant to this action, Defendant has knowingly and intentionally exposed users and/or consumers of the Products to DEHP without first giving a clear and reasonable exposure warning to such individuals.

7 26. As a proximate result of acts by Defendant, as a person in the course of doing
8 business within the meaning of H&S Code § 25249.11, individuals throughout the State of
9 California, including in San Francisco County, have been exposed to DEHP without a clear and
10 reasonable warning on the Products. The individuals subject to the violative exposures include
11 normal and foreseeable users and consumers that use the Products, as well as all others exposed to
12 the Products.

13

4

5

6

SATISFACTION OF NOTICE REQUIREMNTS

14 27. On November 30, 2020, Plaintiff gave notice of alleged violation of Health and
15 Safety Code § 25249.6 (the "Notice") to Defendant concerning the exposure of California citizens
16 to DEHP contained in the Products without proper warning, subject to a private action to Defendant
17 and to the California Attorney General's office and the offices of the County District attorneys and
18 City Attorneys for each city with a population greater than 750,000 persons wherein the herein
19 violations allegedly occurred.

20 28. The Notice complied with all procedural requirements of Proposition 65 including
21 the attachment of a Certificate of Merit affirming that Plaintiff's counsel had consulted with at
22 least one person with relevant and appropriate expertise who reviewed relevant data regarding
23 DEHP exposure, and that counsel believed there was meritorious and reasonable cause for a private
24 action.

25 29. After receiving the Notice, and to Plaintiff's best information and belief, none of
26 the noticed appropriate public enforcement agencies have commenced and diligently prosecuted a
27 cause of action against Defendant under Proposition 65 to enforce the alleged violations which are
28 the subject of the Notice.

- 6 -

30. Plaintiff is commencing this action more than sixty (60) days from the date of the
 Notice to Defendant, as required by law.

11

FIRST CAUSE OF ACTION

(By Plaintiff against Defendant for the Violation of Proposition 65)

31. Plaintiff hereby repeats and incorporates by reference paragraphs 1 through 30 of this Complaint as though fully set forth herein.

7 32. Defendant has, at all times mentioned herein, acted as distributer, and/or retailer of
8 the Product.

9 33. The Products contain DEHP, a hazardous chemical found on the Proposition 65 list
10 of chemicals known to be hazardous to human health.

34. The Product does not comply with the Proposition 65 warning requirements.

35. Plaintiff, based on his best information and belief, avers that at all relevant times
herein, and at least since November 30, 2020, continuing until the present, that Defendant has
continued to knowingly and intentionally expose California users and consumers of the Product to
DEHP without providing required warnings under Proposition 65.

16 36. The exposures that are the subject of the Notice result from the purchase, acquisition, handling and recommended use of the Products. Consequently, the primary route of 17 18 exposure to these chemicals is through dermal absorption. Dermal absorption of DEHP can occur 19 through direct skin contact when the Products are contacted with bare hands or come in contact 20 with bare skin on the users face or neck. If the Products are stored or transported in a carrier, DEHP 21 that leaches from the Products may contaminate other articles contained within these closed spaces 22 that are subsequently handled, worn, mouthed, or ingested by the user. Finally, while mouthing of 23 the Products does not seem likely, some amount of exposure through ingestion can occur by 24 touching the Products with subsequent touching of the user's hand to mouth.

25 37. Plaintiff, based on his best information and belief, avers that such exposures will
26 continue every day until clear and reasonable warnings are provided to purchasers and users or
27 until this known toxic chemical is removed from the Products.
