9. This action is brought in the public interest and is based on The Safe Drinking Water and Toxic Enforcement Act of 1986 (Health and Safety Code § 25249.6 et seq.) also known as "Proposition 65." This statute mandates that any person in the course of doing business must provide a clear and reasonable warning prior to exposing any individual to a chemical known to the state to cause cancer, birth defects or other reproductive harm.

### PARTIES

10. HLF is a non-profit consumer health organization that: implements measures to reduce the amount of chemical toxins in foods posing targeted dangers to fetuses, children, pregnant women and women of childbearing age; improves safety for workers by reducing their exposure to chemicals; publishes consumer health periodicals, books, and comparative test results. HLF's Chief Officer David W. Steinman is a publisher, a health journalist and a bestselling author of Diet For A Poisoned Planet (Crown Ed., 1990, Ballantine 2d Ed., 1992, Running Press 3d Ed., 2007); among his other books are: The Safe Shopper's Bible (Macmillan Ed., 1995, Wiley 2d Ed., 2000), The Breast Cancer Prevention Program (Macmillan Ed., 1997). Mr. Steinman represented the public interest at the National Academy of Sciences on the Safe Seafood Committee that produced Seafood Safety (Washington, D.C.: National Academies Press, 1991), advised Congress on related legislation, and has testified before Congress as an expert witness on food safety.

#### JURISDICTION AND VENUE

32. This Court has jurisdiction pursuant to California Constitution Article VI, Section 10, which grants the Superior Court original jurisdiction in all causes except those given by statute to other trial courts. The statute under which this action is brought does not specify any other basis for jurisdiction.

33. This Court has jurisdiction over this action pursuant to Health and Safety Code section 25249.7, which allows enforcement of violations of Proposition 65 in any Court of competent jurisdiction.

34. This Court has jurisdiction over Defendants because Defendants either reside or are located in this State or are foreign corporations authorized to do business in California, are registered with the California Secretary of State, or Defendants have sufficient minimum contacts with California, and otherwise intentionally avails itself of the California market through the marketing, distribution, and/or sale of Products in the State of California, so as to render the exercise of jurisdiction over Defendants by the California courts consistent with traditional notions of fair play and substantial justice.

35. Venue is proper in the Los Angeles Superior Court because the cause of action arises out of violations in the County of Los Angeles and/or because Defendants conducted, and continue to conduct, business in the County of Los Angeles with respect to the consumer products that are the subject of this action.

36. Plaintiffs seek injunctive and declaratory relief and civil penalties from Defendants' violations of the prohibitions of Proposition 65 (Health and Safety Code § §25249.5 et seq.)

## **STATUTORY BACKGROUND**

37. The Safe Drinking Water and Toxic Enforcement Act of 1986 is an initiative statute passed as "Proposition 65" by close to a two-to-one voting margin. Proposition 65 is referred to as a

FIRST AMENDED COMPLAINT FOR VIOLATIONS OF HEALTH AND SAFETY CODE § 25249.5 ET SEQ.

1	"right-to-know" law intended to inform consumers of the potential for exposure to toxic		
2	chemicals and thereby empower them with the information needed to avoid the exposure.		
3	38. Proposition 65 requires that individuals be provided with a "clear and reasonable warning"		
4	before being exposed to substances listed by the State of California as causing cancer or		
5	reproductive toxicity. The warning requirement of Proposition 65 is contained in Health &		
6	Safety Code § 25249.6, which provides,		
7	No person in the course of doing business shall knowingly and intentionally expose any individual to a chemical known to the state to cause cancer or		
8	reproductive toxicity without first giving clear and reasonable warning to such		
9	individual		
10	39. In this case, the exposures are caused by consumer products. "Consumer product" means		
11	any article, or component part thereof, including food, that is produced, distributed, or sold		
12	for the personal use, consumption or enjoyment of a consumer. (27 California Code of		
13	Regulations § 25600.1(d)) "Consumer product exposure" means an exposure that results		
14	from a person's acquisition, purchase, storage, consumption, or any reasonably foreseeable		
15	use of a consumer product, including consumption of a food. (27 California Code of		
16	Regulations § 25600.1(e)).		
17	40. Proposition 65 requires the State to publish a list of chemicals known to cause cancer or birth		
18	defects or other reproductive harm (Health and Safety Code §25249.8.) This list now		
19	comprises over 800 chemicals.		
20	41. Proposition 65 establishes a procedure by which the State is to develop a list of chemicals		
21	"known to the State to cause cancer or reproductive toxicity." (Health & Safety, § 25249.8.)		
22	42. Carbaryl ("Carbaryl") is listed as a chemical known to the State of California to cause		
23	reproductive toxicity on August 7, 2009. Carbaryl became subject to the warning requirement		
24	one year later and was therefore subject to the "clear and reasonable" warning requirements		
25	of Proposition 65 beginning on August 7, 2010. (27 California Code of Regulations § 25000,		
26	et seq.; Health & Safety Code § 25249.5, et seq.).		
27	Page 7		
28	FIRST AMENDED COMPLAINT FOR VIOLATIONS OF HEALTH AND SAFETY CODE § 25249.5 ET SEQ.		
	HEALTH AND SAFETT CODE § 25249.5 ET SEQ.		

1	43. Carbaryl is listed as a chemical known to the State of California to cause cancer on February		
2	5, 2010. Carbaryl became subject to the warning requirement one year later and was		
3	therefore subject to the "clear and reasonable" warning requirements of Proposition 65		
4	beginning on February 5, 2011. (27 California Code of Regulations § 25000, et seq.; Health		
5	& Safety Code §25249.5, et seq.).		
6	44. Proposition 65 provides that any "person who violates or threatens to violate" the statute		
7	"may be enjoined in a court of competent jurisdiction." (Health & Safety Code § 25249.7).		
8	Violators are liable for civil penalties of up to \$2,500 per day for each violation of the Act.		
9	(Health & Safety Code §25249.7(b)(1).)		
10	45. Violations of Proposition 65 may be enforced by any person in the public interest, after		
11	providing a 60-day notice of the violations of the Attorney General, appropriate District		
12	Attorneys and City Attorneys and the alleged violator. (Health and Safety Code §		
13	25249.7(d)(1).) Remedies include injunctive relief to prevent actual or threatened violations,		
14	and penalties up to \$2,500 per day per violation. (Health and Safety Code §25249.7(a) and		
15	(b).)		
16	46. Proposition 65 may be enforced by any person who provides notice sixty days before filing		
17	suit to both the violator and designated law enforcement officials. When the law enforcement		
18	officials do not file a timely Complaint, this enables a citizen suit to be filed pursuant to		
19	Health & Safety Code section 25249.7, subdivisions (c) and (d).		
20	FACTUAL BACKGROUND		
21	47. Defendants are businesses that develop, manufacture, package, distribute, market, offer for		
22	sale and/or sell the Products in the State of California.		
23	48. Plaintiff hired a well-established and accredited testing laboratory to test Defendants'		
24	Products for Carbaryl. The results of the testing show that the Products contain high amounts		
25	of Carbaryl.		
26	49. Individuals are exposed to the Carbaryl from the reasonable anticipated use of the Products		
27	Page 8		
28	FIRST AMENDED COMPLAINT FOR VIOLATIONS OF		
	HEALTH AND SAFETY CODE § 25249.5 ET SEQ.		

or when they ingest the Products.

50. The Products continue to be offered for sale, sold and/or otherwise made available for use and/or handling to persons in California.

4 51. At all times relevant to this action, Defendants, therefore, have knowingly and intentionally
exposed the users of the Products to Carbaryl without first giving a clear and reasonable
warning to such individuals. The Products continue to be distributed and sold in California
without providing the requisite warning, and thus the violations are ongoing and continuous
and will continue to occur into the future.

52. As a proximate result of acts by Defendants, persons in the course of doing business within the meaning of Health & Safety Code § 25249.11(b), individuals throughout the State of California, including in the County of Los Angeles, have been exposed to Carbaryl without a clear and reasonable warning.

### **SATISFACTION OF 60 DAY NOTICE**

53. On November 18, 2021, Plaintiff served Defendants and each appropriate public enforcement agency with a Proposition 65 Notice, a document entitled "Sixty-Day Notice of Intent to Sue for Violation of the Safe Drinking Water and Toxic Enforcement Act of 1986" that provided Defendants and the public enforcement agency with notice that Defendants was in violation of Proposition 65 for failing to warn purchasers and consumers of the Products that ingestion of the Products expose them to Carbaryl, a chemical known to the State of California to cause cancer and reproductive toxicity. The Notice of Violation is designated with Attorney General number 2021-02866. ("Notice 2021-02866"). The Notice 2021-02866 constitutes adequate notice to Defendants because it provided adequate information to allow Defendants to assess the nature of the alleged violations. A certificate of merit and a certificate of service accompanied the Notice 2021-02866, and both certificates comply with Proposition 65 and its implementing regulations. A true and correct copy of the Notice 2021-02866 is attached here as Exhibit A and is incorporated herein by reference.

### 60-DAY NOTICE OF INTENT TO SUE

### for violations of the Safe Drinking Water and Toxic Enforcement Act of 1986

Dear alleged violators and public enforcement agencies,

Poulsen Law P.C. represents The Chemical Toxin Working Group, Inc., a California non-profit corporation, doing business as Healthy Living Foundation Inc. ("HLF," "Noticing Party"), a non-profit consumer health organization engaged in supporting public health, implementing measures reducing the amount of chemical toxins in consumer products, improvement of worker and consumer safety from chemical exposures. as well as publishing comparative results of testing foods and consumer products and educating the public.

HLF has enforced a large number of Cal. Health & Safety Code violations in the public interest and developed an extensive expertise in prosecuting manufacturers and distributors of food and consumer products for violations of health laws and consumer safety. These cases have resulted in significant public benefit, including reformulation of products to remove toxic chemicals to make them safer, and putting label warnings on products tested as contaminated with lead, cadmium, acrylamide, dioxane, or removing them from the California market.

HLF's Chief Officer David Steinman is a journalist, a publisher and an author of a bestseller *Diet For A Poisoned Planet* (Crown ed., 1990, Ballantine 2d ed., 1992, Running Press 3d ed., 2007); his major books also include *The Safe Shopper's Bible* (Macmillan ed., 1995, Wiley 2d ed., 2000), *The Breast Cancer Prevention Program* (Macmillan ed., 1997), *Living Healthy In A Toxic World* (Perseus ed., 1996), *Safe Trip To Eden: Ten Steps To Save The Planet Earth From The Global Warming Meltdown* (Running Press ed., 2007), along with many publications in periodicals and other media.

The Safe Drinking Water and Toxic Enforcement Act of 1986, codified in the California Health & Safety Code sections 25249.5, et seq. ("Proposition 65"), requires that a 60-day notice of intent to sue be provided to a violator of Cal. Health & Safety Code § 25249.6.

New York, New York 10001

contact@PoulsenLaw.org

With this notice of violation (Notice), HLF gives a written notice of the alleged violation, bringing this action in the public interest as defined under the Cal. Health & Safety Code § 25249.7(d), seeking to prosecute the alleged continuing noncompliance and to warn consumers about their exposure to the violative chemical(s), or reduce and/or eliminate consumer exposures from product(s) (collectively, the "Specified Products" and each a "Specified Product") listed in the table below, which are manufactured, distributed and/or sold by: California Olive Ranch, Inc., The Kroger Co., Ralph Grocery Company, Hughes Markets, Inc. dba Ralphs, Fred Meyer, Inc., Alpha Beta Company, Walmart, Inc., Wal-mart Stores East, LP, Bristol Farms, Gelson's Markets, Albertsons Companies, Inc., Safeway, Inc., The Vons Companies, Inc., Vons Sherman Oaks, LLC, Sprouts Farmers Market, Inc., Sprouts Farmers Market, LLC, and Maplebear Inc. (referred to collectively as the "Noticed Parties").

This Notice covers the violations of Proposition 65 that are currently known to the Noticing Party from information now available as specifically related to the violating products listed below and manufactured, distributed or/and sold by and through the Noticed Parties. HLF is continuing its investigation that may reveal further violations.

The Specified Product(s) subject to this Notice, the chemical(s) in the Specified Product(s) identified as exceeding allowable levels, and the Noticed Parties responsible for sales of the Specified Products, are as follows:

Specified Products	Additional Information <sup>1</sup>	Violative chemical	Noticed Parties
California Olive Ranch Global Blend Medium Extra Virgin Olive Oil Argentina, Chile, Portugal, California	UPC: 850687100056, 16.9 fl oz	carbaryl	California Olive Ranch, Inc. The Kroger Co., Ralph Grocery Company, Hughes Markets, Inc. dba Ralphs, Fred Meyer, Inc., Alpha Beta Company, Walmart, Inc., Wal-mart Stores East, LP, Gelson's Markets, Albertsons Companies, Inc., Safeway, Inc., The Vons Companies, Inc., Vons Sherman Oaks, LLC, Maplebear Inc.
California Olive Ranch	UPC:	carbaryl	California Olive Ranch, Inc.,

<sup>&</sup>lt;sup>1</sup> The additional information is not required but is provided to assist the recipients' investigation of the magnitude of violations. This information is not intended to limit the scope of the alleged violation or Specified Products.

contact@PoulsenLaw.org

Reserve Arbosana Extra Virgin Olive Oil	850687100018, 16.9 fl oz		Walmart, Inc., Wal-mart Stores East, LP, Albertsons Companies, Inc., Safeway, Inc., The Vons Companies, Inc., Vons Sherman Oaks, LLC, Maplebear Inc.
California Olive Ranch Extra Virgin Olive Oil Robust Global Blend Argentina, Chile, Portugal, California	UPC: 850687100230, 16.9 fl oz	Carbaryl	California Olive Ranch, Inc., Bristol Farms, Maplebear Inc.
California Olive Ranch Extra Virgin Olive Oil 100% California	UPC: 850687110505, 16.9 fl oz	Carbaryl	California Olive Ranch, Inc., Walmart, Inc., Wal-mart Stores East, LP

The primary route of exposure has been through ingestion.

Noticed Parties have manufactured, marketed, distributed and/or sold the Specified Products which, according to the test results, have exposed and continue to expose consumers within the State of California to carbaryl.

Carbaryl is listed pursuant to Proposition 65 as a chemical known to the State of California to cause developmental toxicity, female and male reproductive toxicity and cancer. Cal. Health & Safety Code § 25249.6 requires that a "clear and reasonable" warning be provided prior to exposure to chemicals listed under Proposition 65. The Noticed Parties are in violation of Proposition 65 because the Noticed Parties have failed to provide a warning to consumers that they are being exposed to carbaryl. While in the course of doing business, the Noticed Parties are knowingly and intentionally exposing consumers to carbaryl without first providing a "clear and reasonable" warning.

The method of warning should be a warning that appears on the product's label. See Cal. Code Regs. tit. 27, § 25602, subd. (a)(3), and subd. (b) for internet purchases also at the point of sale, as applicable. The Noticed Parties have not provided any Proposition 65 warnings as required by law or any other appropriate warnings that persons handling, ingesting and/or otherwise using the Specified Products are being exposed to carbaryl.

With respect to each Specified Product listed above, the violation commenced on the latter of the date that the Specified Product was first offered for sale in California or the date upon which California law codified the allowable level of the relevant chemical; has continued every day since the relevant date the violation commenced; and will continue every day henceforth until carbaryl is removed from each Specified Product, reduced to allowable levels, or until a "clear and reasonable" warning is provided to consumers by the Noticed Parties, as applicable, in accordance with the law.

contact@PoulsenLaw.org

Pursuant to Title 27, C.C.R. § 25903(b), copies of the following documents are attached hereto for reference by the Notices Parties:

(i) "The Safe Drinking Water and Toxic Enforcement act of 1986 (Proposition 65): A Summary."

Pursuant to Title 11, C.C.R. § 3100, the "Certificate of Merit" is attached hereto.

HLF intends to file a lawsuit after 60 days based on the facts set forth in this Notice. Meanwhile we encourage a prompt resolution of this matter within the said period of 60 days where the Noticed Parties agree in a written agreement to (1) eliminate or reduce carbaryl to an allowable level in the Specified Products or, as an alternative, (2) provide a Proposition 65-compliant warning on the label of the Specified Products and at the point of sale; and (3) pay applicable civil penalties and costs of bringing this action.

Prompt action of the Noticed Parties on this Notice will prevent further consumer exposures to a dangerous chemical without warning, therefore rectifying these alleged ongoing violations of the California law and afford the Noticed Parties the opportunity to avoid increasing costs associated with incompliance and costly litigation.

Please direct all communications regarding this Notice to this office.

Sincerely,

he

Aida Poulsen | Managing attorney | NY | CA contact@poulsenlaw.org

### **CERTIFICATE OF MERIT**

### Health and Safety Code Section 25249.7(d)

To the Notice of Violation

I, Aida Poulsen, attorney at law, hereby declare:

This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.

I am the attorney for the Noticing Party.

I have reviewed the facts of this case and have consulted with one or more persons with relevant and appropriate experience and expertise who have reviewed facts, studies, and/or other data regarding the alleged exposures to the listed chemical that is the subject of the attached Notice of Violation dated November 18, 2021 (the "Notice").

I have reviewed the laboratory testing results for the chemical subject to the Notice and rely on these results. The testing was conducted by a reputable accredited testing laboratory and by experienced scientists with doctoral and other degrees in relevant sciences. The facts, studies and other data derived through this investigation overwhelmingly demonstrate that the alleged violators have exposed persons to the listed chemical that is the subject of the Notice and is known to the State of California to cause reproductive and/or developmental harm, and/or cancer.

Page 13 of 24 +1 650 296 1014

contact@PoulsenLaw.o

Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.

The copy of this Certificate of Merit served on the Attorney General attaches to it factual information sufficient to establish the basis for this certificate, including the information identified in Health and Safety Code section 25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.

RE: Carbaryl in

California Olive Ranch, Inc., Bristol Farms, and Gelson's Markets products

November 30, 2022

# 60-DAY NOTICE OF INTENT TO SUE

## for violations of the Safe Drinking Water and Toxic Enforcement Act of 1986

Dear alleged violators and public enforcement agencies,

Poulsen Law P.C. represents The Chemical Toxin Working Group, Inc., a California non-profit corporation, doing business as Healthy Living Foundation Inc., 1801 Chart Trail, Topanga, California 90290 ("HLF," "Noticing Party"), a non-profit consumer health organization engaged in supporting public health, implementing measures reducing the amount of chemical toxins in consumer products, improvement of worker and consumer safety from chemical exposures. as well as publishing comparative results of testing foods and consumer products and educating the public.

HLF has enforced a large number of Cal. Health & Safety Code violations in the public interest and developed an extensive expertise in prosecuting manufacturers and distributors of food and consumer products for violations of health laws and consumer safety. These cases have resulted in significant public benefit, including reformulation of products to remove toxic chemicals to make them safer, and putting label warnings on products tested as contaminated with lead, cadmium, acrylamide, dioxane, or removing them from the California market.

HLF's Chief Officer David Steinman is a journalist, a publisher and an author of a bestseller Diet For A Poisoned Planet (Crown ed., 1990, Ballantine 2d ed., 1992, Running Press 3d ed., 2007); his major books also include The Safe Shopper's Bible (Macmillan ed., 1995, Wiley 2d ed., 2000), The Breast Cancer Prevention Program (Macmillan ed., 1997), Living Healthy In A Toxic World (Perseus ed., 1996), Safe Trip To Eden:Ten Steps To Save The Planet Earth From The Global Warming Meltdown (Running Press ed., 2007), along with many publications in periodicals and other media.

The Safe Drinking Water and Toxic Enforcement Act of 1986, codified in the California Health & Safety Code sections 25249.5, et seq. ("Proposition 65"), requires that a 60-day notice of intent to sue be provided to a violator of Cal. Health & Safety Code § 25249.6.

With this notice of violation (Notice), HLF gives a written notice of the alleged violation, bringing this action in the public interest as defined under the Cal. Health & Safety Code § 25249.7(d), seeking to prosecute the alleged continuing noncompliance and to warn consumers about their exposure to the violative chemical(s), or reduce and/or eliminate consumer exposures from product(s) (collectively, the "Specified Products" and each a "Specified Product") listed in the table below, which are manufactured, distributed and/or sold by: California Olive Ranch, Inc., Bristol Farms, and Gelson's Markets (referred to collectively as the "Noticed Parties").

1 650 296 1014

contact@PoulsenLaw.org

This Notice covers the violations of Proposition 65 that are currently known to the Noticing Party from information now available as specifically related to the violating products listed below and manufactured, distributed or/and sold by and through the Noticed Parties. HLF is continuing its investigation that may reveal further violations.

The Specified Product(s) subject to this Notice, the chemical(s) in the Specified Product(s) identified as exceeding allowable levels, and the Noticed Parties responsible for sales of the Specified Products, are as follows:

Specified Products	Additional Information <sup>1</sup>	Violative chemical	Noticed Parties
California Olive Ranch Extra Virgin Olive Oil, Medium, Global Blend, Argentina, Portugal, Chile, 10% California	UPC: 850687100056, 16.9 fl oz	carbaryl	California Olive Ranch, Inc., Gelson's Markets, and Bristol Farms
California Olive Ranch Extra Virgin Olive Oil Mild Global Blend Argentina, Chile, Portugal, California	UPC: 850687100223, 16.9 fl oz	carbaryl	California Olive Ranch, Inc. and Bristol Farms
California Olive Ranch Extra Virgin Olive Oil, Reserve, 100% California, Miller's Blend	UPC: 850687100032, 16.9 fl oz	carbaryl	California Olive Ranch, Inc. and Bristol Farms

The primary route of exposure has been through ingestion.

Noticed Parties have manufactured, marketed, distributed and/or sold the Specified Products which, according to the test results, have exposed and continue to expose consumers within the State of California to carbaryl.

Carbaryl is listed pursuant to Proposition 65 as a chemical known to the State of California to cause developmental toxicity, female and male reproductive toxicity and cancer. Cal. Health & Safety Code § 25249.6 requires that a "clear and reasonable" warning be provided prior to exposure to chemicals listed under Proposition 65. The Noticed Parties are in violation of Proposition 65 because the Noticed Parties have failed to provide a warning to consumers that they are being exposed to carbaryl. While in the course of doing business, the Noticed Parties are knowingly and intentionally exposing consumers to carbaryl without first providing a "clear and reasonable" warning.

<sup>&</sup>lt;sup>1</sup> The additional information is not required but is provided to assist the recipients' investigation of the magnitude of violations. This information is not intended to limit the scope of the alleged violation or Specified Products.

contact@PoulsenLaword

282 11<sup>th</sup> Avenue, Suite 2612 New York, New York 10001

The method of warning should be a warning that appears on the product's label. See Cal. Code Regs. tit. 27, § 25602, subd. (a)(3), and subd. (b) for internet purchases also at the point of sale, as applicable. The Noticed Parties have not provided any Proposition 65 warnings as required by law or any other appropriate warnings that persons handling, ingesting and/or otherwise using the Specified Products are being exposed to carbaryl.

With respect to each Specified Product listed above, he violation commenced on the latter of the date that the Specified Product was first offered for sale in California, or November 29, 2019; has continued every day since the relevant date the violation commenced; and will continue every day henceforth until carbaryl is removed from each Specified Product, reduced to allowable levels, or until a "clear and reasonable" warning is provided to consumers by the Noticed Parties, as applicable, in accordance with the law.

Pursuant to Title 27, C.C.R. § 25903(b), copies of the following documents are attached hereto for reference by the Notices Parties:

(i) "The Safe Drinking Water and Toxic Enforcement act of 1986 (Proposition 65): A Summary."

Pursuant to Title 11, C.C.R. § 3100, the "Certificate of Merit" is attached hereto.

HLF intends to file a lawsuit after 60 days based on the facts set forth in this Notice. Meanwhile we encourage a prompt resolution of this matter within the said period of 60 days where the Noticed Parties agree in a written agreement to (1) eliminate or reduce carbaryl to an allowable level in the Specified Products or, as an alternative, (2) provide a Proposition 65-compliant warning on the label of the Specified Products and at the point of sale; and (3) pay applicable civil penalties and costs of bringing this action.

Prompt action of the Noticed Parties on this Notice will prevent further consumer exposures to a dangerous chemical without warning, therefore rectifying these alleged ongoing violations of the California law and afford the Noticed Parties the opportunity to avoid increasing costs associated with incompliance and costly litigation.

Please direct all communications regarding this Notice to this office.

Sincerely,

he

# **CERTIFICATE OF MERIT**

## Health and Safety Code Section 25249.7(d)

To the Notice of Violation

I, Aida Poulsen, attorney at law, hereby declare:

This Certificate of Merit accompanies the attached sixty-day notice(s) in which it is alleged the parties identified in the notices have violated Health and Safety Code section 25249.6 by failing to provide clear and reasonable warnings.

I am the attorney for the Noticing Party.

I have reviewed the facts of this case and have consulted with one or more persons with relevant and appropriate experience and expertise who have reviewed facts, studies, and/or other data regarding the alleged exposures to the listed chemical that is the subject of the attached Notice of Violation dated November 30, 2022 (the "Notice").

I have reviewed the laboratory testing results for the chemical subject to the Notice and rely on these results. The testing was conducted by a reputable accredited testing laboratory and by experienced scientists with doctoral and other degrees in relevant sciences. The facts, studies and other data derived through this investigation overwhelmingly demonstrate that the alleged violators have exposed persons to the listed chemical that is the subject of the Notice and is known to the State of California to cause reproductive and/or developmental harm, and/or cancer.

Based on the information obtained through those consultations, and on all other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiffs' case can be established and the information did not prove that the alleged violator will be able to establish any of the affirmative defenses set forth in the statute.
