Attorneys for Plaintiff  
CALSAFE RESEARCH CENTER, INC.

**SUPERIOR COURT OF THE STATE OF CALIFORNIA**  
**COUNTY OF LOS ANGELES-CENTRAL JUDICIAL DISTRICT**

CALSAFE RESEARCH CENTER, INC., a  
California non-profit corporation

Plaintiff,

v.

LA TORTILLA FACTORY INC., a California  
stock corporation; and DOES 1 to 10,

Defendants.

CASE No.: **22TRCV01288**

**COMPLAINT FOR CIVIL PENALTIES  
AND INJUNCTIVE RELIEF**

Health & Safety Code §25249.5, *et seq.*

**INTRODUCTION**

1. This Complaint is brought by plaintiff Calsafe Research Center, Inc. (“Plaintiff”) in the public interest of the People of the State of California to enforce their right to be informed of the presence of chemicals listed by the State of California, pursuant to the Safe Drinking Water and Toxic Enforcement Act of 1986, codified at Health and Safety Code section 25249.6 *et seq.* (“Proposition 65”), including Lead.

2. Plaintiff seeks to remedy Defendants’ failure to warn citizens of the State of California, in violation of Proposition 65, about the presence of Lead (“Listed Chemical”) in the

1 Defendant LA TORTILLA FACTORY INC.'s ("Defendant") La Tortilla Factory, Classic Taco  
2 offered for sale throughout the State of California ("Products").

3 3. Defendant's Products contain the Listed Chemical and consumers of Products in the  
4 State of California are exposed to the Listed Chemical through dermal exposure and ingestion of  
5 the Products.

6 4. Defendants know and intend that their Products expose consumers in the State of  
7 California to the Listed Chemical.

8 5. Attached hereto and incorporated by reference are copies of a letter ("60-Day  
9 Notices"), dated May 5, 2022, which Plaintiff sent to Defendant, The Vons Companies, Inc., and  
10 California's Attorney General. Identical letters were sent to every District Attorney in the state, to  
11 the City Attorneys of every California city with a population greater than 775,000 and to all  
12 Defendants. Attached to the 60-Day Notices were Certificates of Merit attesting to the reasonable  
13 and meritorious basis for this action, Certificates of Service attesting to service of the letters on each  
14 entity described above, and a description of Proposition 65 prepared by the California Office of  
15 Environmental Health Hazard Assessment. Furthermore, factual information sufficient to establish  
16 the basis of the Certificates of Merit was enclosed with the 60-Day Notices sent to California's  
17 Attorney General.

18 6. After receiving the claims asserted in the 60-Day Notice, the public enforcement  
19 agencies identified in Paragraph 5 have failed to commence and diligently prosecute a cause of  
20 action against Defendants under Proposition 65.

21 ///

22 ///

1 **PARTIES**

2  
3 7. Plaintiff is a non-profit corporation organized under California law dedicated to  
4 protecting the public from environmental health hazards and toxic exposures. Plaintiff is based in  
5 Newport Beach, CA. Plaintiff is a person within the meaning of Health and Safety Code section  
6 25249.11 and brings this enforcement action in the public interest pursuant to Health and Safety  
7 Code section 25249.7(d). Health and Safety Code section 25249.7 (d) specifies that actions to  
8 enforce Proposition 65 may be brought by a person in the public interest, provided certain notice  
9 requirements and no other public prosecutor is diligently prosecuting an action for the same  
10 violation(s).

11  
12 8. The Defendant is a “Person” in the course of doing business within the meaning of  
13 H&S Code §25249.11(a) – “Person” means an individual, trust, firm, joint stock company,  
14 corporation, company partnership, limited liability company, and association.

15 9. The Defendant is a California stock corporation that manufactures, distributes, and/or  
16 offers for sale in the State of California, Products that contain the Listed Chemical.

17  
18 10. DOES 1 through 10, which manufacture, distribute, and/or offer for sale in the  
19 State of California Products that contain the Listed Chemical, are each person in the course of  
20 doing business within the meaning of Health and Safety Code section 25249.11. At this time, the  
21 true names and capacities of DOES 1 through 10, inclusive, are unknown to Plaintiff, who,  
22 therefore, sues said defendants by their fictitious names pursuant to Code of Civil Procedure section  
23 474. Plaintiff is informed and believes, and on that basis alleges, that each of the fictitiously named  
24 defendants is responsible for the acts and occurrences alleged herein. When ascertained, their true  
25 names and capacities shall be reflected in an amended complaint.

1 **JURISDICTION AND VENUE**

2  
3 11. This Court has jurisdiction over this action pursuant to California Constitution  
4 Article VI, Section 10, which grants the Superior Court “original jurisdiction in all causes except  
5 those given by statute to other trial courts.” The statute under which this action is brought does not  
6 specify any other court with jurisdiction.

7  
8 12. This Court has jurisdiction over Defendants based on Plaintiff’s information and  
9 good faith belief that each Defendant is a person, firm, corporation, or association that is a citizen  
10 of the State of California, has sufficient minimum contacts in the State of California, and/or  
11 otherwise purposefully avails itself of the California market. Defendants’ purposeful availment  
12 renders the exercise of personal jurisdiction by the Court consistent with traditional notions of fair  
13 play and substantial justice.

14 13. Venue in this action is proper in Court because Defendants manufacture, distribute,  
15 offer for sale, sell, and/or serve Products that contain the Listed Chemical. Liability for Plaintiff’s  
16 cause of action, or some parts thereof, has accordingly arisen during the times relevant to this  
17 Complaint and Plaintiff accordingly seeks civil penalties and forfeitures imposed by statutes.

18  
19 **FIRST CAUSE OF ACTION**

20 **(Violation of Proposition 65 – Against All Defendants)**

21 14. Plaintiff refers to, and incorporates by reference, the allegations of all preceding  
22 Paragraphs this Complaint, as though fully set forth herein.

23 15. Pursuant to Health and Safety Code section 25249.7(b), as a consequence of the  
24 above-described acts, Defendants are liable for a violation of Proposition 65.

25  
26 **PRAYER FOR RELIEF**

1 WHEREFORE, PLAINTIFF prays for judgment against Defendants, and each of them, and  
2 DOES 1 through 10, as follows:

3 1. That the Court, pursuant to Health and Safety Code section 25249.7(a), preliminarily  
4 and permanently enjoin Defendants from manufacturing, distributing, offering for sale, selling  
5 and/or serving in the State of California Products that contain the Listed Chemical without first  
6 providing a “clear and reasonable warning” under Proposition 65;

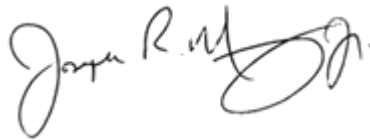

7 2. That the Court grant Plaintiff’s reasonable attorneys’ fees and costs of suit;

8 3. That the Court, pursuant to Health and Safety Code section 25249.7(b), assess civil  
9 penalties against Defendants in such amount as the Court deems appropriate; and,

10 4. For such other and further relief as the Court may deem just and proper.

### NOTICE OF VIOLATION OF CALIFORNIA HEALTH & SAFETY CODE SECTION 25249.5 *ET SEQ.* (PROPOSITION 65)

Dear Alleged Violators and the Appropriate Public Enforcement Agencies:

I represent CalSafe Research Center, Inc. ("CRC"), 4533 MacArthur Blvd., Ste. 165, Newport Beach, CA 92660; Tel. (949) 630-0413. CRC's Executive Director is Eric Fairon. CRC is a California non-profit corporation dedicated to, among other causes, helping safeguard the public from health hazards by bringing about a reduction in the use and misuse of hazardous and toxic chemicals, facilitating a safe environment for consumers and employees, and encouraging corporate responsibility.

CRC has identified violations of California's Safe Drinking Water and Toxic Enforcement Act of 1986 ("Proposition 65"), which is codified at California Health & Safety Code §25249.5 et seq., with respect to the products identified below. These violations have occurred and continue to occur because the alleged Violators identified below failed to provide required clear and reasonable warnings with these products. This letter serves as a notice of these violations to the alleged Violators and the appropriate public enforcement agencies. Pursuant to Health and Safety Code Section 25249.7(d), CRC intends to pursue a private enforcement action in the public interest 60 days after effective service of this notice unless the public enforcement agencies have commenced and are diligently prosecuting an action to rectify these violations.

**General Information about Proposition 65.** A copy of a summary of Proposition 65, prepared by the Office of Environmental Health Hazard Assessment, is enclosed with this letter served to the alleged Violators identified below.

**Alleged Violators.** The names of the person/company covered by this notice that violated Proposition 65 (hereinafter the "Violators") are:

1. La Tortilla Factory, Inc.
2. The Vons Companies, Inc.

**Consumer Products and Listed Chemical.** The products that are the subject of this notice and the chemical in those products identified as exceeding allowable levels are:

**La Tortilla Factory, Classic Taco UPC#078858540009**

On February 27, 1987, the State of California officially listed lead as a chemical known to cause developmental toxicity, and male and female reproductive toxicity. On October 1, 1992, the State of California officially listed lead and lead compounds as chemicals known to cause cancer.

It should be noted that CRC may continue to investigate other products that may reveal further violations and result in subsequent notices of violations.

**Route of Exposure.** The consumer exposures that are the subject of this notice result from the recommended use of these products. Consequently, the route of exposure to this chemical has been and continues to be through ingestion.

**Approximate Time Period of Violations.** Ongoing violations have occurred every day since at least March 14, 2022 as well as every day since the products were introduced into the California marketplace, and will continue every day until clear and reasonable warnings are provided to product purchasers and users or until this known toxic chemical is either removed from or reduced to allowable levels in the products. Proposition 65 requires that a clear and reasonable warning be provided prior to exposure to the identified chemical. The method of warning should be a warning that appears on the product label. The Violators violated Proposition 65 because they failed to provide persons ingesting these products with appropriate warnings that they are being exposed to this chemical.

Consistent with the public interest goals of Proposition 65 and a desire to have these ongoing violations of California law quickly rectified, CRC is interested in seeking a constructive resolution of this matter that includes an enforceable written agreement by the Violators to: (1) reformulate the identified products so as to eliminate further exposures to the identified chemical, or provide appropriate warnings on the labels of these products; (2) pay an appropriate civil penalty; and (3) provide clear and reasonable warnings compliant with Proposition 65 to all persons located in California who purchased the above products in the last three years. Such a resolution will prevent further unwarned consumer exposures to the identified chemical, as well as an expensive and time-consuming litigation.

CRC has retained me as legal counsel in connection with this matter. **Please direct all communications regarding this Notice of Violation to my attention at the law office**

### CERTIFICATE OF MERIT

**Re: Calsafe Research Center, Inc.'s Notice of Proposition 65 Violations by La Tortilla Factory, Inc., and The Vons Companies, Inc.**

I, Joseph R. Manning, Jr., declare:

1. This Certificate of Merit accompanies the attached 60-day notice in which it is alleged that the parties identified in the notice violated California Health & Safety Code Section 25249.6 by failing to provide clear and reasonable warnings.
2. I am an attorney for the noticing party.
3. I have consulted with one or more persons with relevant and appropriate experience or expertise who have reviewed facts, studies, or other data regarding the exposure to the listed chemical that is the subject of the notice.
4. Based on the information obtained through those consultations, and on other information in my possession, I believe there is a reasonable and meritorious case for the private action. I understand that "reasonable and meritorious case for the private action" means that the information provides a credible basis that all elements of the plaintiff's case can be established, and that the information did not prove that the alleged Violators will be able to establish any of the affirmative defenses set forth in the statute.
5. Along with the copy of this Certificate of Merit served on the Attorney General is attached additional factual information sufficient to establish the basis for this certificate, including the information identified in California Health & Safety Code §25249.7(h)(2), i.e., (1) the identity of the persons consulted with and relied on by the certifier, and (2) the facts, studies, or other data reviewed by those persons.
